[57] CLAIM

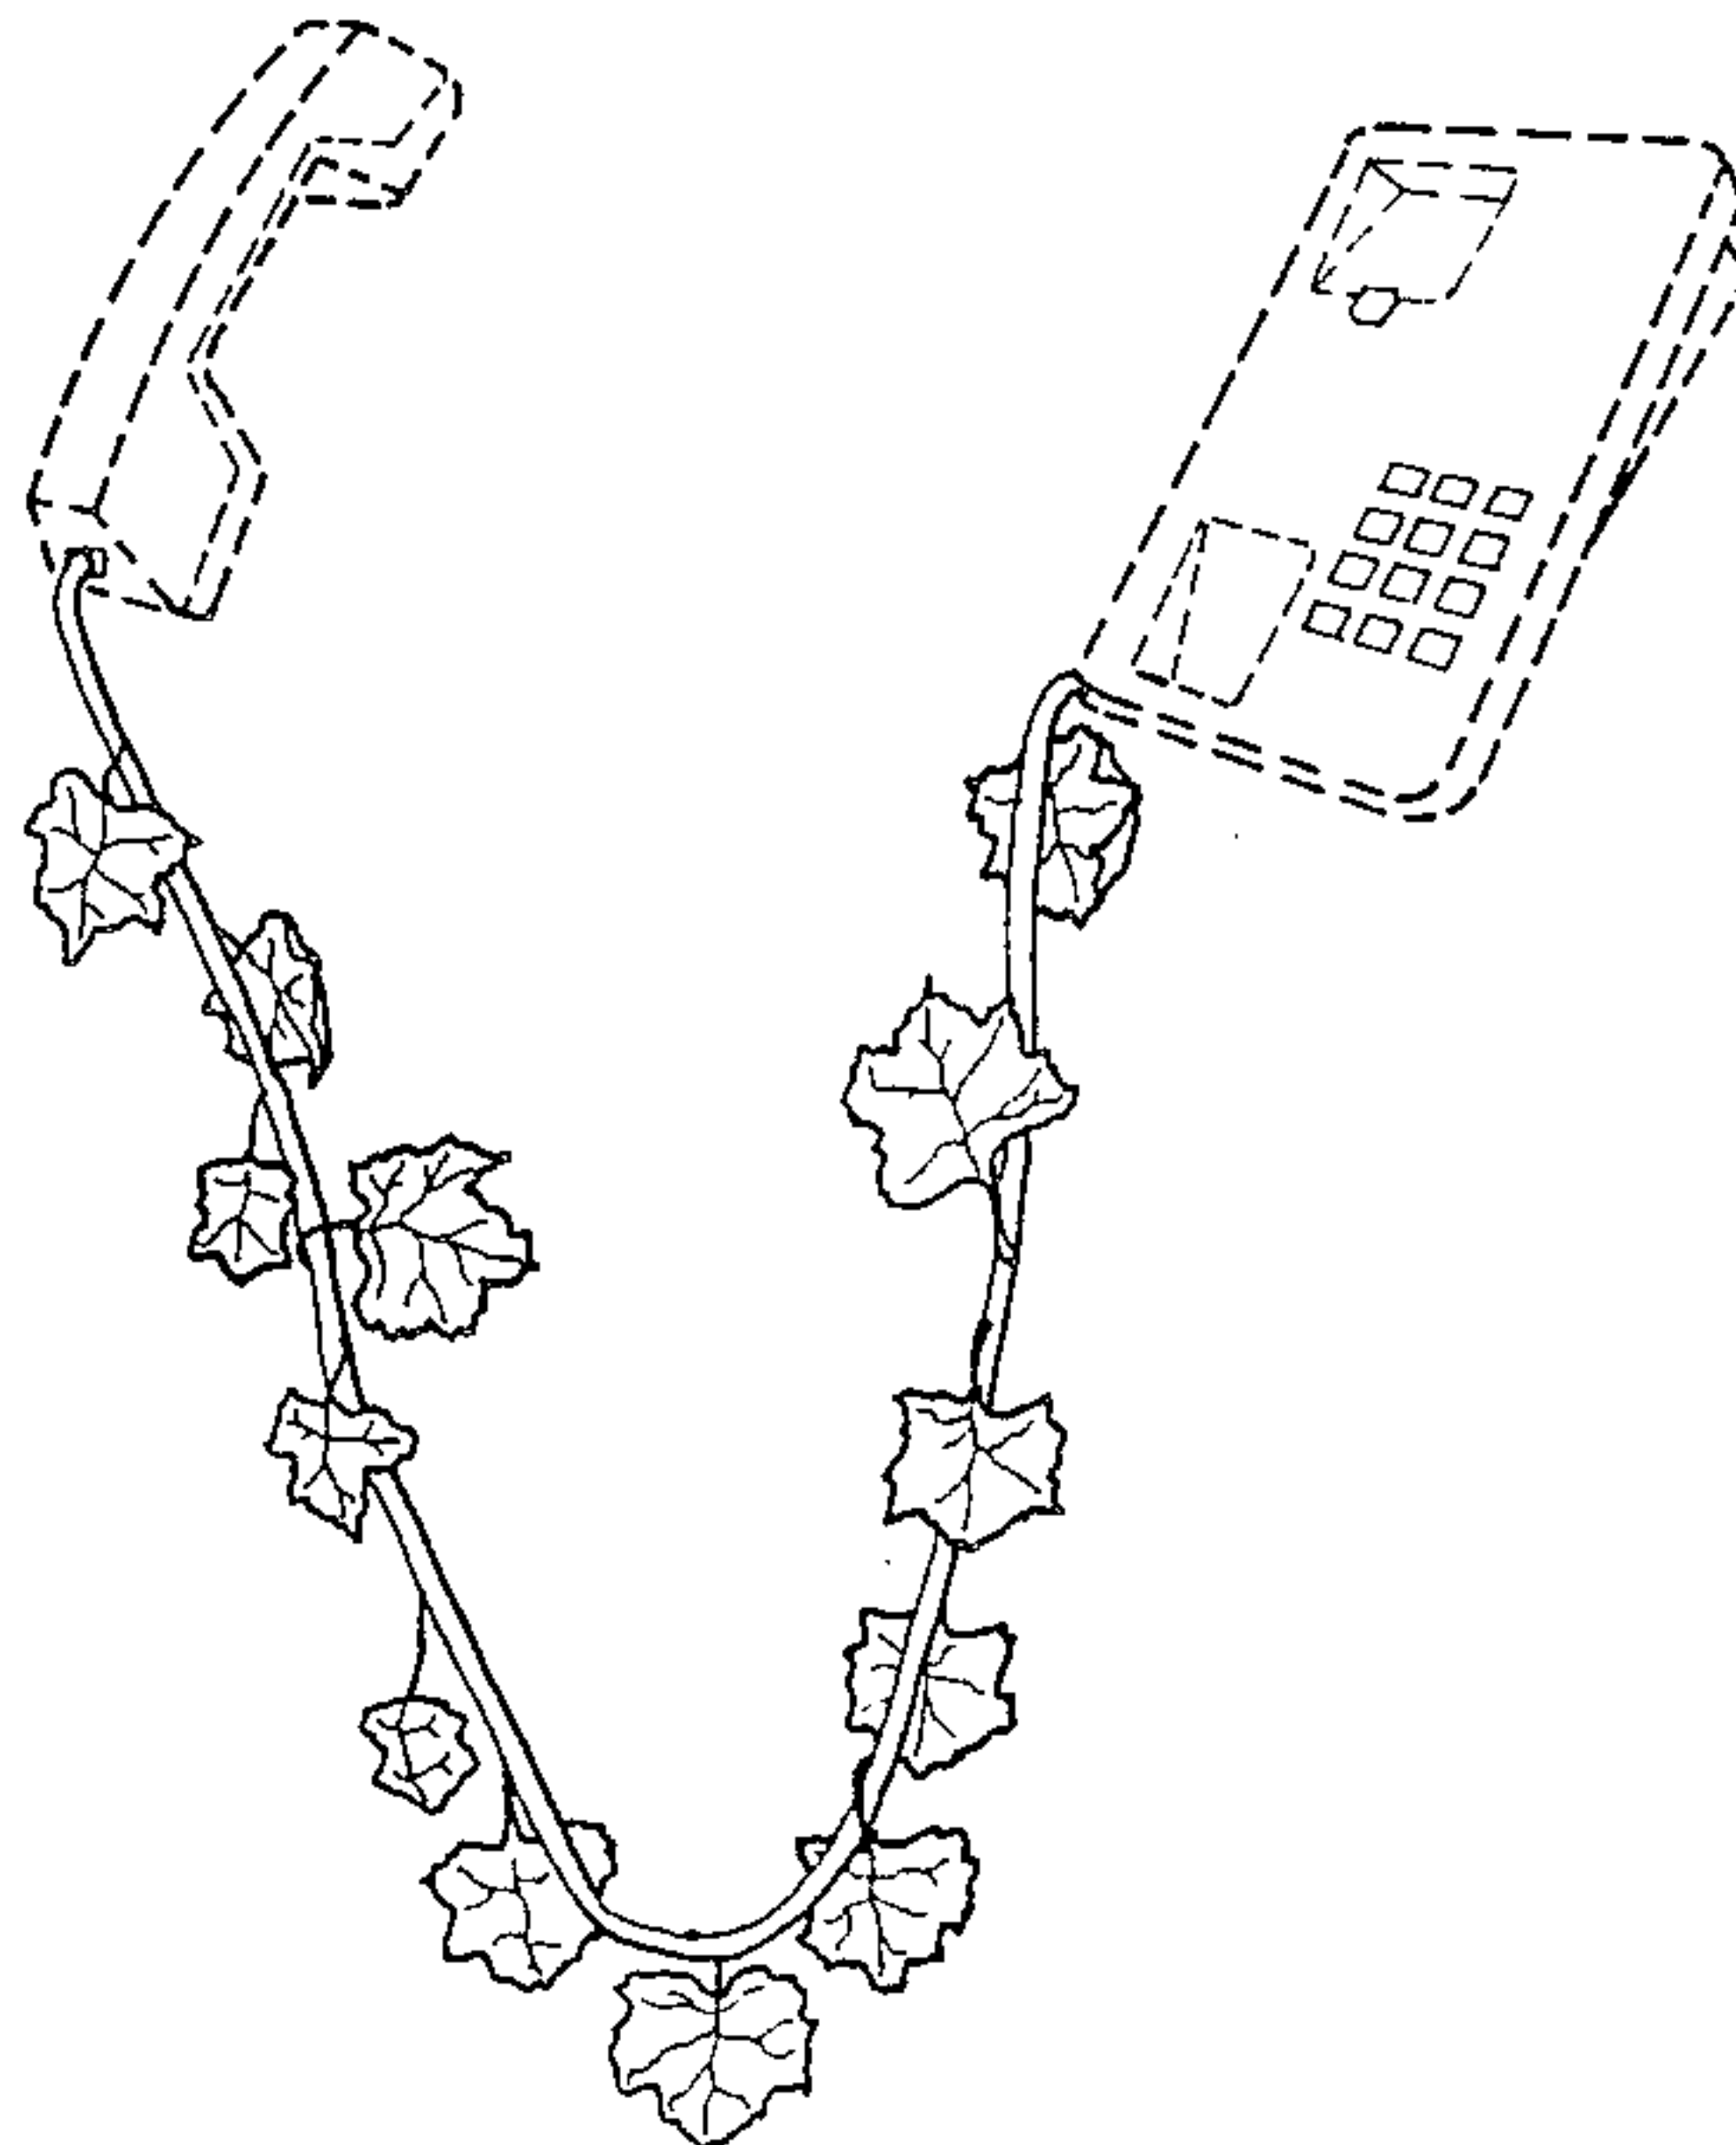

The ornamental design for leaf ornamented telephone cord or similar article, as shown and described.

DESCRIPTION

FIG. 1 is an upper frontal perspective view of a leaf ornamented telephone cord or similar article, connecting a telephone handset with a telephone stand, showing my new design with both handset and stand shown in broken lines; and

FIG. 2 is an enlarged fragmentary detail of the cord, and terminating in a conventional phone connector in broken lines.

The broken line showing of telephone handset and stand in FIG. 1, and a conventional phone connector in FIG. 2 is for illustrative purposes only and forms no part of the claimed design.

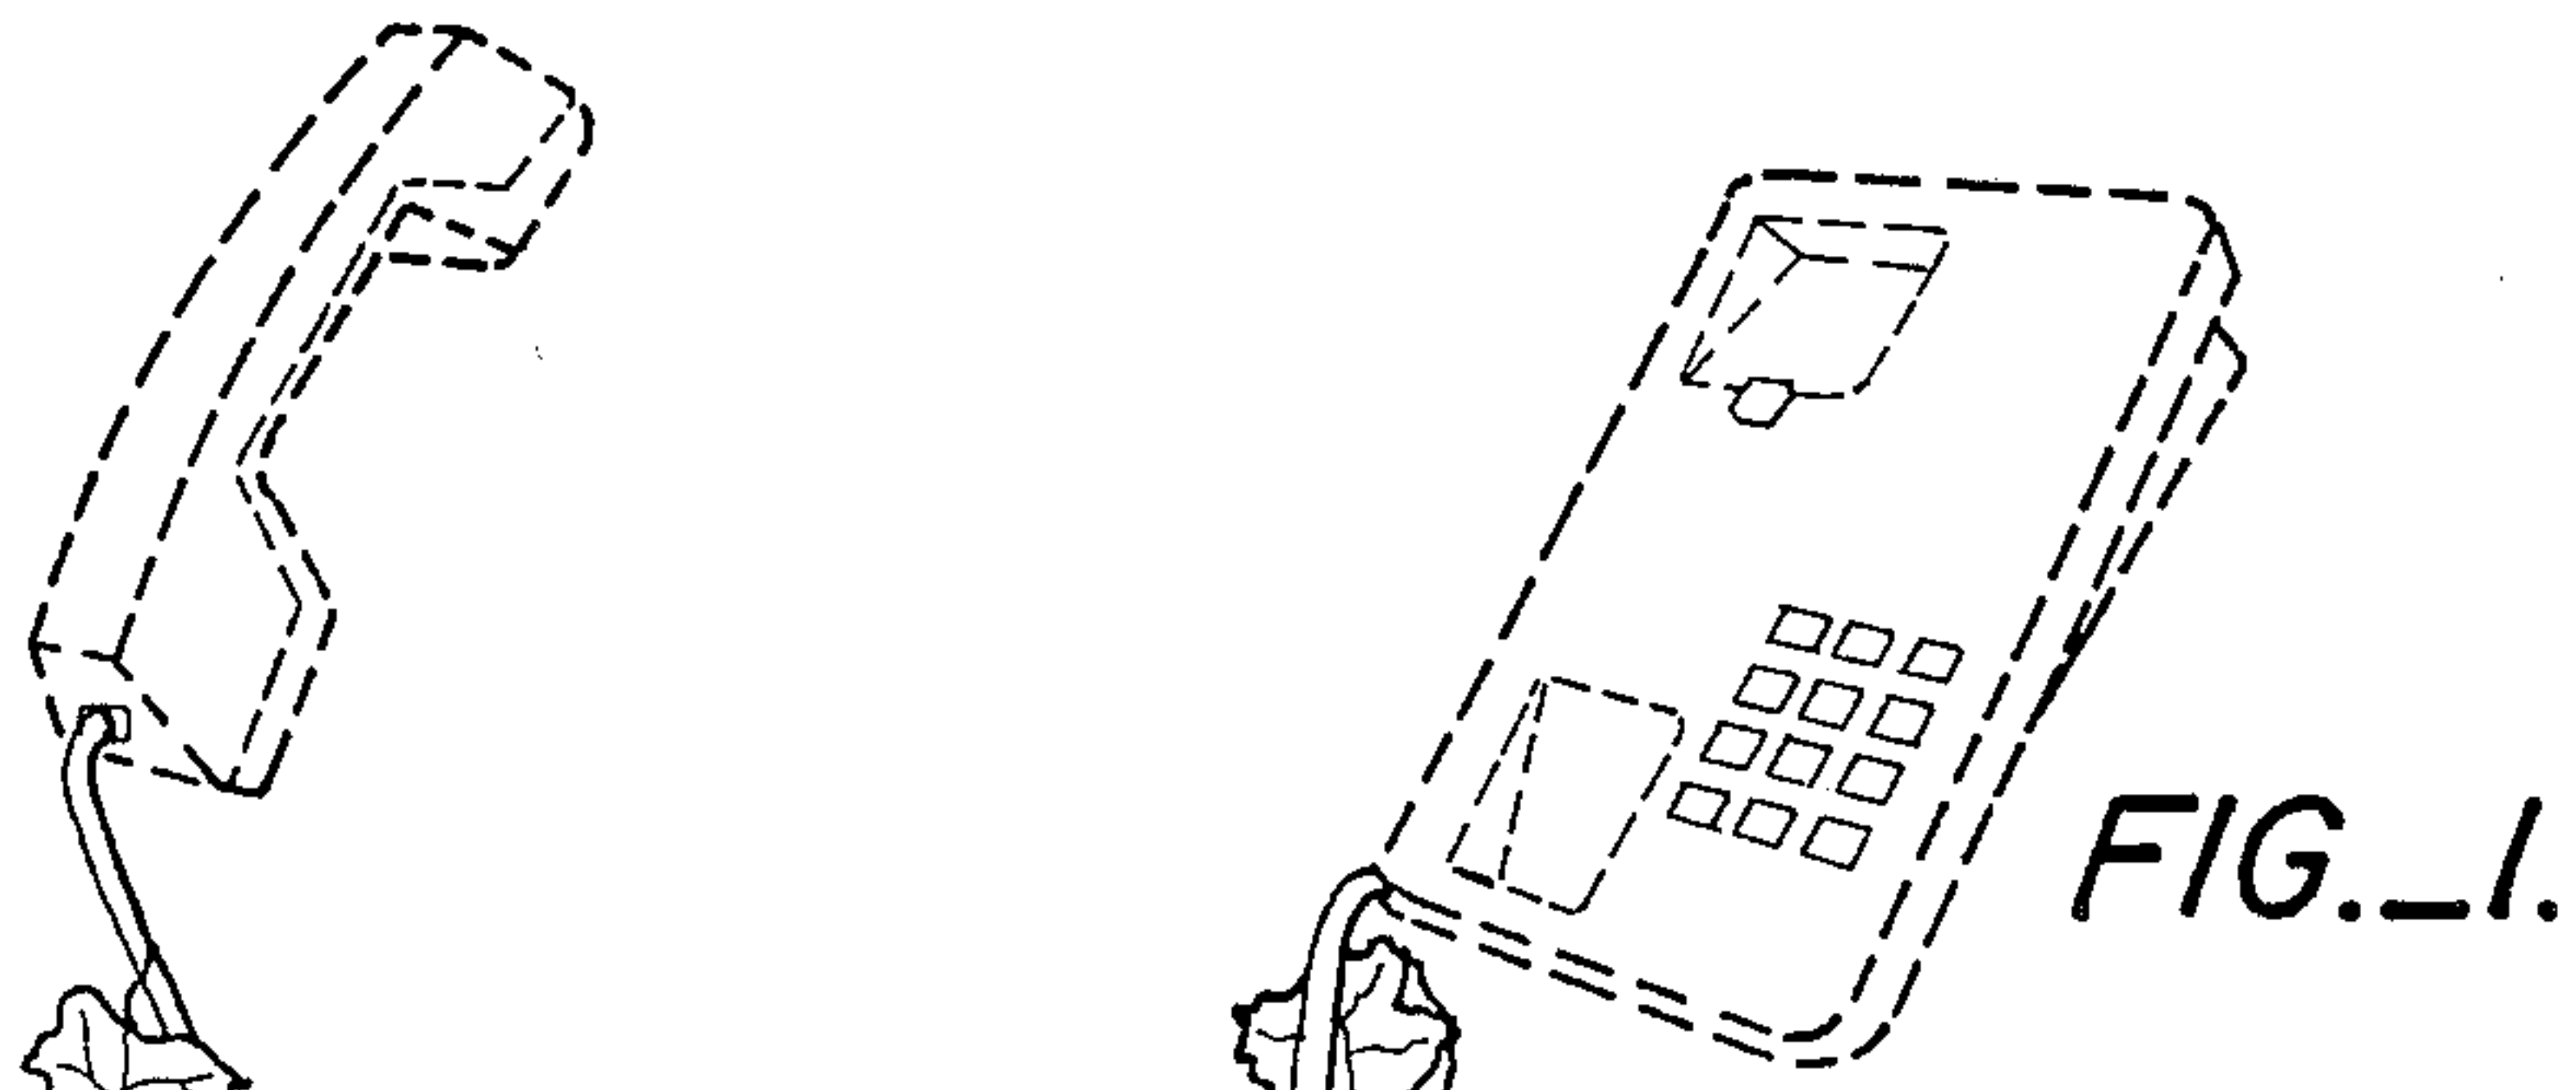

FIG. 1.

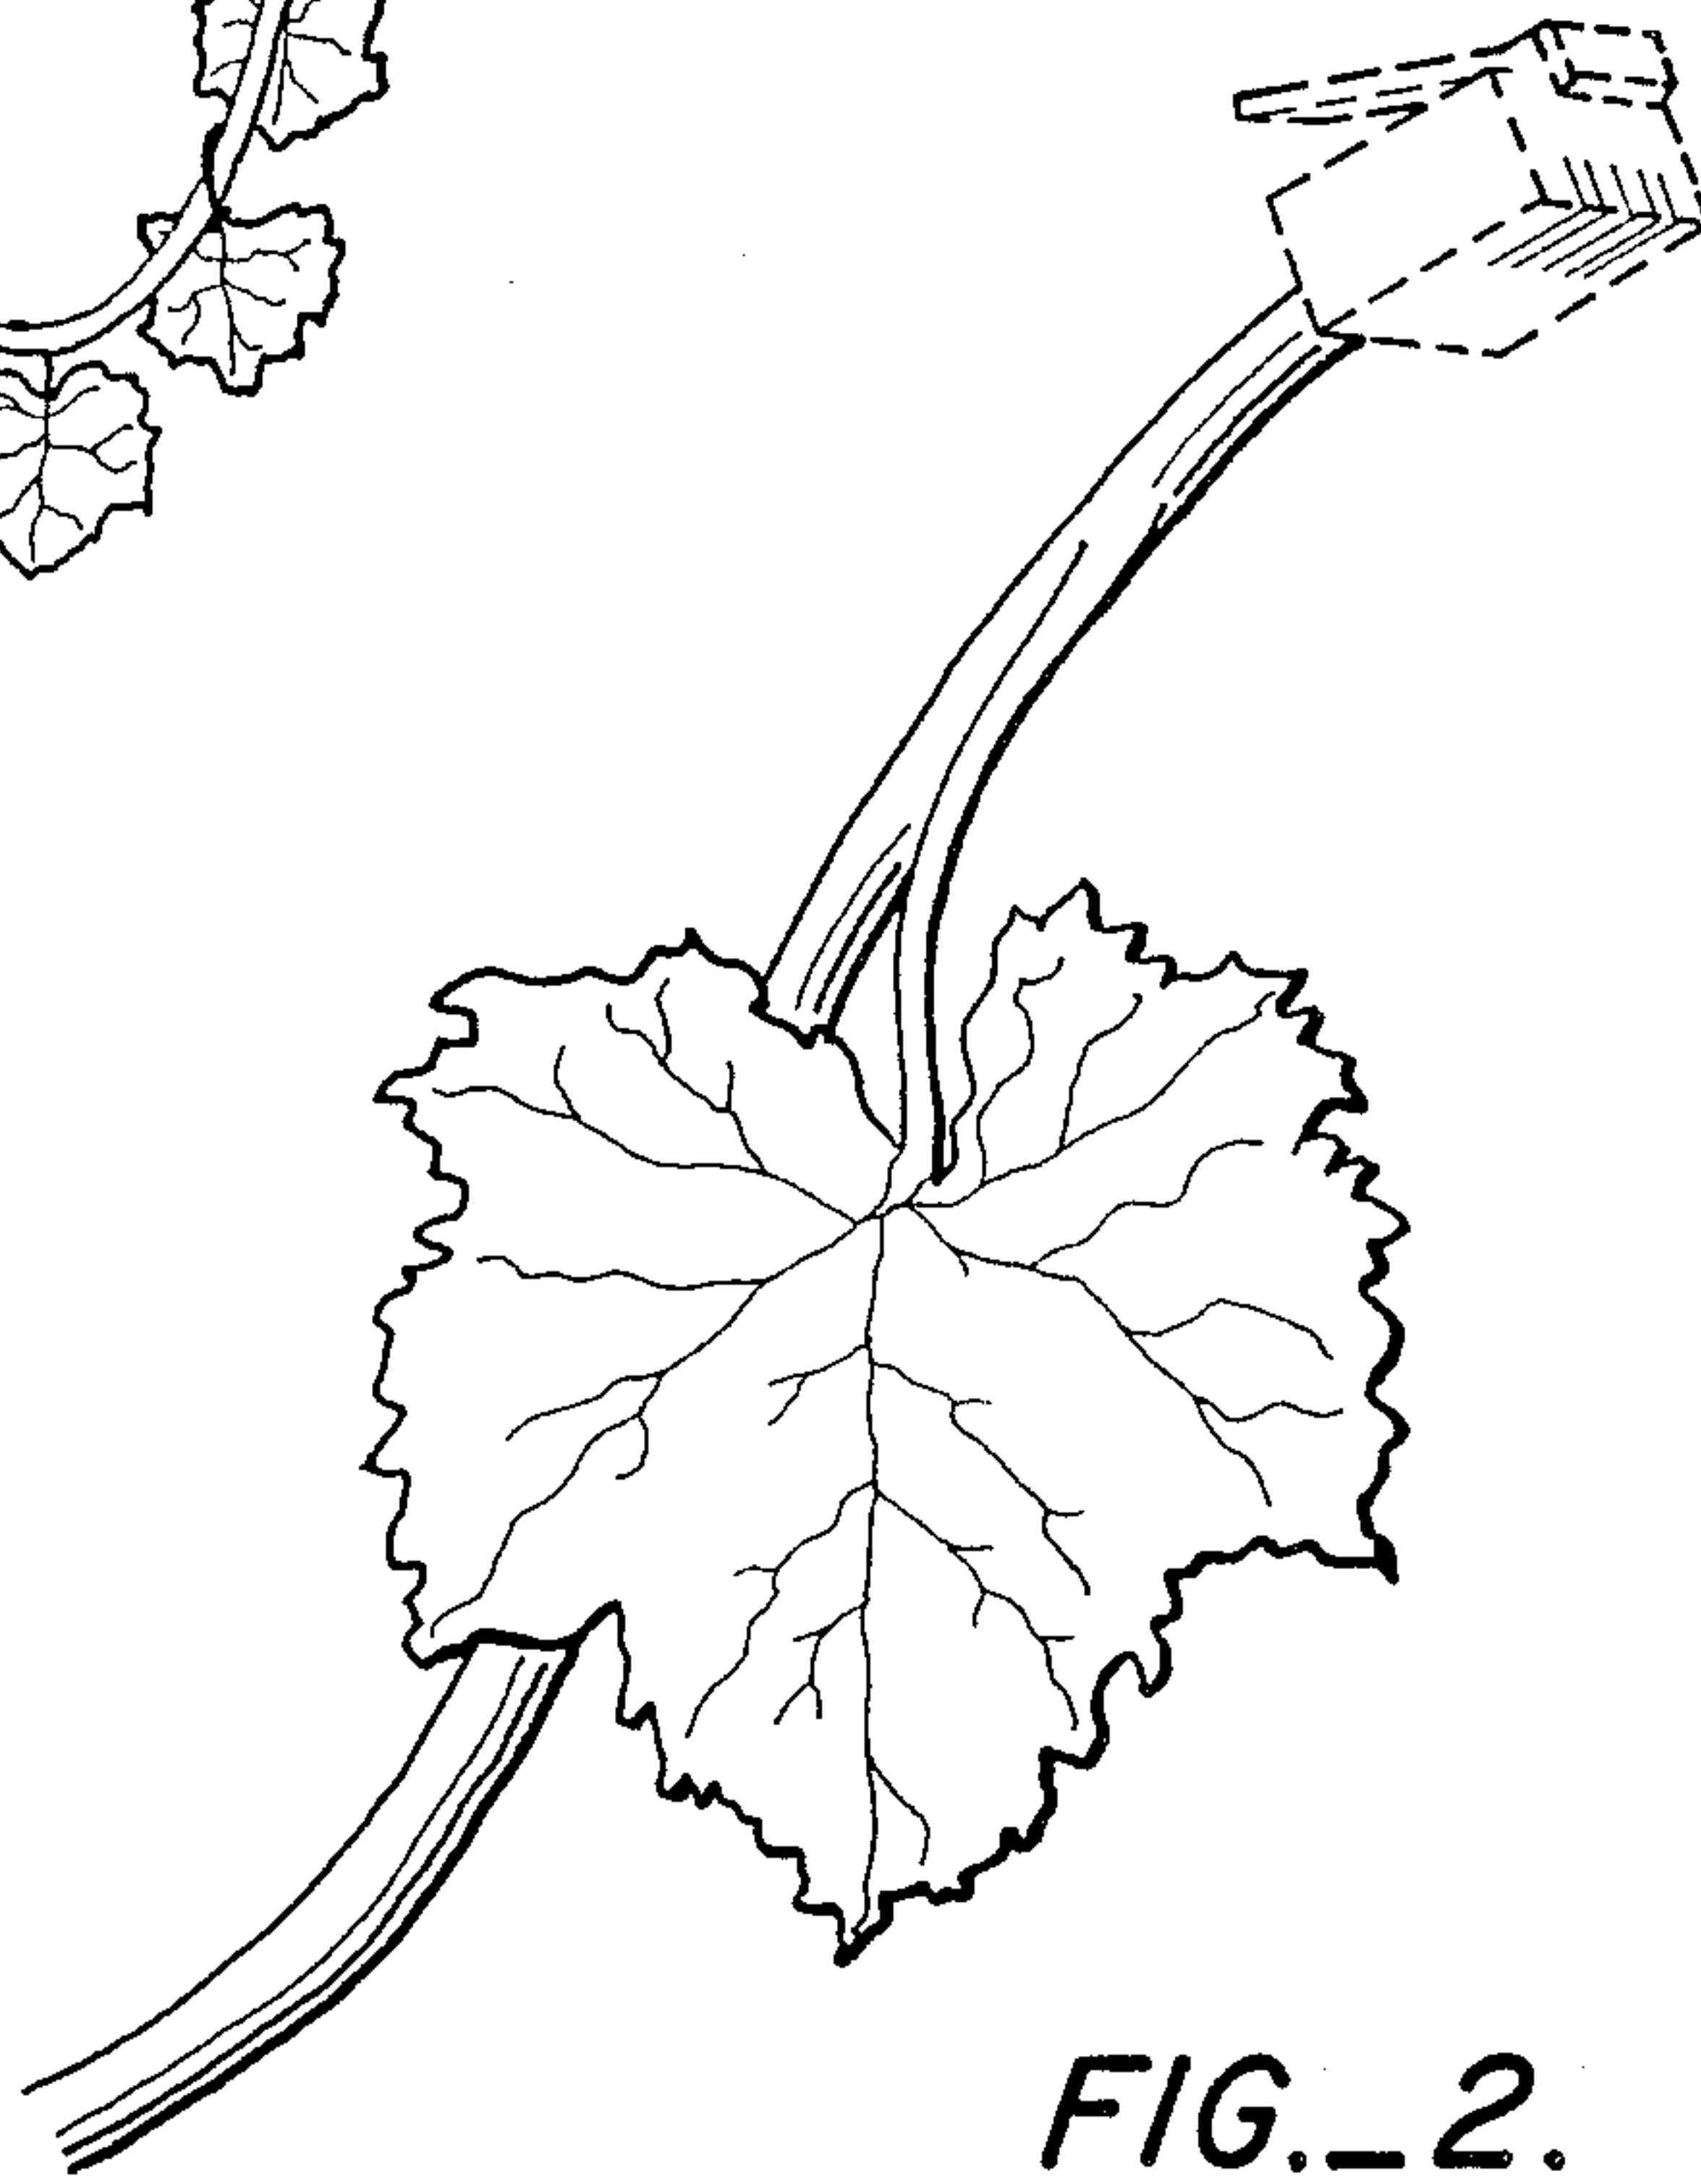

FIG. 2.
