[57] **CLAIM**

The ornamental design for a hook for use in concrete construction, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of the hook for use in concrete construction showing my new design, the shaft being shown broken way to depict indeterminate length;
FIG. 2 is a side elevational view thereof, the opposite side being a mirror image;
FIG. 3 is an enlarged fragmentary side elevational view of the hook portion of my design; and
FIG. 4 is a rear perspective view of FIG. 1.
