[57] CLAIM

The ornamental design for a truck floor bed tie-down device as shown and described.

DESCRIPTION

FIG. 1 is a left side, top and front perspective view of a truck floor bed tie-down device showing my new design;

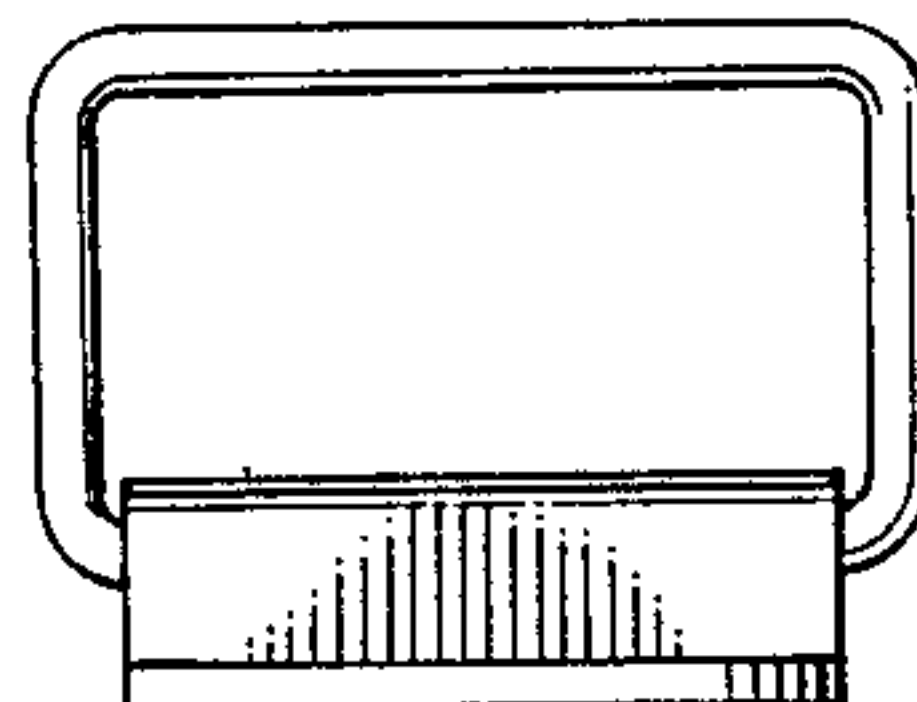

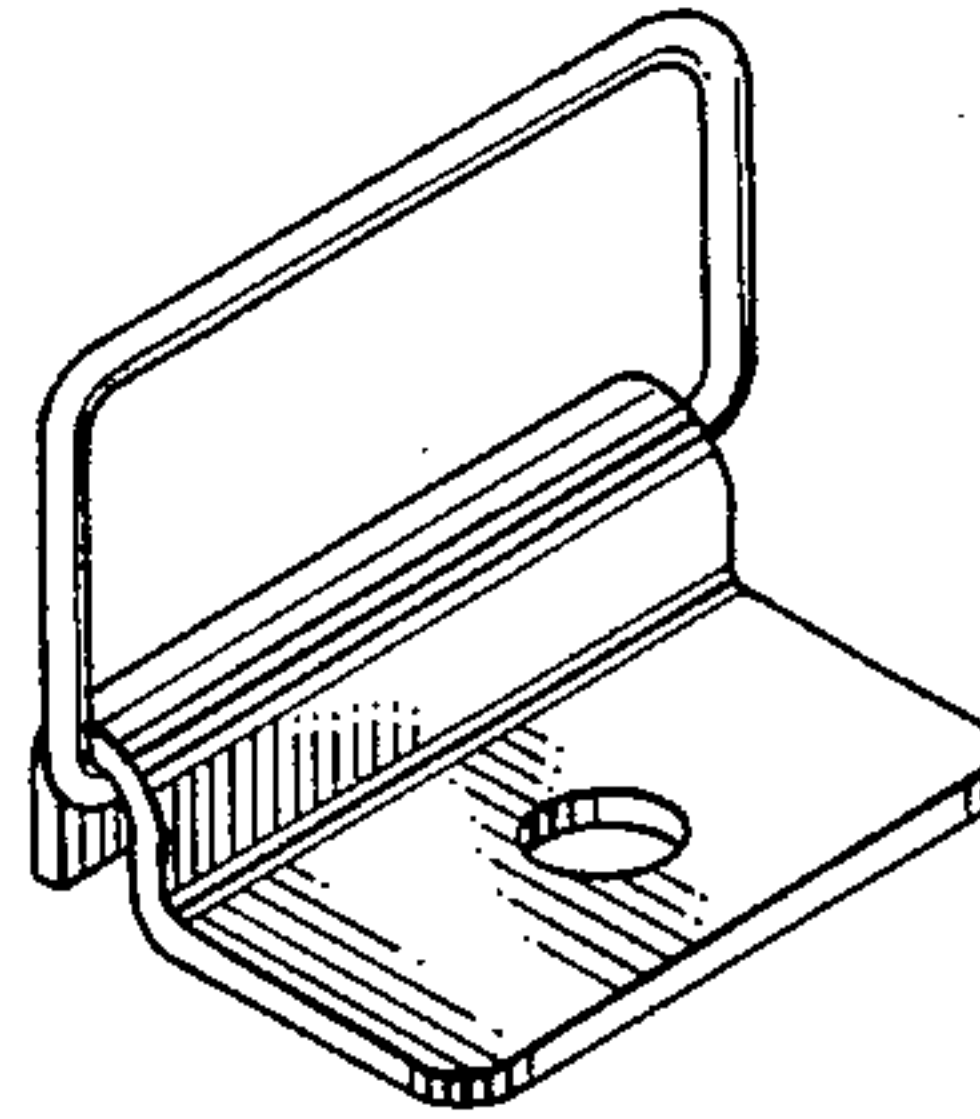

FIG. 2 is a left side elevational view thereof, the opposite side being a mirror image;

FIGS. 3 and 4 are respectively front and rear elevational views thereof;

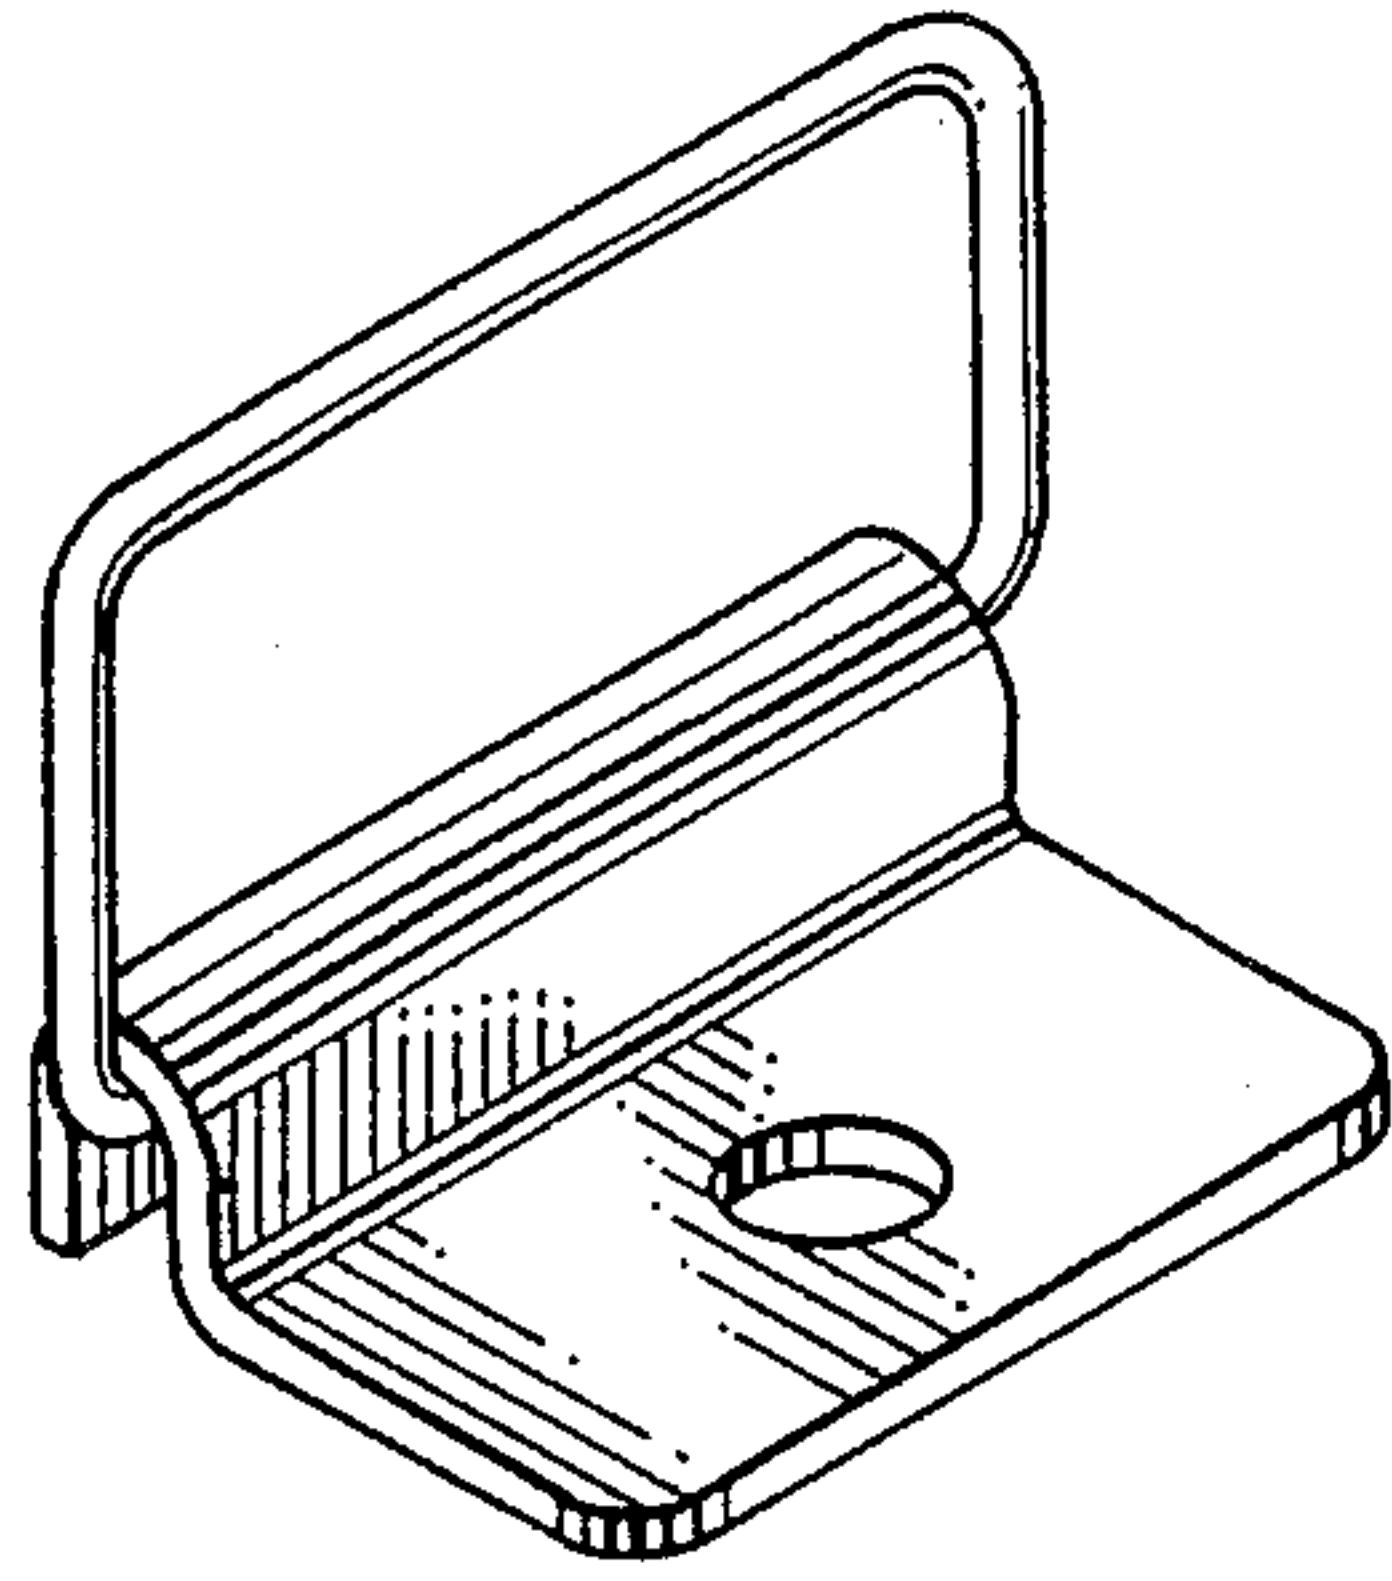

FIGS. 5 and 6 are respectively top and bottom plan views thereof;

FIG. 7 is a side elevational view thereof in reposed position; and

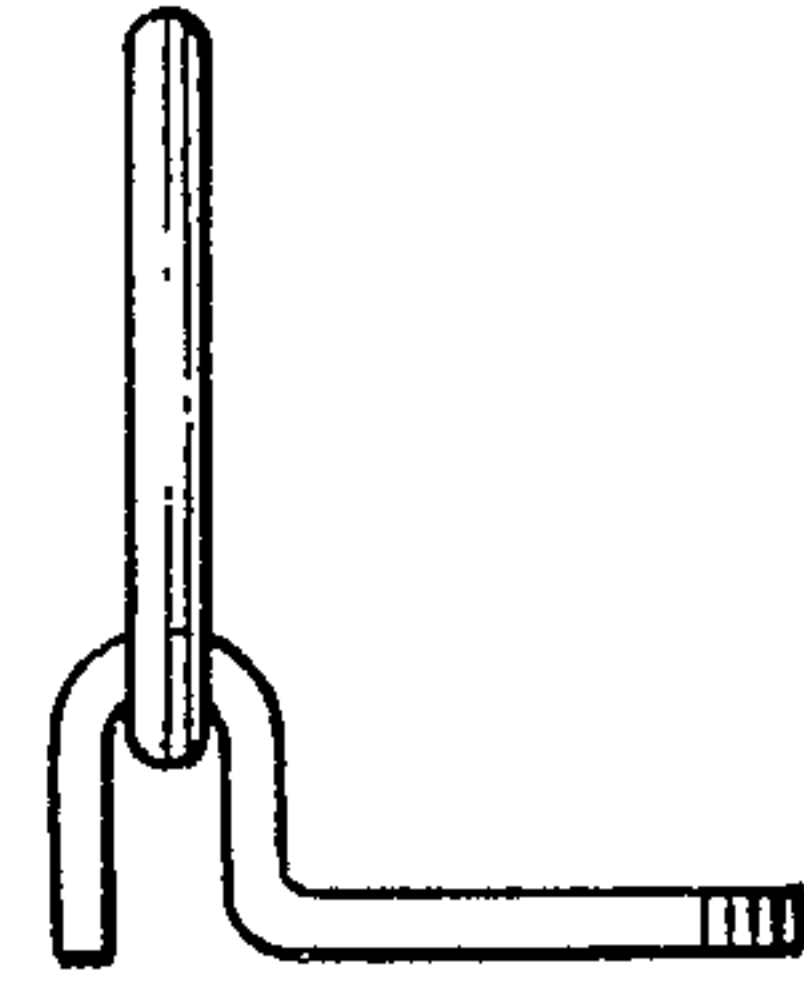

FIG. 8 is a bracket-associated view thereof with the components spaced apart for clarity of illustration.
