[57] **CLAIM**

The ornamental design for adjustable work holder for attachment to an easel or similar article, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and right end perspective view of an adjustable work holder for attachment to an easel or similar article showing our new design; the broken line showing of a drawing board is illustrative of environmental structure only and forms no part of the claimed design;

FIG. 2 is a front elevational view thereof on an enlarged scale;

FIG. 3 is a top plan view thereof on an enlarged scale, the bottom is a mirror image thereof;

FIG. 4 is a right end elevational view thereof on an enlarged scale, the left end is a mirror image thereof; and

FIG. 5 is a rear elevational view thereof on an enlarged scale.

Portions of the adjustable work holder for attachment to an easel or similar article have been broken away in FIGS. 2, 3 and 5 for ease of illustration.
