## [57]

The ornamental design for a tire, as shown and described.

**CLAIM** 

#### DESCRIPTION

FIG. 1 is a perspective view of a tire embodying a first embodiment of our design, it being understood that the tread pattern is repeated throughout the circumference of the tire, the opposite side being substantially the same as that shown.

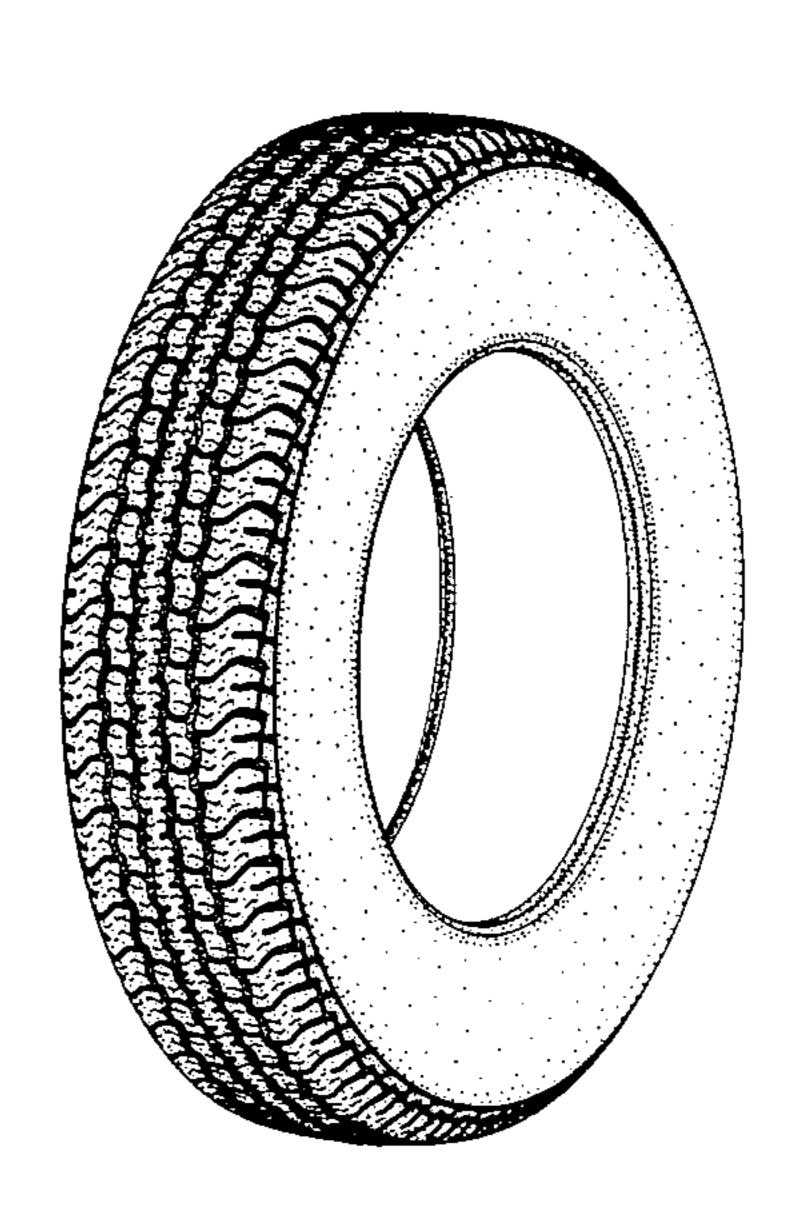

FIG. 2 is a front elevational view of said first embodiment.

FIG. 3 is a side elevational view of said first embodiment.

FIG. 4 is a perspective view of a tire embodying a second embodiment of our design, it being understood that the tread pattern is repeated throughout the circumference of the tire, the opposite side being substantially the same as that shown.

FIG. 5 is a front elevational view of said second embodiment.

FIG. 6 is a side elevational view of said second embodiment.

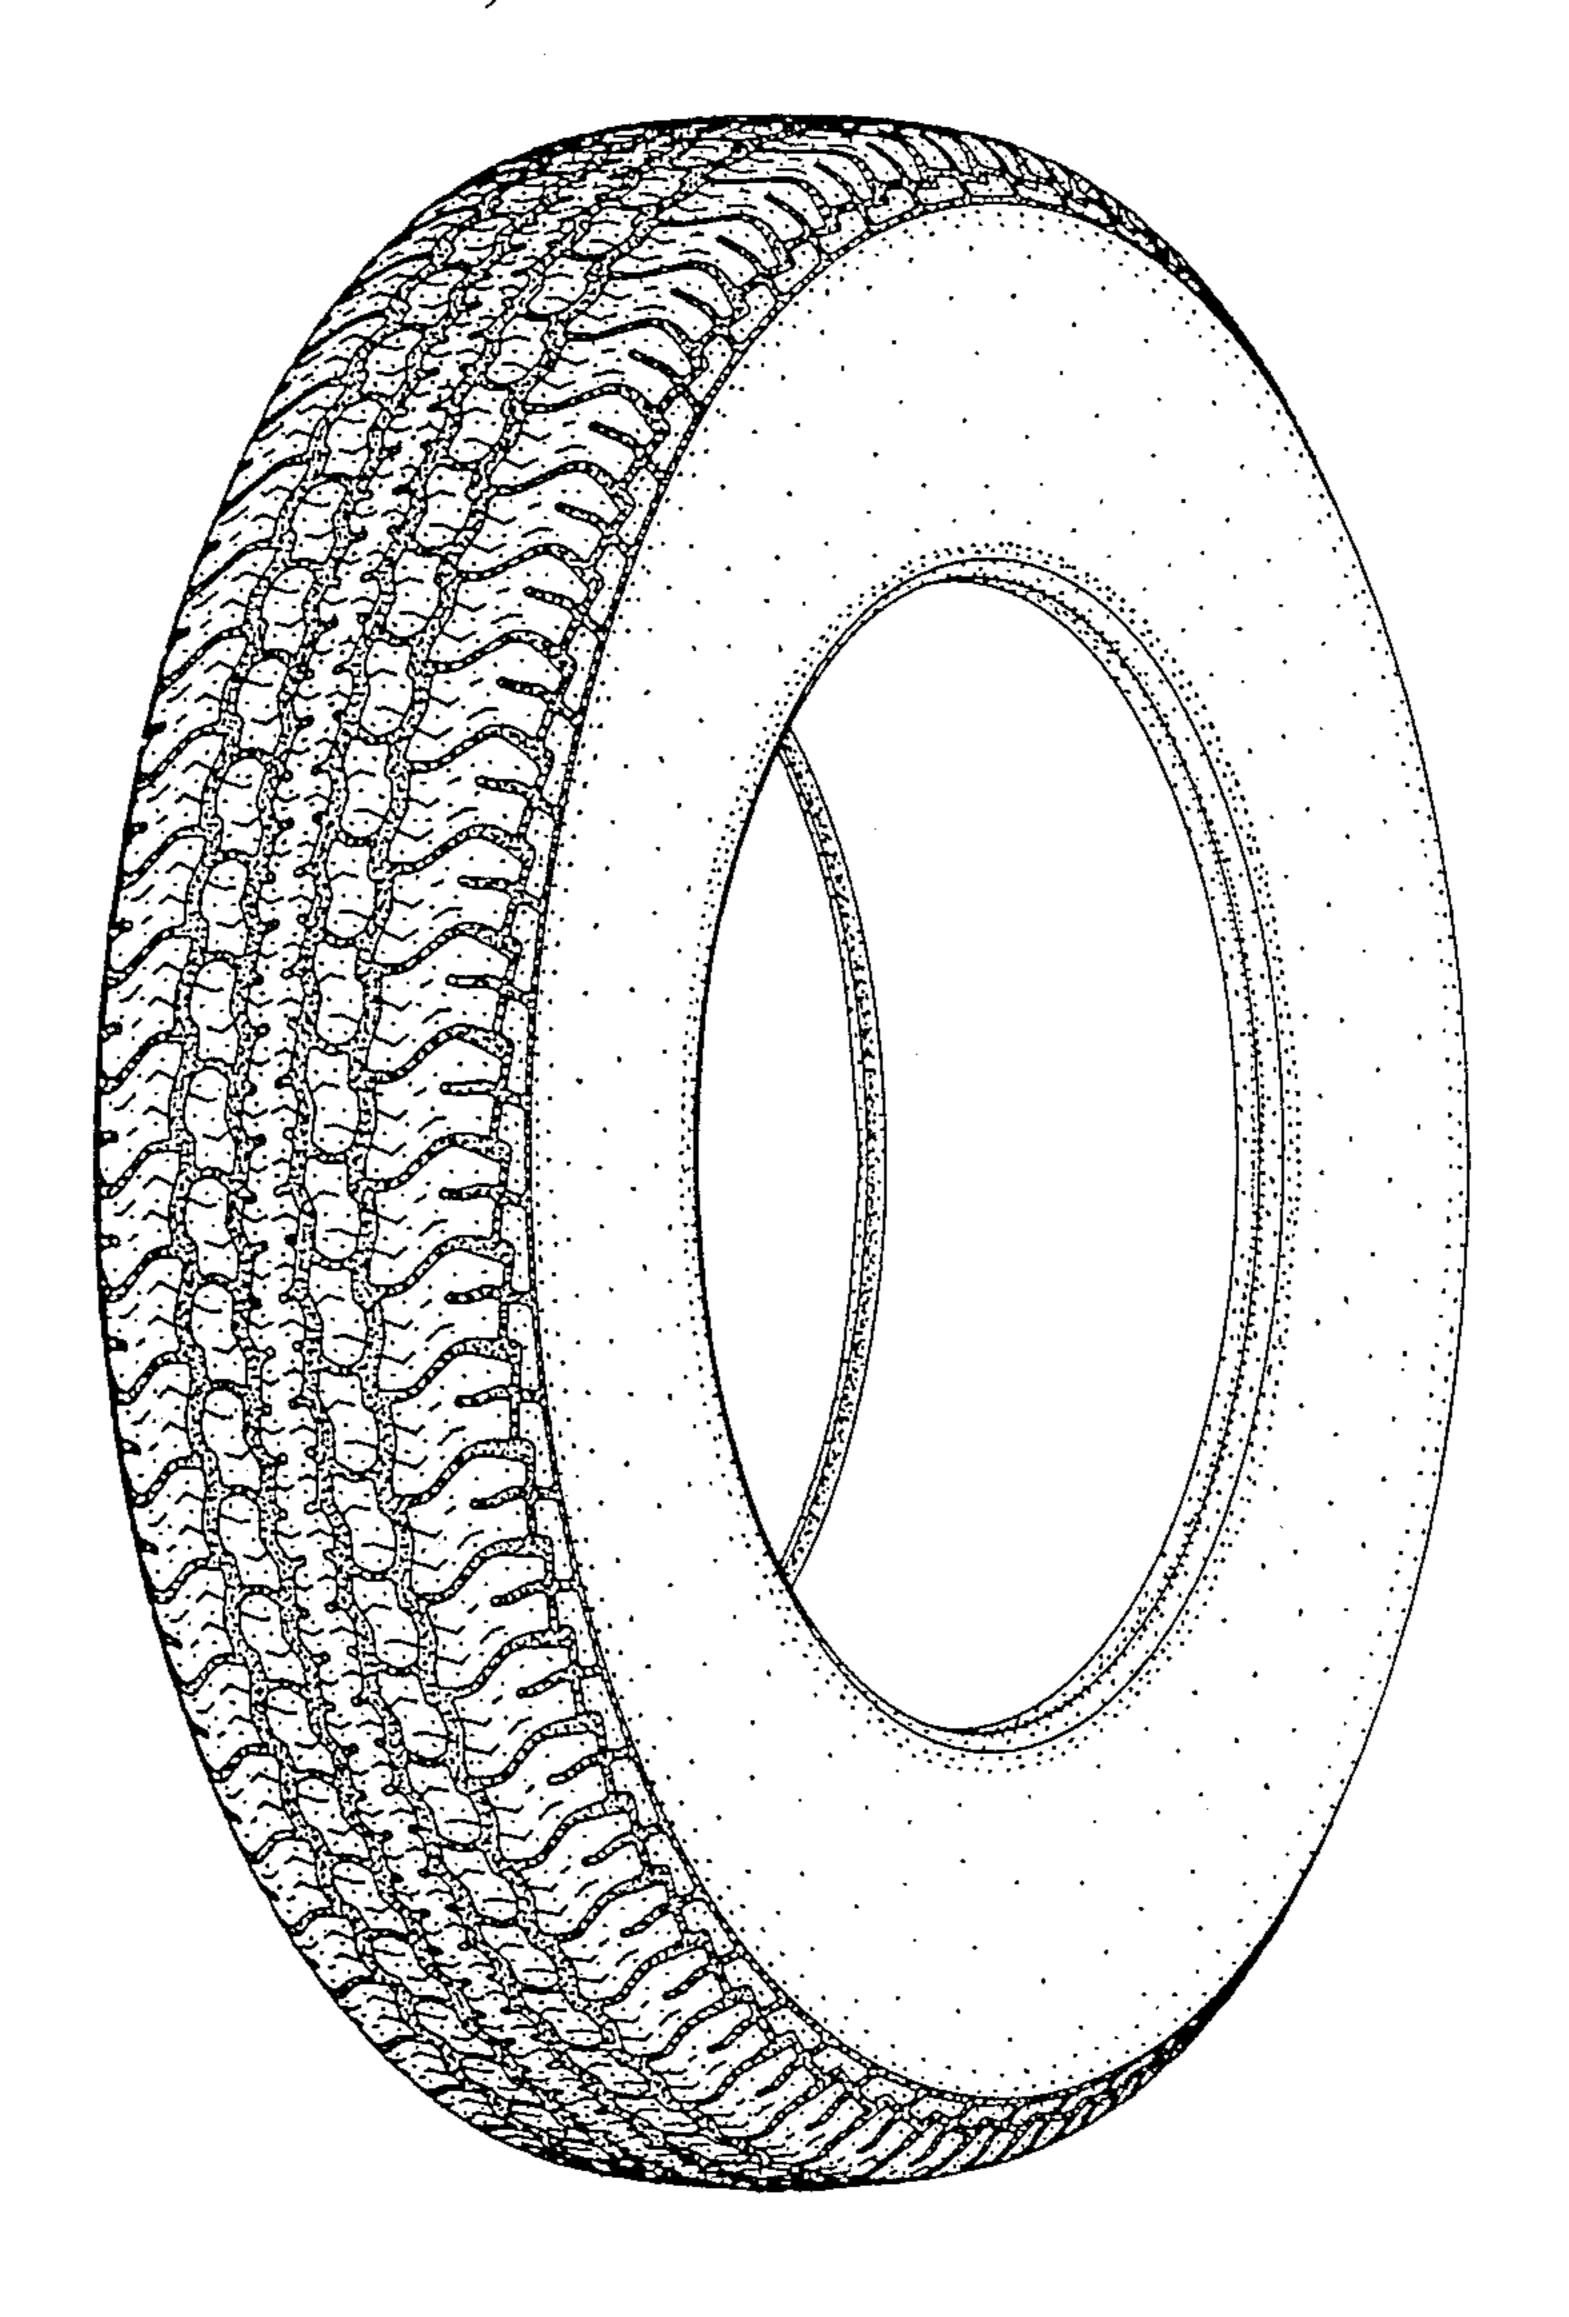

FIG. 1
