[57] CLAIM

The ornamental design for a photographic transparency holder, as shown and described.

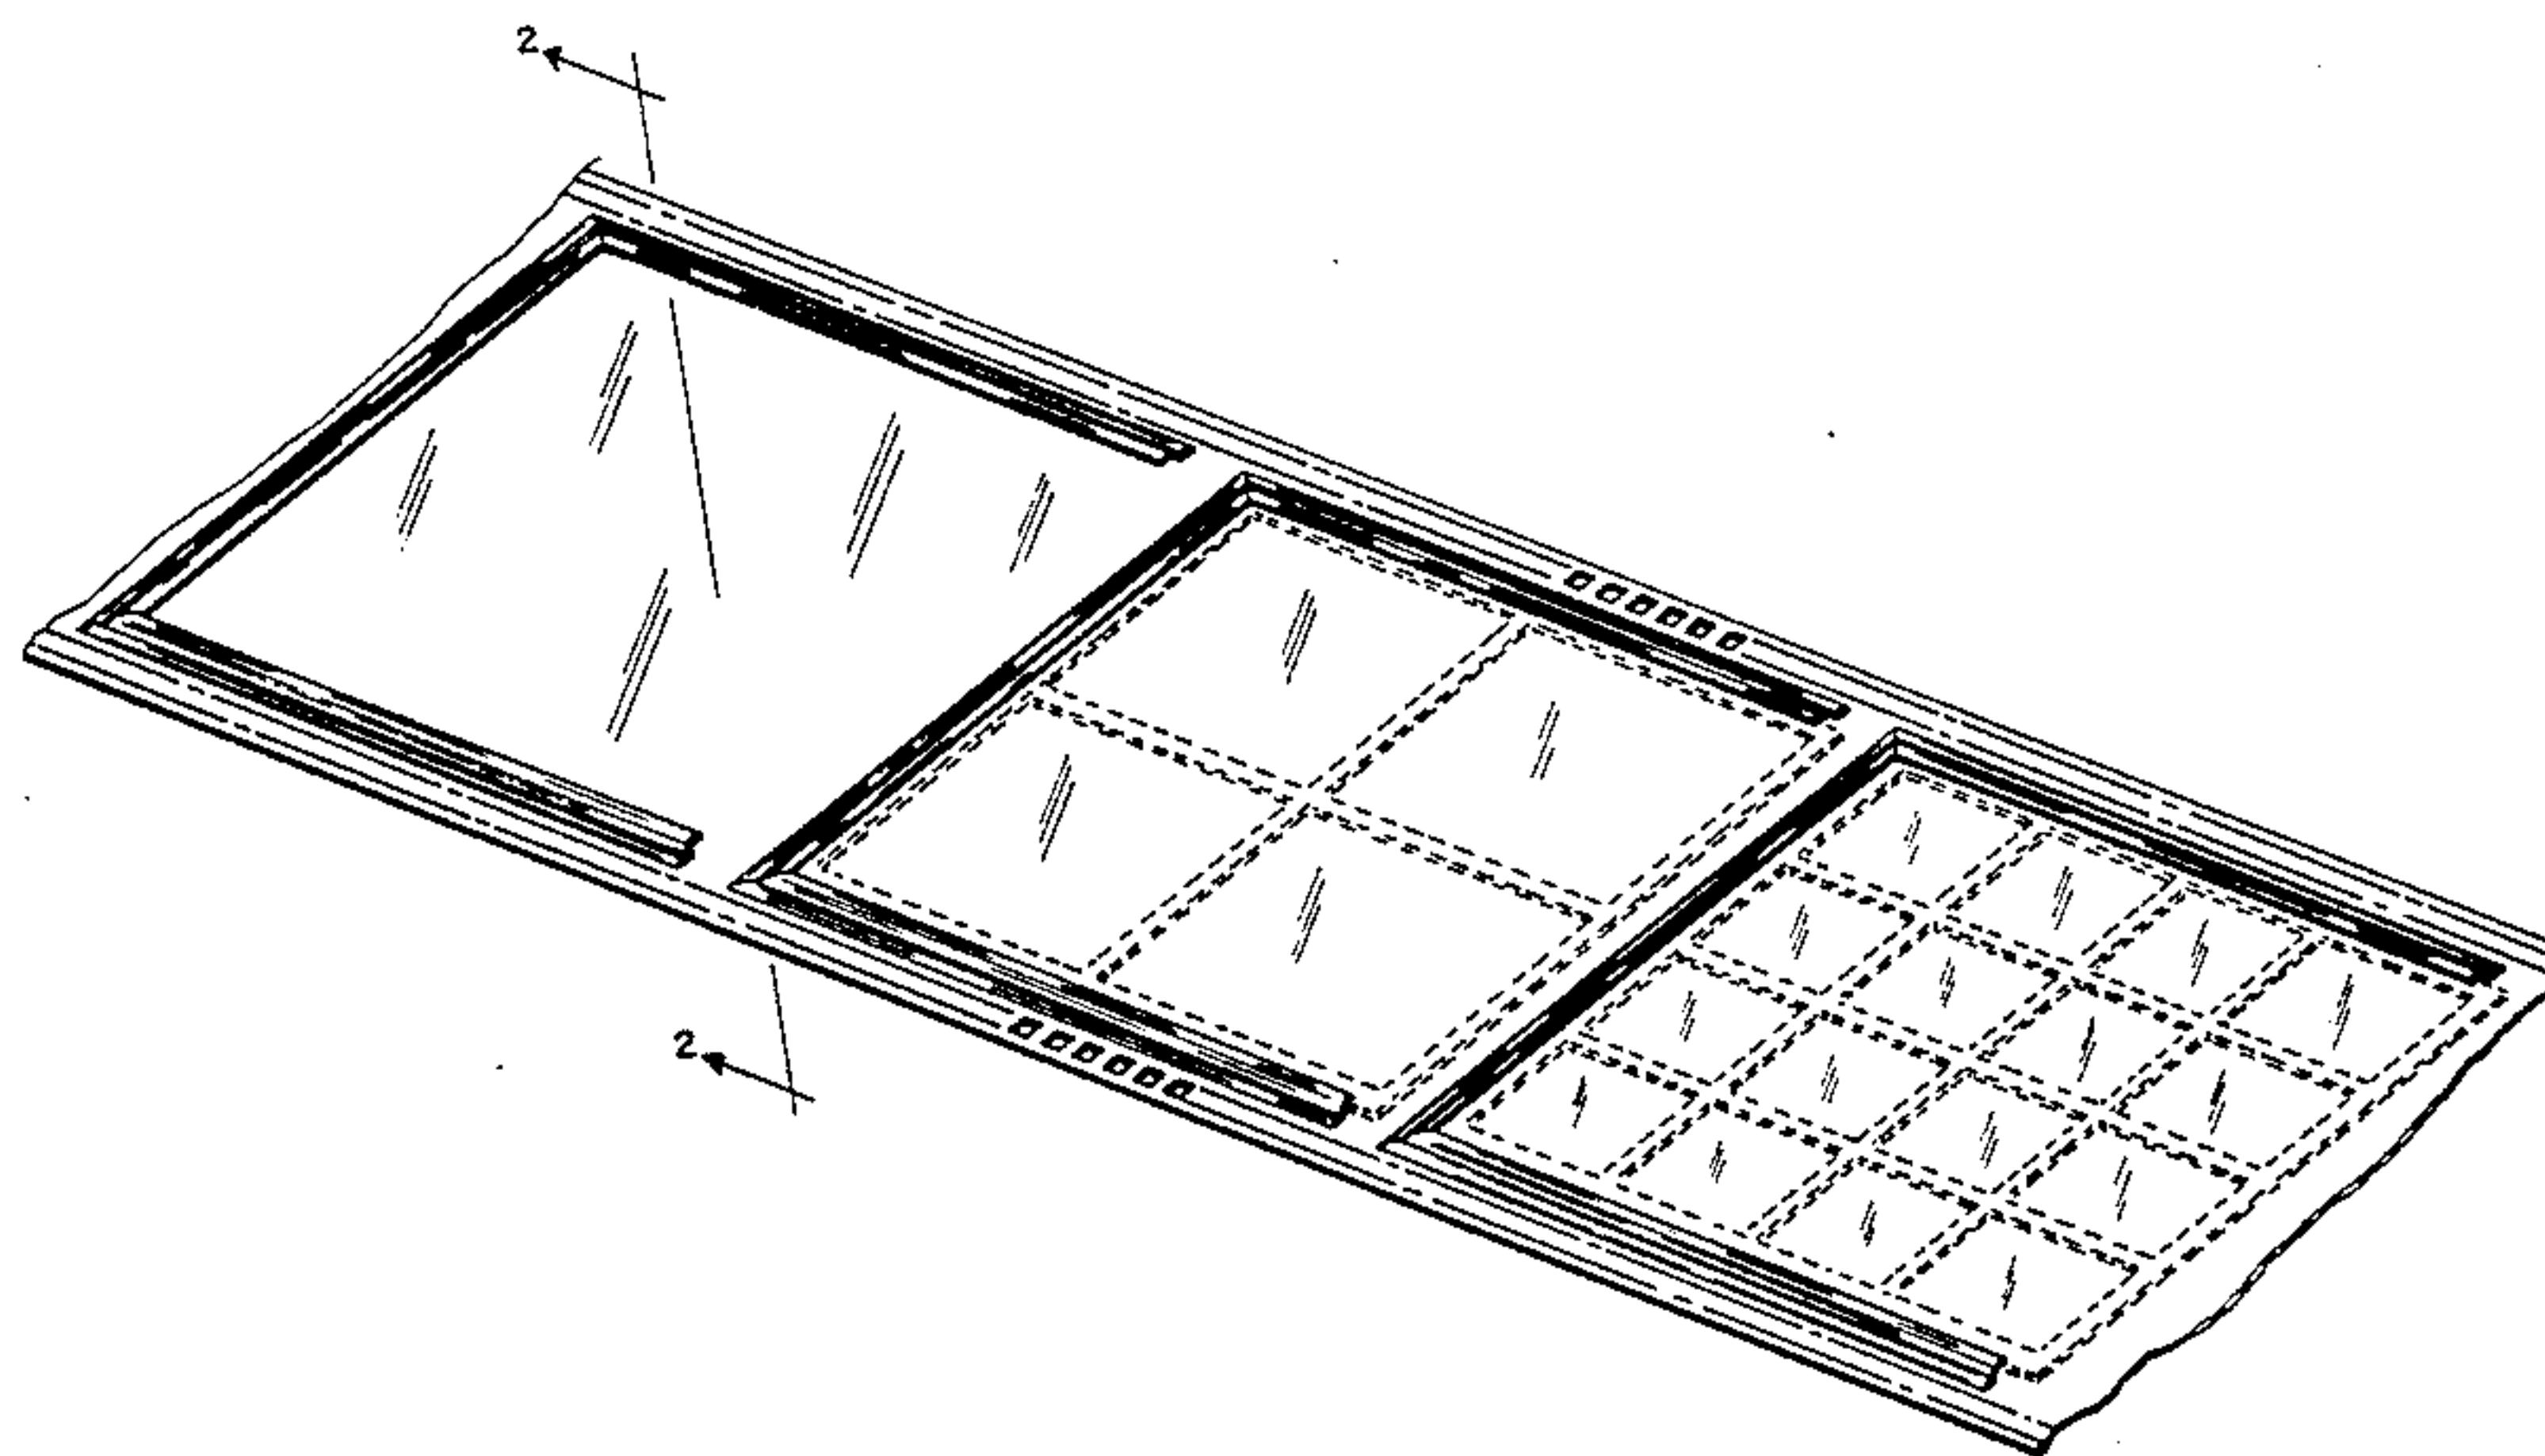

DESCRIPTION

FIG. 1 is a fragmentary top front perspective view of a photographic transparency holder showing my new design;

FIG. 2 is a cross-sectional view taken along line 2—2 of FIG. 1; and

FIG. 3 is a partial fragmentary top front perspective view as seen from the left of FIG. 1.

The broken line showing of a photographic transparency holder is for illustrative purposes only and forms no part of the claimed design.
