[57] CLAIM

The ornamental design for a communications block connector adapter, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a communications block connector adapter showing our new design, the back elevational view being a mirror image;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a right end elevational view thereof, the left end elevational view being the same;

FIG. 5 is a front elevational view of a communications block connector adapter showing a second embodiment of our new design;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof;

FIG. 8 is a right end elevational view thereof; the left end elevational view being a mirror image.
