[57] CLAIM

The ornamental design for a propulsion and deflector unit for watercraft, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a propulsion and deflector unit for watercraft showing my new design; FIG. 2 is a sectional view thereof taken along the line 2—2 of FIG. 1; FIG. 3 is a sectional view similar to FIG. 2 but with deflector vanes in a different position, only the deflector is shown for ease of illustration; FIG. 4 is a left side perspective view with the vanes in the position of FIG. 3, the right side perspective view being a mirror image of that shown except for the caps on the shaft for the deflector unit; FIG. 5 is a front elevational view of a second embodiment of the propulsion and deflector unit for watercraft, the fan blades have been omitted for convenience of illustration; and FIG. 6 is a sectional view of FIG. 5, taken along the line 6—6 of FIG. 5.
