[57] **CLAIM**

The ornamental design for a fishing rod retainer, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a fishing rod retainer showing my new design, the broken-line depiction of the rod and base being for illustrative purposes only and forming no part of the claimed design;
 FIG. 2 is a side elevational view of the holder portion thereof, the opposite side being a mirror image of that shown;
 FIG. 3 is a front elevational view of the holder portion thereof;
 FIG. 4 is a top plan view of the holder portion thereof;
 FIG. 5 is a side elevational view of the resilient member portion thereof, the opposite side being a mirror image of that shown;
 FIG. 6 is a top plan view of the resilient member portion thereof; and
 FIG. 7 is a rear elevational view of the resilient member portion thereof.
 FIGS. 2-7 are shown with portions removed for clarity of illustration.
