CLAIM

The ornamental design for a recreational vehicle interior light fixture, as shown and described.

DESCRIPTION

FIG. 1 is bottom plan view of a recreational vehicle interior light fixture showing our new design;

FIG. 2 is a side elevational view thereof as seen from the top of FIG. 1, the opposite side being a mirror image;

FIG. 3 is a side elevational view thereof as seen from the right of FIG. 1;

FIG. 4 is a bottom plan view of a second embodiment of our new design;

FIG. 5 is a side elevational view thereof as seen from the top of FIG. 4, the opposite side being a mirror image;

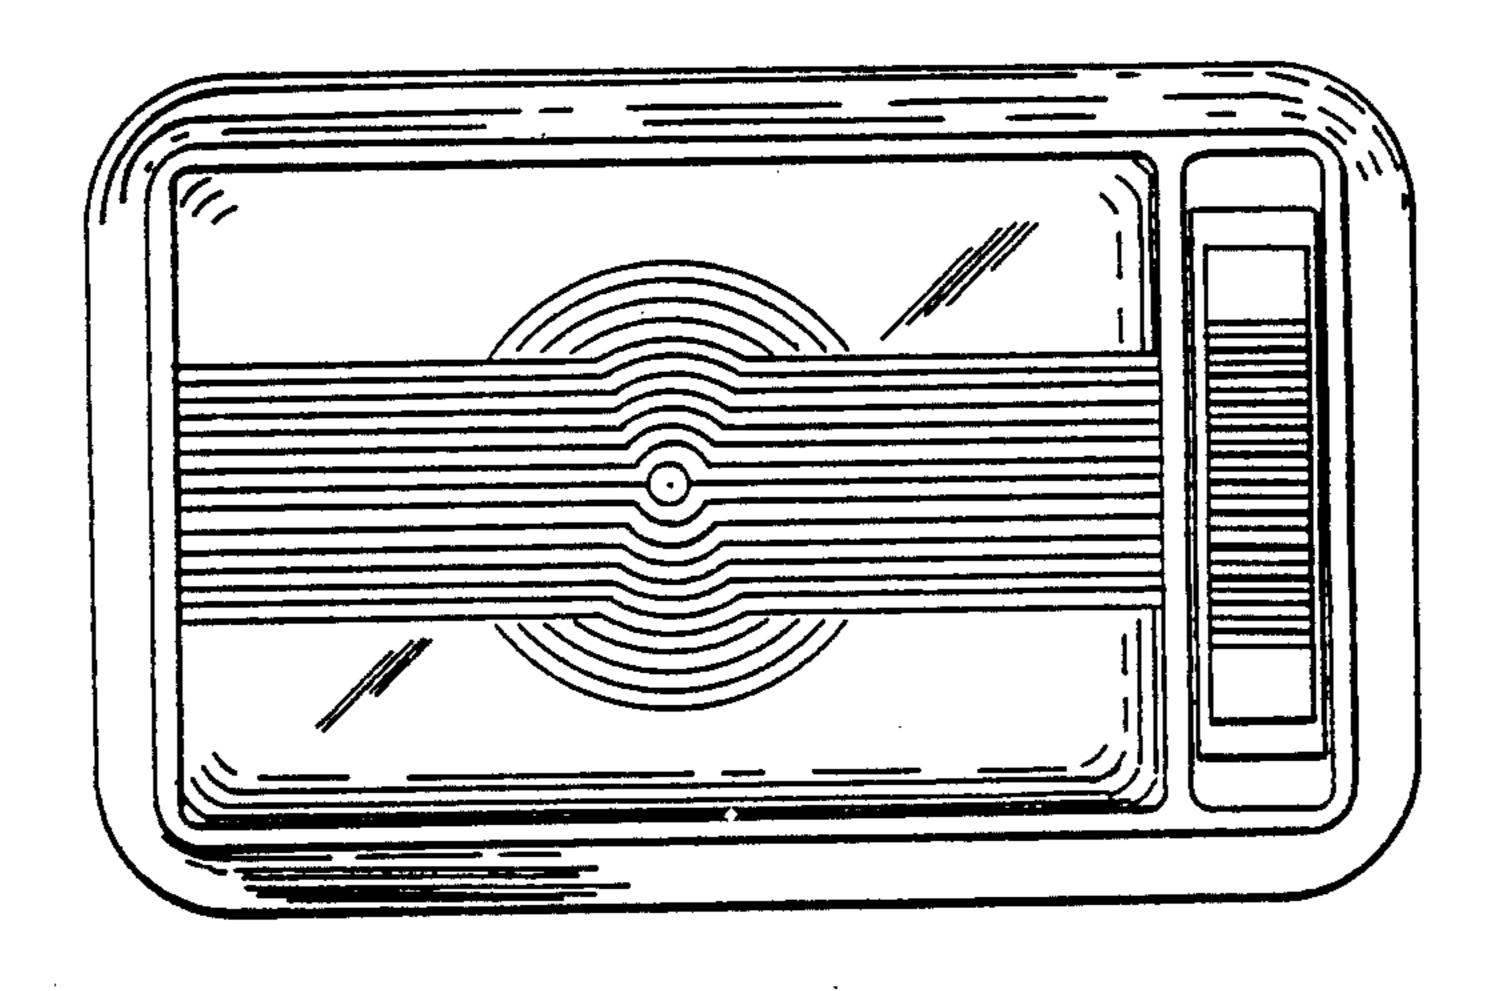

FIG. 6 is a side elevational view of a third embodiment of our new design as seen from the top of FIG. 7, the opposite side being a mirror image;

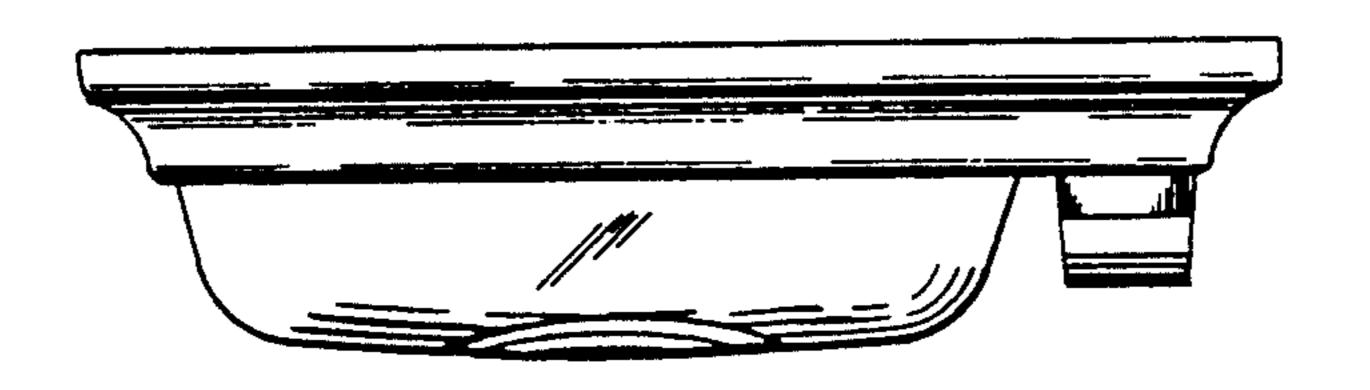

FIG. 7 is a bottom plan view of the third embodiment; FIG. 8 is a side elevational view common to the left side of the first embodiment and to both the left and right sides of the second and third embodiments;

FIG. 9 is a bottom perspective view of the third embodiment of our new design;

FIG. 10 is a bottom perspective view of the first embodiment of our new design;

FIG. 11 is a bottom perspective view of the second embodiment of our new design.
