[57] CLAIM

The ornamental design for an anchor fastener, as shown and described.

DESCRIPTION

FIG. 1 is a forward perspective view of an anchor fastener showing my new design, all sides being identical; FIG. 2 is a rearward perspective view of a second embodiment of the design of FIG. 1, all sides being identical;

FIG. 3 is a reduced side elevational view of a third embodiment of the design of FIG. 1, all sides being identical.

The only difference between the three embodiments being the variations in the bands of knurling.

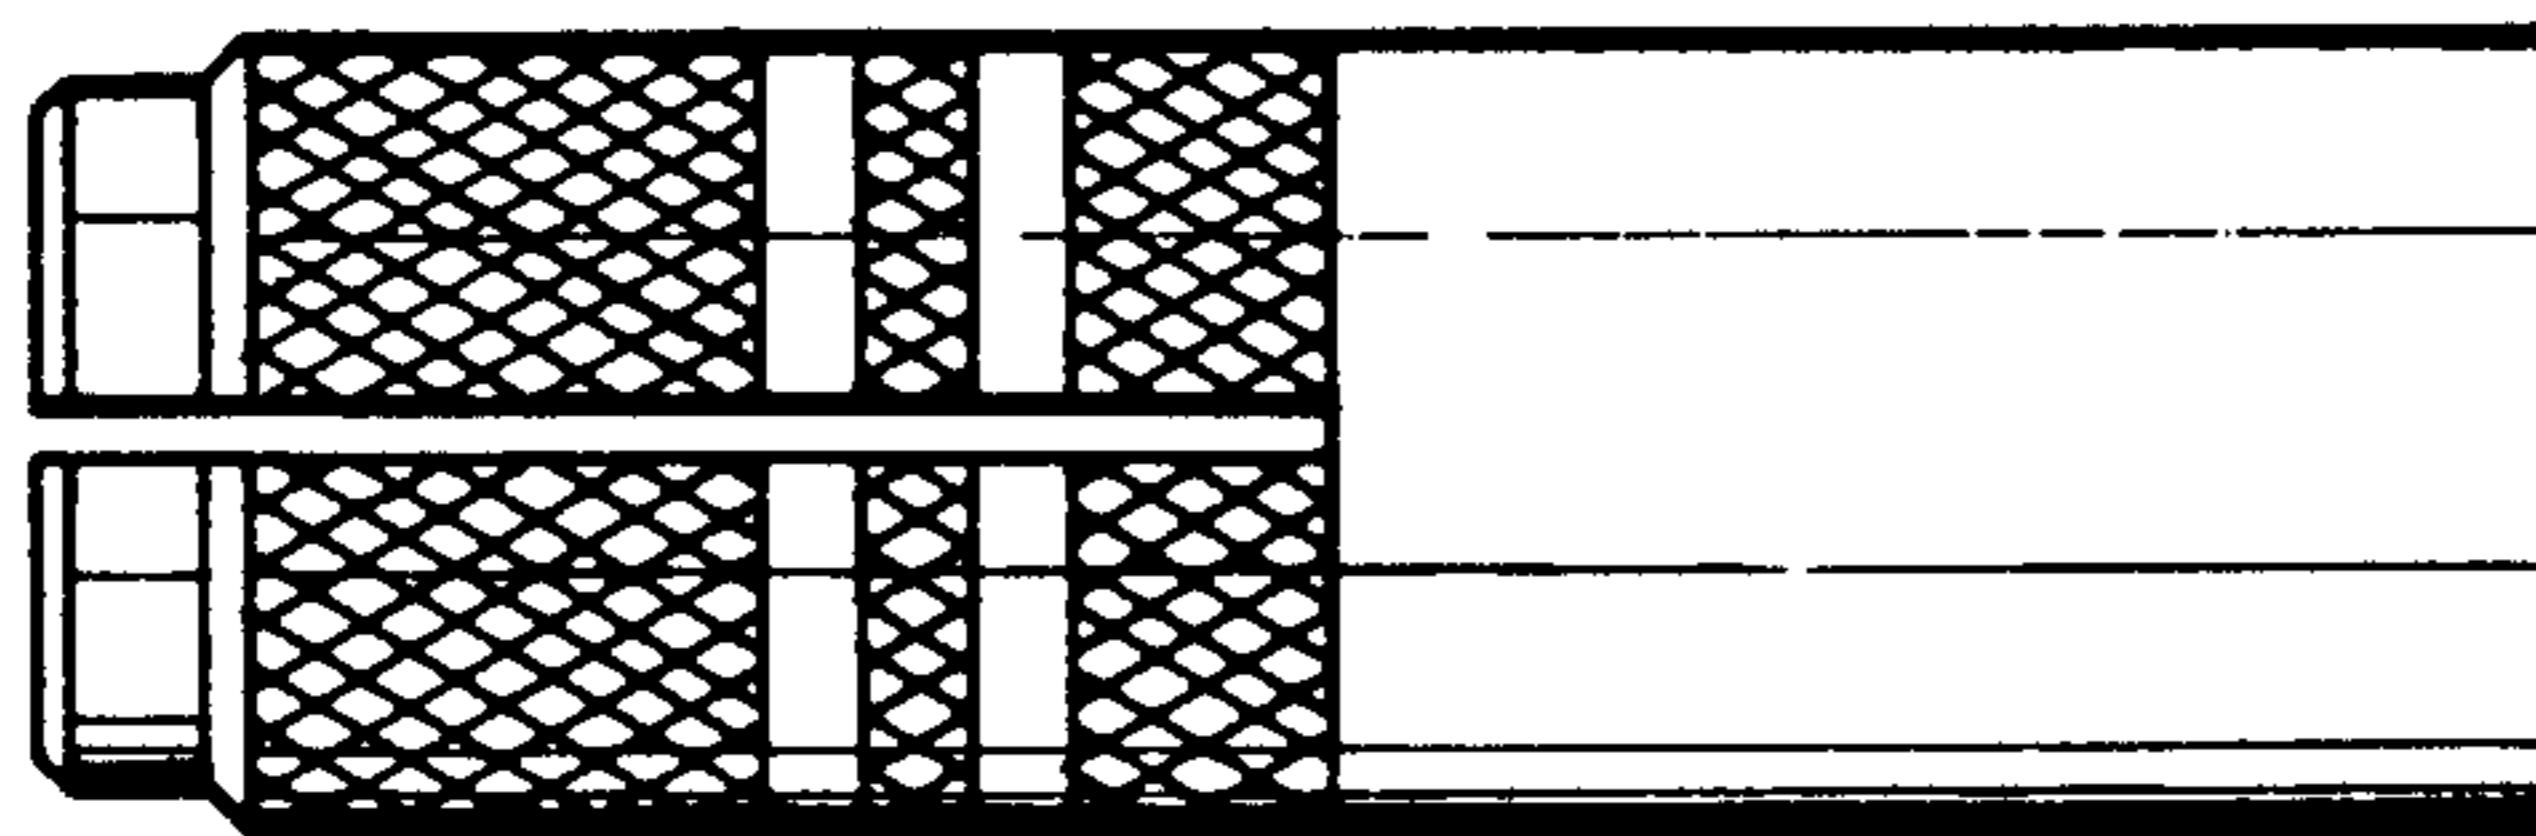

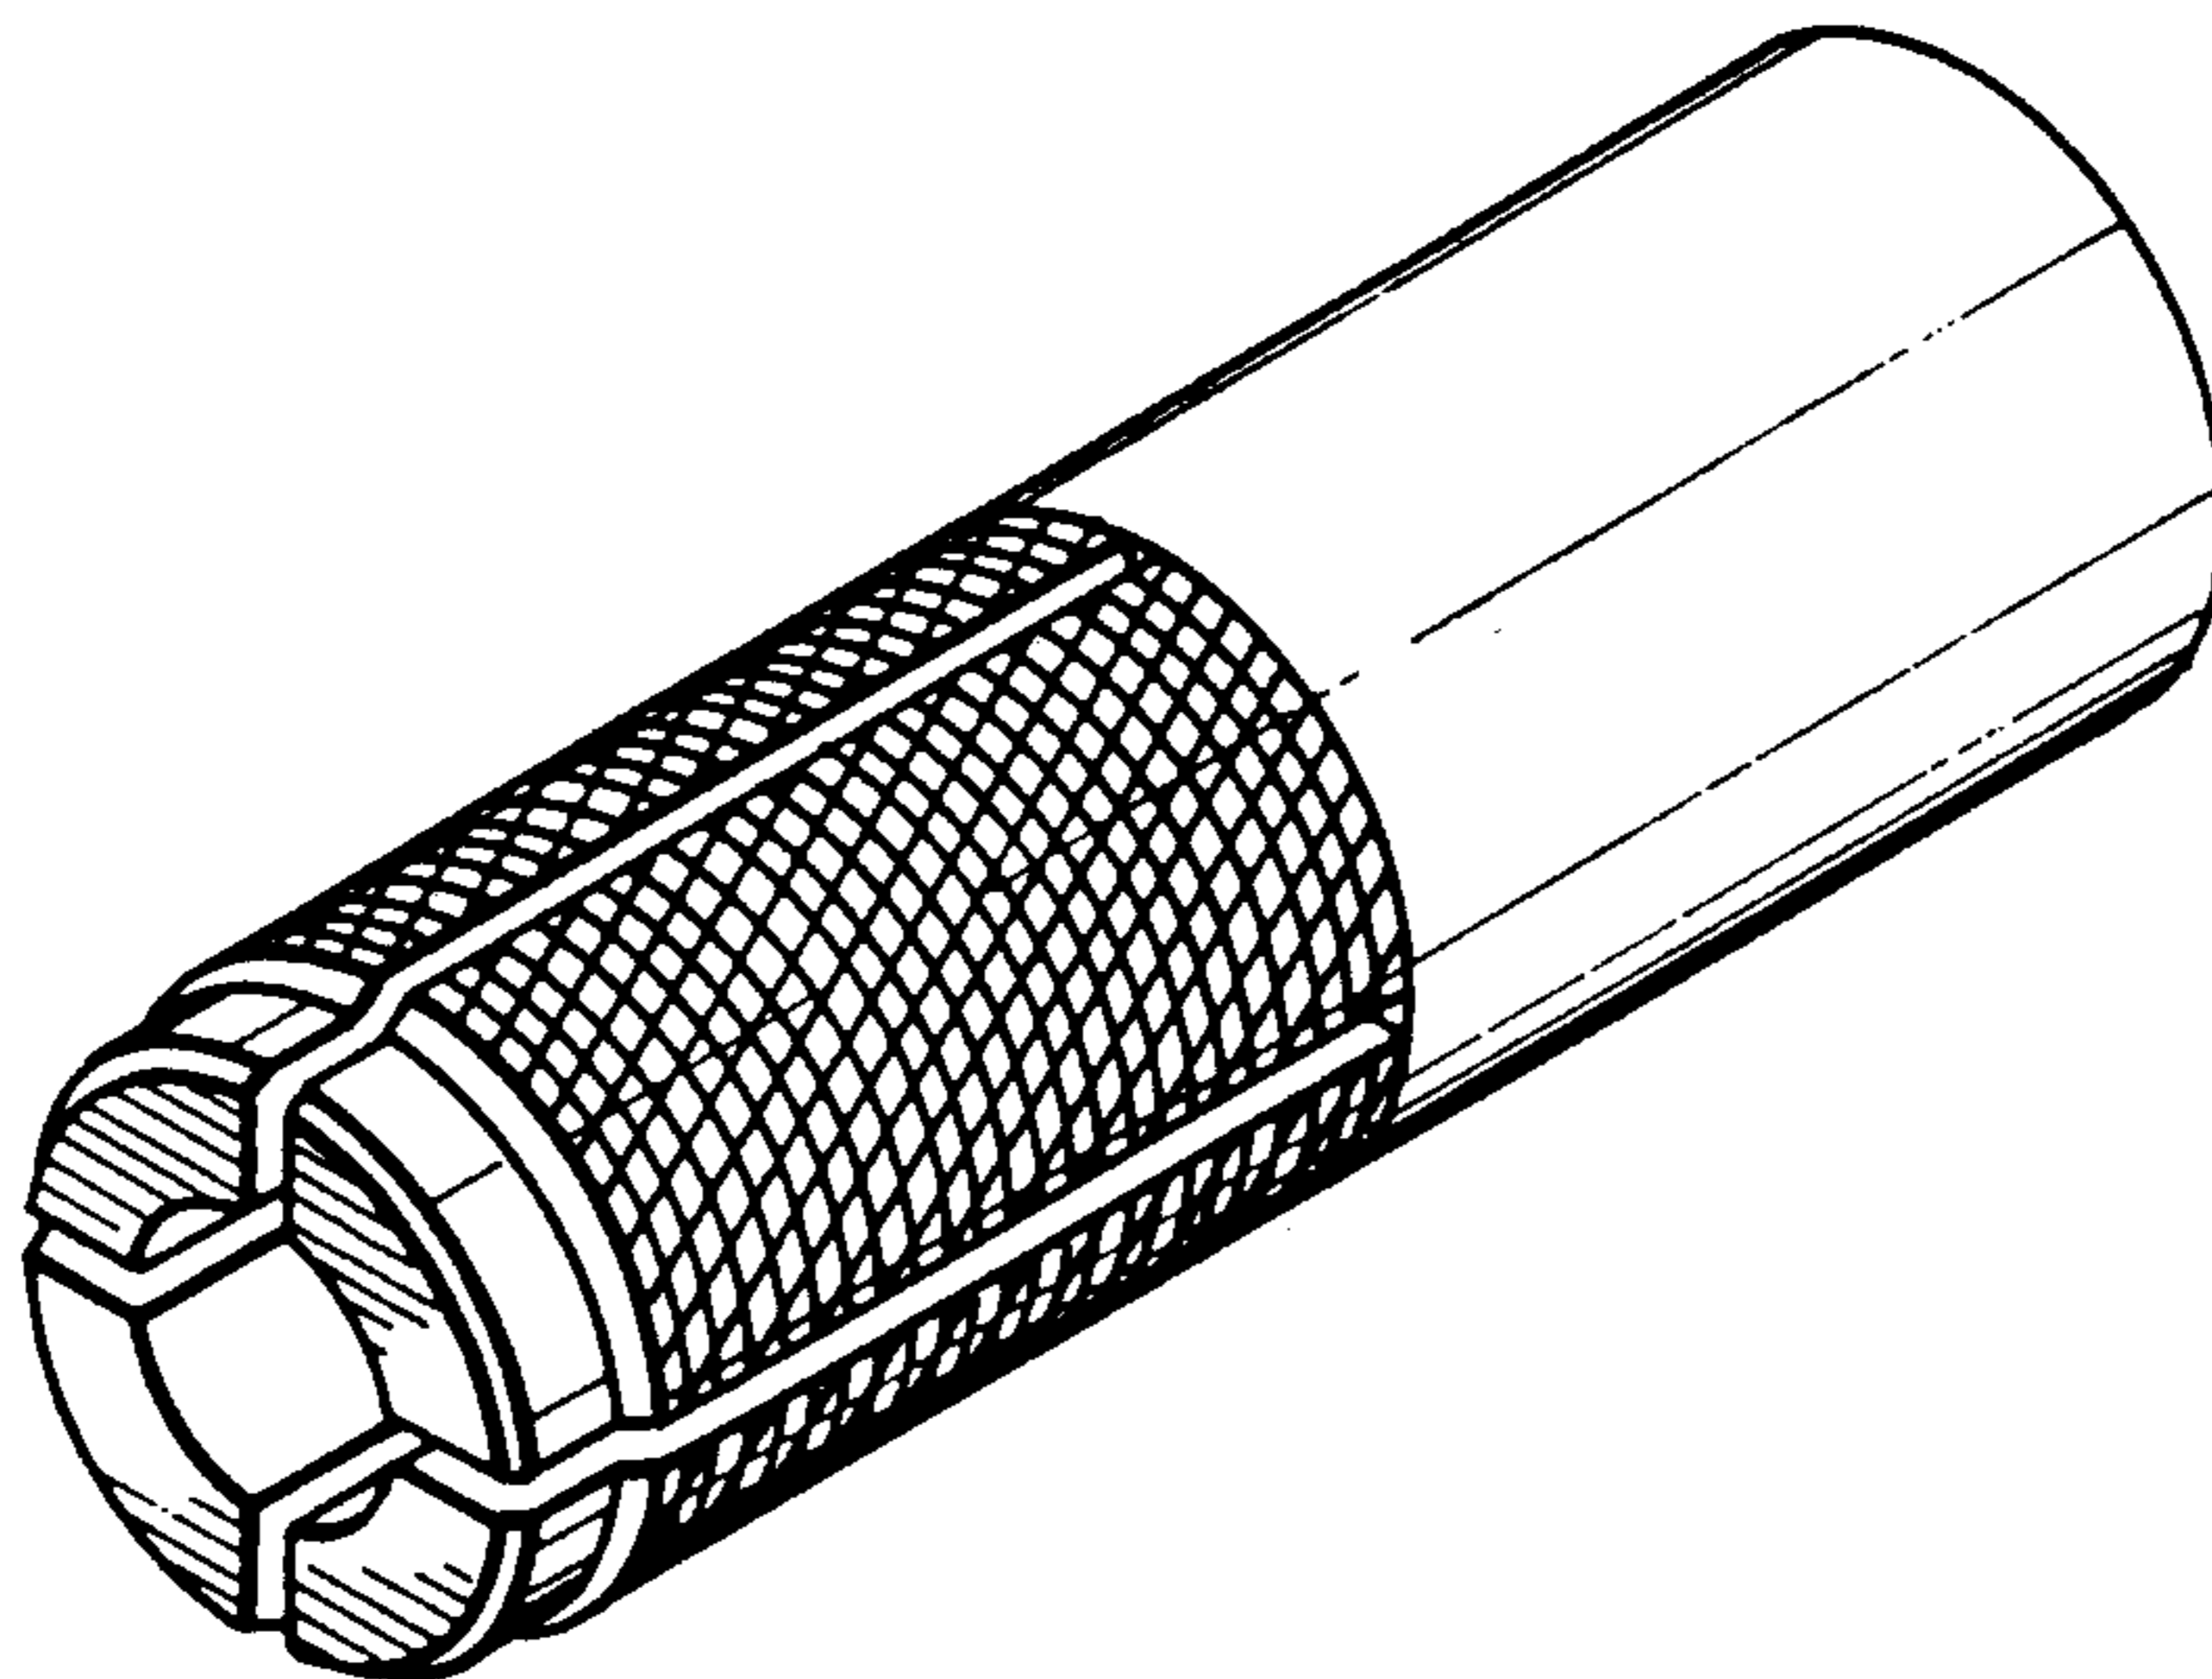

FIG 1

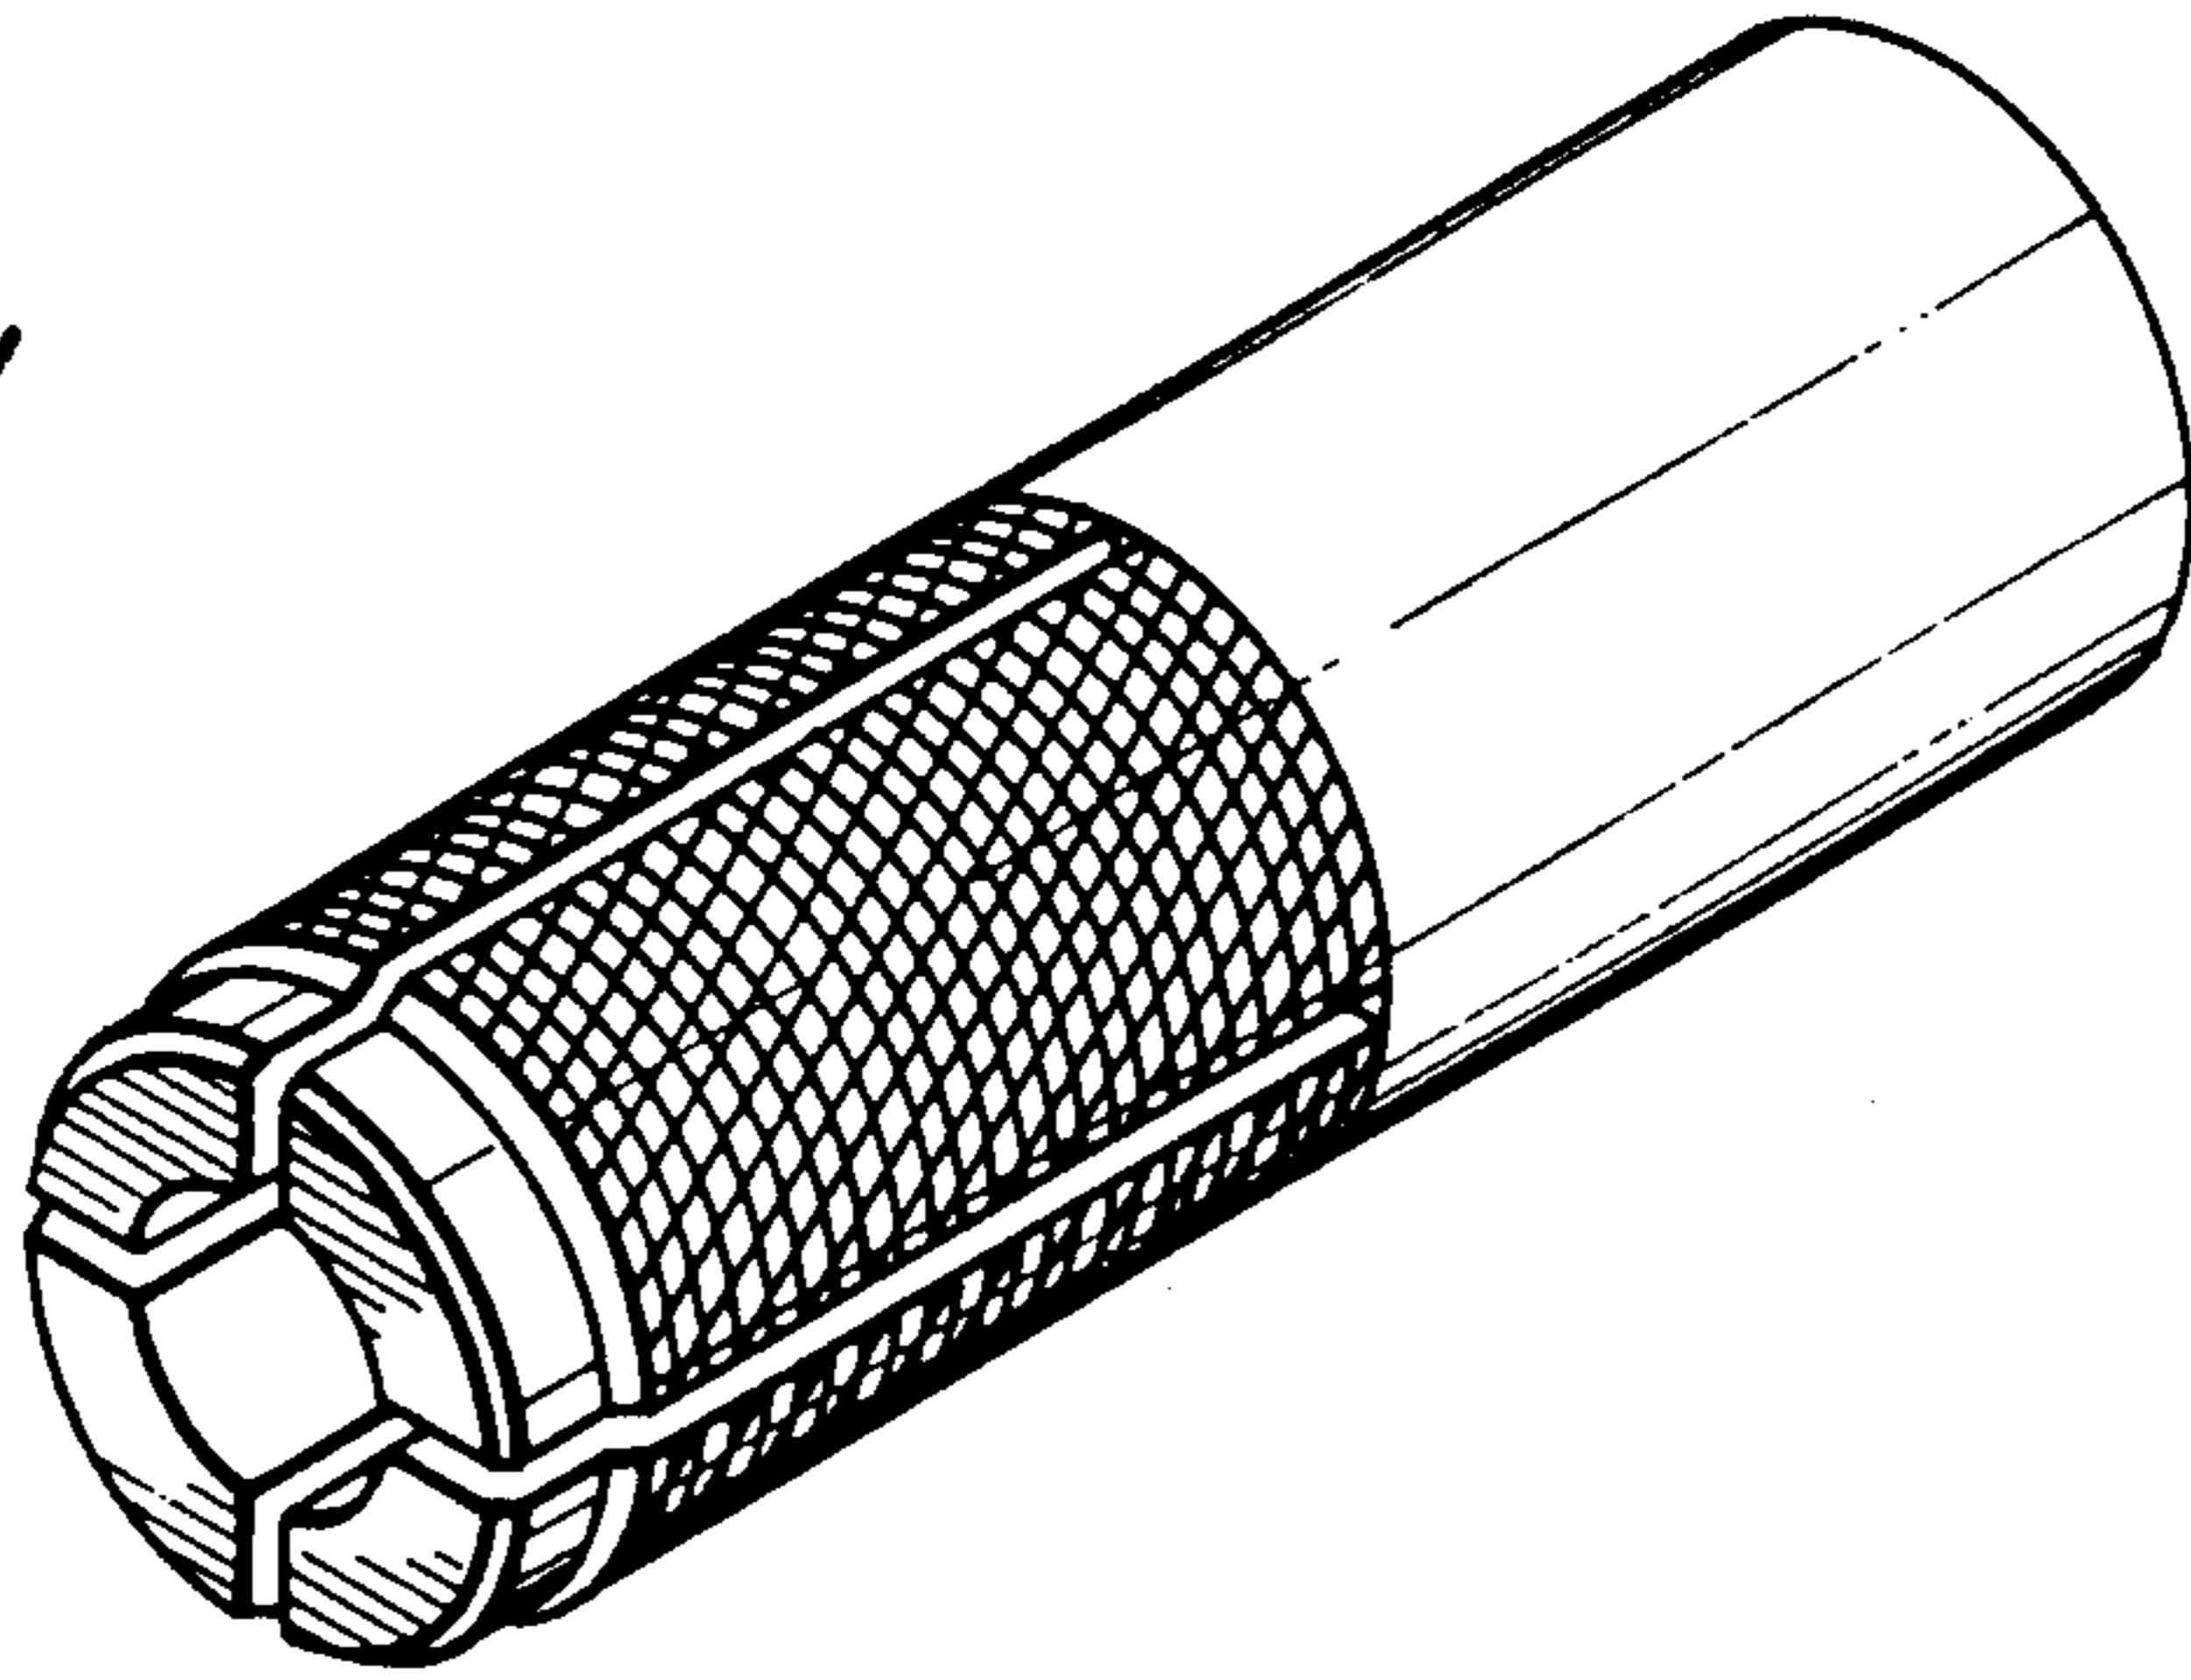

FIG 2

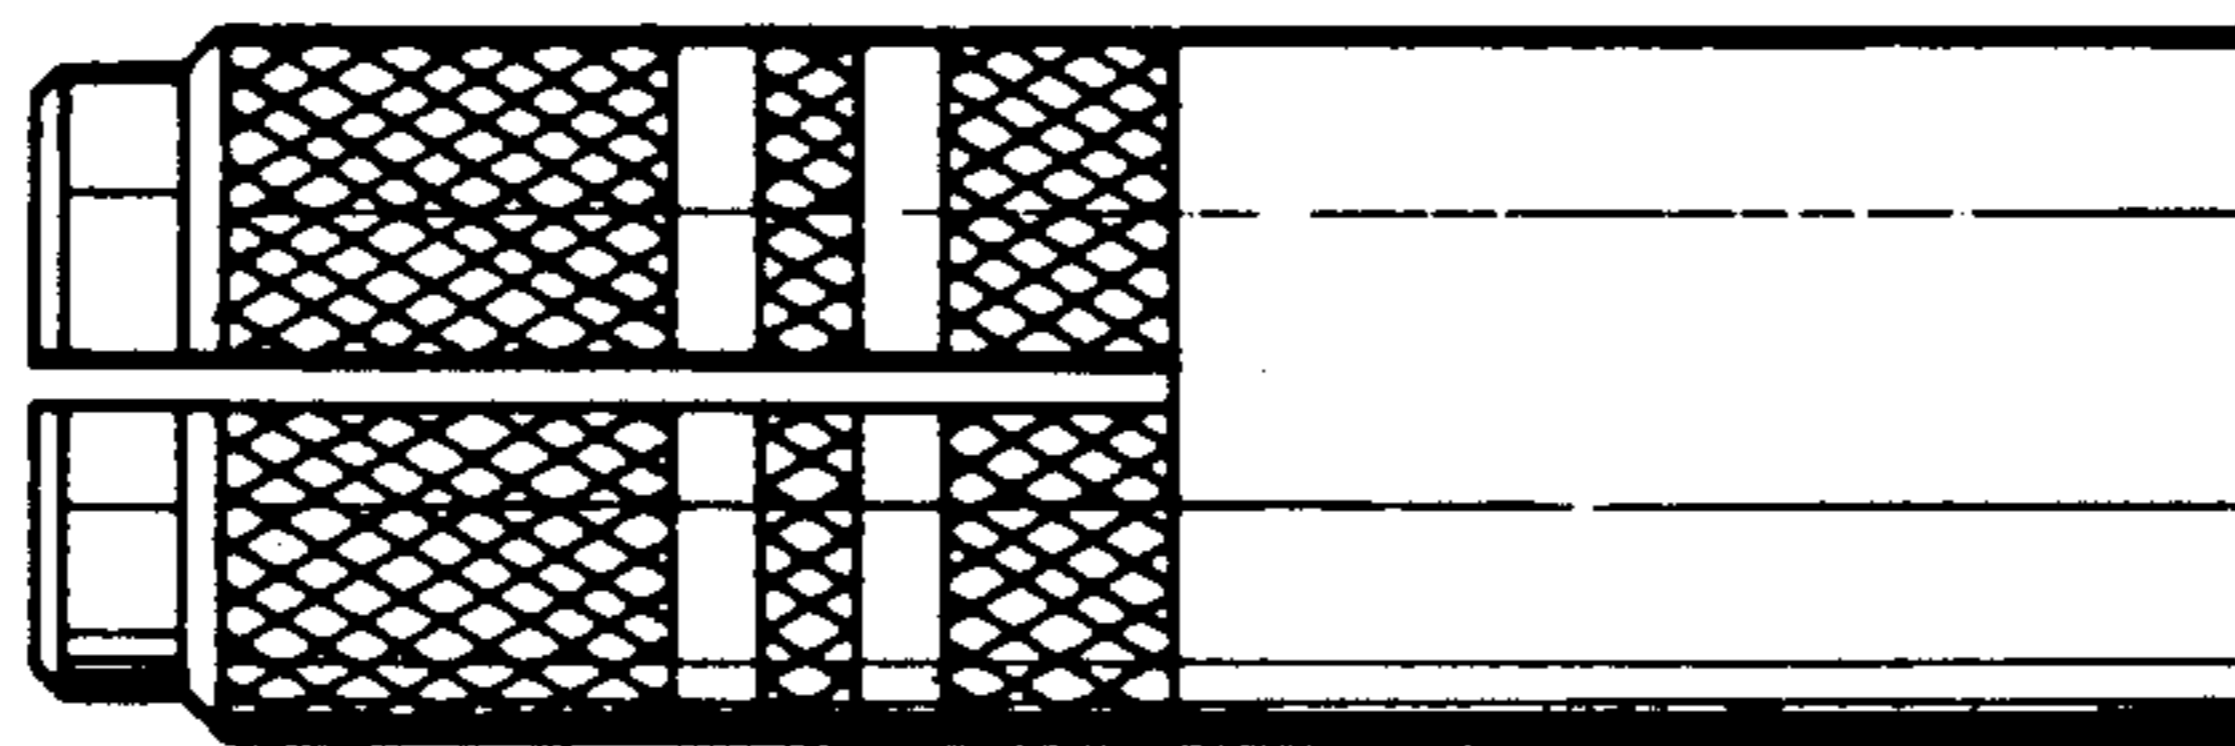

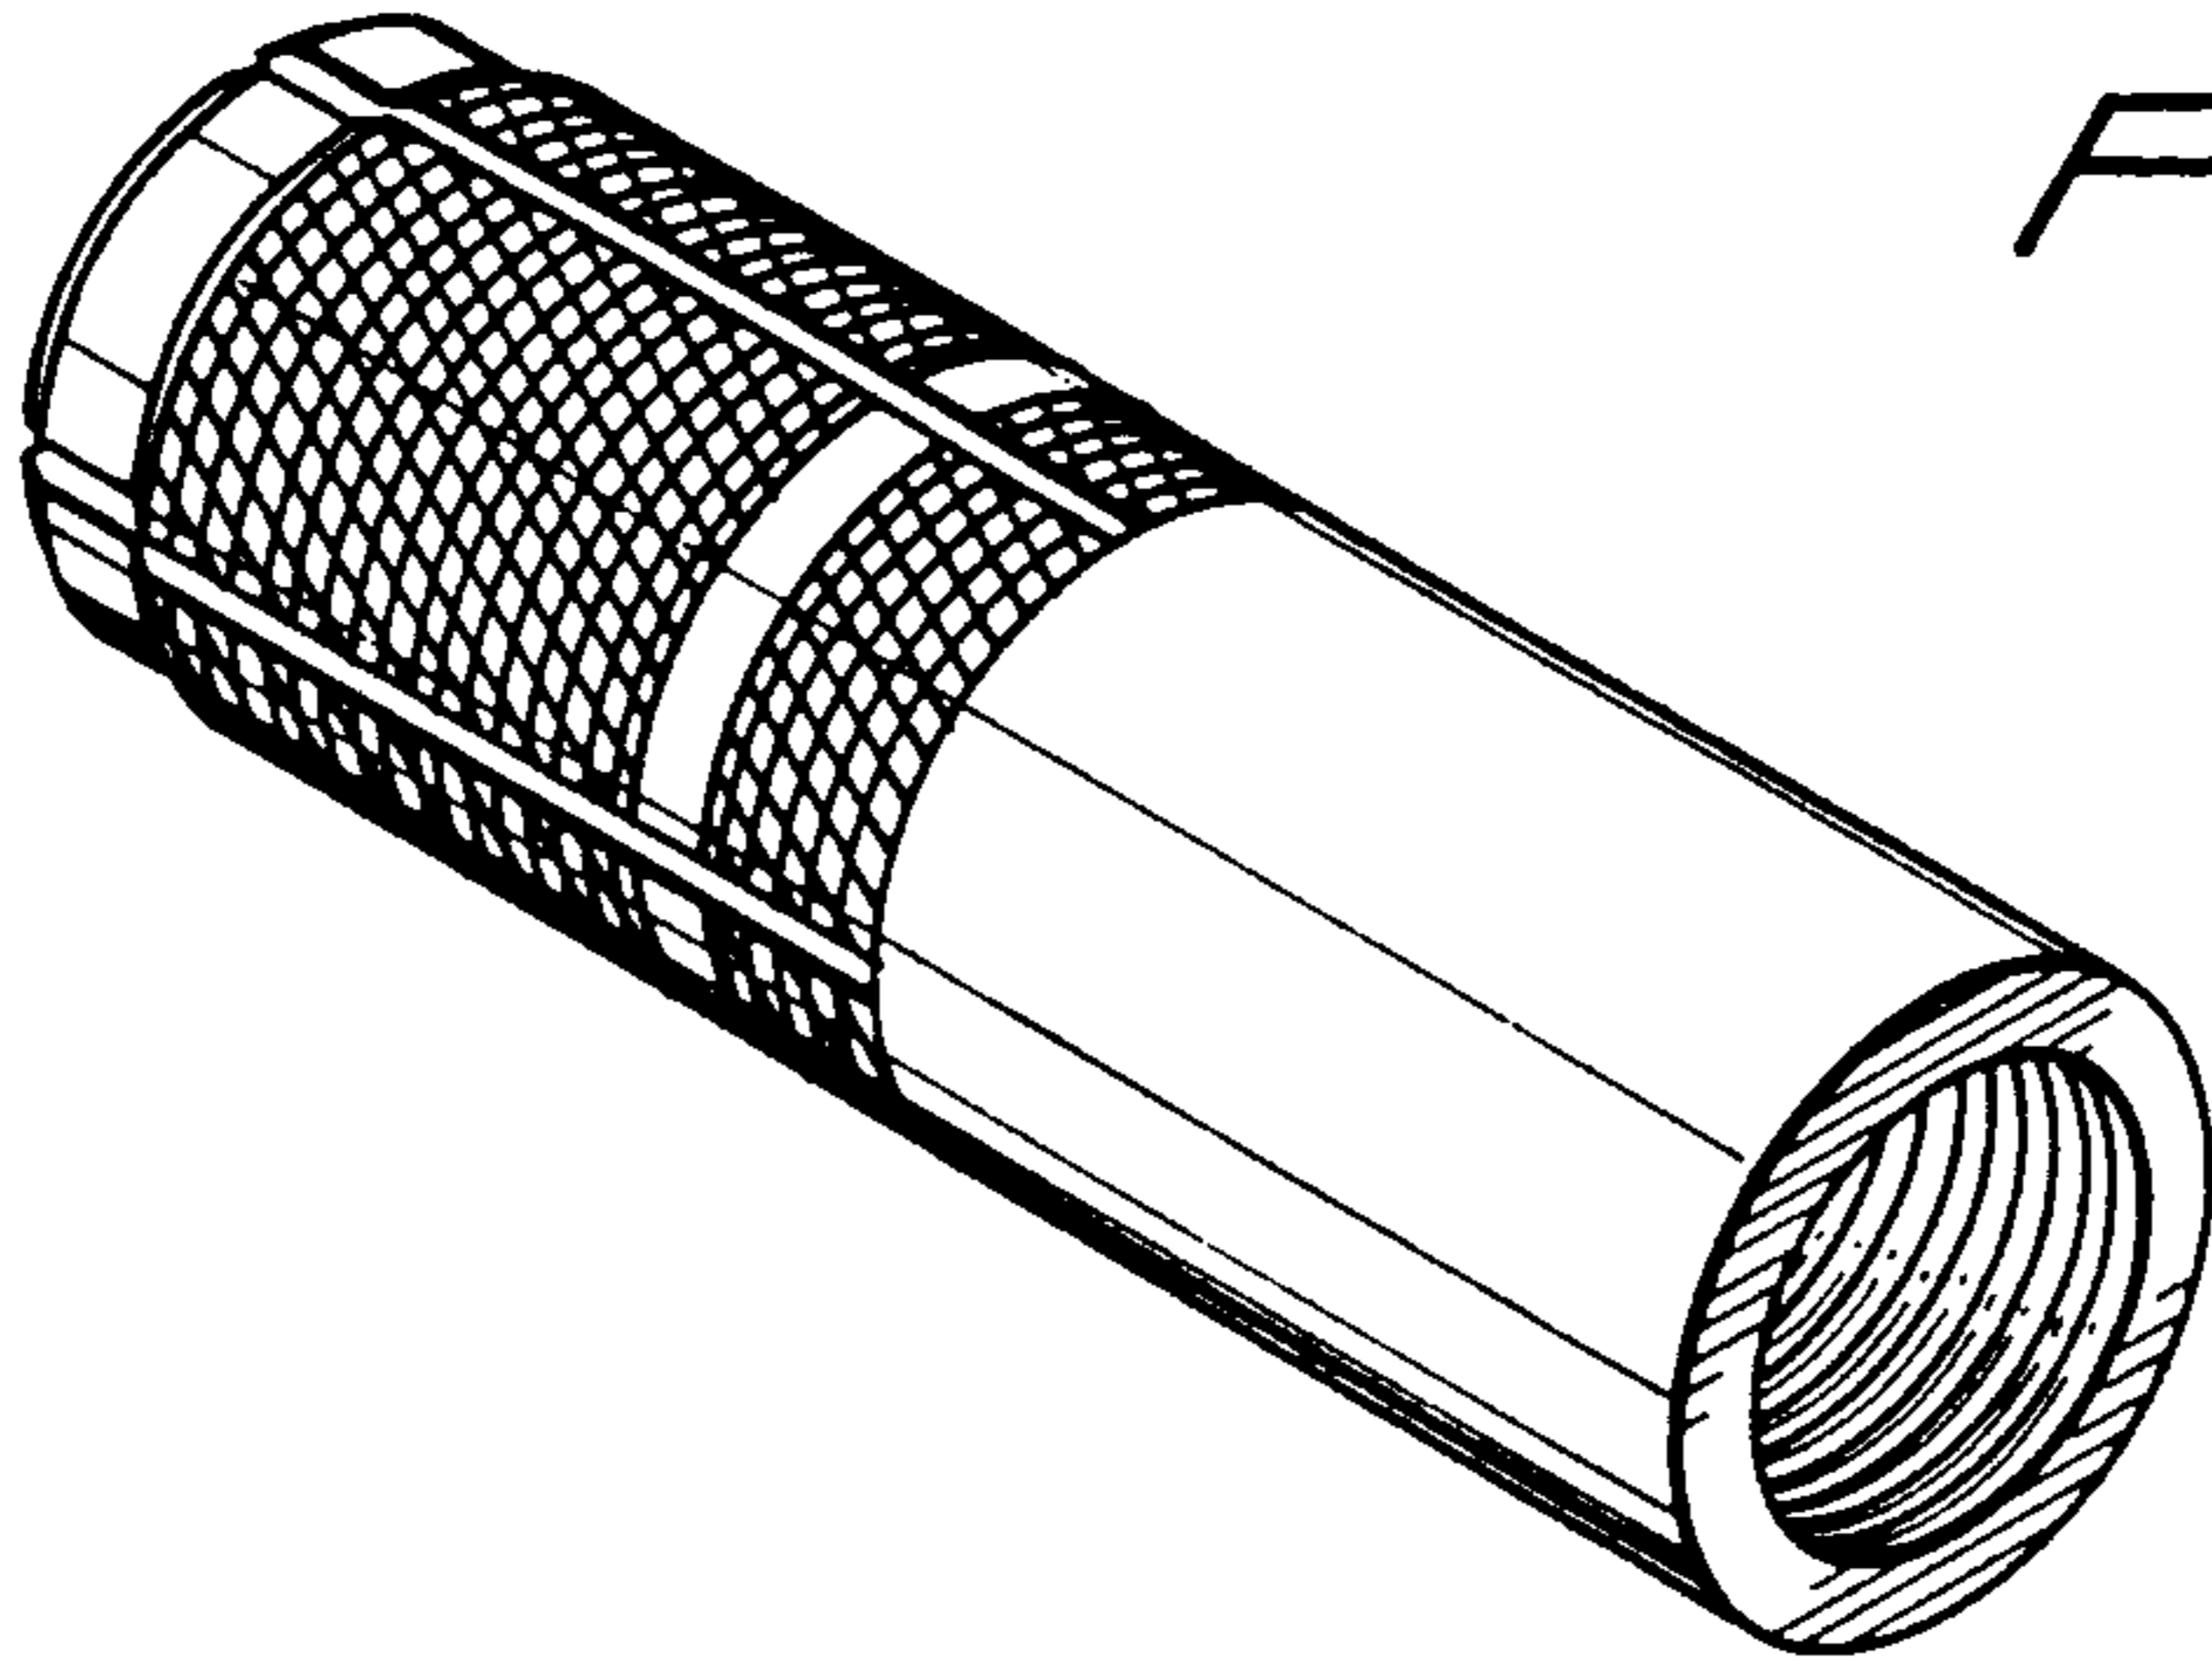

FIG 3
