[57] **CLAIM**

The ornamental design for a circuit breaker for electric motor, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a circuit breaker for electric motor showing our new design with the stop button depressed;

FIG. 2 is a front view thereof;

FIG. 3 is an inverted right side view thereof;

FIG. 4 is a left side view thereof with the start button depressed;

FIG. 5 is a bottom view with the start button depressed;

FIG. 6 is a back view thereof.
