[57] **CLAIM**

The ornamental design for a tank shut-off valve, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view taken from the top, front and left side of a tank shut-off valve showing my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a right side elevational view thereof;

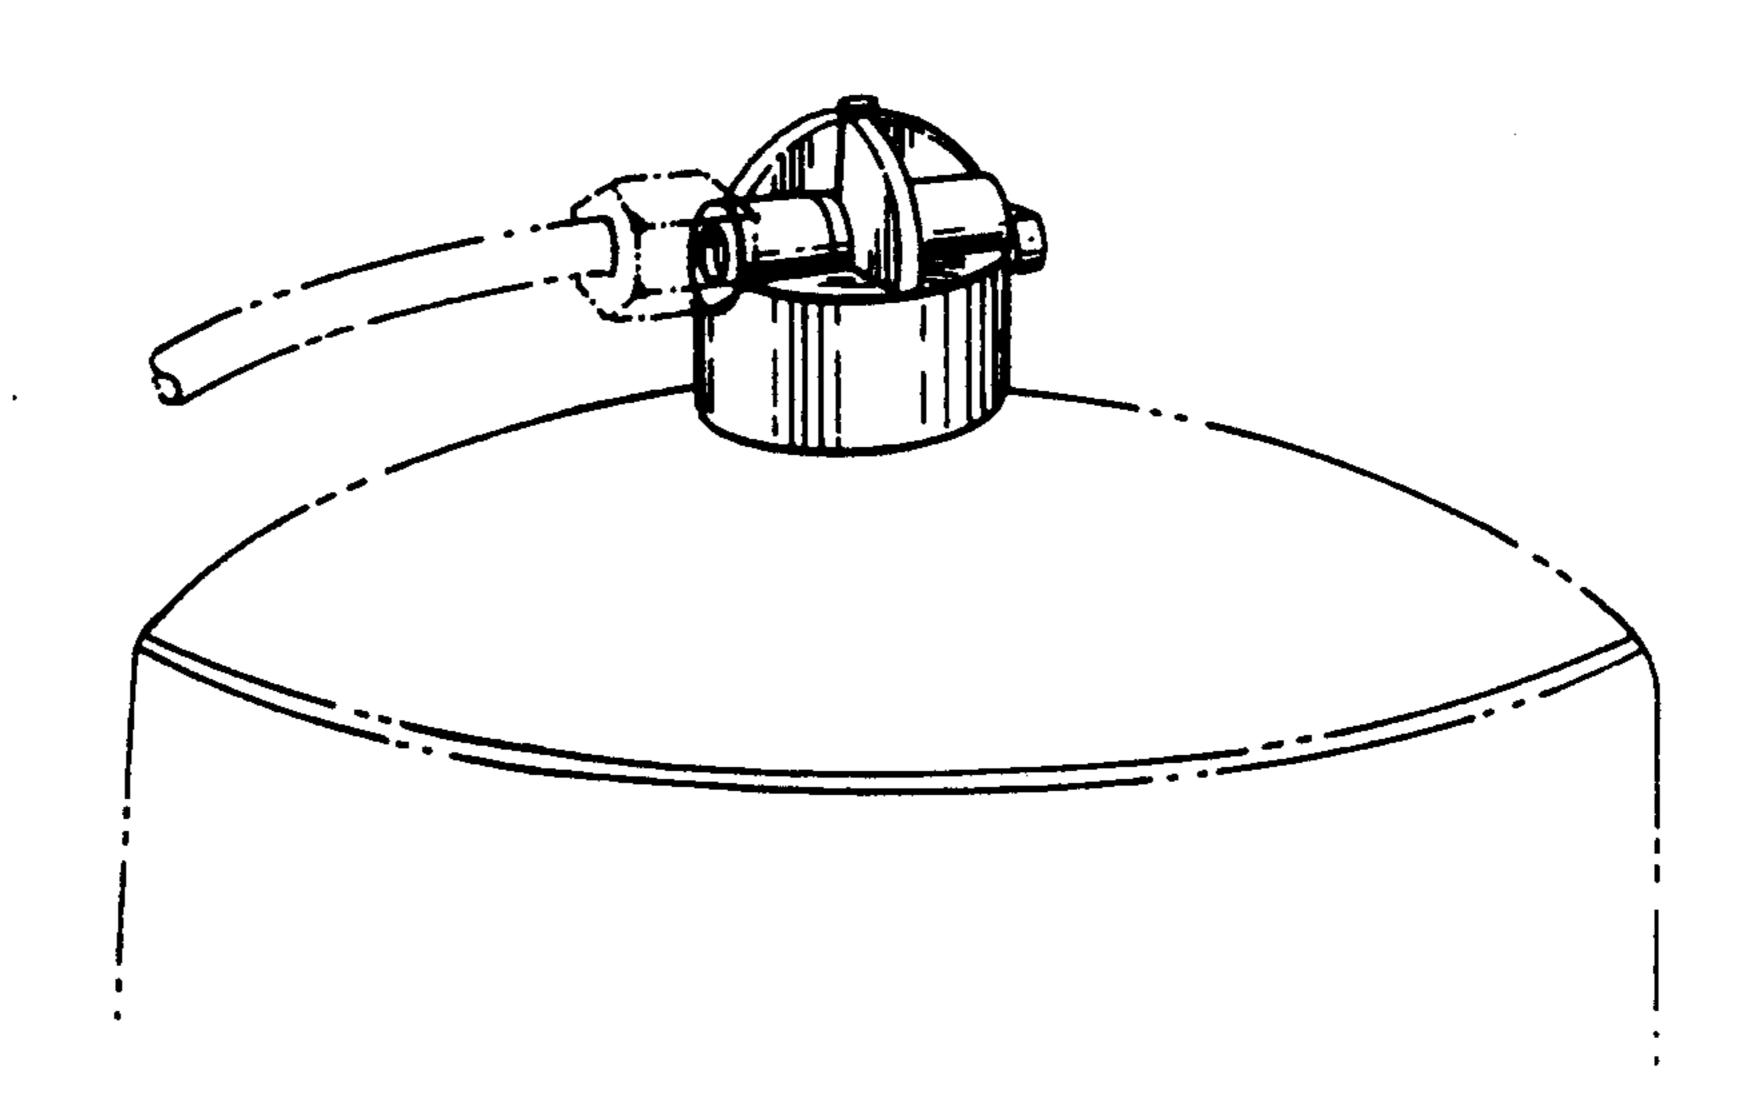

FIG. 4 is a bottom plan view thereof;

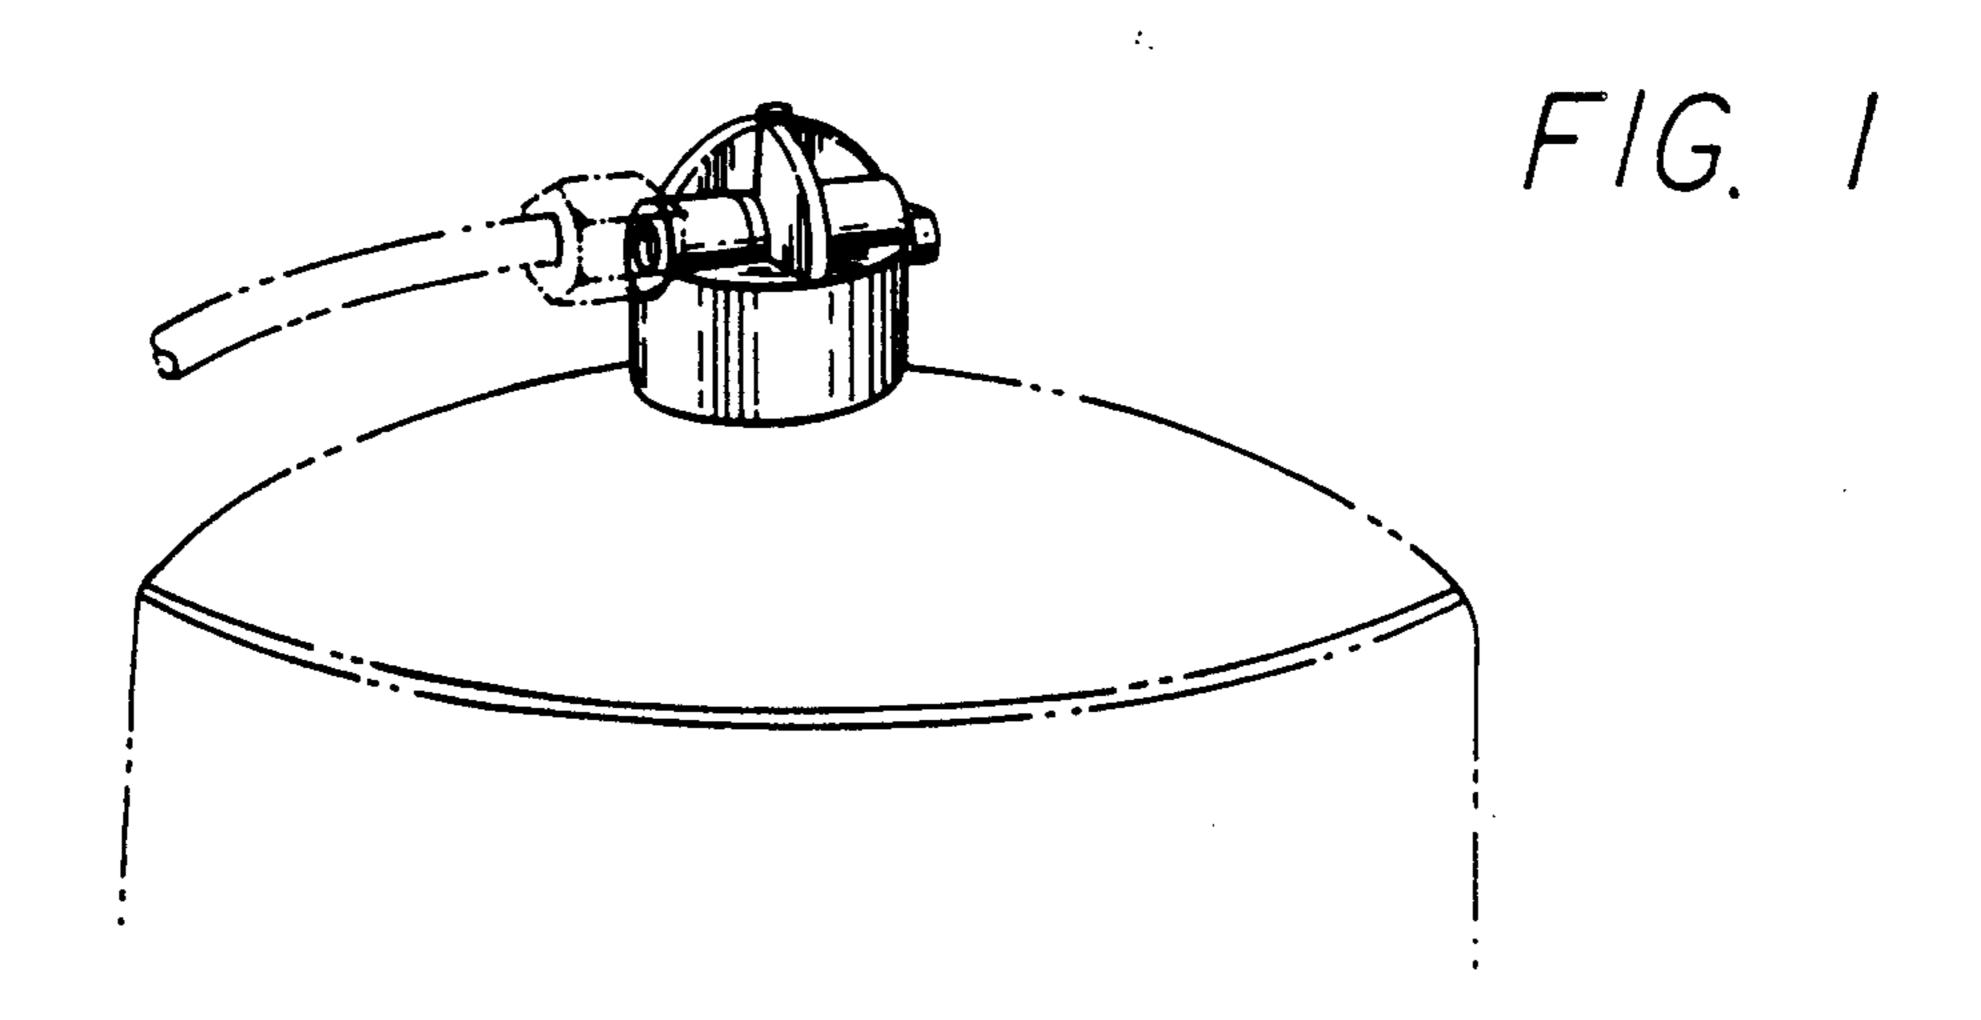

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a rear elevational view thereof, the front being

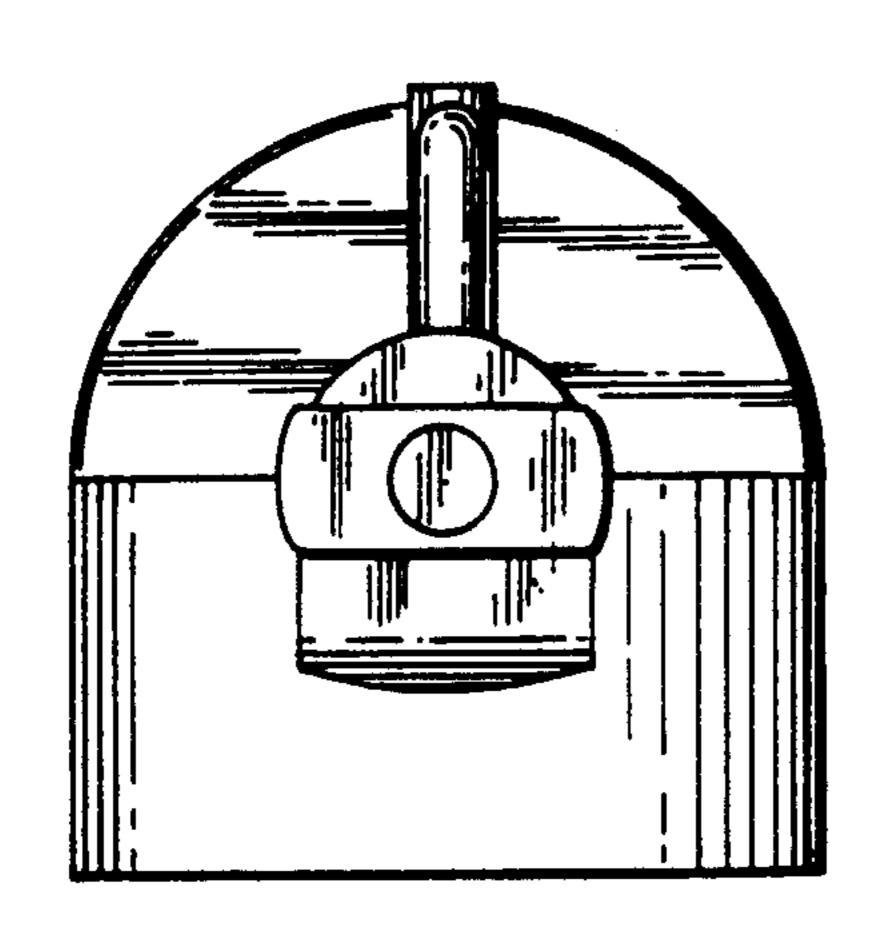

a mirror image of the rear as shown; and

FIG. 7 is an enlarged perspective view taken from the top, front and left side of a second embodiment thereof. The fragmentary broken line showing of a connecting pipe and taken FIG. 1 is for purposes of illustration only and forms no part of the claimed design.
