[57] **CLAIM**

The ornamental design for glass lamp shade, as shown and described.

**DESCRIPTION**

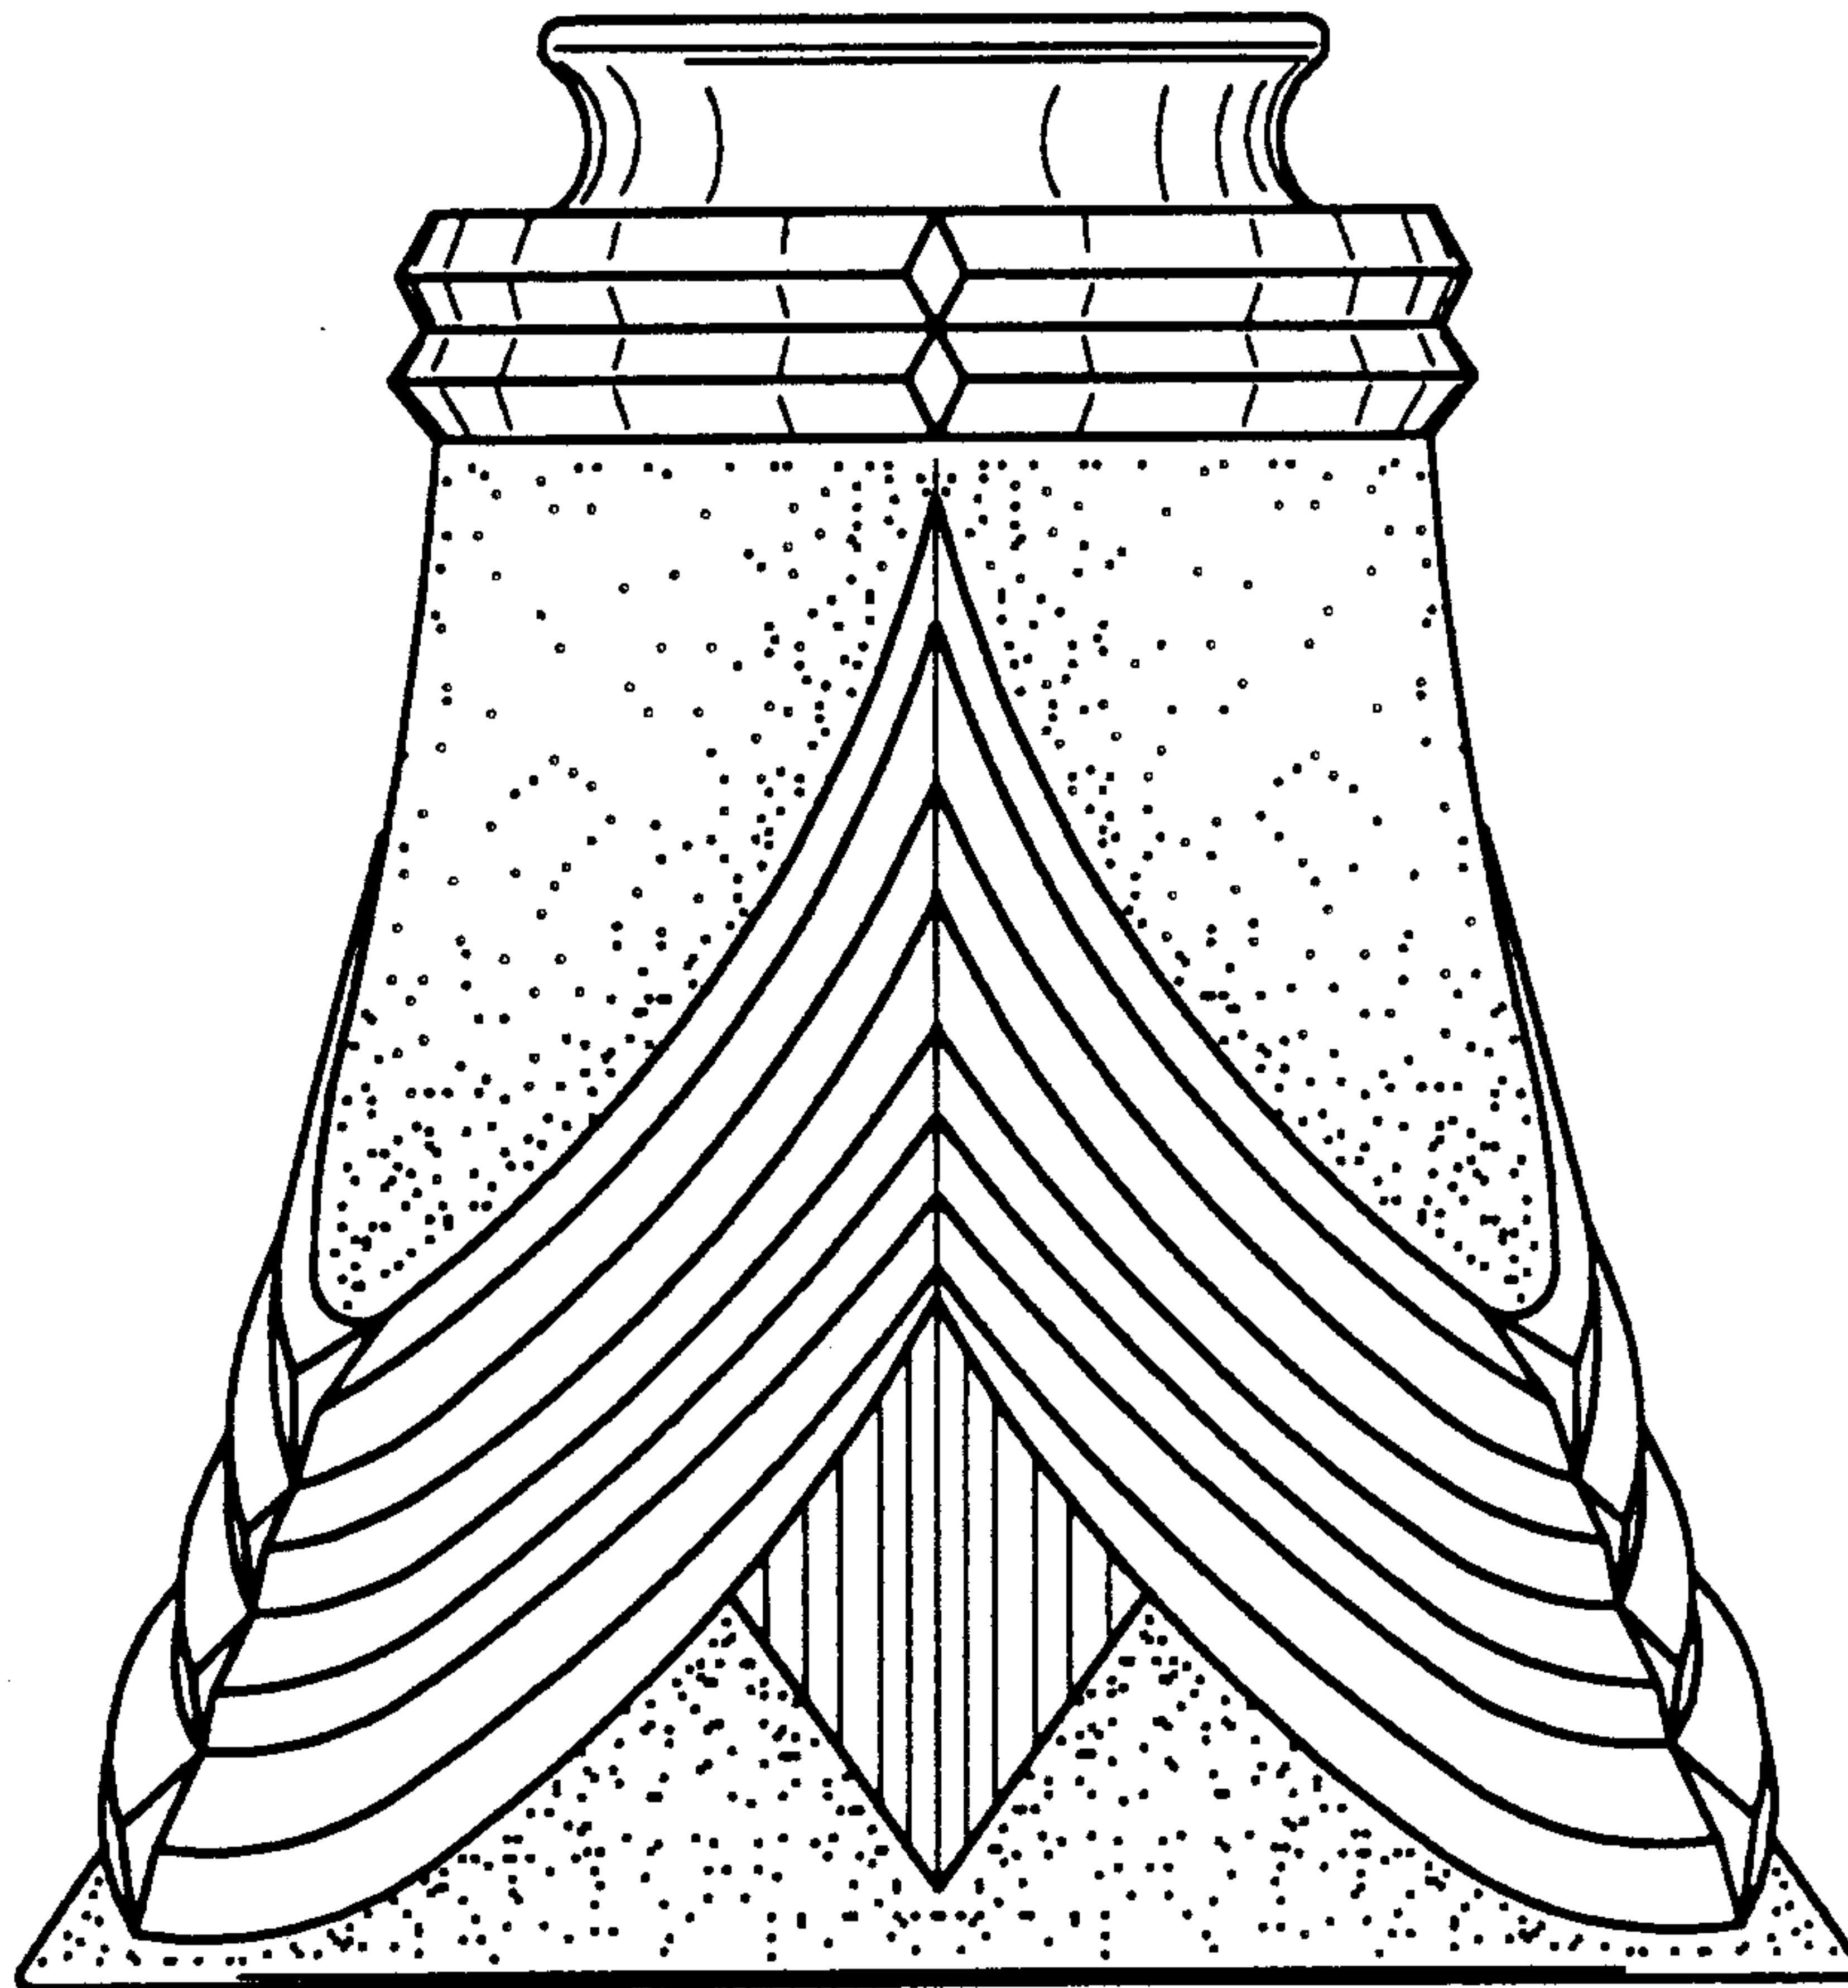

FIG. 1 is a side elevational view of a glass lamp shade showing my new design;

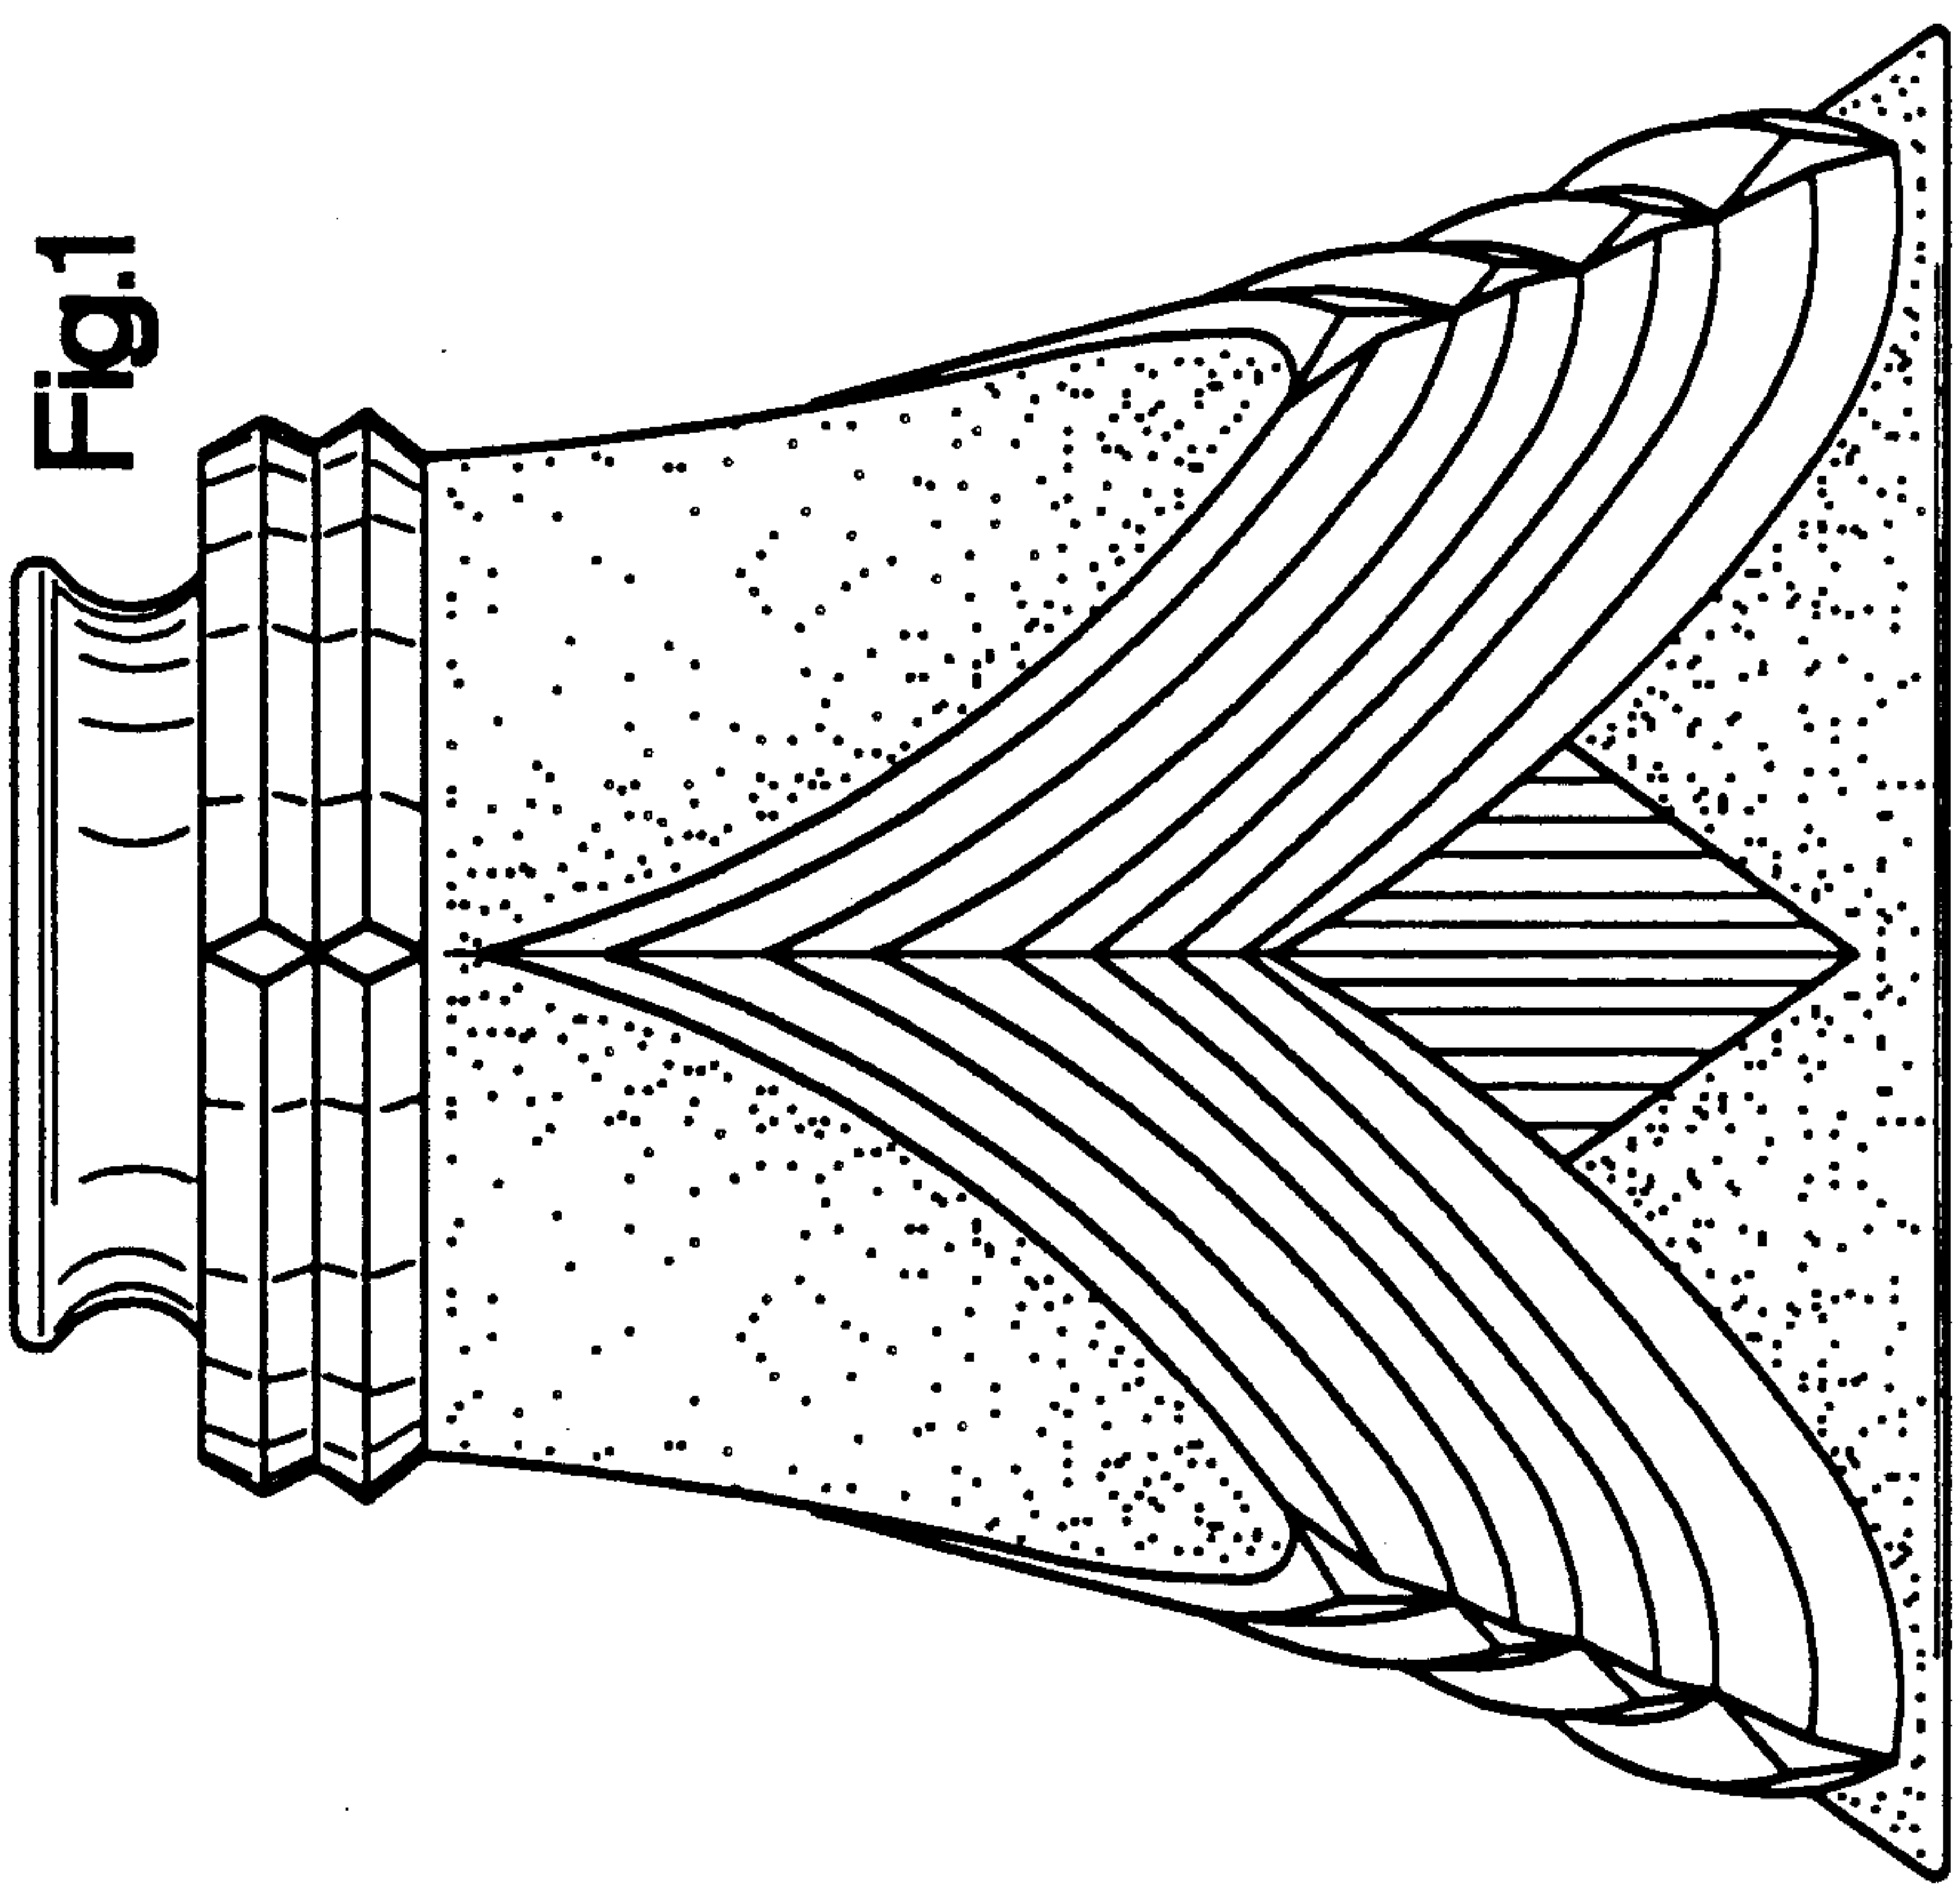

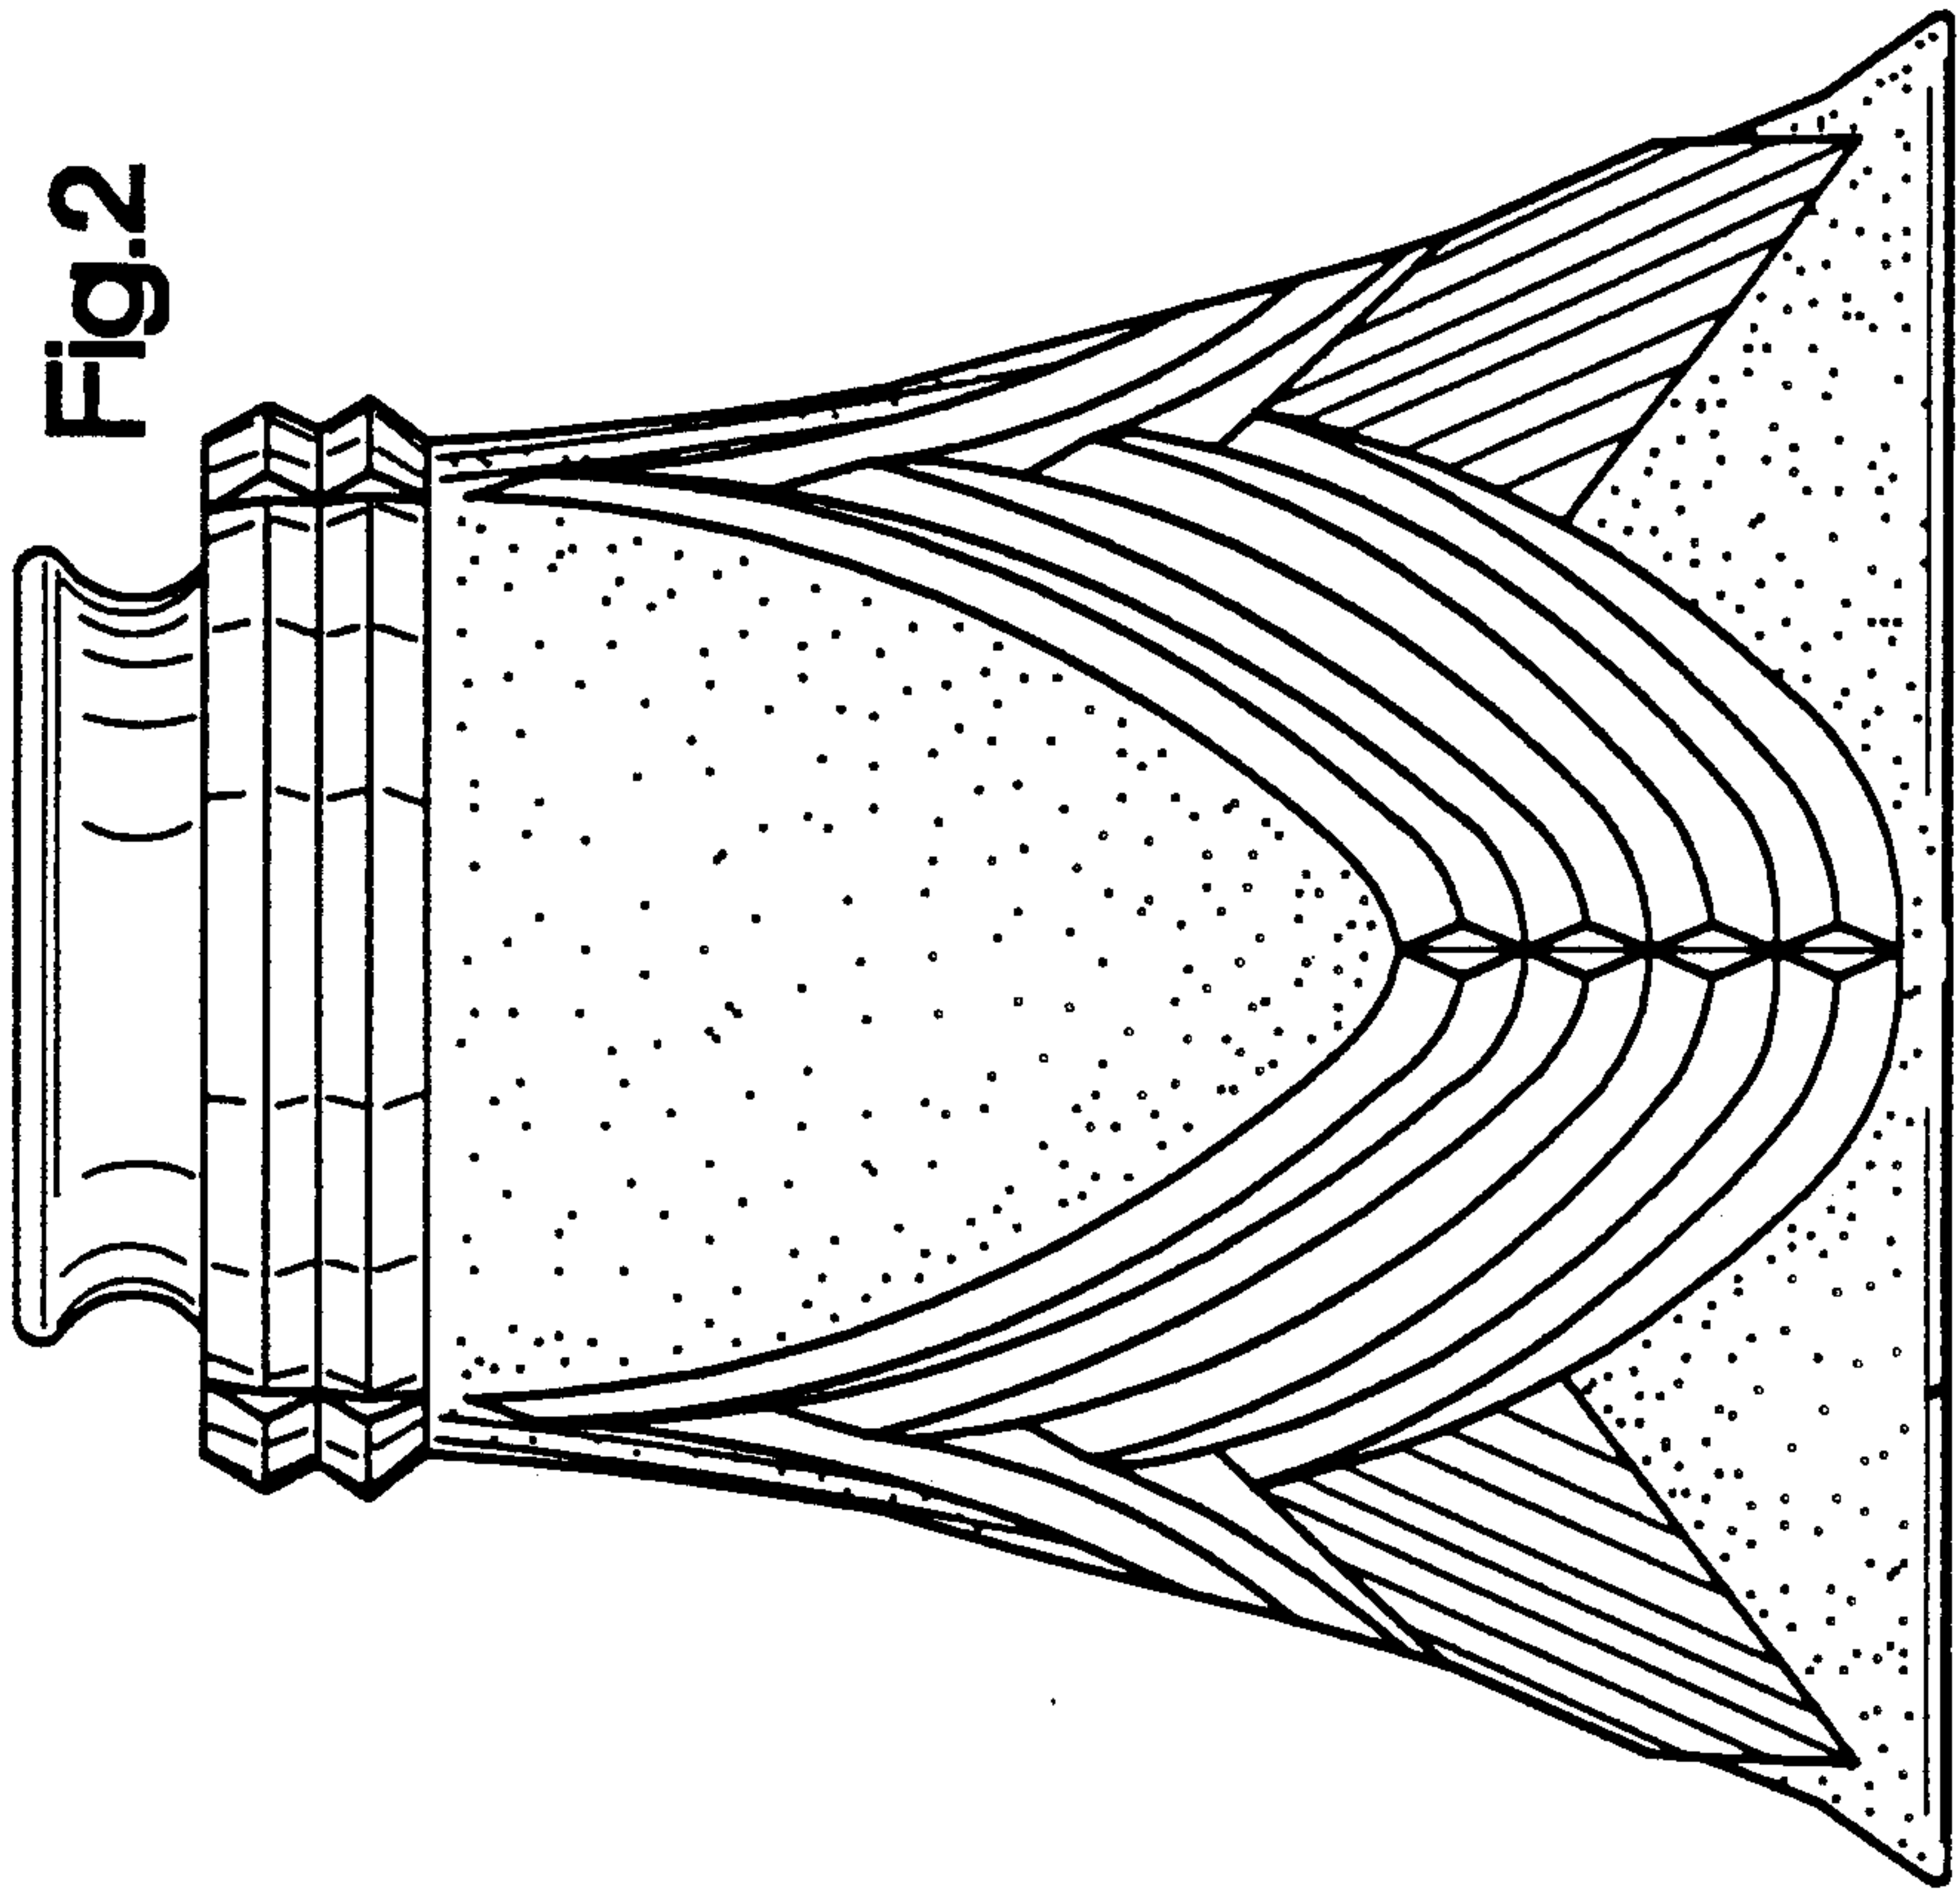

FIG. 2 is a side elevational view thereof, as turned 60 degrees from the position shown in FIG. 1;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof.

The glass is clear in the vertically striated quadrilateral area near the bottom of the glass, in the V-shaped striated area, and the annular ring of striations near the top, and is frosted in the remaining non-striated areas as represented by stippling in the non-striated areas.
