[57] CLAIM

The ornamental design for a wall-mounted cup dispenser, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a wall-mounted cup dispenser showing my new design; FIG. 2 is a right side elevational view thereof, the left side being a mirror image of that shown; FIG. 3 is a rear elevational view thereof; FIG. 4 is a top plan view thereof; FIG. 5 is a bottom plan view thereof; and FIG. 6 is a top, front, and right side exploded perspective view thereof.

Characteristic features of the design are the tapered slot in the cup dispenser and the headed projections wherein the lower projection is thicker than the upper projection in the wall-mounting bracket.
