[57] CLAIM

The ornamental design for electrical switch for a surge protector, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an electrical switch for a surge protector showing our new design with the top plate closed and the switch in the "off" position and with the surge protector electrically connected. The broken line showing of the surge protector is included for the purpose of illustrating environmental elements only and forms no part of the claimed design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a side elevational view thereof, the opposite side elevational view being a mirror image;

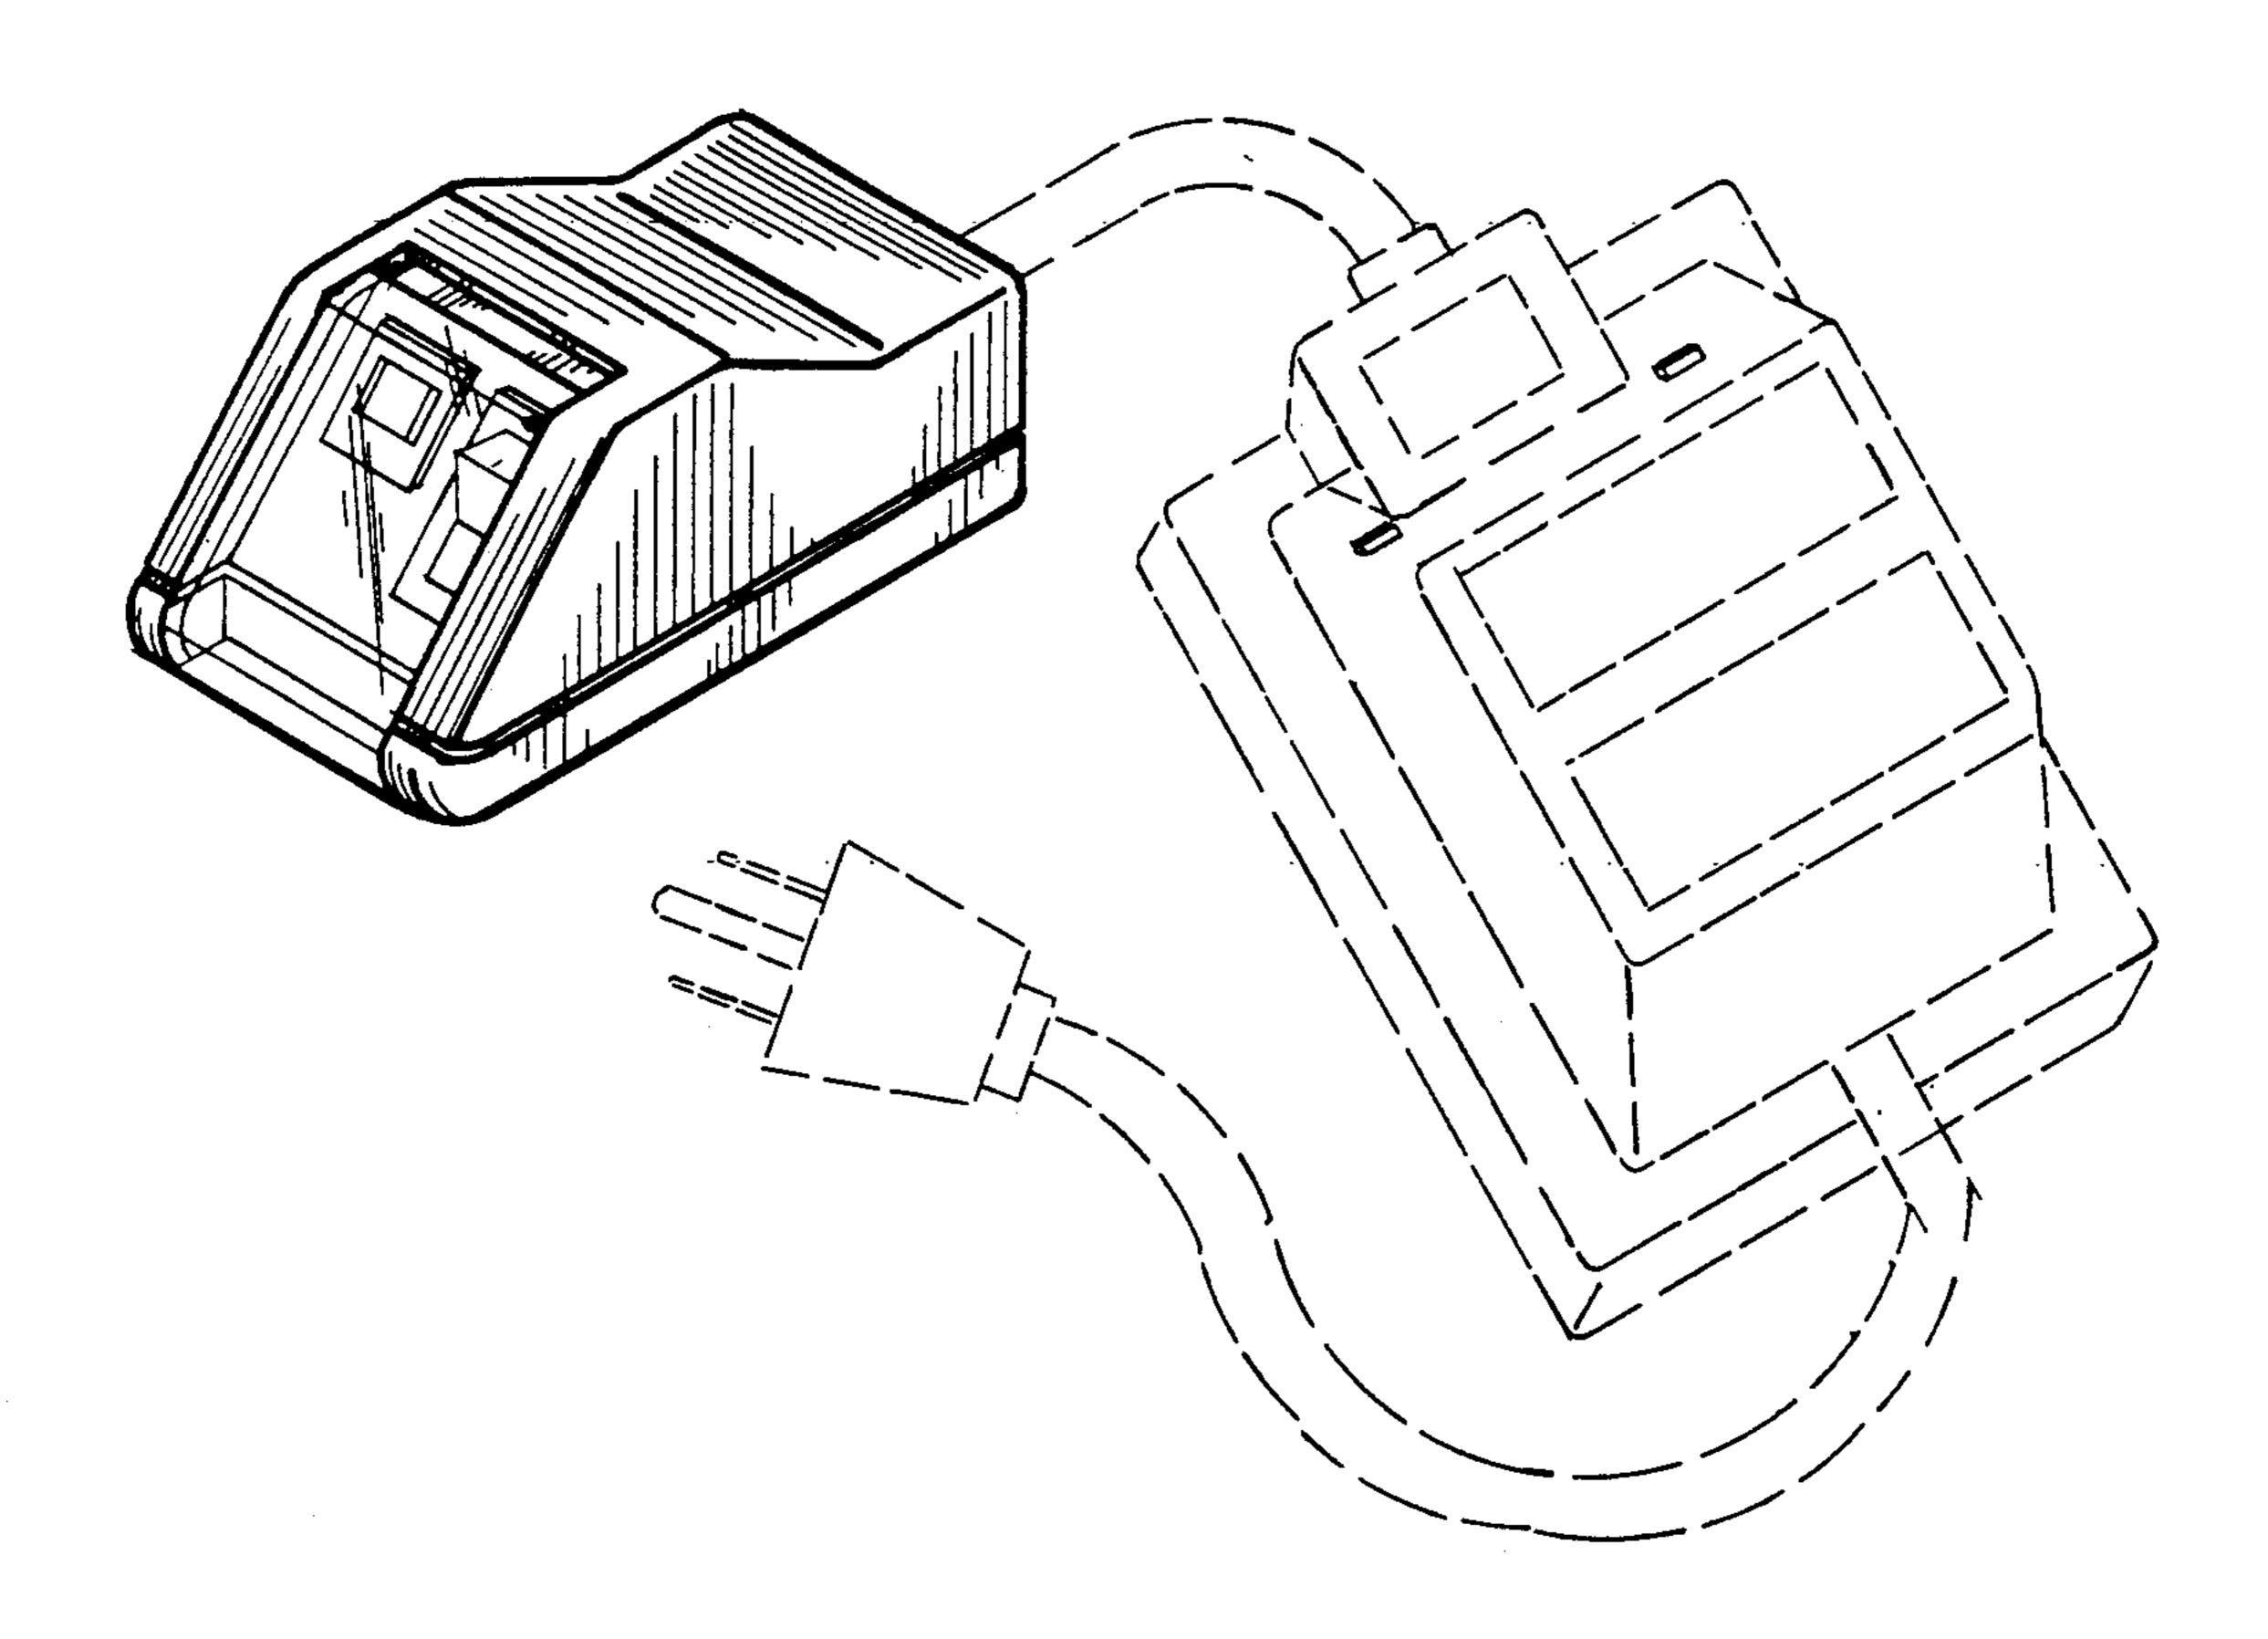

FIG. 4 is a front elevational view thereof;

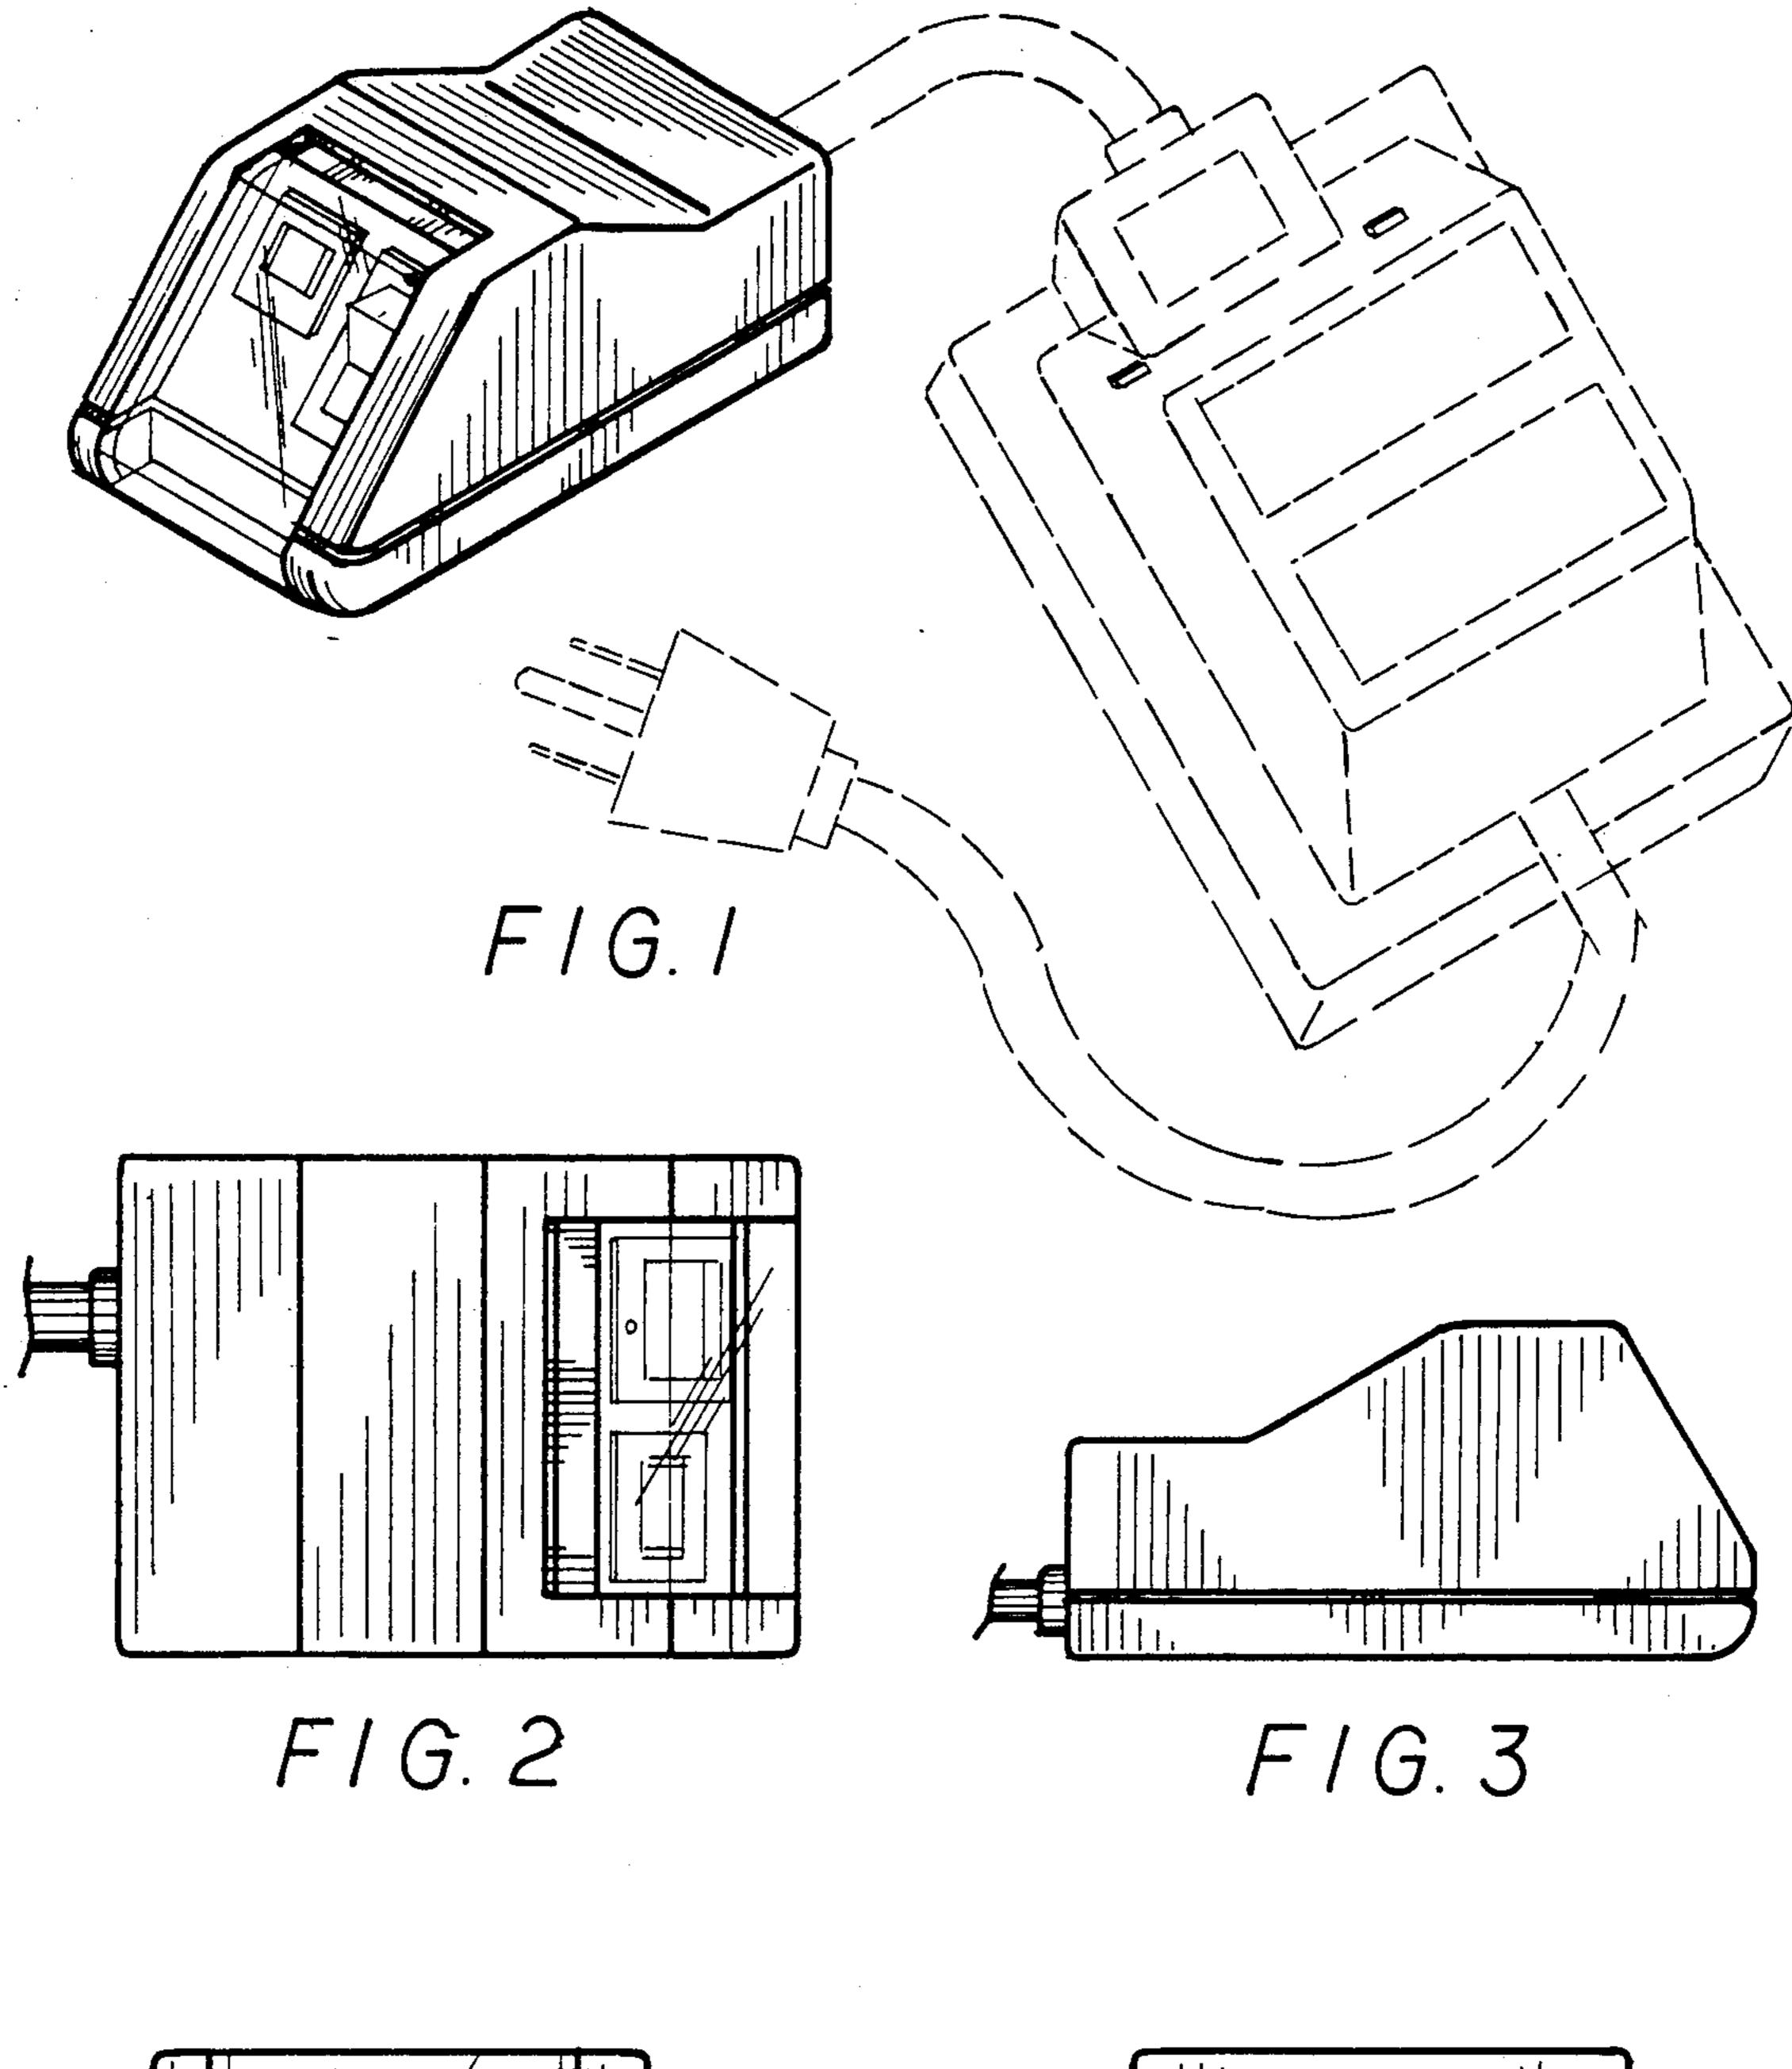

FIG. 5 is a back elevational view thereof;

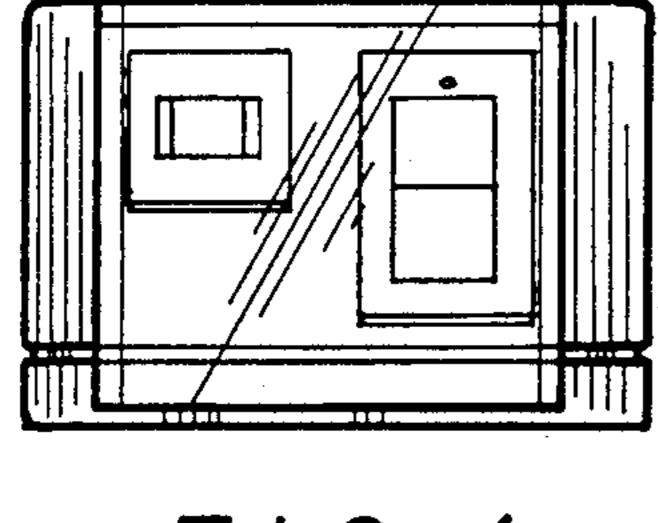

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a perspective view of an electrical switch for a surge protector showing our new design with the top plate opened and the switch in the "on" position;

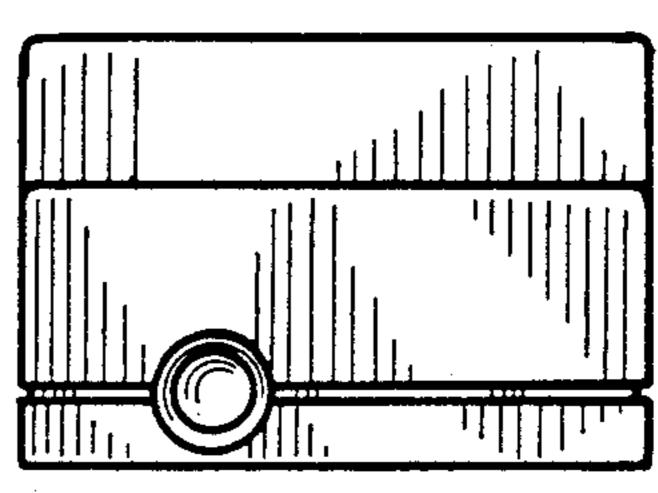

FIG. 8 is a perspective view of an electrical switch for a surge protector showing our new design with the top plate closed and the switch in the "on" position.
