[57] CLAIM

The ornamental design for a computer support shelf with power controls, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, right side perspective view of a computer support shelf with power controls showing our new design;

FIG. 2 is a top plan view thereof on an enlarged scale; FIG. 3 is a front elevational view thereof on an enlarged scale;

FIG. 4 is a side elevational view thereof on an enlarged scale, the opposite side being a mirror image;

FIG. 5 is a bottom plan view thereof on an enlarged scale;

FIG. 6 is a rear elevational view thereof on an enlarged scale;

FIG. 7 is a top, front, right side perspective view thereof, the drawer being in the extended position and the power controls being exposed.

FIGS. 1-6 show the drawer of the support shelf in the retracted position.
