[57] CLAIM

The ornamental design for an automobile steering column lock, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, and left side perspective view of an automobile steering column lock showing my new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a rear elevational view thereof;
FIG. 5 is a right side elevational view thereof;
FIG. 6 is an enlarged, fragmentary bottom, front and left side perspective view thereof, with a portion of the fabric cover shown broken away and the padlock component removed for clarity of illustration; and
FIG. 7 is an enlarged, fragmentary bottom plan view thereof, with a portion of the fabric cover shown broken away and the padlock component removed for clarity of illustration.
