[57] CLAIM

The ornamental design for ear cushion for telephone receiver or similar article, as shown and described.

DESCRIPTION

FIG. 1 is a left side, top and front perspective view of an ear cushion for a telephone receiver or similar article showing my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a side elevational view thereof, the side opposite being a mirror image; and

FIG. 5 is a bottom plan view thereof.

The rear side of the article is unornamented.
