CLAIM

The ornamental design for an auxiliary vehicle tail and brake light, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of an auxiliary vehicle tail and brake light showing my new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a right side elevational view thereof, the left side being a mirror image;
FIG. 5 is a rear elevational view thereof.
