[57] CLAIM

The ornamental design for an openable ring, as shown and described.

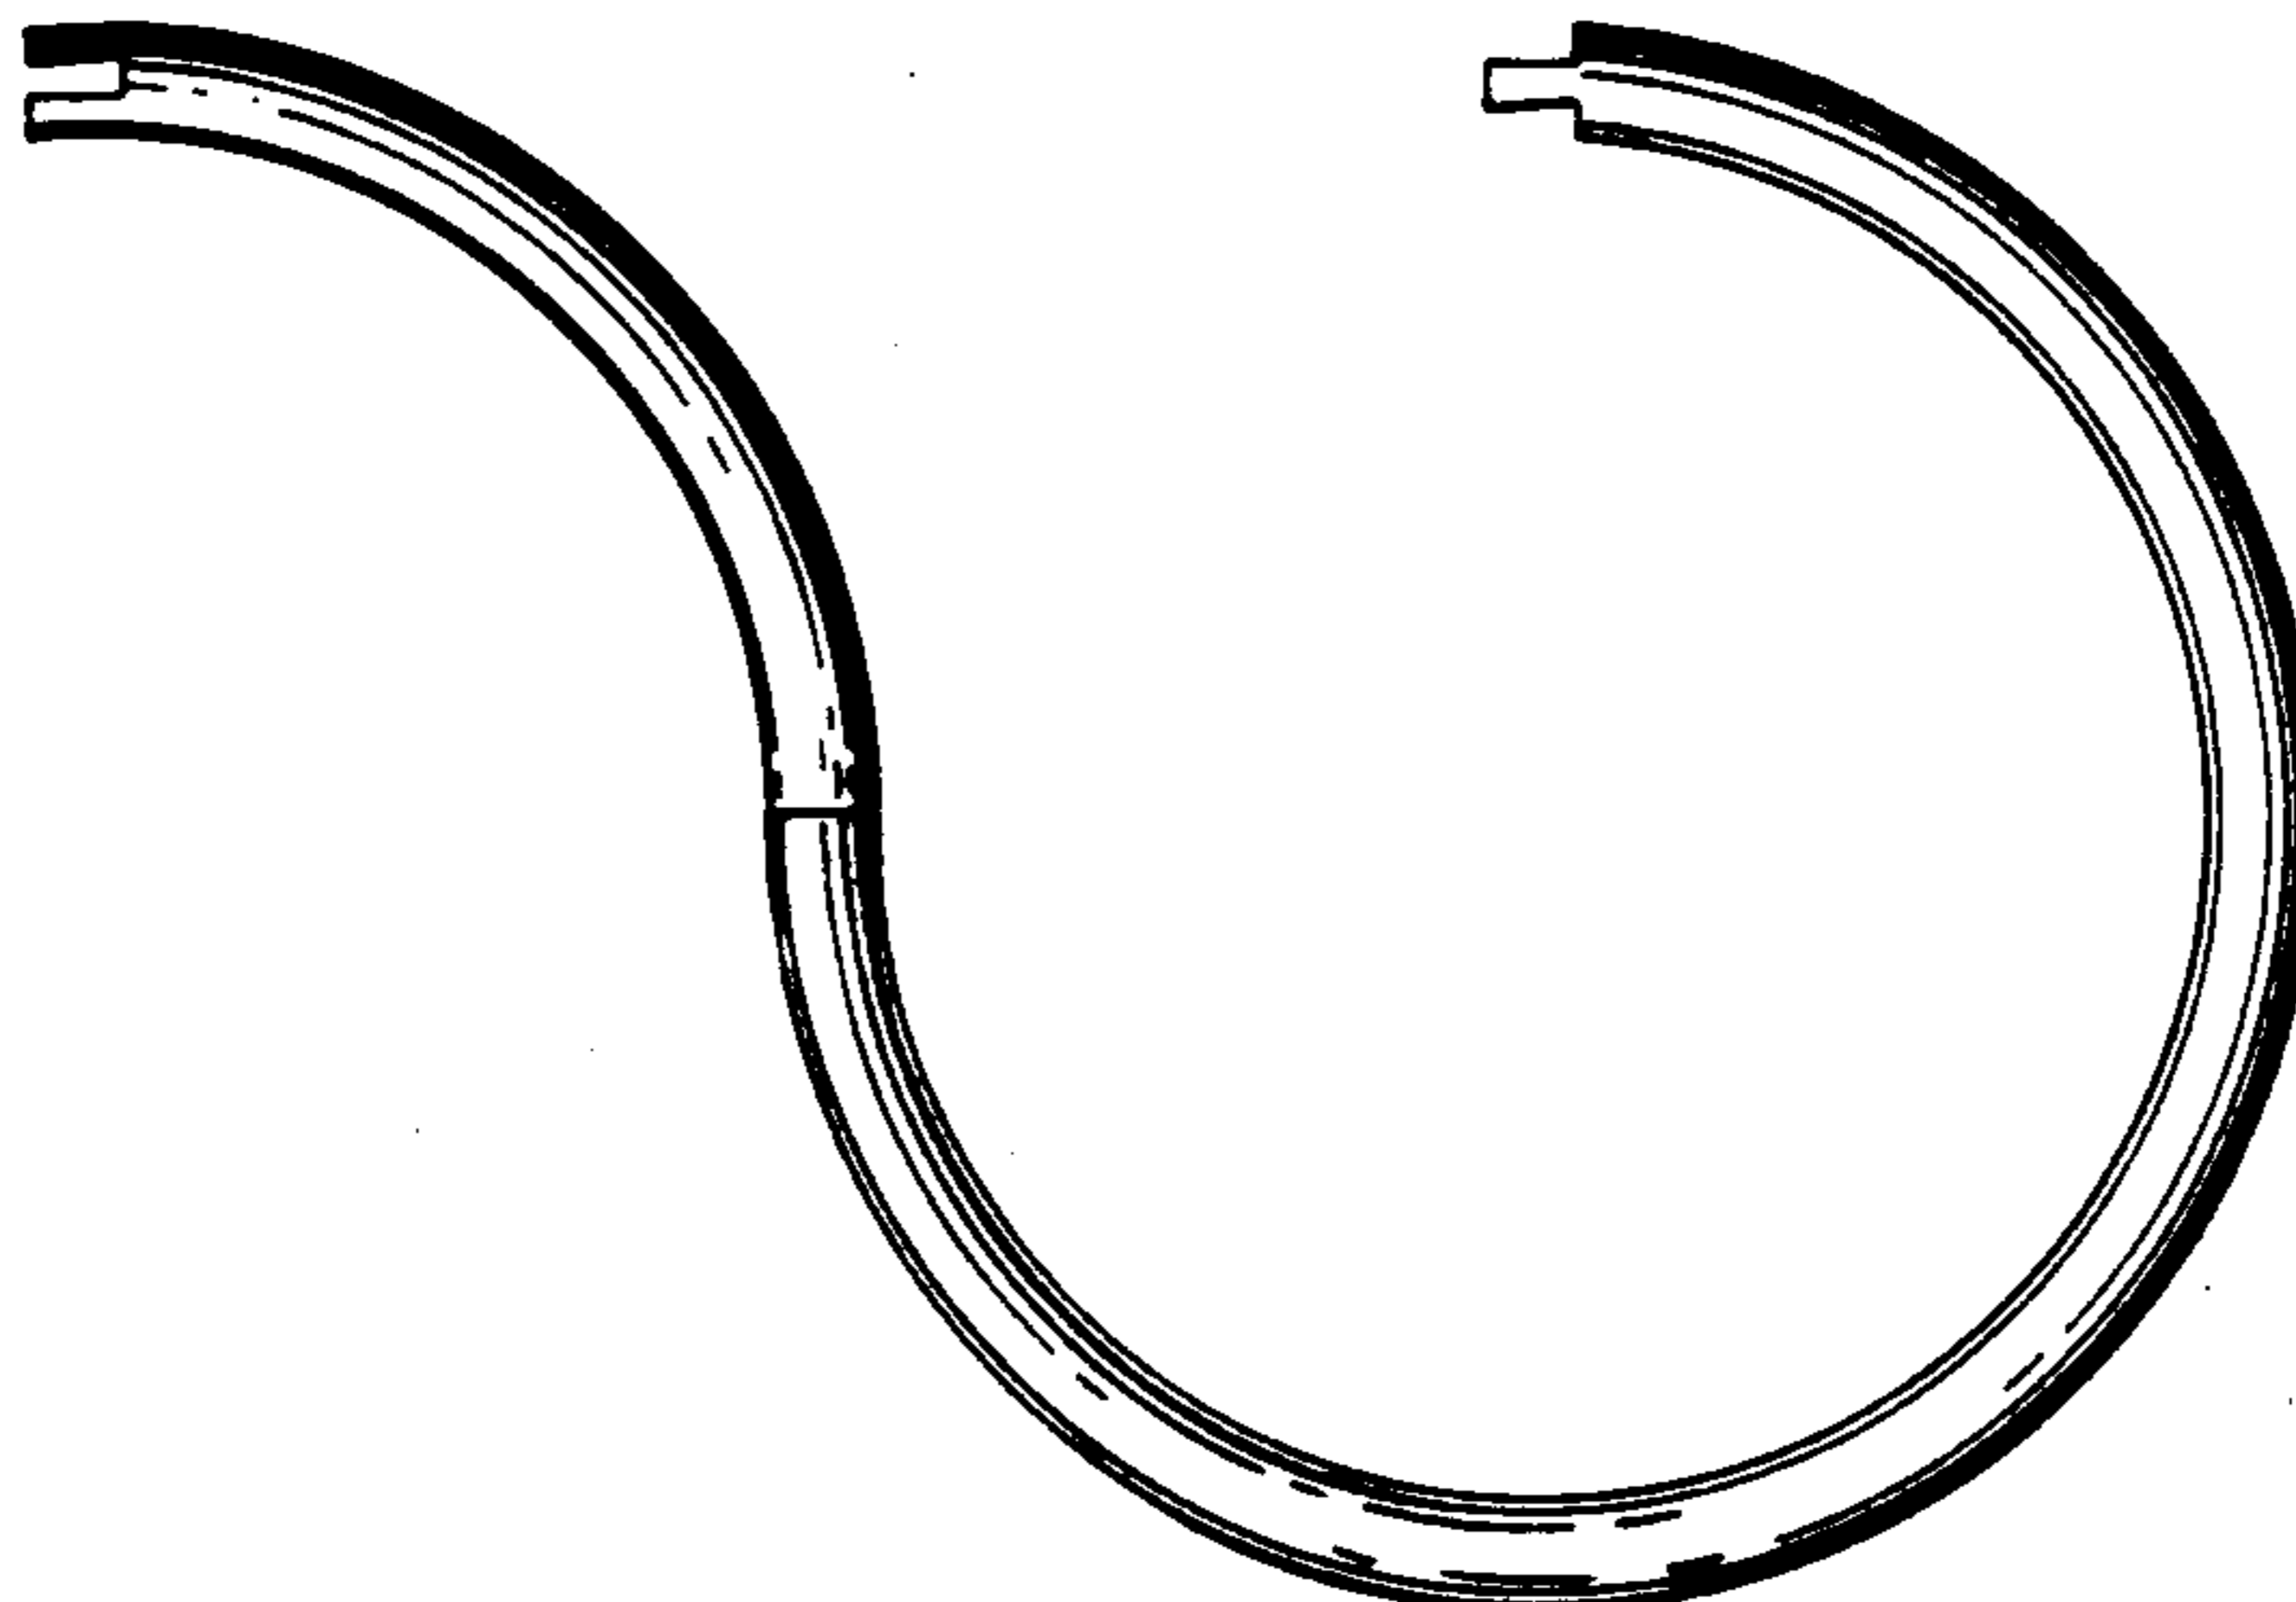

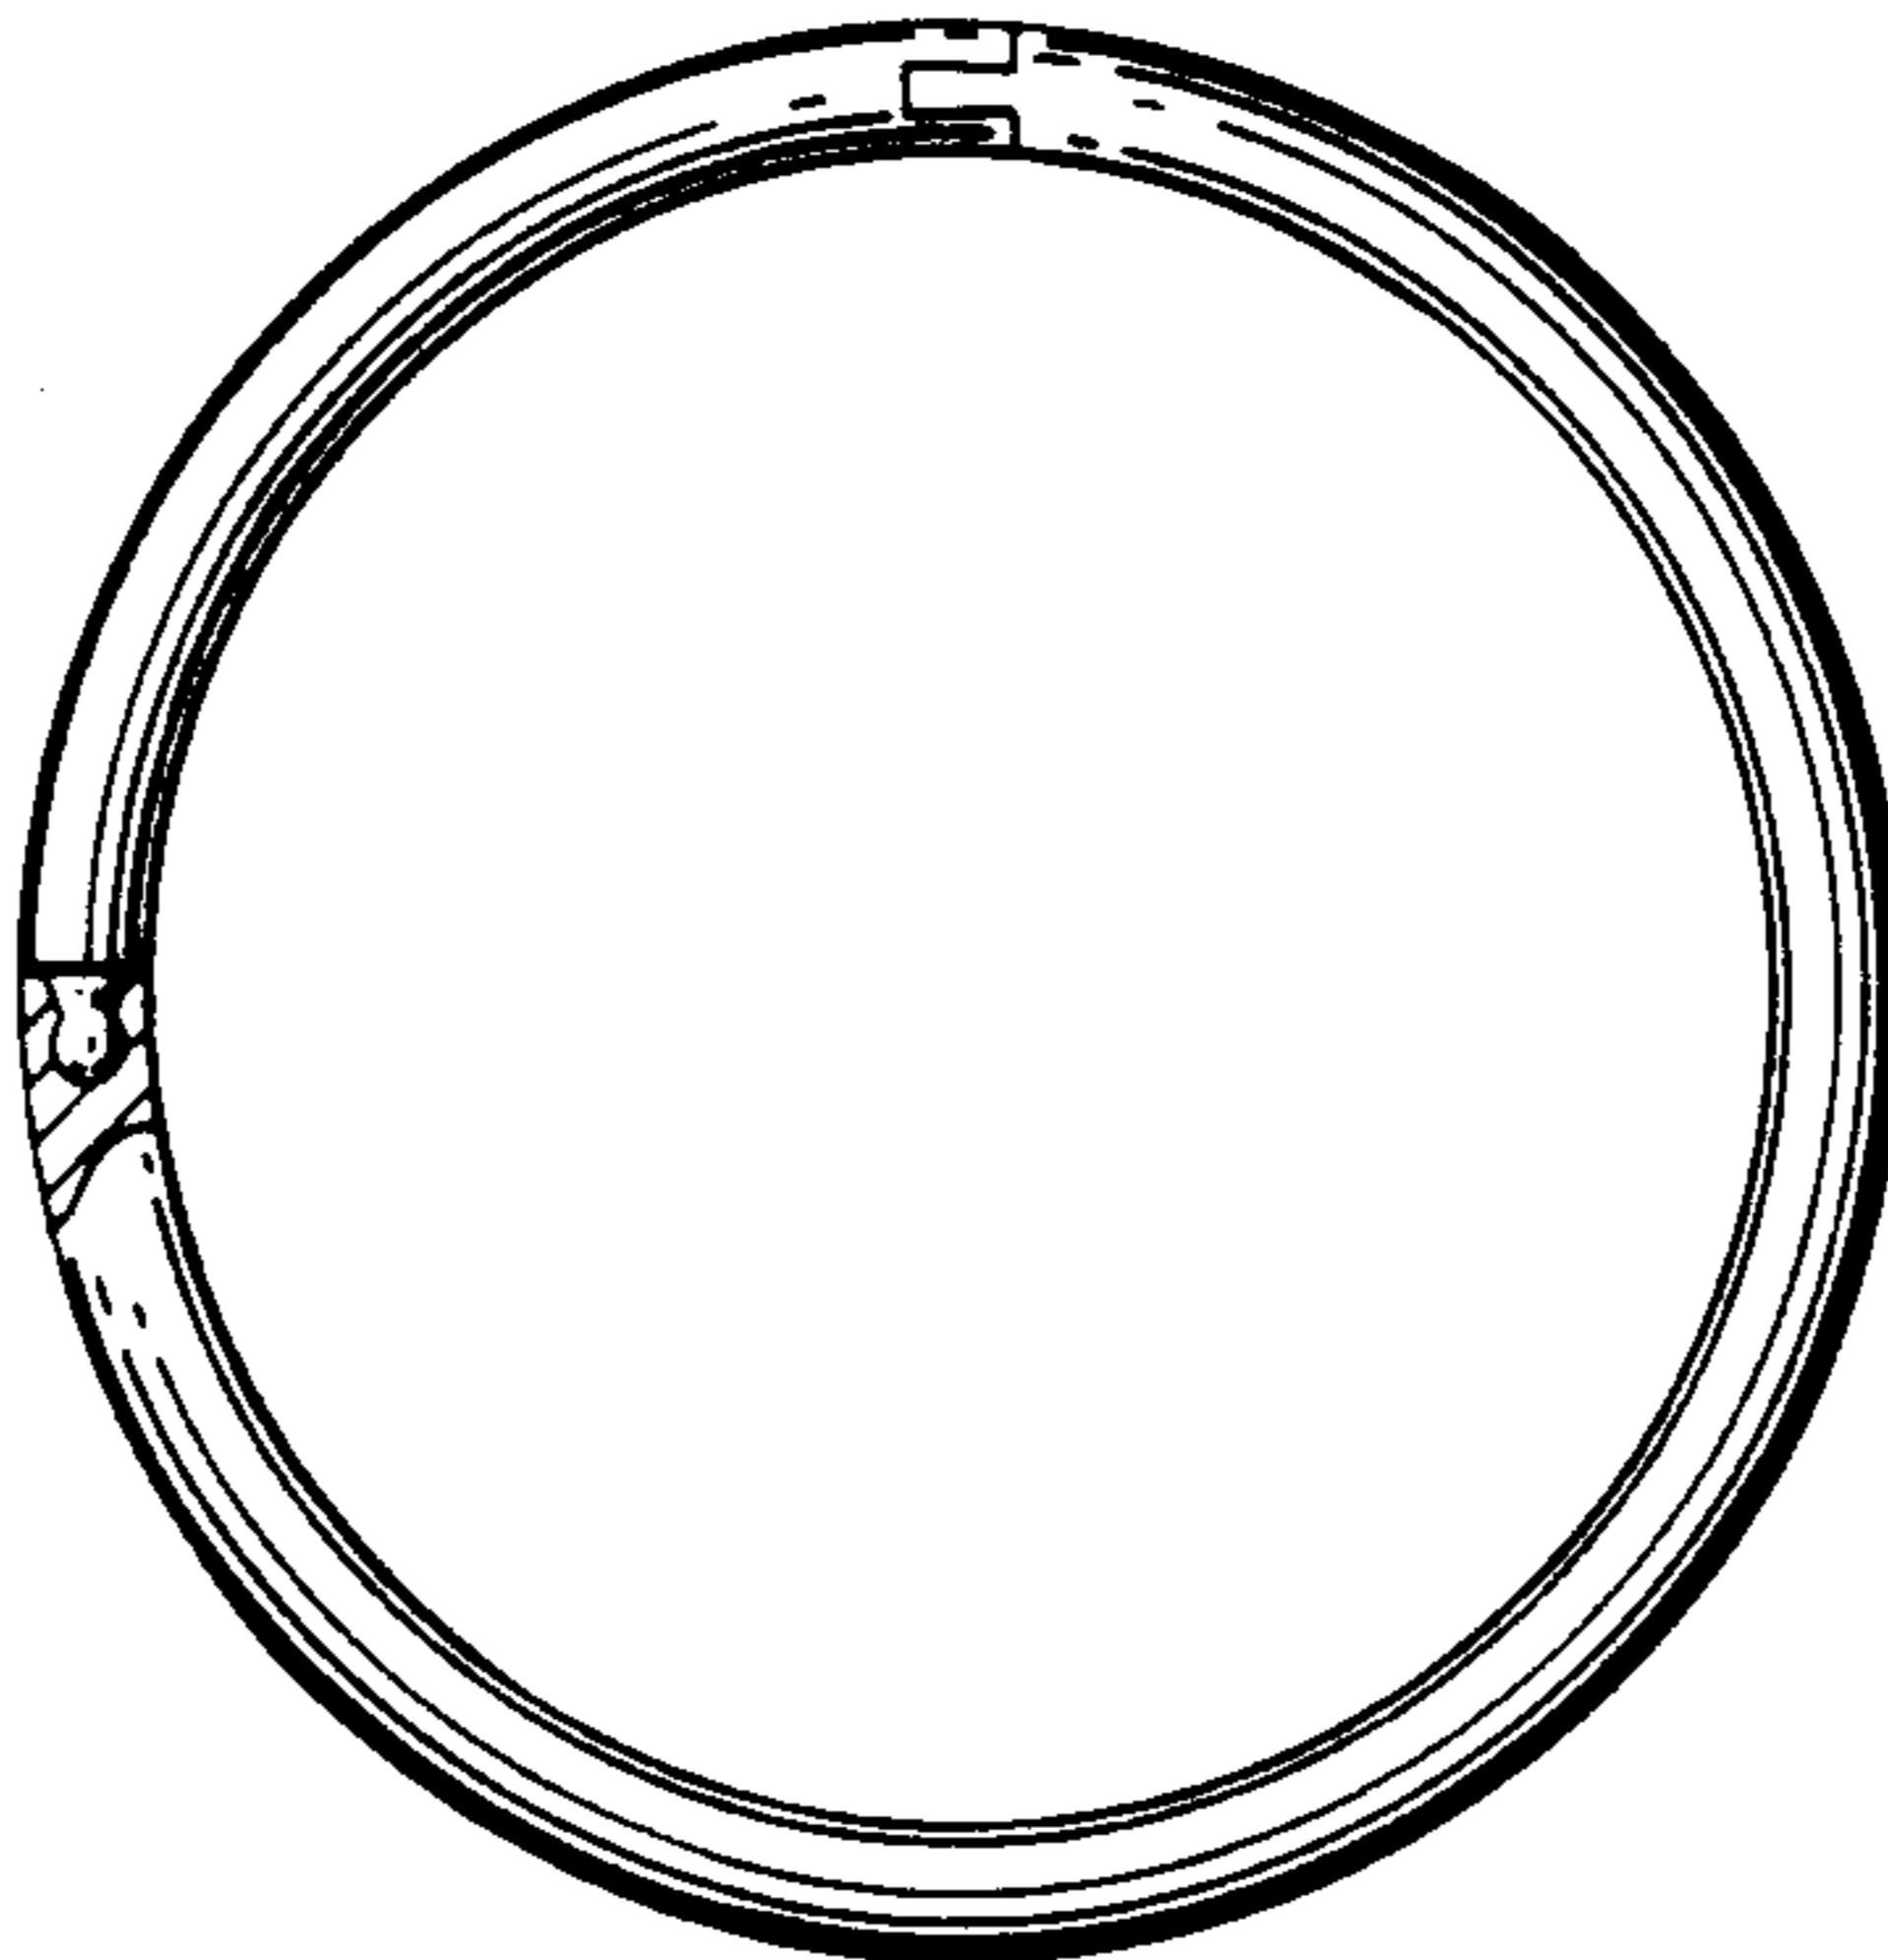

DESCRIPTION

FIG. 1 is a front elevational view of an openable ring showing my new design, with a portion of the lower section partially broken away for convenience of illustration;

FIG. 2 is a front elevational view with the opening section pivoted to an alternate position;

FIG. 3 is a side elevational view from the left of FIG. 1; FIG. 4 is a perspective fragmentary view of the opening segment in an exploded condition; and

FIG. 5 is a front elevational fragmentary view of the opening segment in an exploded condition.
