Primary Examiner—Susan J. Lucas

[57] CLAIM

The ornamental design for a supporting channel for wall mounted track lighting system, as shown and described.

DESCRIPTION

FIG. 1 is a top, front perspective view of a supporting channel for wall mounted track lighting system showing our new design;

FIG. 2 is a cross-sectional view thereof as taken along line 2—2 of FIG. 1;

FIG. 3 is a cross-sectional view of a second embodiment of our new design;

FIG. 4 is a cross-sectional view of a third embodiment of our new design.

FIG. 5 is a cross-sectional view of a fourth embodiment of our new design.

It is understood that all undisclosed exterior surfaces of all embodiments are plain and unornamented.
