[57] CLAIM

The ornamental design for the pouch containing liquid soap or the like for use with a dispenser unit, as shown and described.

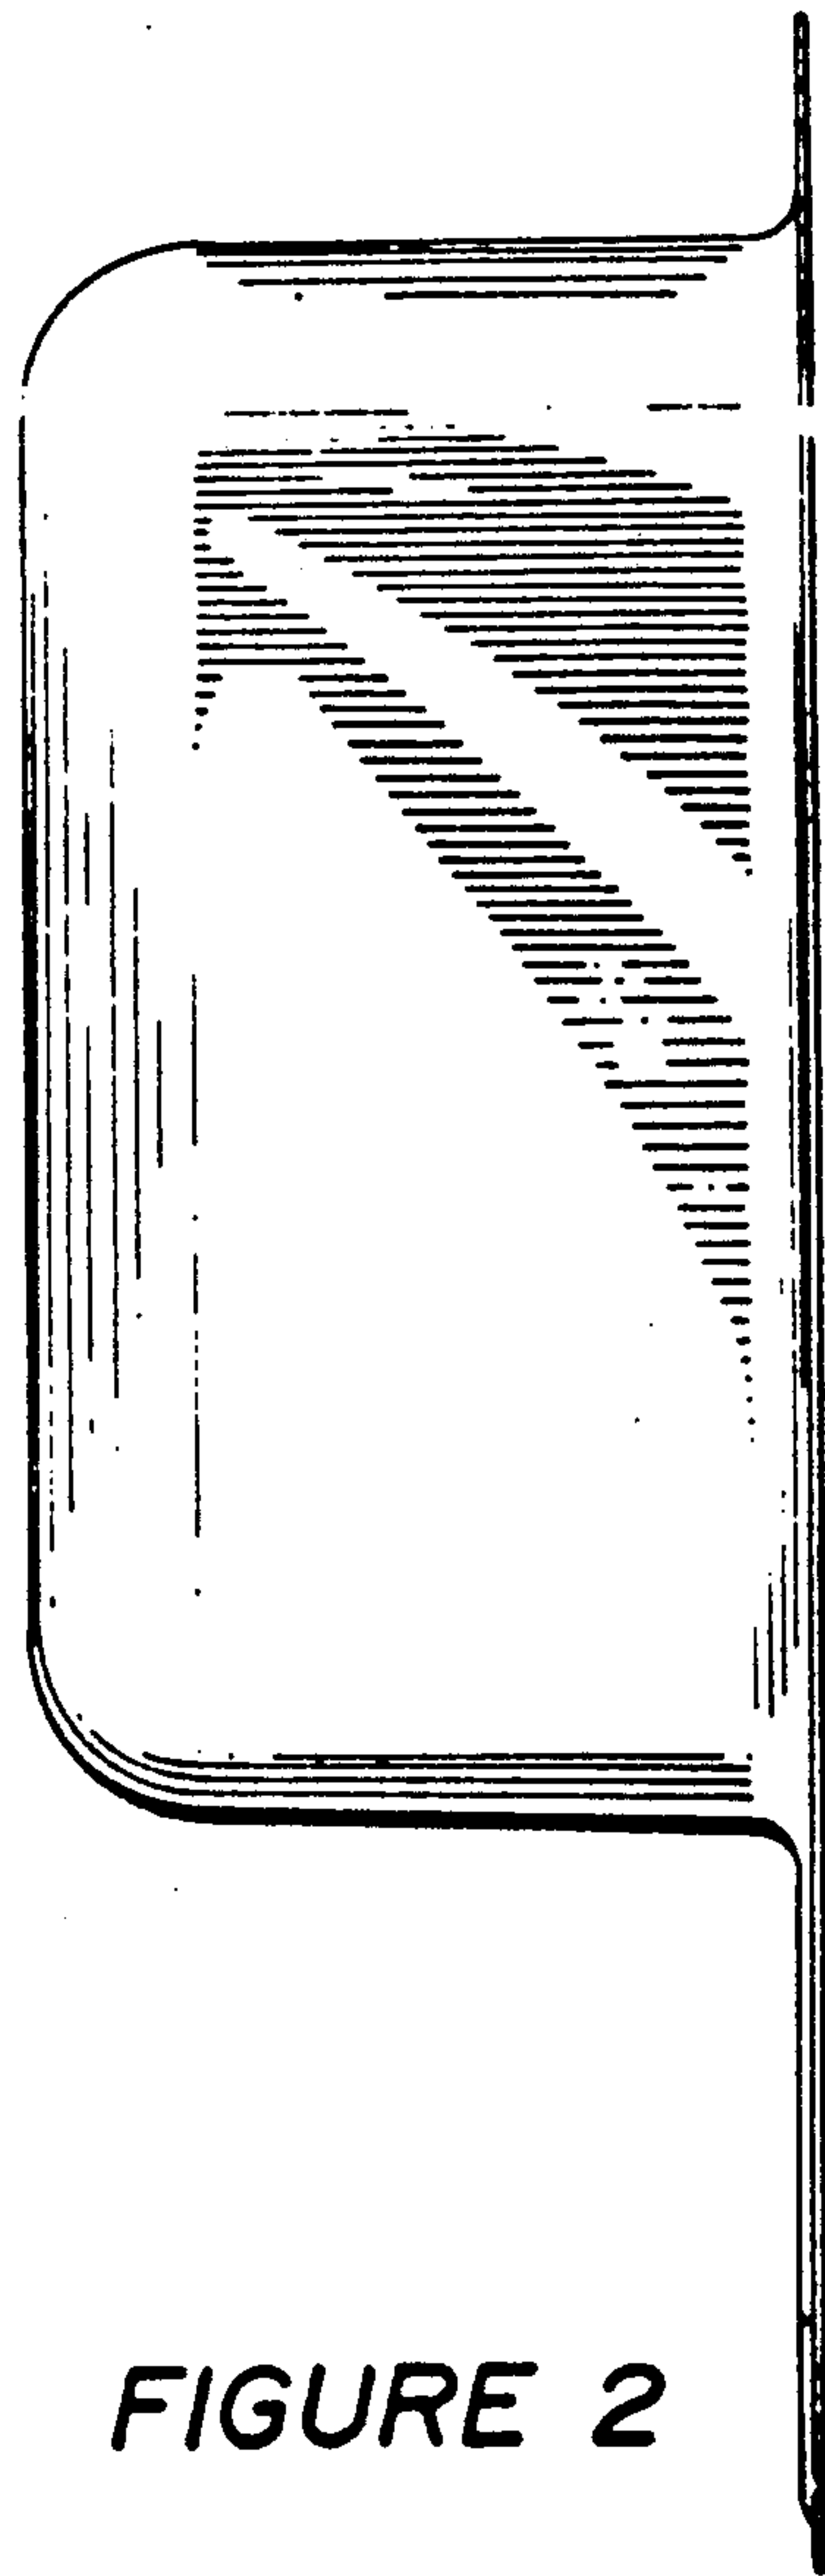

DESCRIPTION

FIG. 1 is a front elevational view of a pouch containing liquid soap or the like for use with a dispenser unit showing my new design, the rear being plain and unornamented; and  
FIG. 2 is a right side elevational view thereof, the left side being a mirror image of that shown.
