[57] CLAIM

The ornamental design for an electric clock, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of an electric clock showing my new design in a partially open position;

FIG. 2 is a bottom front perspective view thereof in a fully open position;

FIG. 3 is a top rear perspective view thereof in a fully open position;

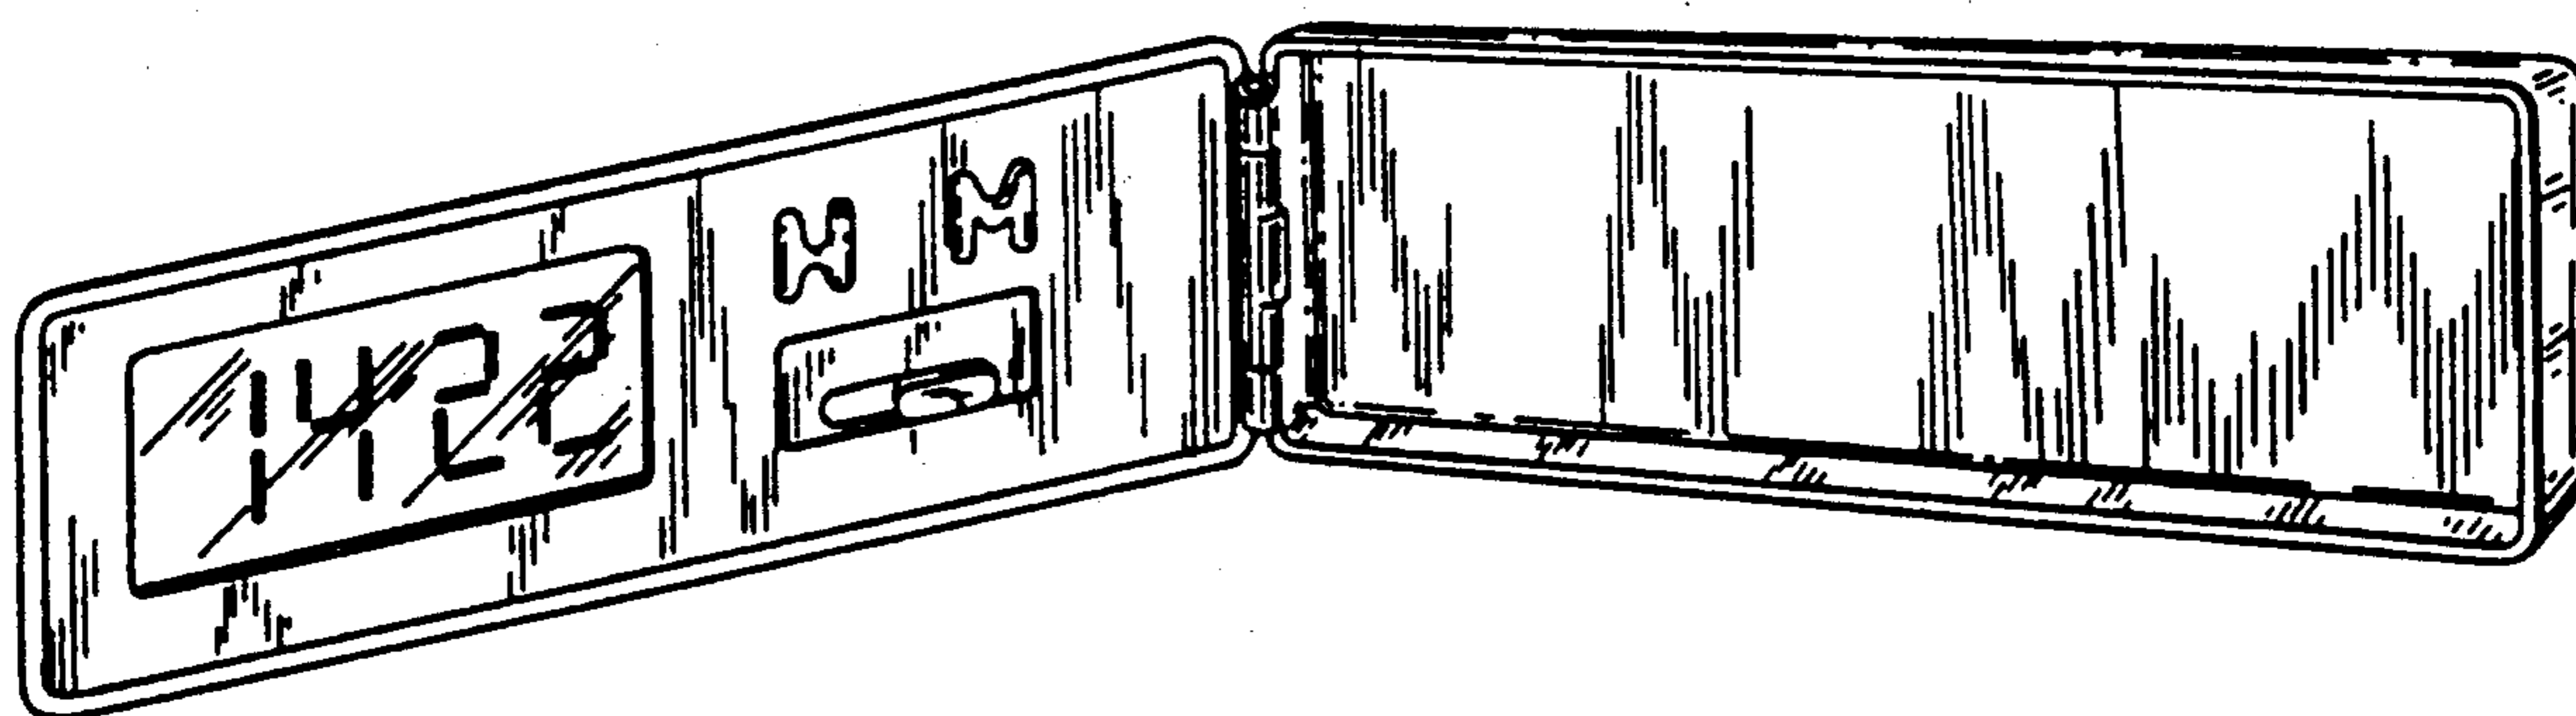

FIG. 4 is a left side elevational view thereof in the fully closed position;

FIG. 5 is a top front perspective view of a second embodiment of my new design of FIGS. 1-4 in a partially open position;

FIG. 6 is a top-rear perspective view thereof;

FIG. 7 is a top front perspective view of a third embodiment of my new design of FIGS. 1-4 in a partially open position;

FIG. 8 is a rear perspective view thereof in a closed position, the other half of the case being identical thereto.

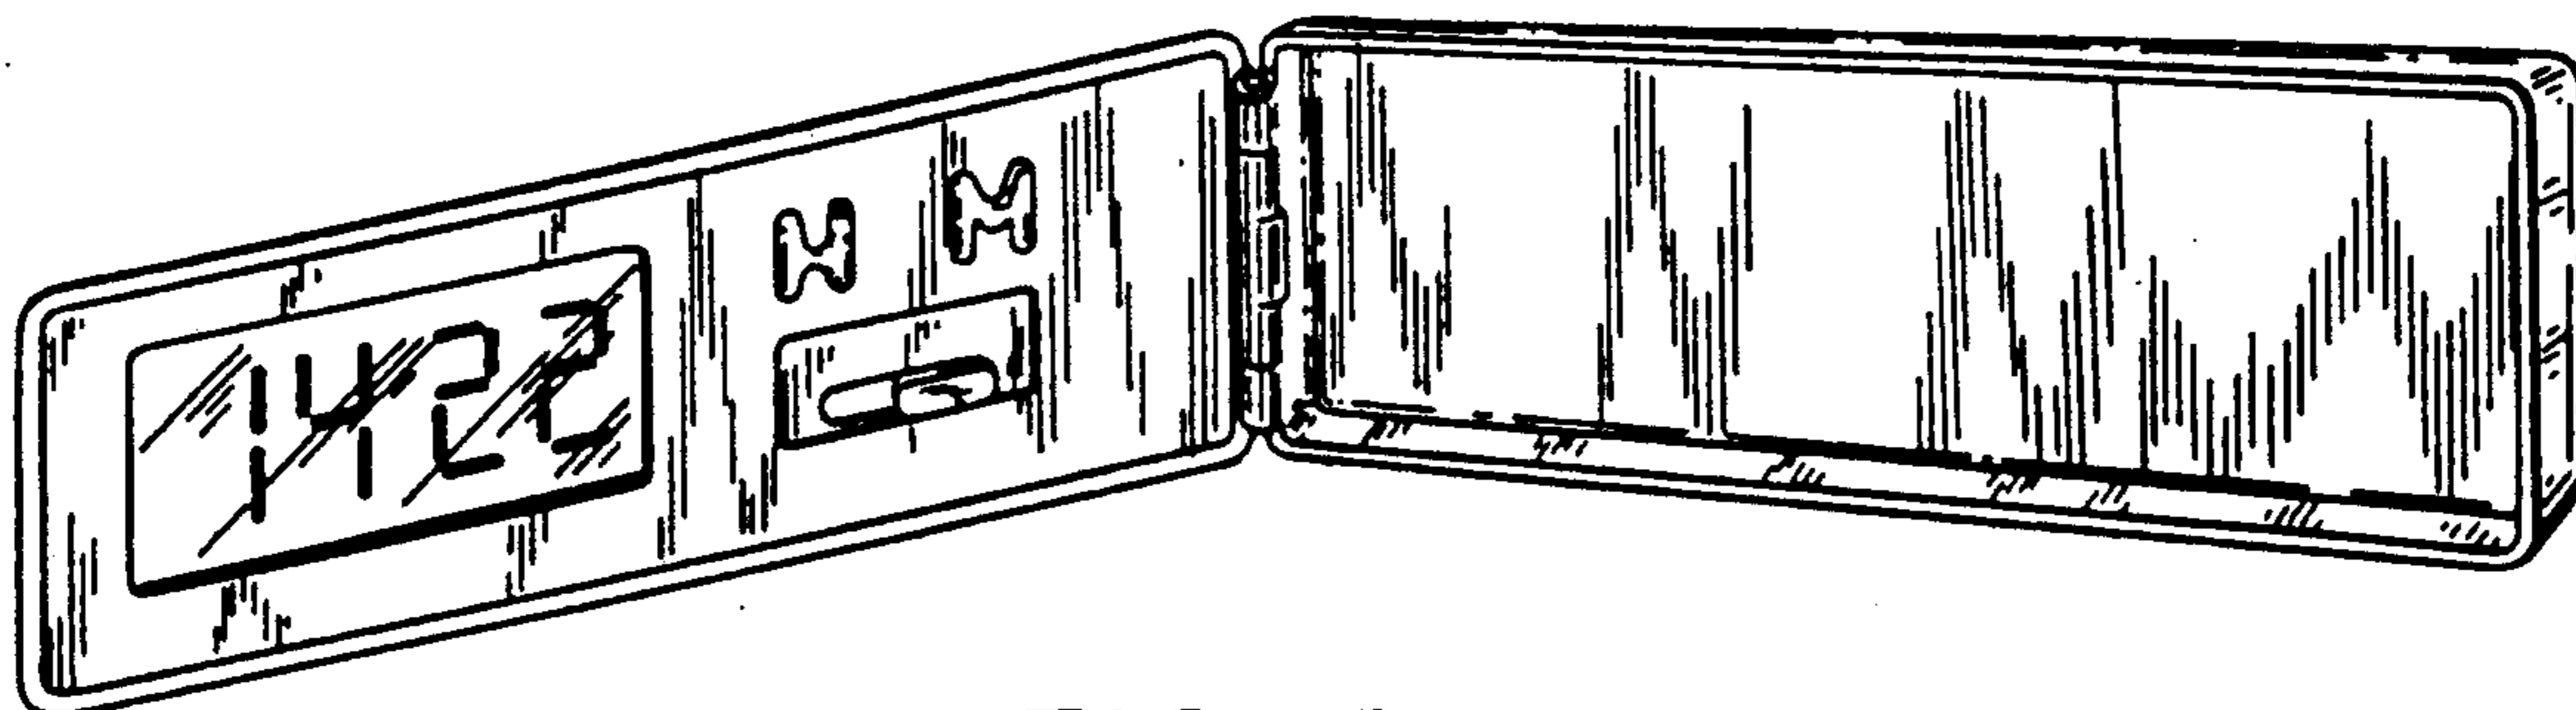

FIG. 1

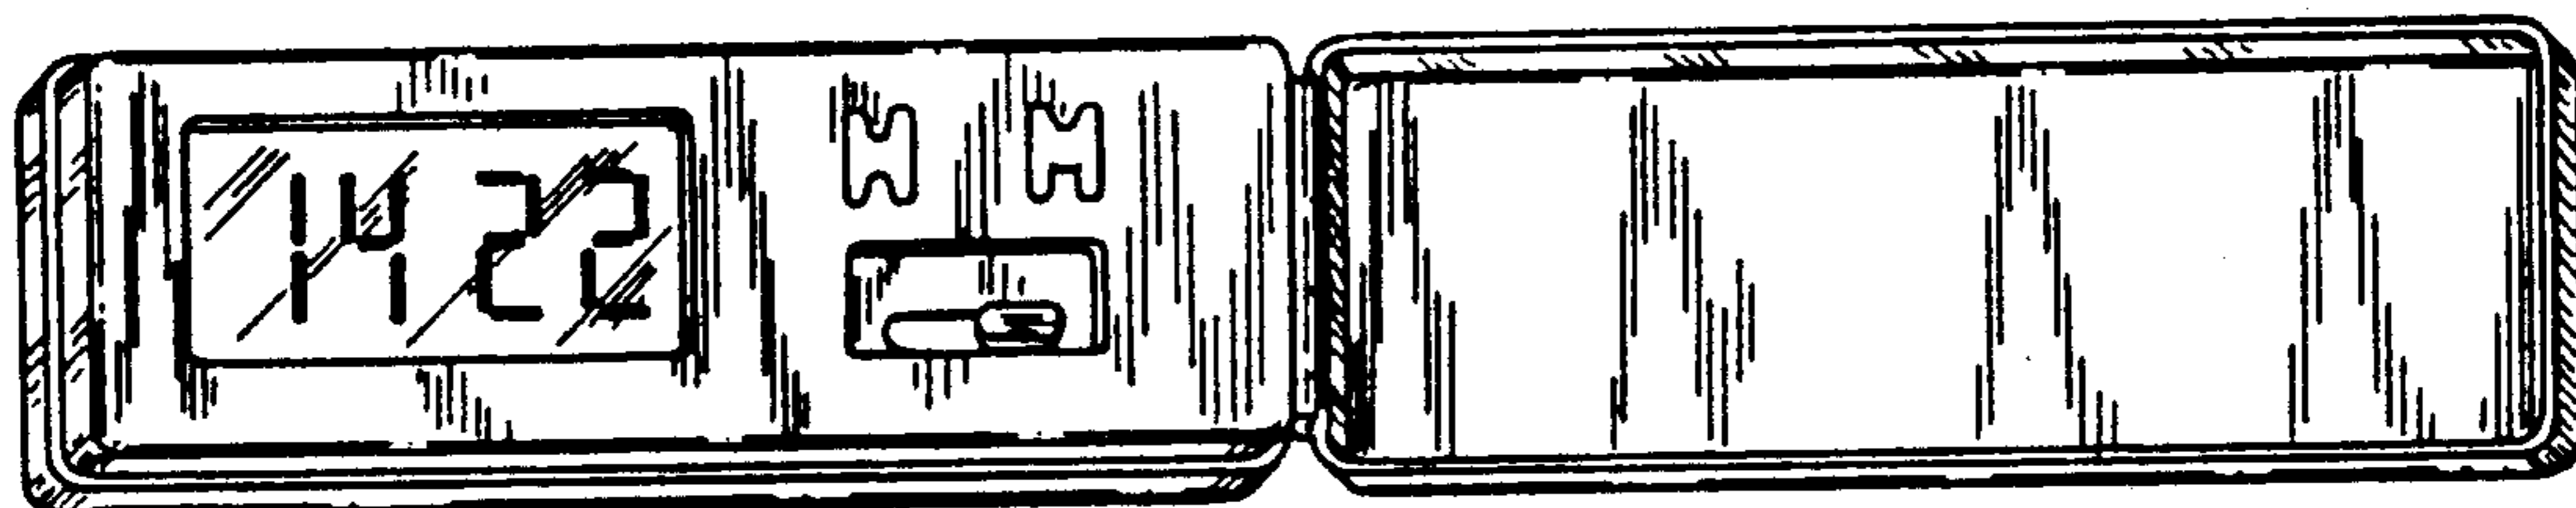

FIG. 2
