[57] CLAIM

The ornamental design for a combined end hood
mounting and terminal housing for the shaft of a roller
awning, as shown.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of
a combined end hood mounting and terminal housing
for the shaft of a roller awning showing my new design;
FIG. 2 is a side elevational view thereof;
FIG. 3 is a front elevational view, the rear elevational
view being a mirror image except for the obvious ab-
sence of the positioning arm and its circular grip shown
in FIGS. 1-3.

The broken line showing of attachment of the ring end
section to an awning roller in FIGS. 1, 3, 4 is for illustra-
tive purposes only and forms no part of the claimed
design.

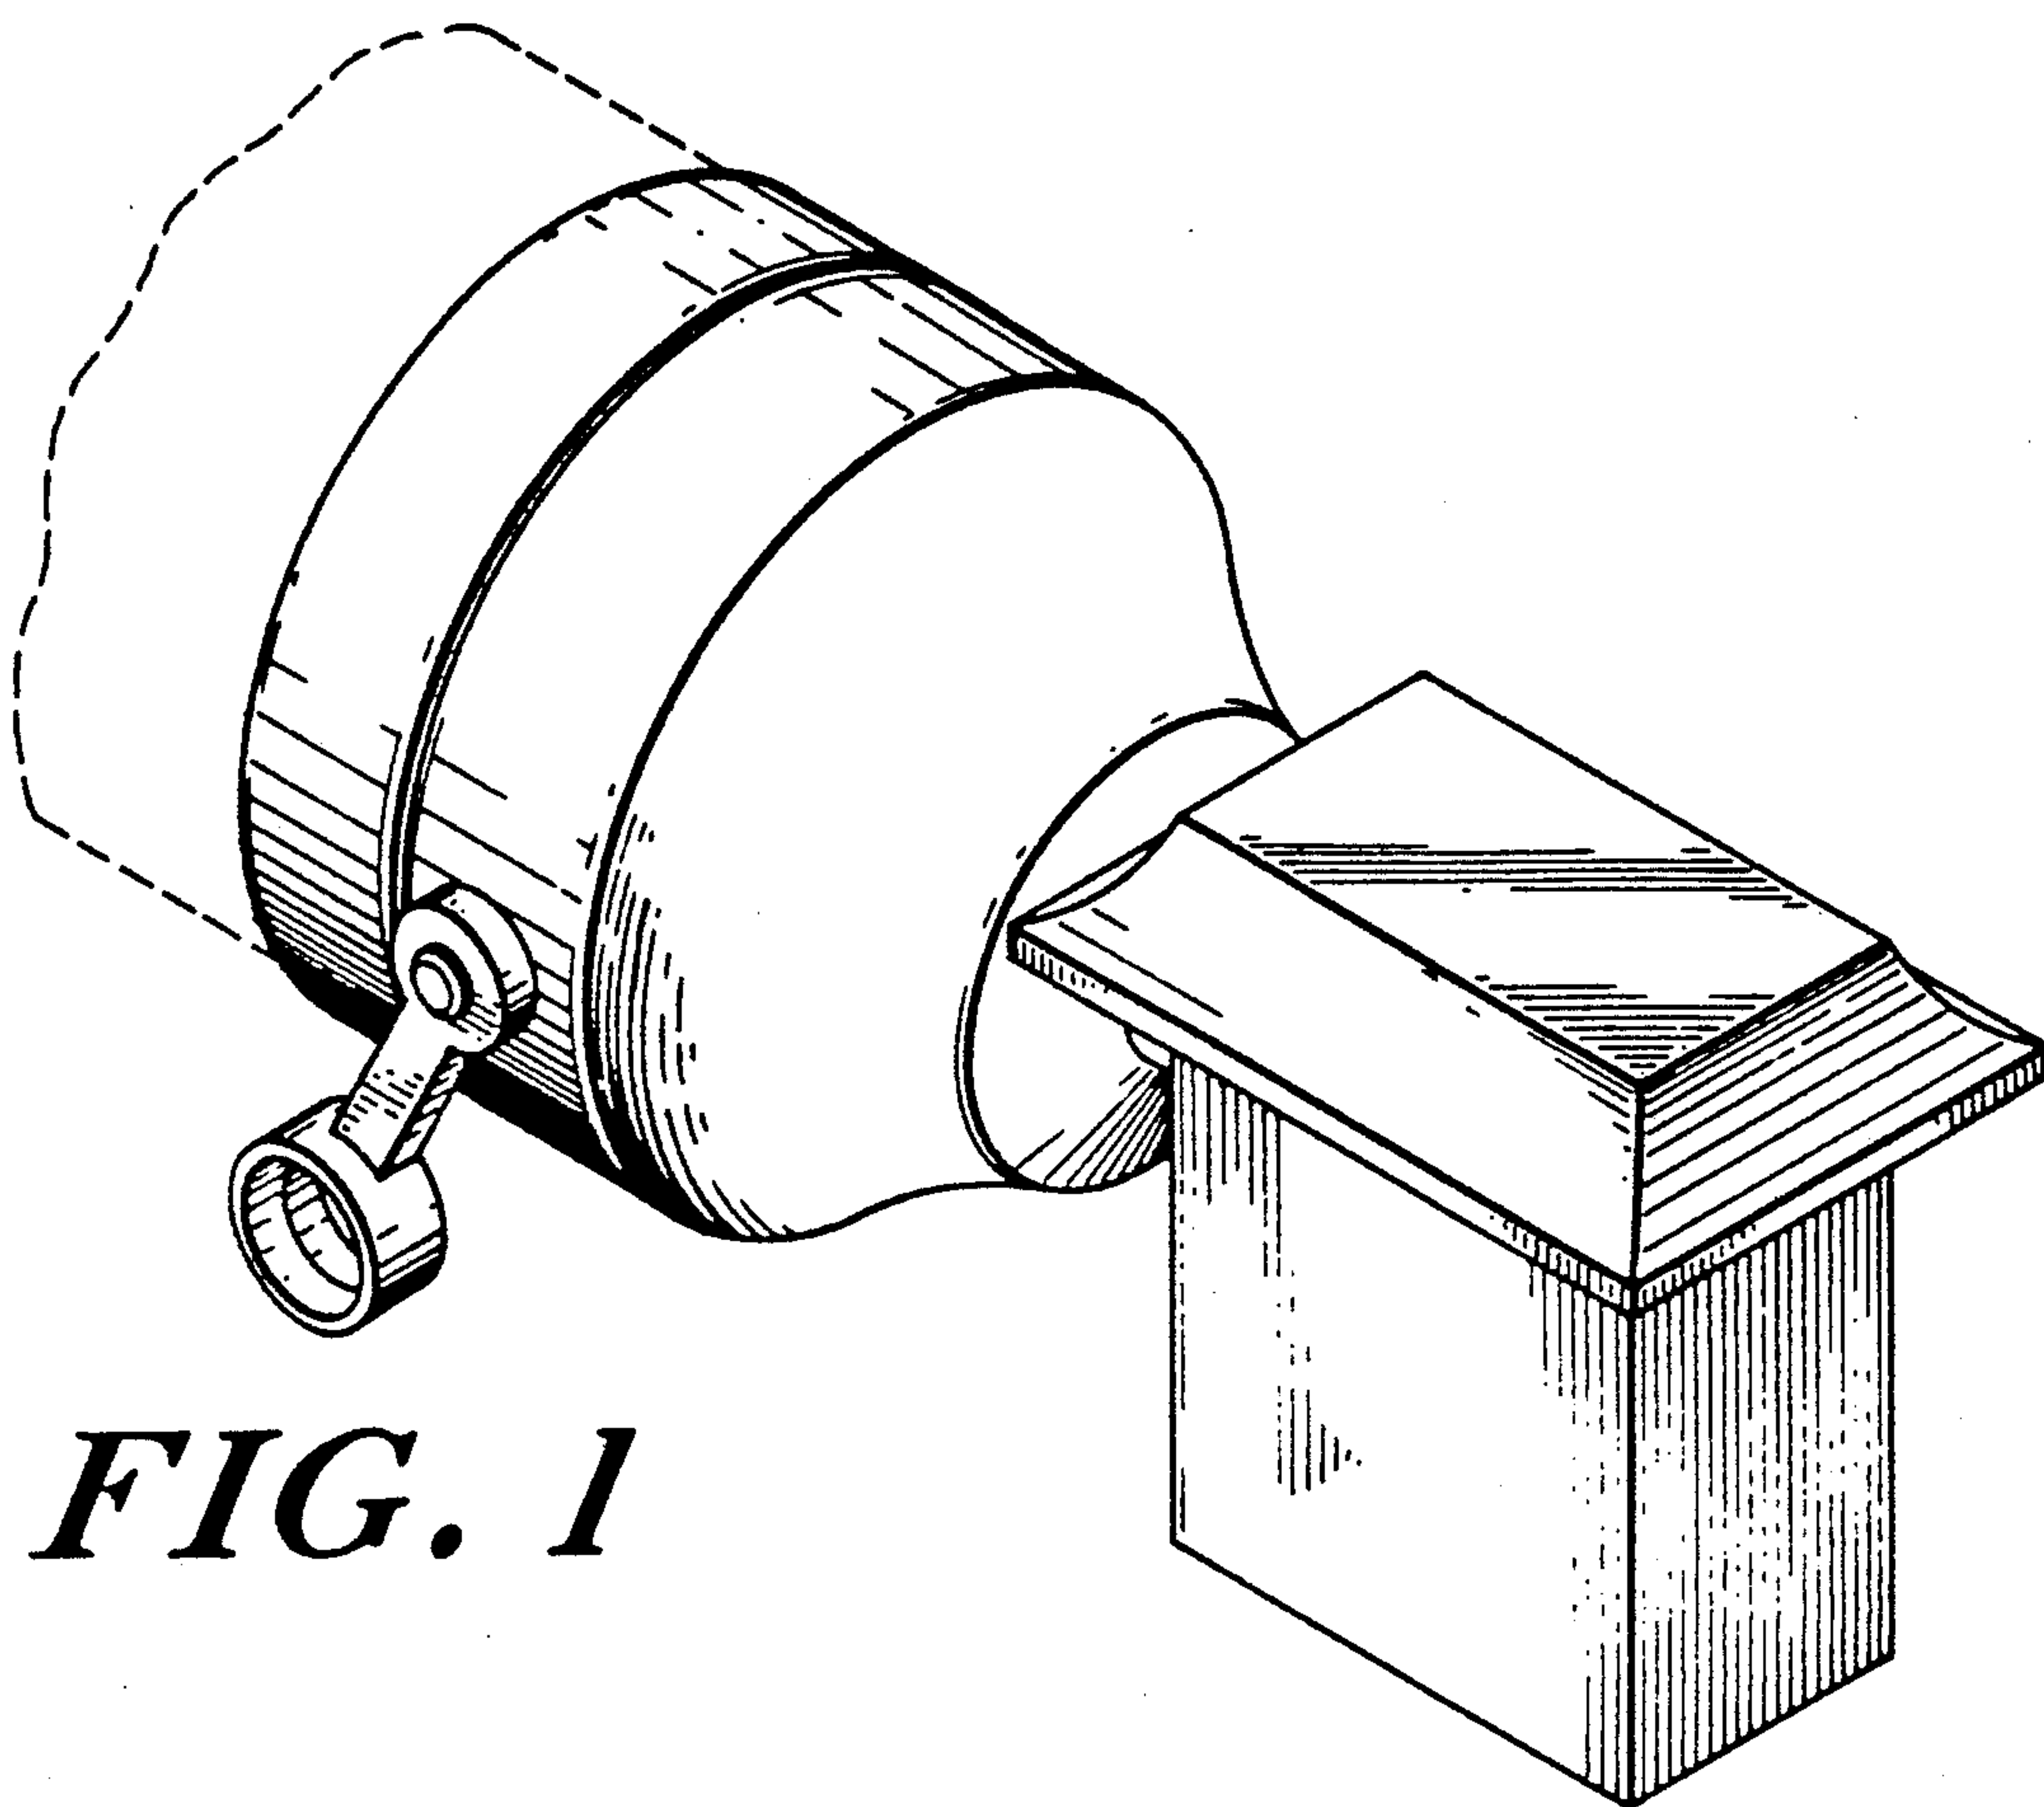

FIG. 1

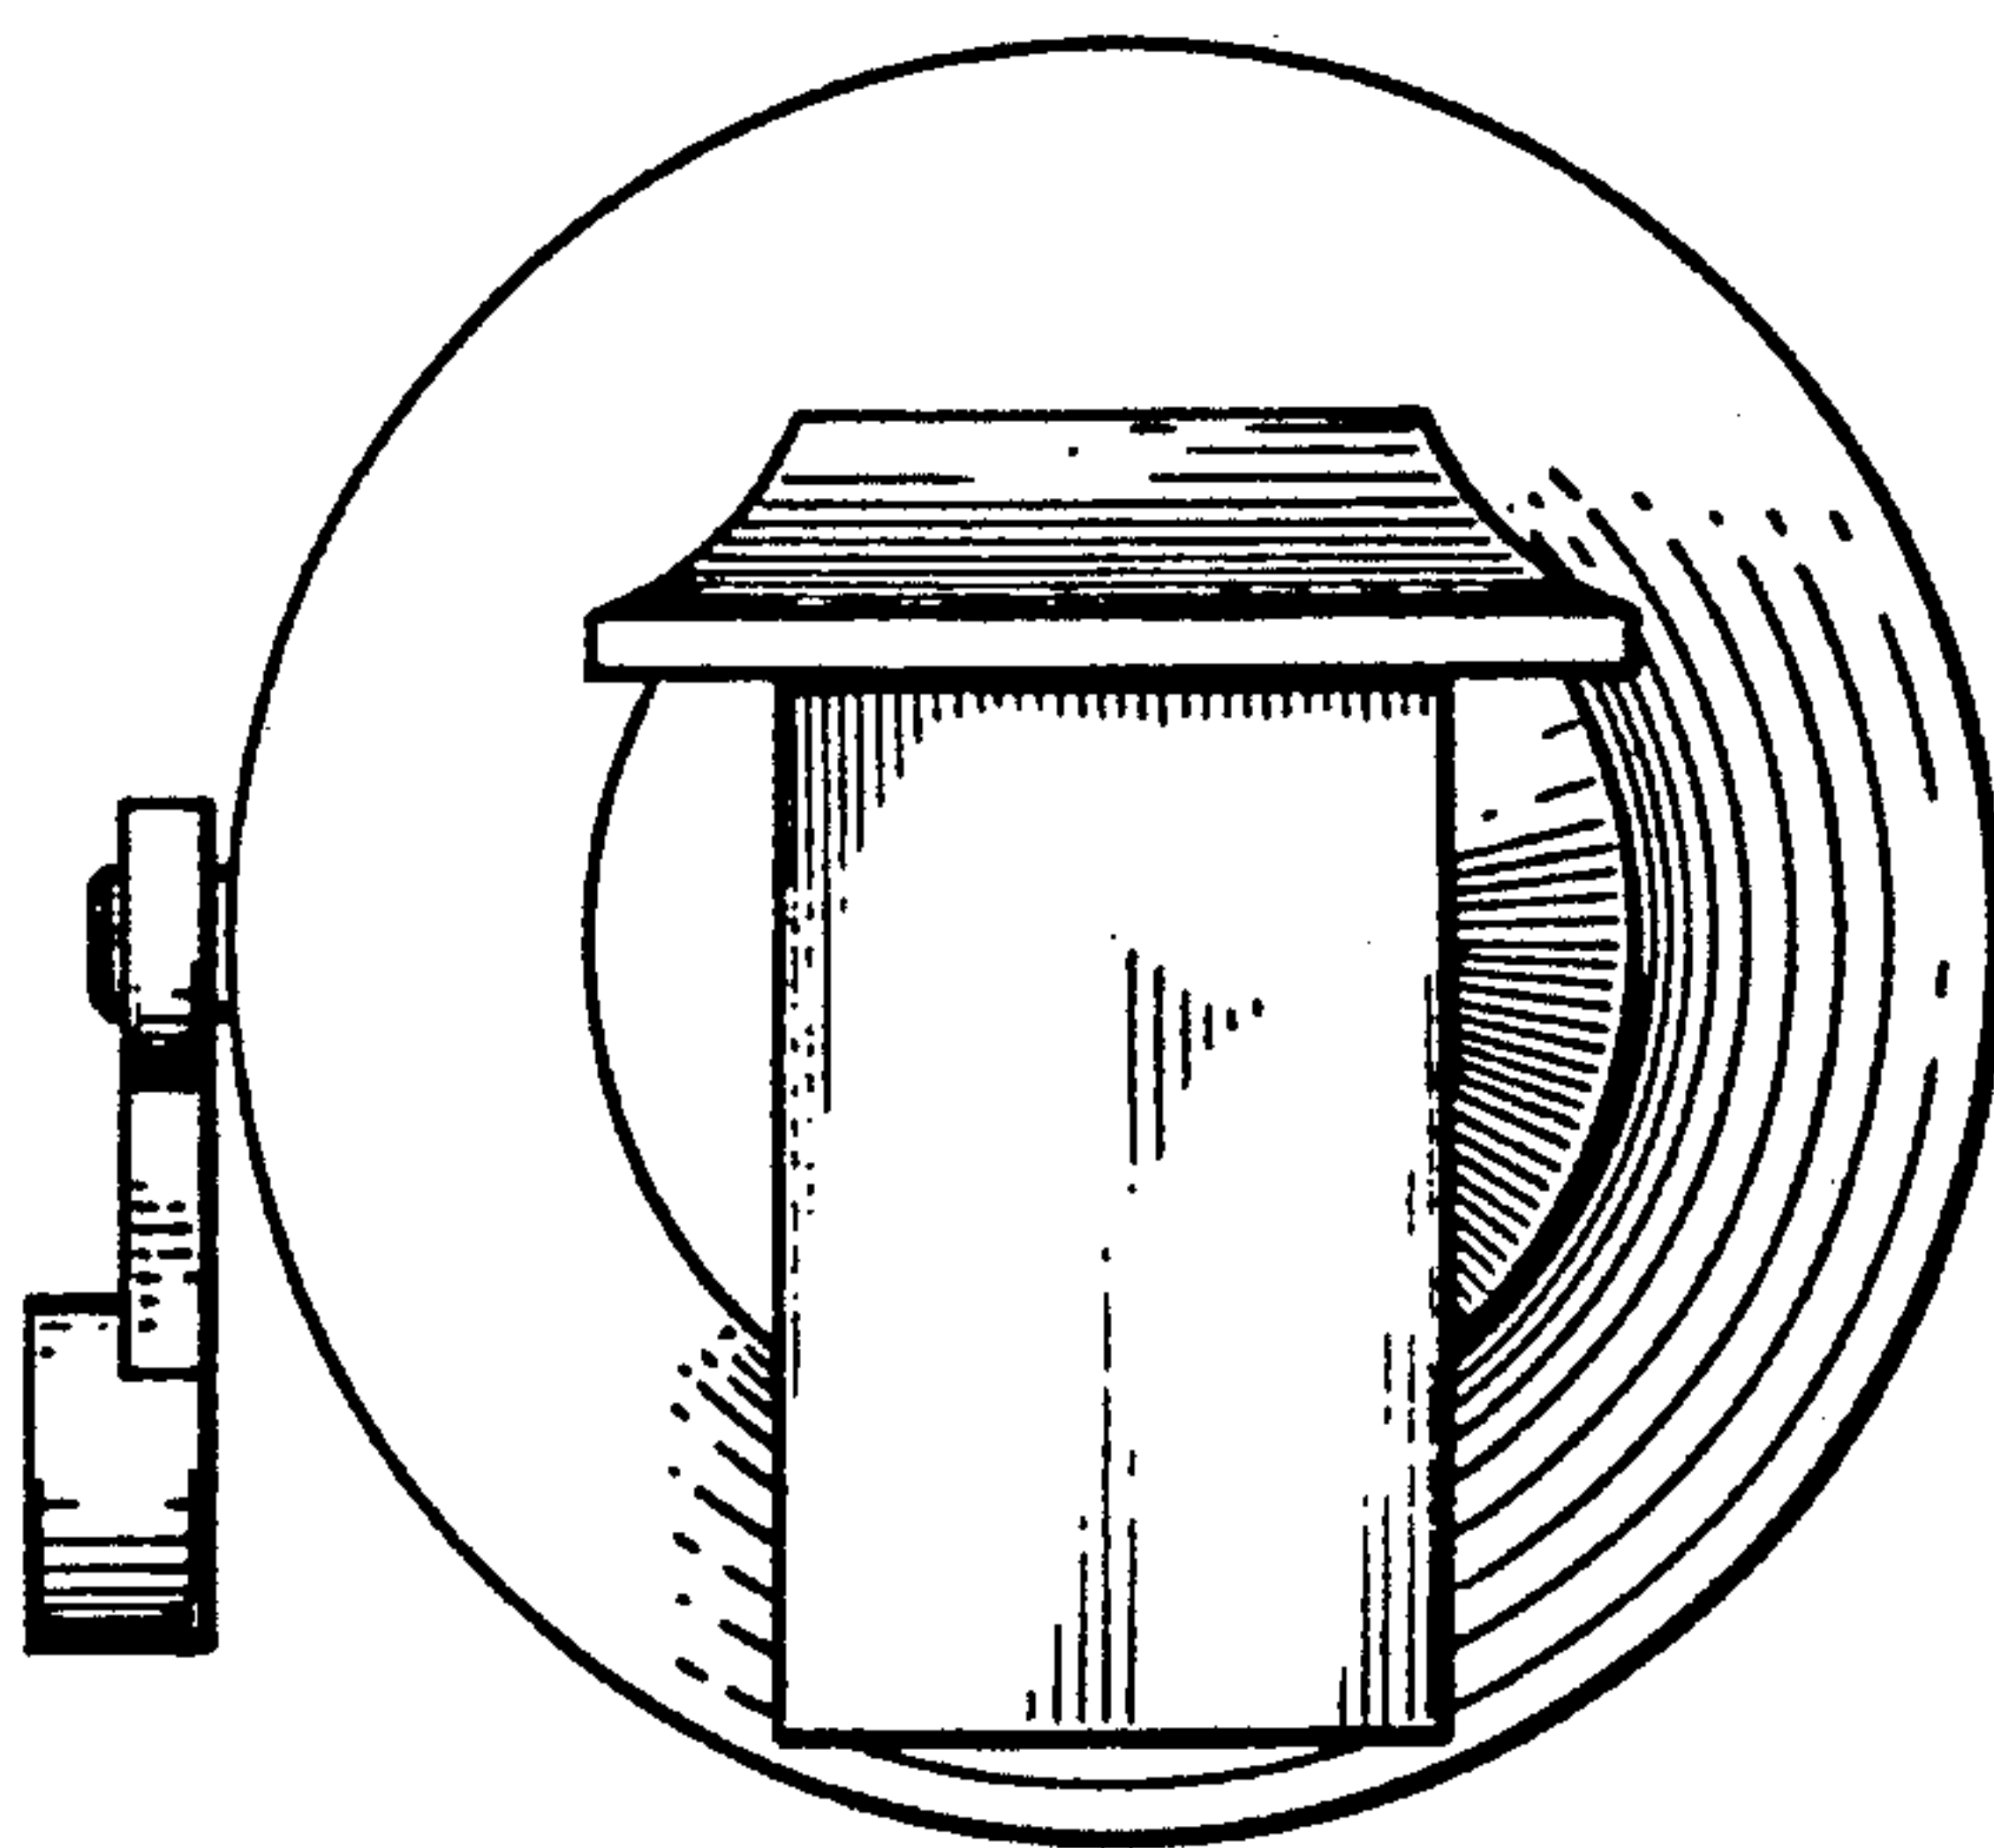

FIG. 2
