[57] **CLAIM**

The ornamental design for a machine for advancing and displaying printed material, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a machine for advancing and displaying printed material showing my new design;

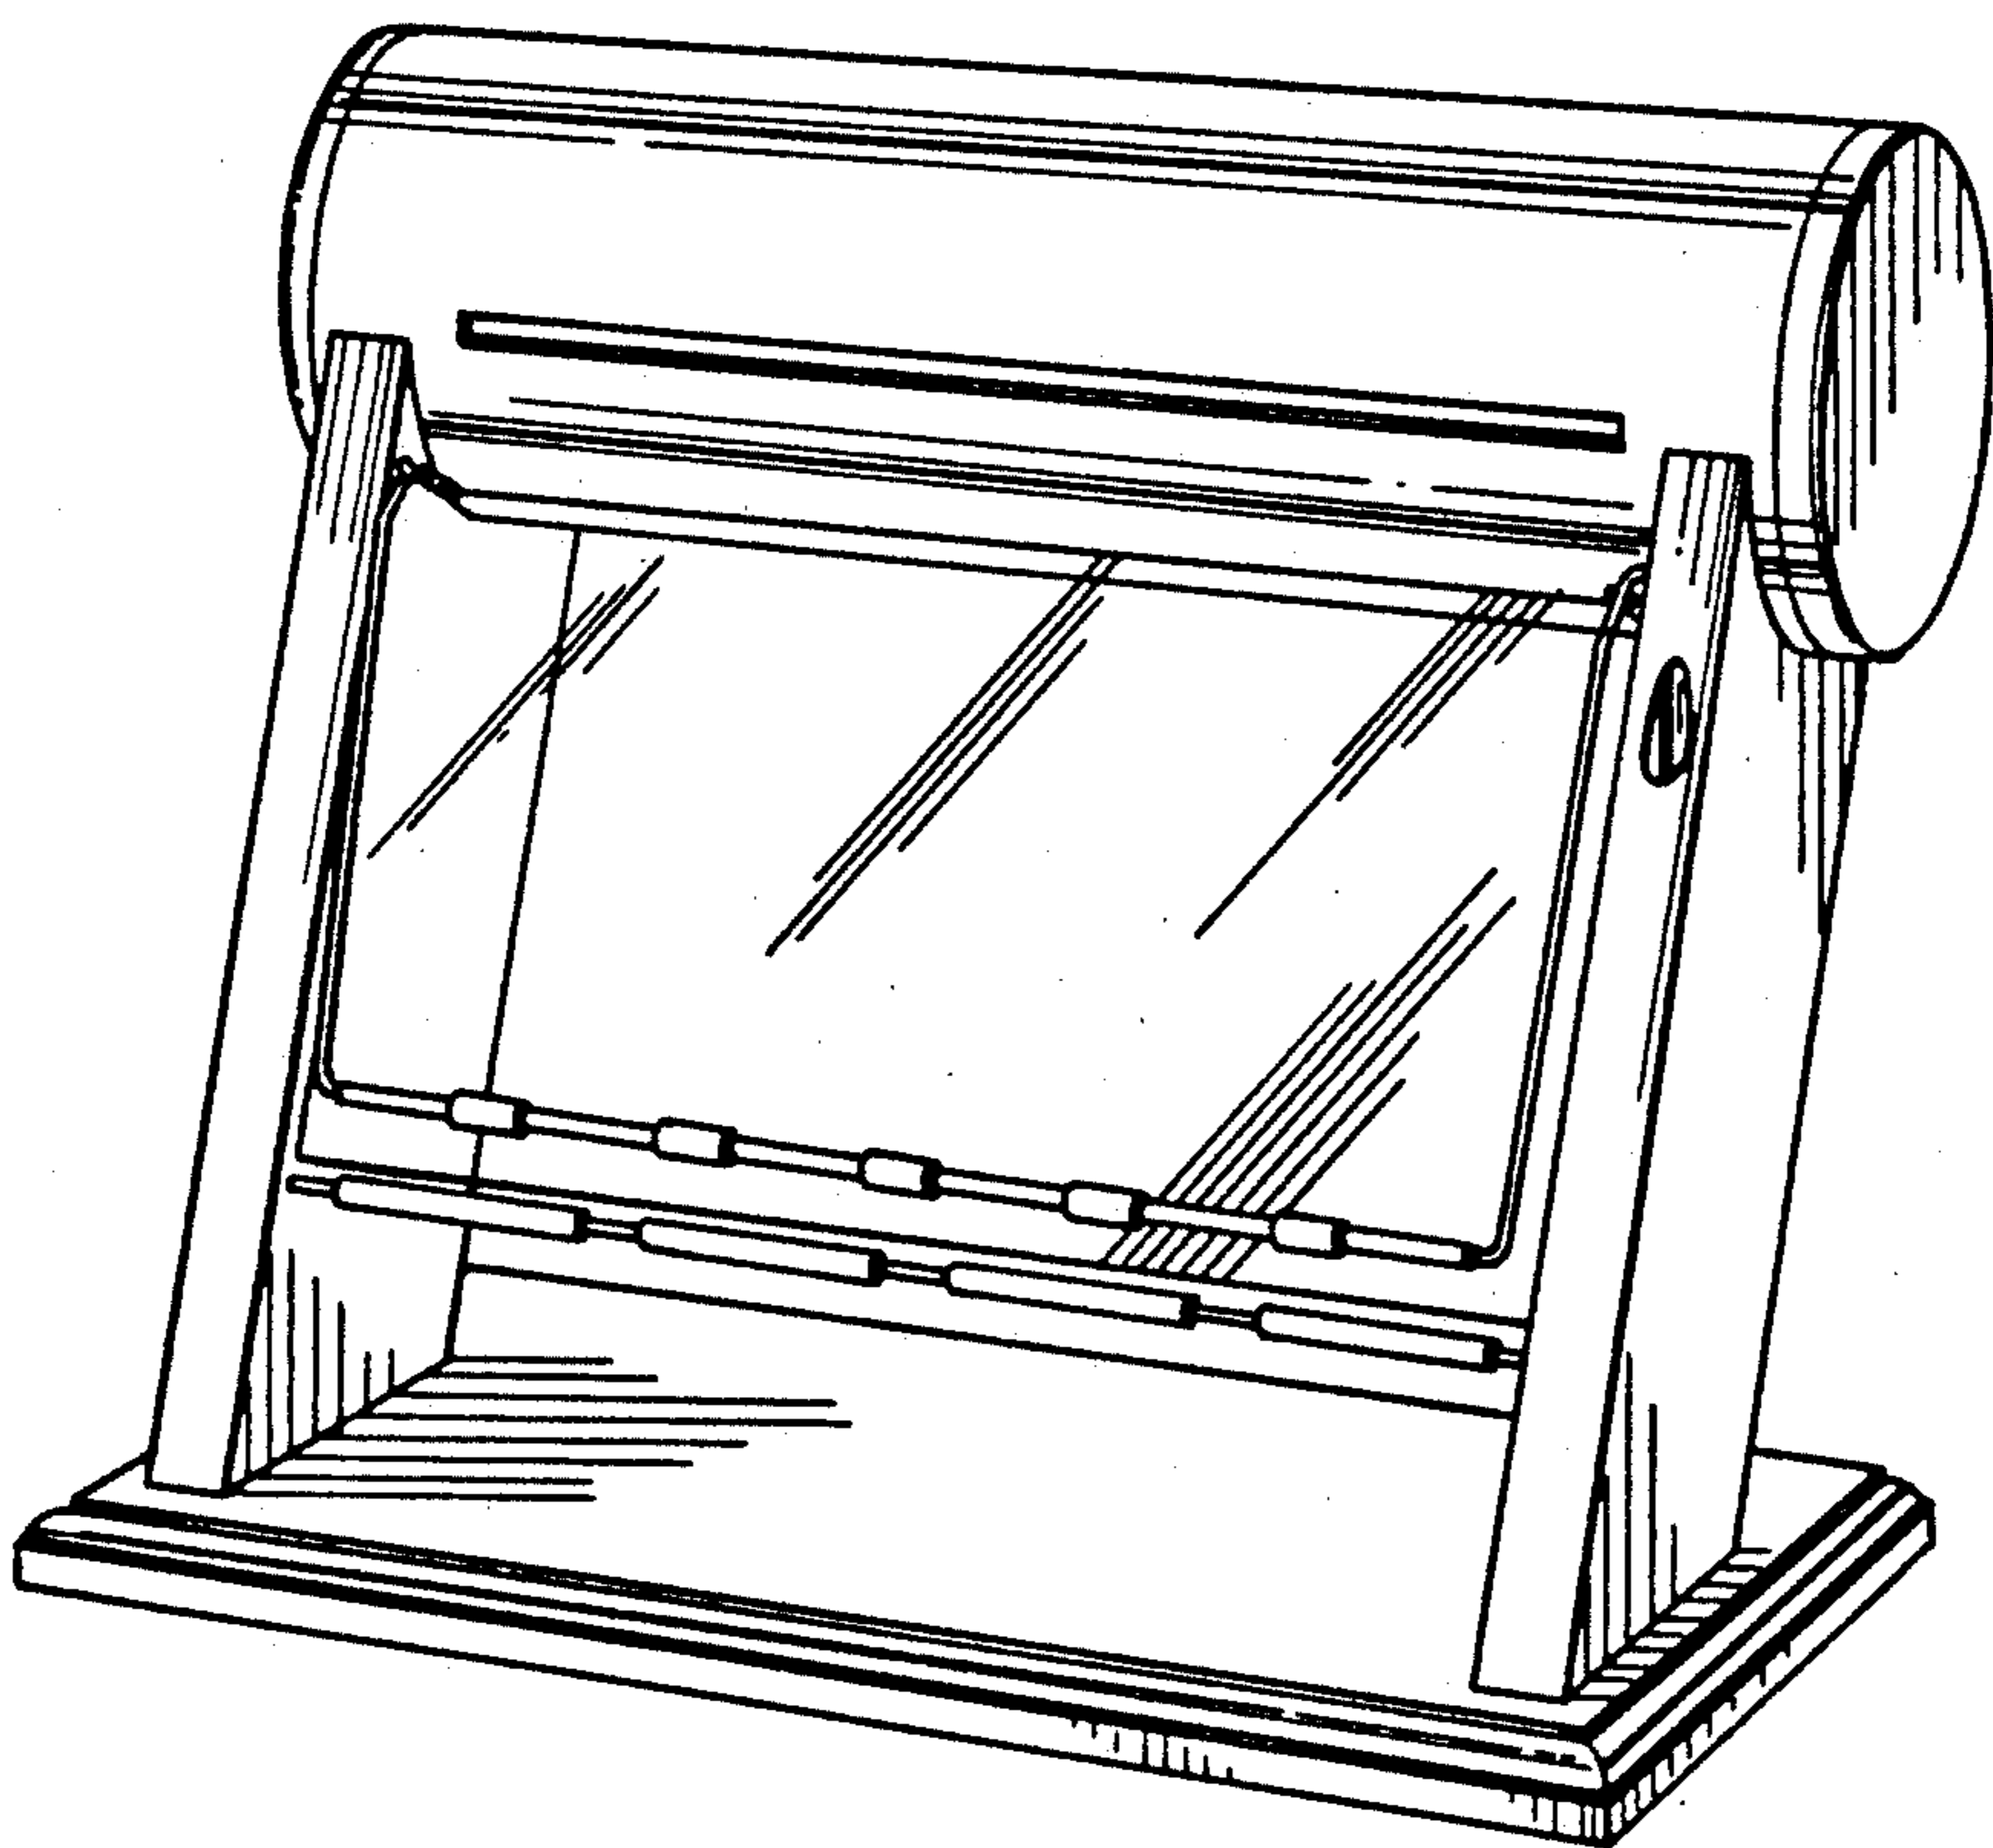

FIG. 2 is a front elevational view;

FIG. 3 is a right side elevational view, the left side being a mirror image thereof;

FIG. 4 is a rear elevational view; and

FIG. 5 is a top plan view thereof.

The bottom of the article is conventionally plain and unornamented.
