[57] **CLAIM**

The ornamental design for an air sampling gun for collection of vapors, as shown and described.

DESCRIPTION

FIG. **1** is a top, front and right side perspective view of an air sampling gun for collection of vapors showing our new design;
FIG. **2** is a left side elevational view;
FIG. **3** is a right side elevational view;
FIG. **4** is a front elevational view;
FIG. **5** is a rear elevational view;
FIG. **6** is a top plan view; and
FIG. **7** is a bottom plan view thereof.
