[57] CLAIM

The ornamental design for a combined dental mirror and suction instrument, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of a combined dental mirror and suction instrument showing my new design, the other side being a mirror image;  
FIG. 2 is a bottom plan view thereof;  
FIG. 3 is a top plan view thereof;  
FIG. 4 is a front elevational view thereof;  
FIG. 5 is a rear elevational view thereof;  
FIG. 6 is a side, top perspective view thereof;  
FIG. 7 is a side, bottom perspective view thereof.  
The design is an instrument for dental care which includes a handle having a mirror at one end and includes provision for enabling suction and water syringe operations via passage from one end to the other end of the instrument.
