[57] CLAIM

The ornamental design for an injector device, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of an injector syringe showing my new design, with the rear being a mirror image thereof;  
 FIG. 2 is a side elevational view thereof, with the opposite side being a mirror image;  
 FIG. 3 is a top plan view thereof;  
 FIG. 4 is a bottom plan view thereof;  
 FIG. 5 is a front elevational view thereof, with the inner barrel plunger shown in open condition;  
 FIG. 6 is a side elevational view thereof;  
 FIG. 7 is a front elevational view thereof, with the plunger shown turned in 45 degrees and in open condition;  
 FIG. 8 is a side elevational view thereof.
