[57] CLAIM

The ornamental design for a mobile seat for garden weeding, as shown and described.

DESCRIPTION

FIG. 1 is a view in side elevation of a mobile seat for garden weeding showing my new design;
FIG. 2 is an end elevation view of the embodiment of FIG. 1; the opposite end elevation view of the embodiment is identical to that shown;
FIG. 3 is a top plan view of the embodiment of FIG. 1;
FIG. 4 is a bottom view of the embodiment of FIG. 1;
FIG. 5 is a side elevation view of a second embodiment of a mobile seat for garden weeding of this invention; the opposite side elevation view of the embodiment is identical to that shown;
FIG. 6 is an end elevation view of the embodiment of FIG. 5; the opposite end elevation view of the embodiment is identical to that shown;
FIG. 7 is a top plan view of the embodiment of FIG. 5;
FIG. 8 is a bottom view of the embodiment of FIG. 5;
FIG. 9 is a perspective view of the embodiment of FIG. 5; the fabric pattern schematically depicted is the same as that depicted in FIGS. 3, 4, 7, and 8, and is continuous throughout the seat as shown.
