[57] CLAIM

The ornamental design for a device for repairing and strengthening vehicles or the like, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevational view of a device for repairing and strengthening vehicles as showing my new design, the left side elevational view being a mirror image thereof;

FIG. 2 is a right side elevational view, shown in an alternate position with the rest of device being omitted for ease of illustration;

FIG. 3 is a top plan view;

FIG. 4 is a front elevational view;

FIG. 5 is a rear elevational view; and

FIG. 6 is a bottom plan thereof.

The broken line showings of vehicle ramps in FIGS. 2, 3 and 6 are environmental only and form no part of the claimed design.
