[57] CLAIM

The ornamental design for a holder for cams and related cam lifters, as shown and described.

DESCRIPTION

FIG. 1 is a left side, front, and top perspective view of a holder for cams and related cam lifters, showing my new design;

FIG. 2 is a right side, front, and top perspective view thereof;

FIG. 3 is a second embodiment thereof, with a transparent top;

FIG. 4 is a top plan view thereof, without a top;

FIG. 5 is a rear elevational view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a left side elevational view with the top of the first embodiment in place; and

FIG. 8 is a right side elevational view thereof.

The cam shaft shown in FIG. 4 in broken lines is for illustrative purposes only and forms no part of claimed design.
