[57] CLAIM

The ornamental design for a portable two-way radio or similar article, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and right side perspective view of a portable two-way radio or similar article showing my new design;  
FIG. 2 is a left side elevational view thereof;  
FIG. 3 is a rear elevational view thereof;  
FIG. 4 is a bottom plan view thereof;  
FIG. 5 is a top, front and right side perspective view of a second embodiment of the portable two-way radio illustrated in FIG. 1; and  
FIG. 6 is a top, front and right side perspective view of a third embodiment of the portable two-way radio illustrated in FIG. 1.  
The left side, rear and bottom of the second and third embodiments are identical to the corresponding views of the first embodiment.  
The broken line showing of the antenna and knobs is for illustrative purposes only and forms no part of the claimed design.
