[57] **CLAIM**

The ornamental design for a foldable portable overhead projector, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a foldable portable overhead projector showing my new design;
 FIG. 2 is a front elevational view thereof;
 FIG. 3 is a rear elevational view thereof;
 FIG. 4 is a side elevational view thereof;
 FIG. 5 is an opposite side elevational view of that shown in FIG. 4;
 FIG. 6 is a bottom plan view thereof;
 FIG. 7 is a top plan view of the overhead projector in an unfolded condition, taken at a reduced scale;
 FIG. 8 is a front elevational view thereof;
 FIG. 9 is a side elevational view thereof;
 FIG. 10 is an opposite side elevational view of that shown in FIG. 9;
 FIG. 11 is a rear elevational view thereof;
 FIG. 12 is a bottom plan view thereof;
 FIG. 13 is a top, front perspective view thereof, taken toward the side of FIG. 4, the overhead projector being in the condition illustrated in FIG. 1; and
 FIG. 14 is a top, front perspective view thereof, taken from the side of FIG. 9, the overhead projector being in the unfolded condition of FIG. 7.
