[57] CLAIM

The ornamental design for a video printer, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a video printer showing our new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a right side elevational view thereof;
FIG. 4 is a left side elevational view thereof;
FIG. 5 is a rear elevational view thereof;
FIG. 6 is a bottom plan view thereof;
FIG. 7 is a front perspective view thereof; and
FIG. 8 is another front perspective view thereof.
The broken lines shown in FIG. 8 are for purposes of illustration and form no part of the claimed design.
In FIGS. 3, 4, 7 and 8, a central portion of the repetitive square openings is omitted and it being understood that the openings are continuous throughout the plain area.
