[57] CLAIM

The ornamental design for a display panel for a timepiece, as shown and described.

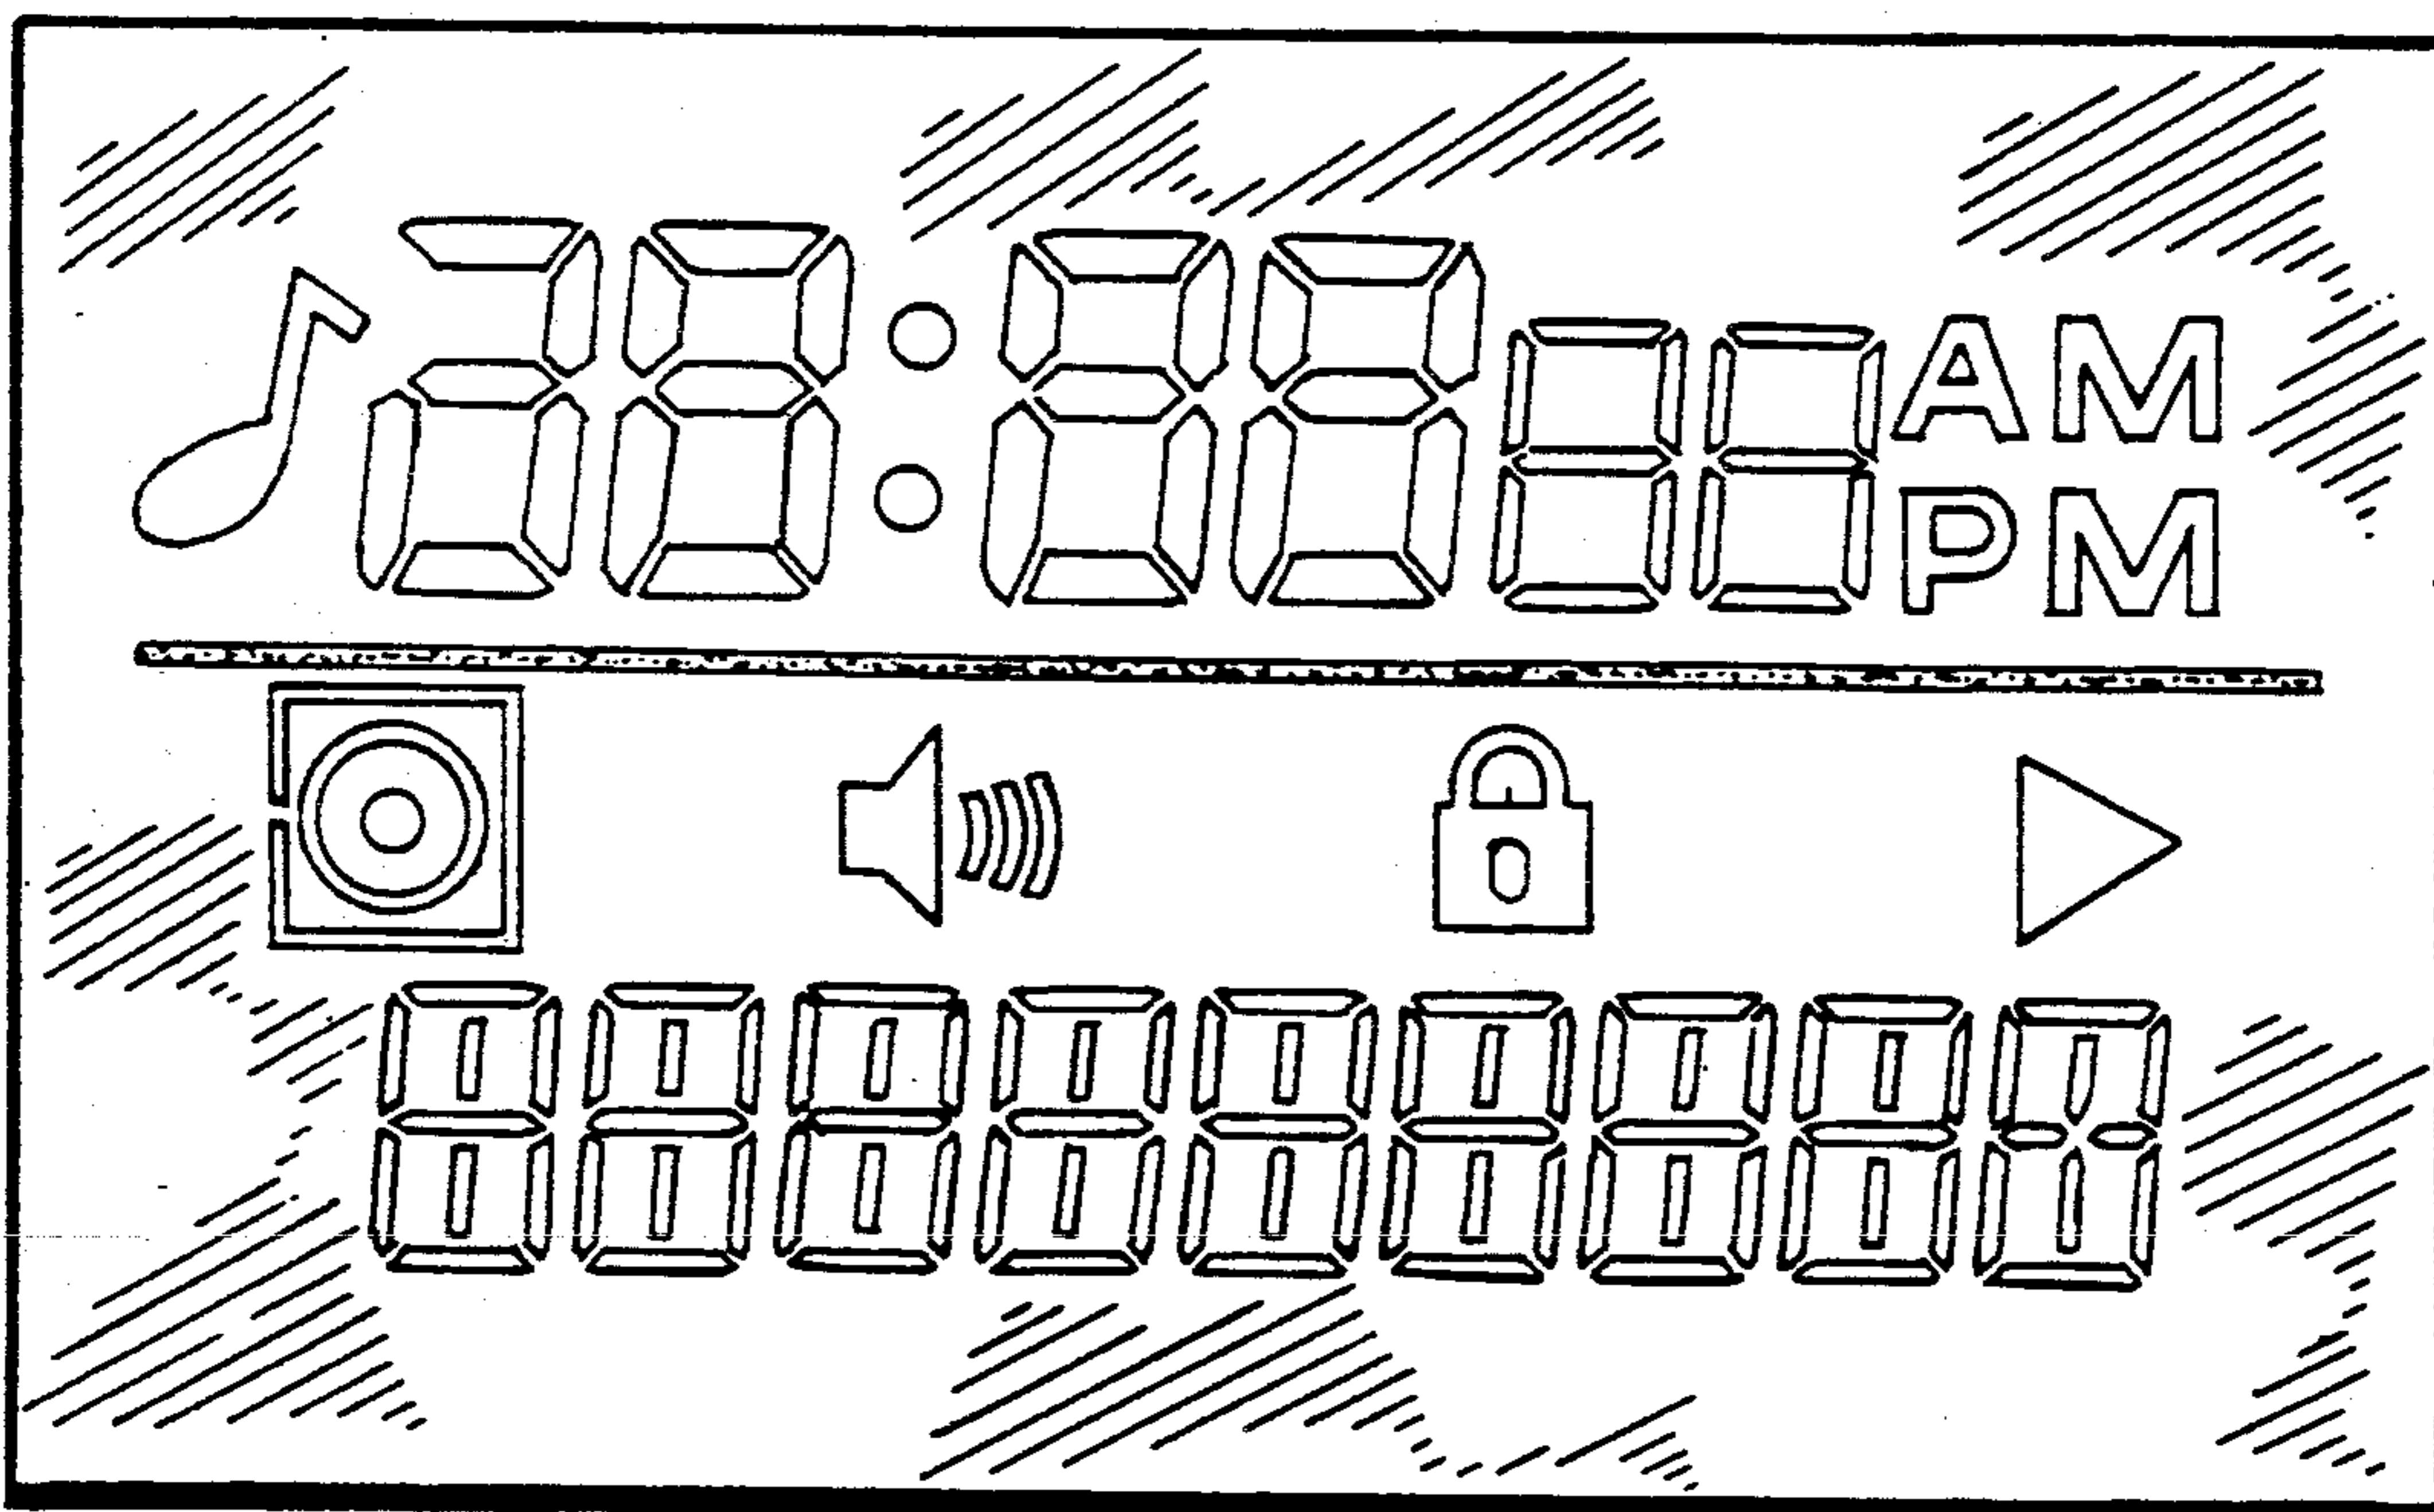

DESCRIPTION

FIG. 1 is a top plan view of a display panel for a timepiece showing our new design in a non-energized condition;

FIG. 2 is a top plan view shown in an energized condition showing one mode of operation; and

FIG. 3 is a top plan view shown in an energized condition showing an alternate mode of operation.

The bottom plan view is flat, unornamented and of no appreciable thickness.

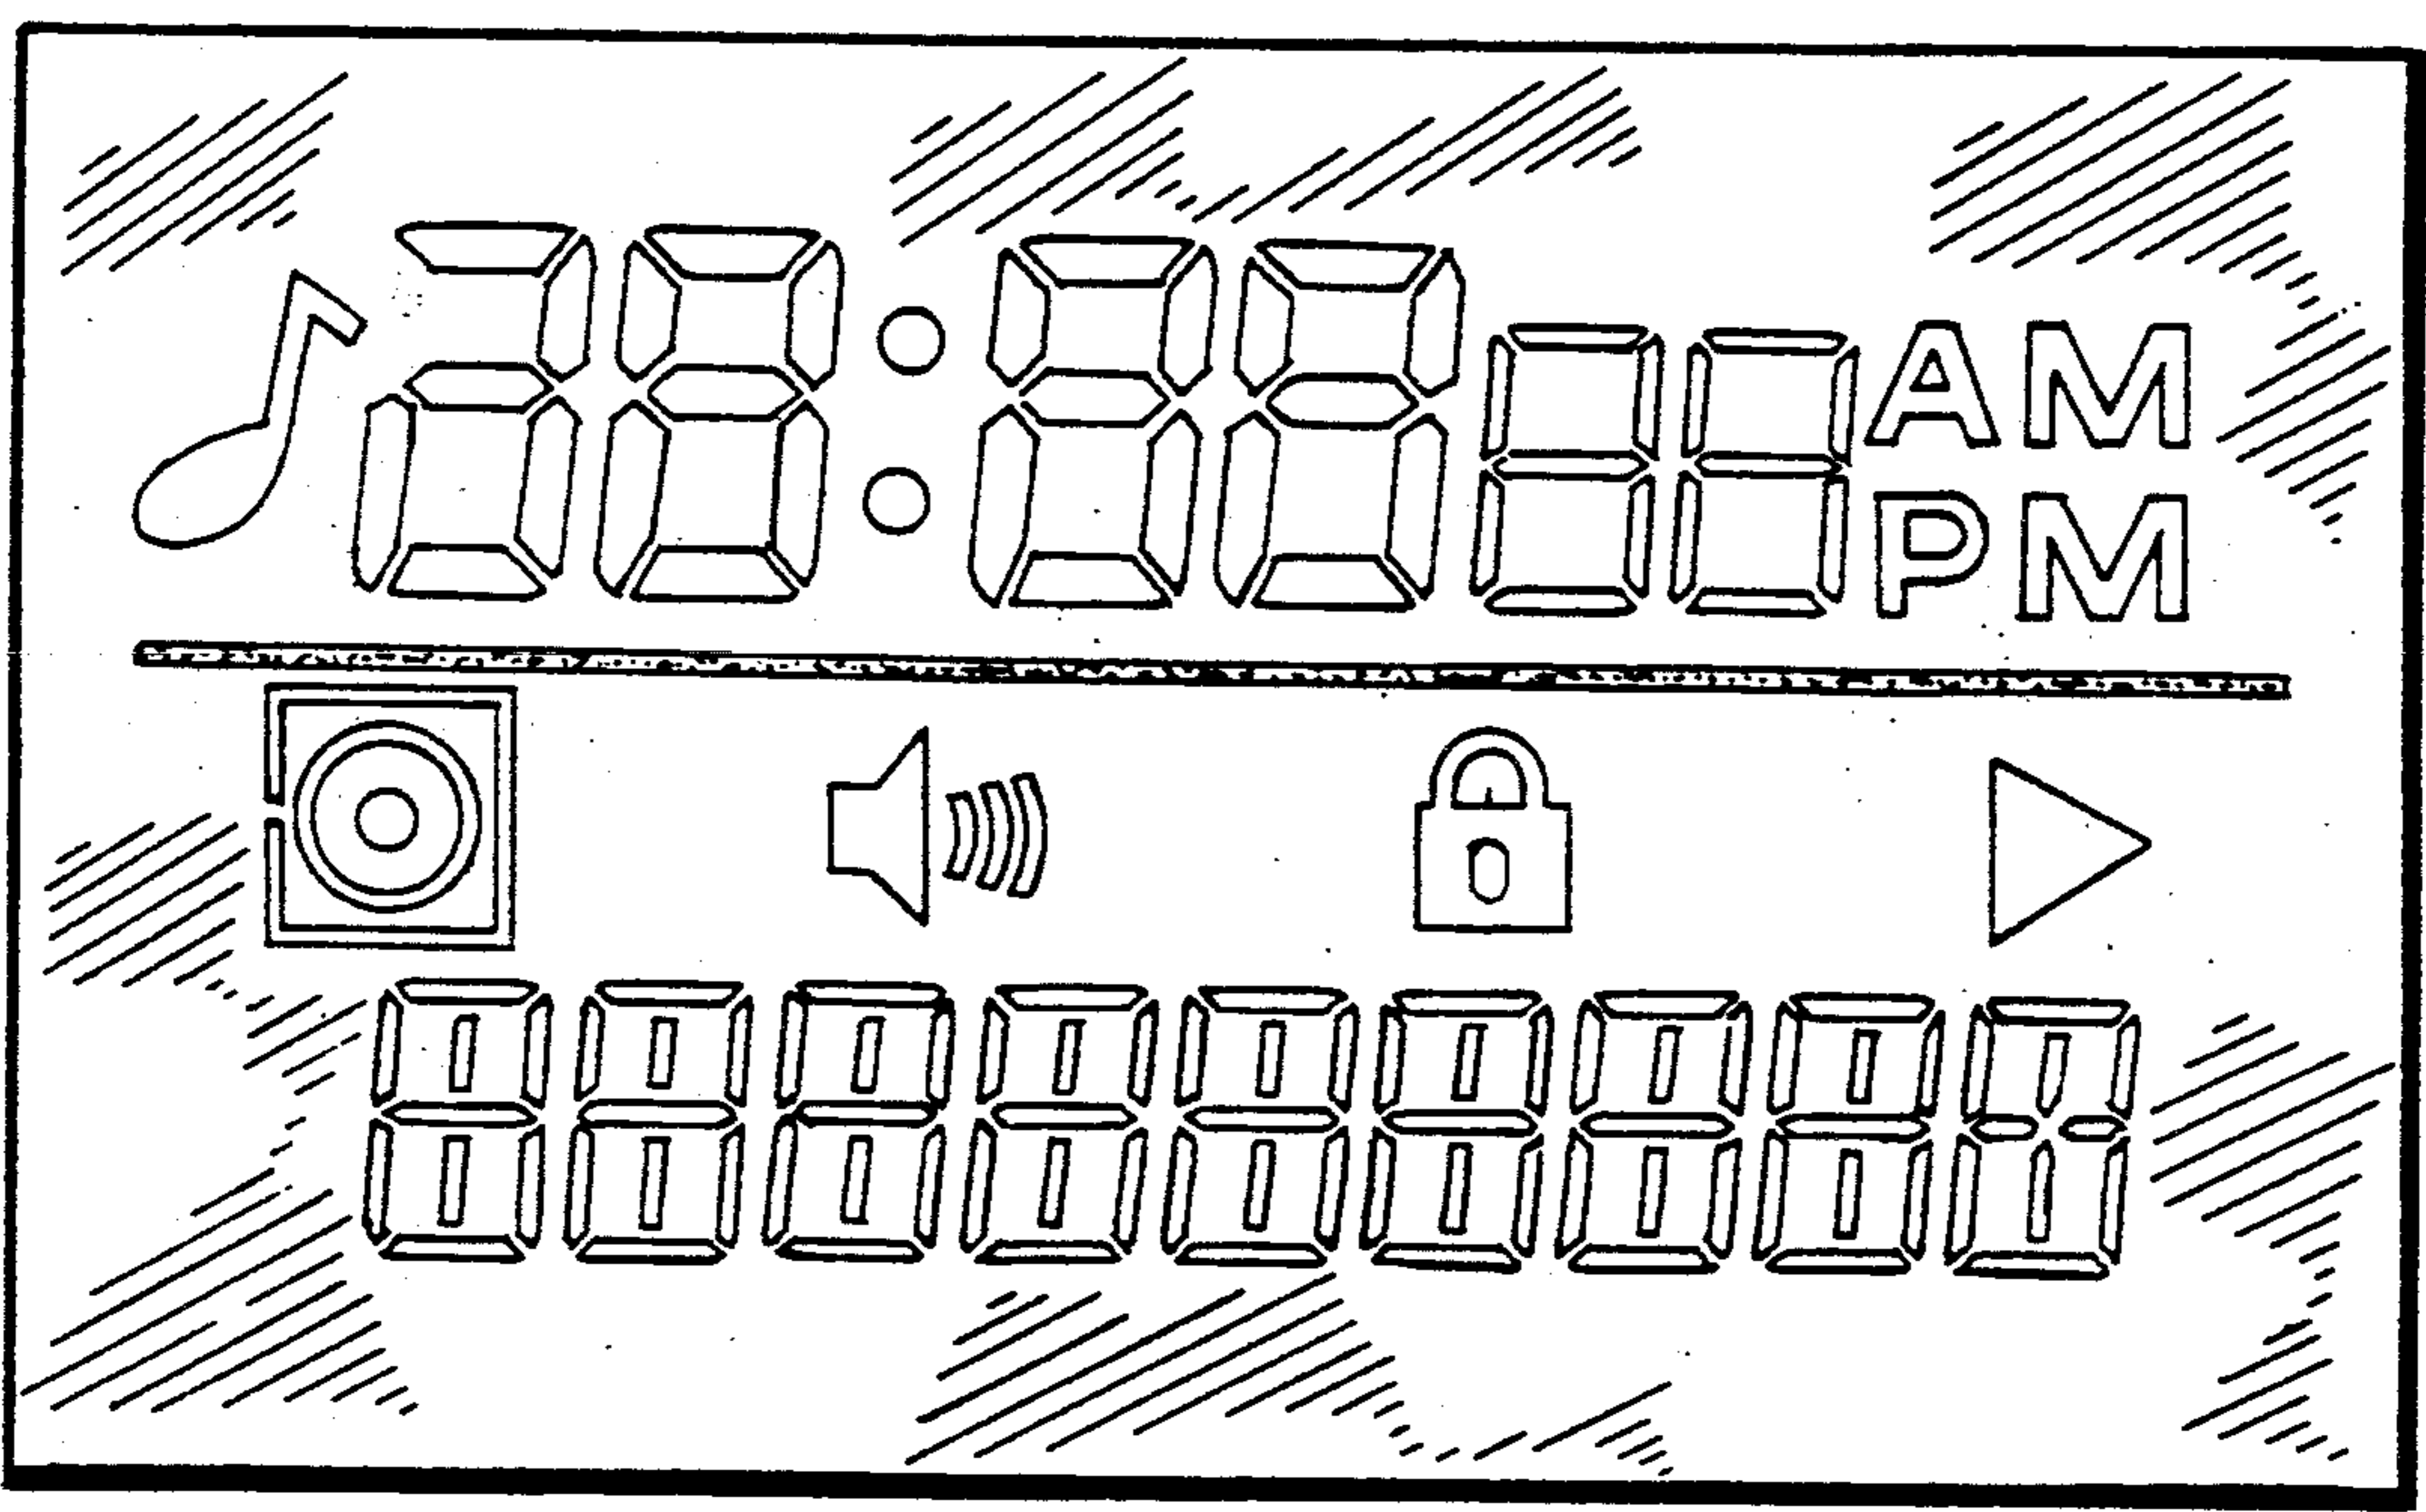

FIG. 1

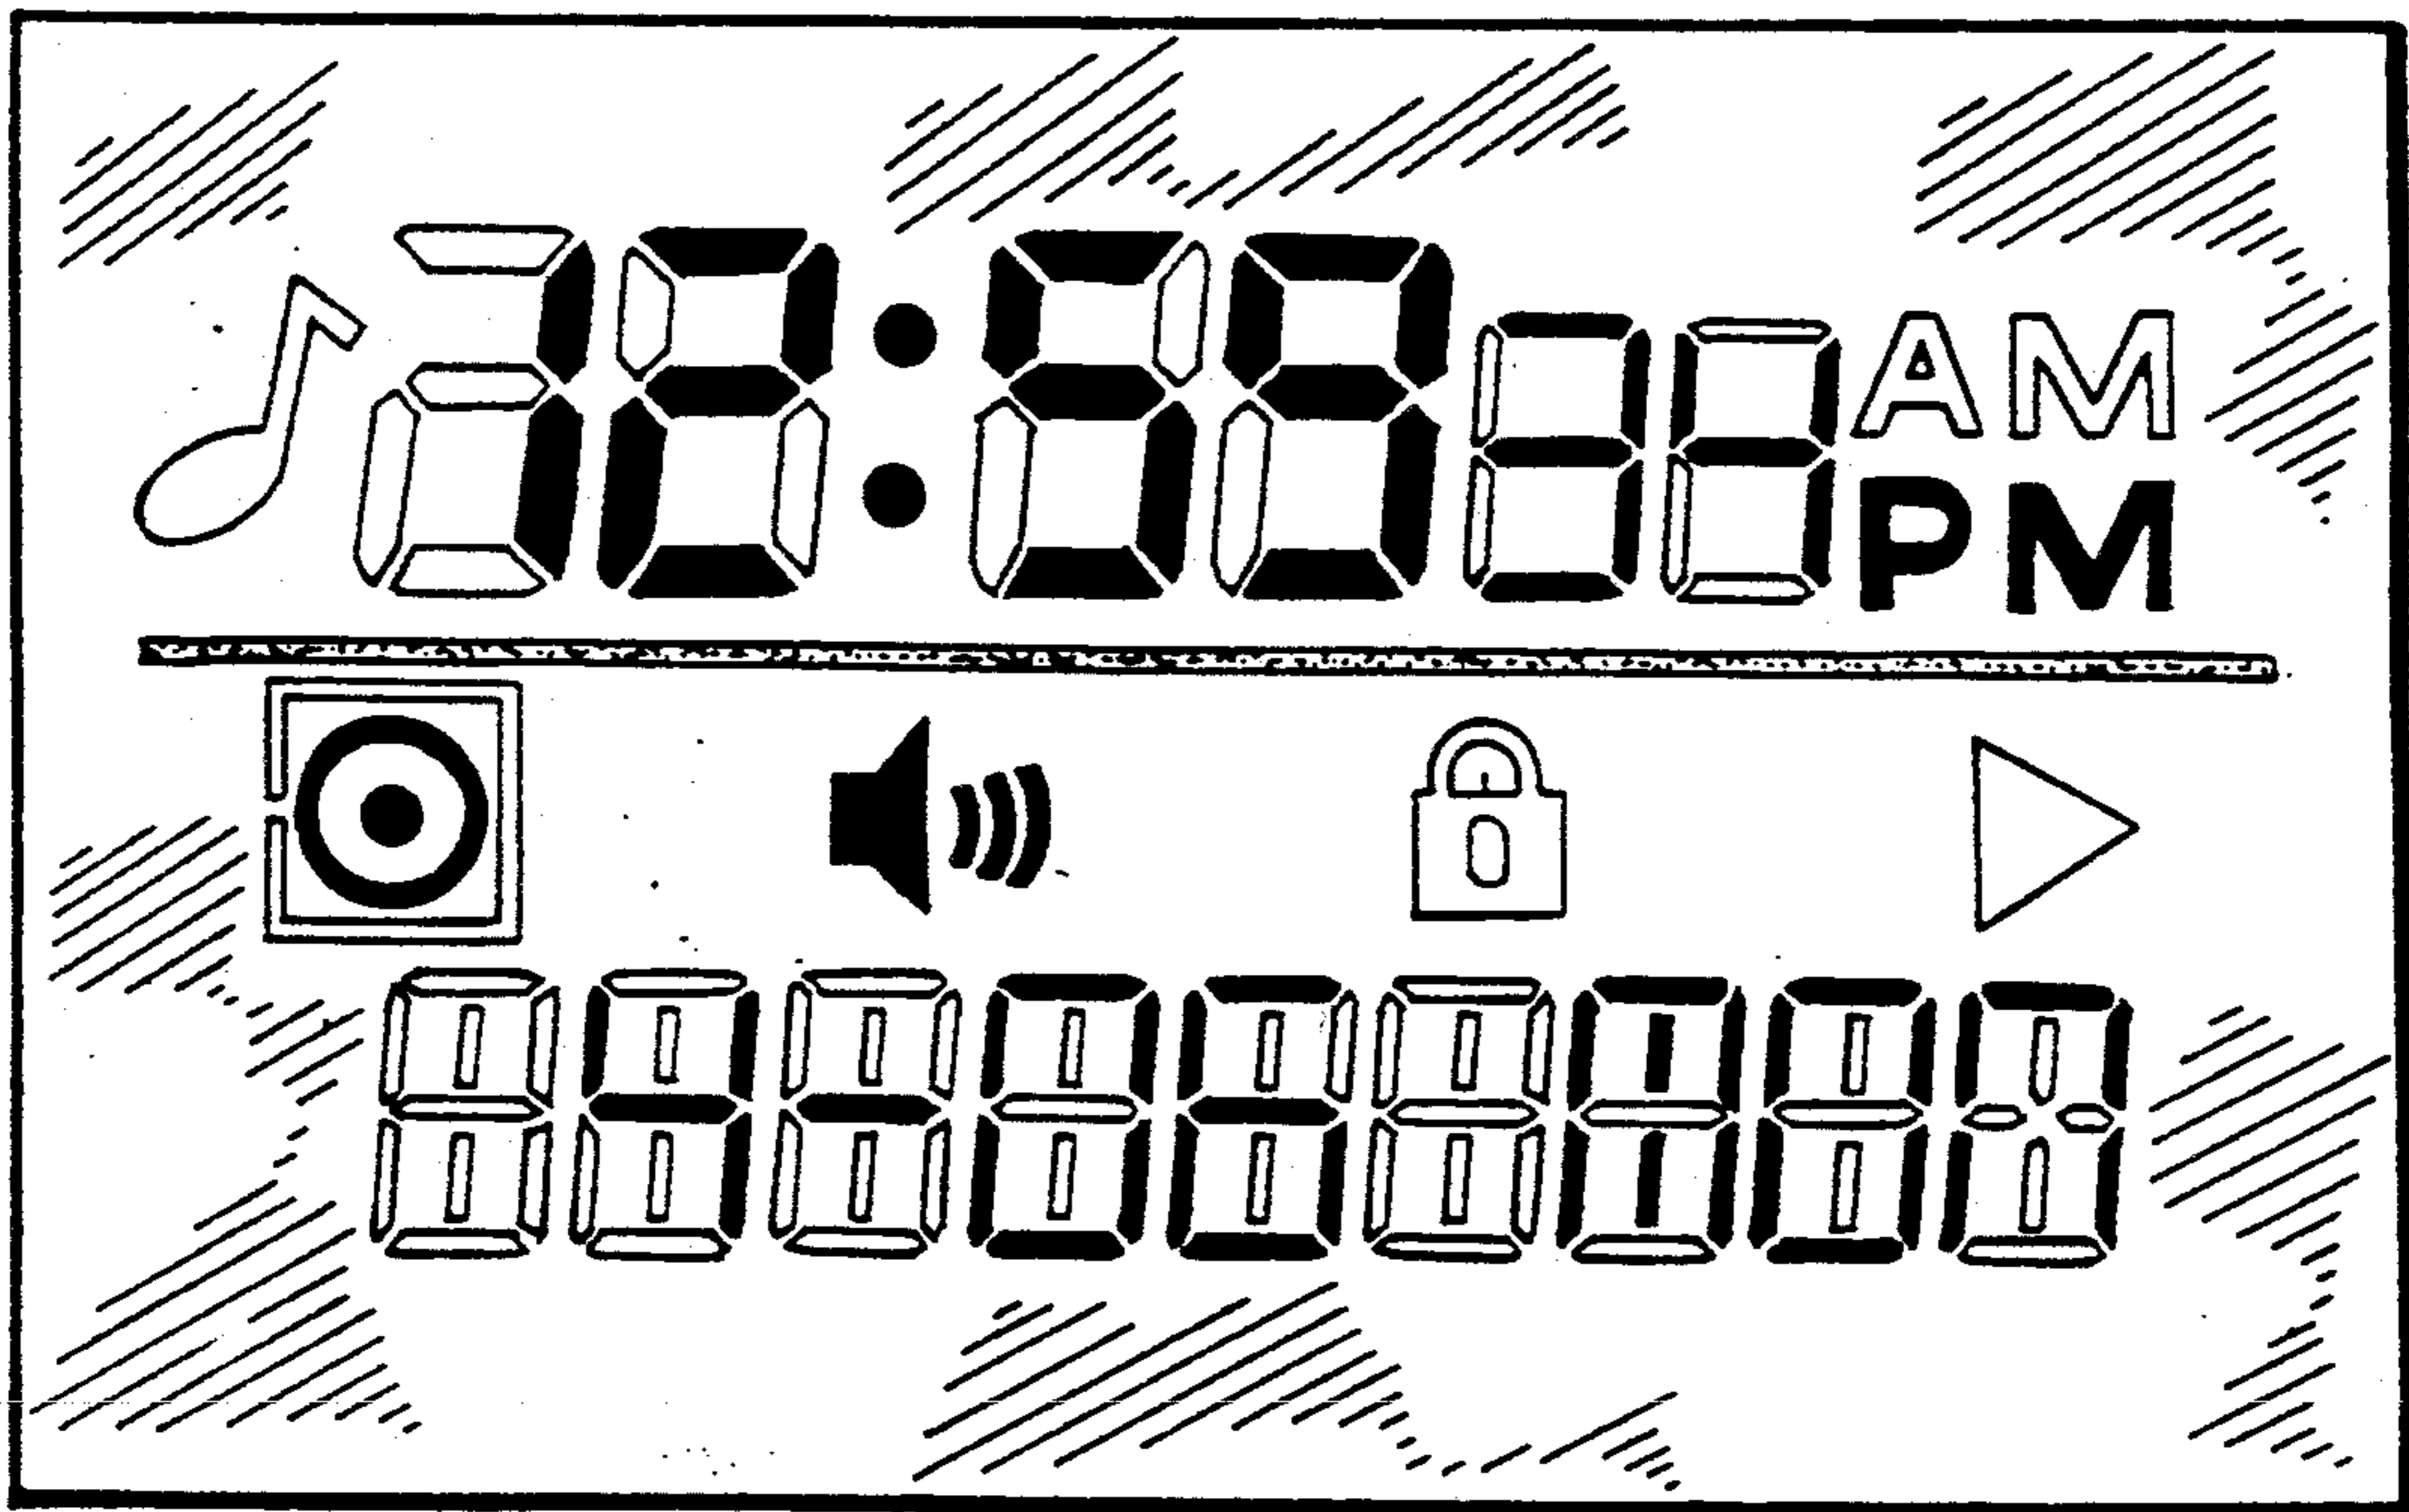

FIG. 2

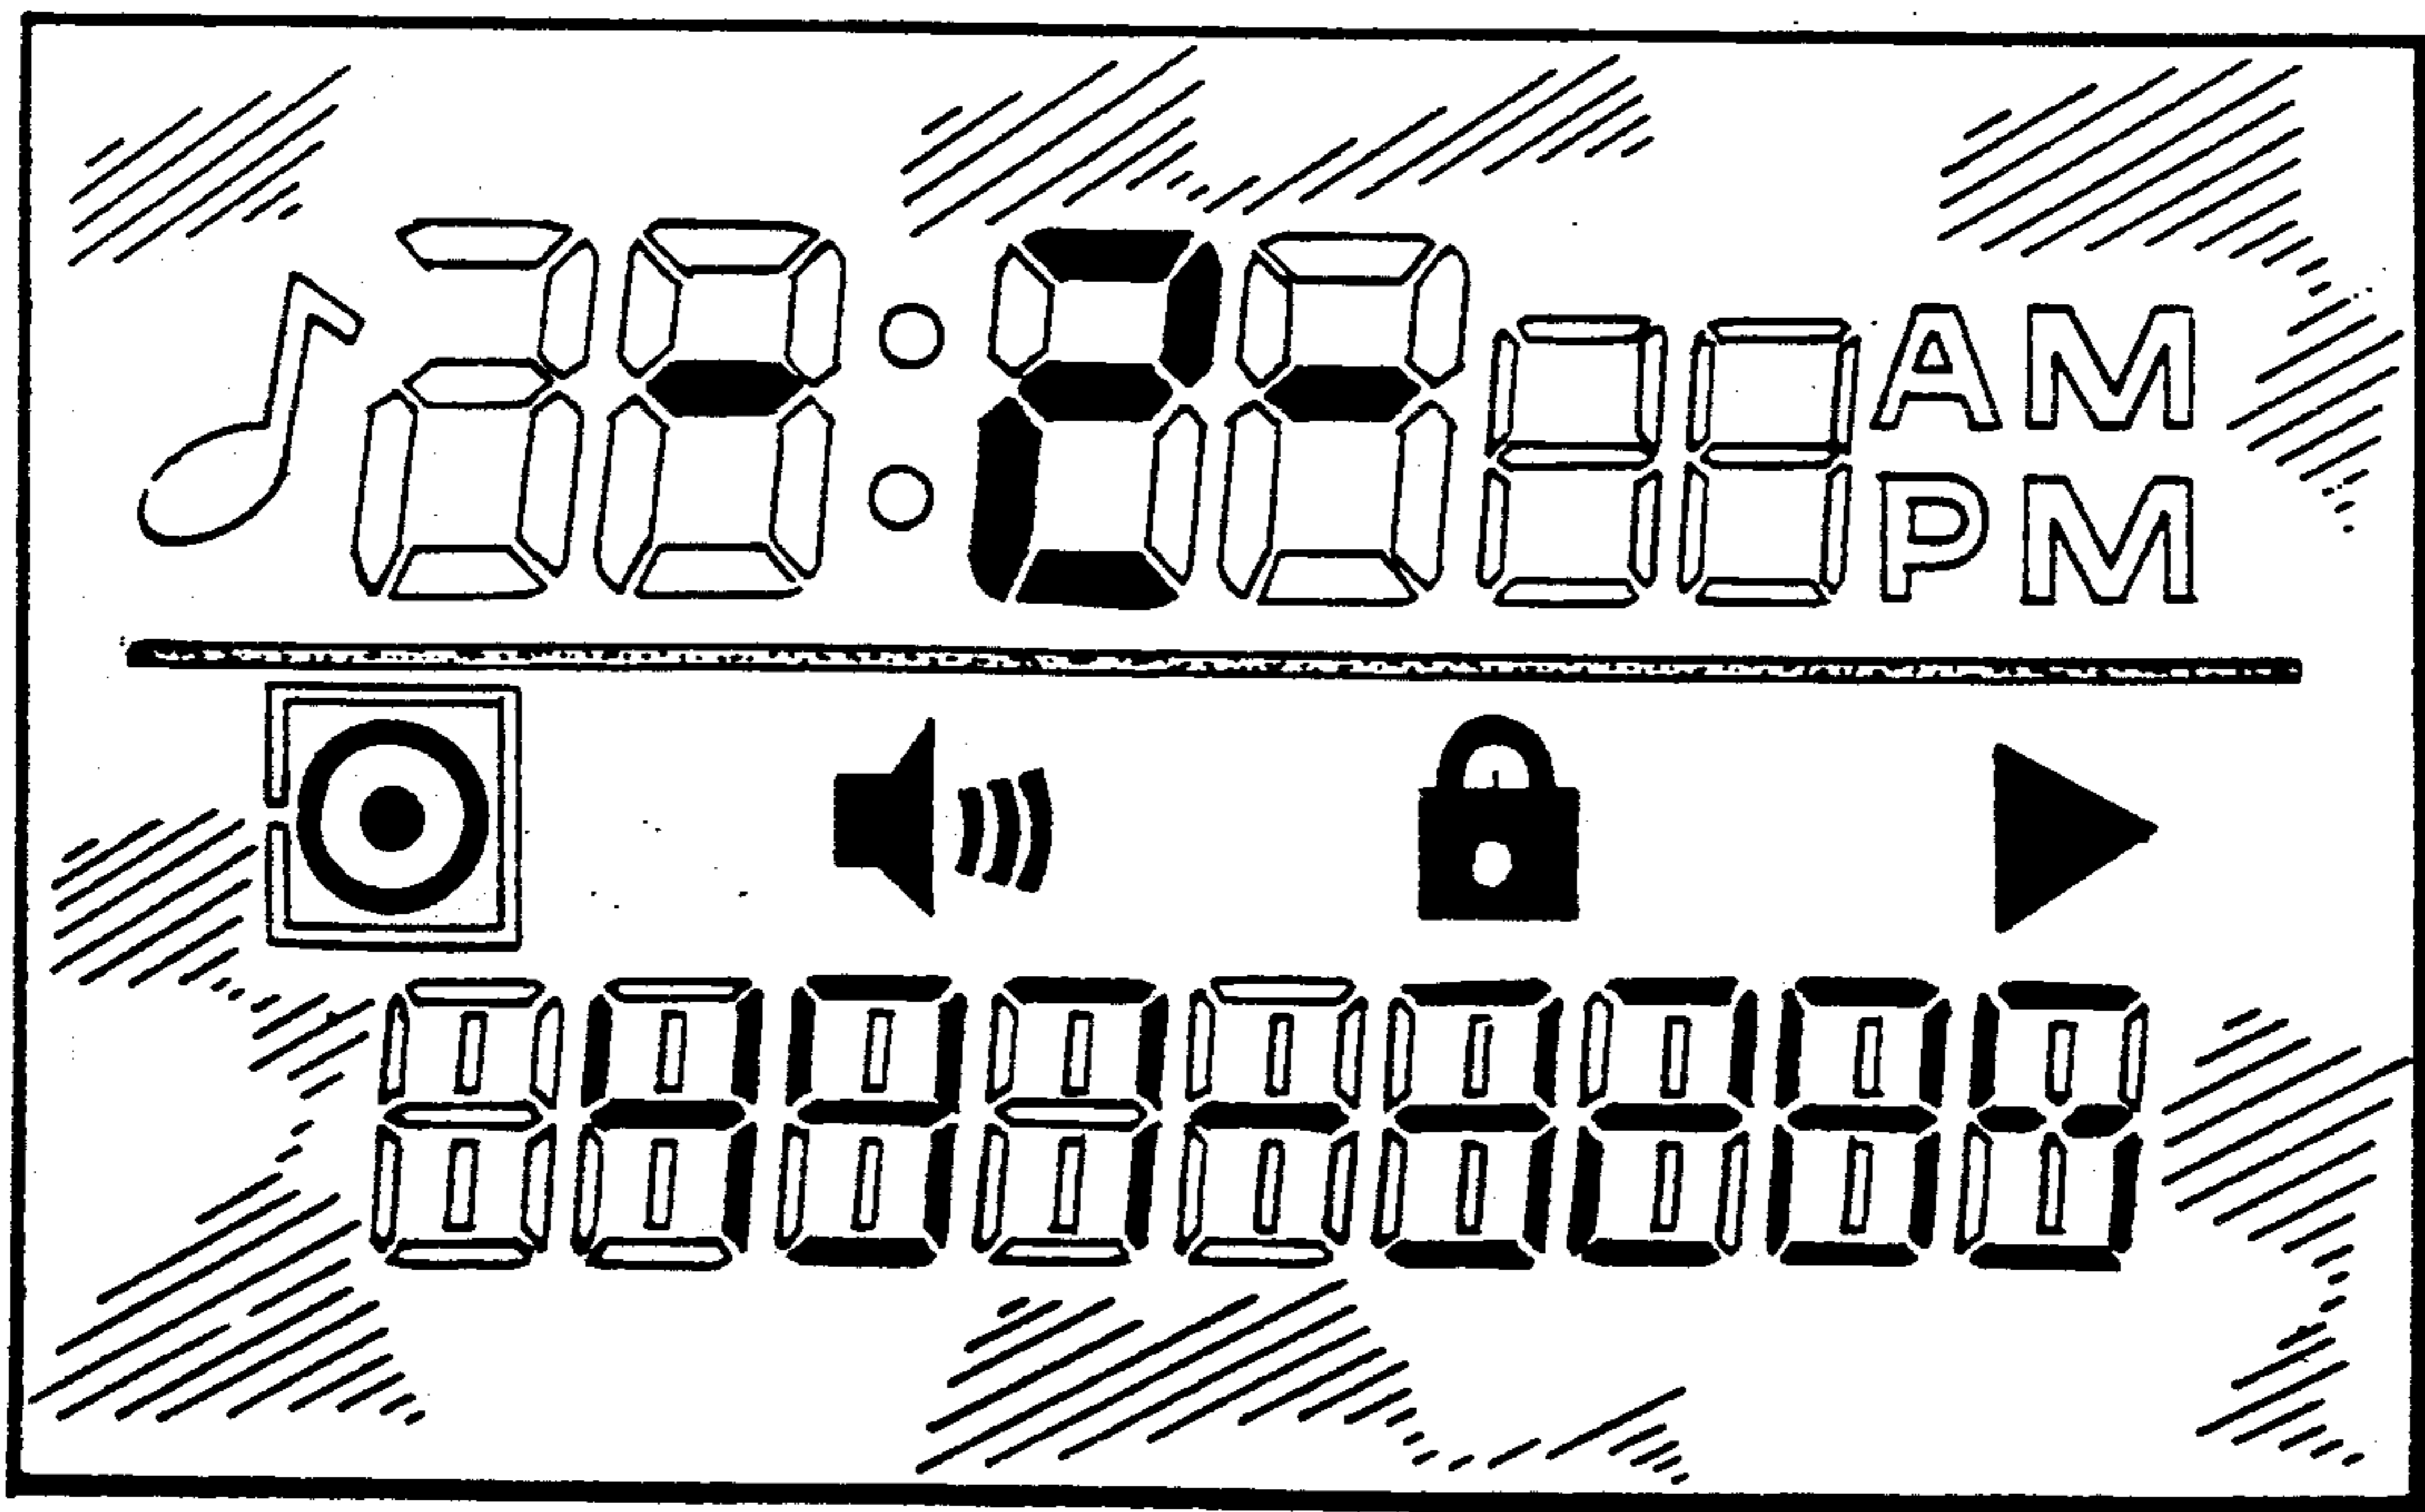

FIG. 3
