DESCRIPTION

FIG. 1 is a top, front and right side perspective view of a telephone station having a touch-screen display showing our new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a left-side elevational view thereof;
FIG. 4 is a right-side elevational view thereof;
FIG. 5 is a front elevational view thereof; and
FIG. 6 is a rear elevational view thereof.
The broken line showing of a telephone handset and cord are for illustrative purposes only, and form no part of the claimed design.
