[57] **CLAIM**

The ornamental design for a package for confectionery products or the like, as shown and described.

DESCRIPTION

FIG. 1 is a left side elevation of a package for confectionery products or the like showing my new design; the right side elevation being a mirror image thereof; FIG. 2 is a front elevation thereof; the rear elevation being a mirror image thereof; FIG. 3 is a top plan view thereof; and FIG. 4 is a perspective view thereof. The characteristic feature of the design resides in the opening in on the top of the package. The bottom is plain and unornamented.
