[57] CLAIM

The ornamental design for a combined aerial toy and tether therefor, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a combined aerial toy and tether therefor showing our new design; FIG. 2 is a top plan view thereof; FIG. 3 is another front perspective view thereof showing portions of the aerial toy in broken lines for ease of illustration; and FIG. 4 is a front perspective view of a modified embodiment of the design shown in FIGS. 1 through 3. Portions of the tether member have been shown in fragment to indicate indeterminant length.

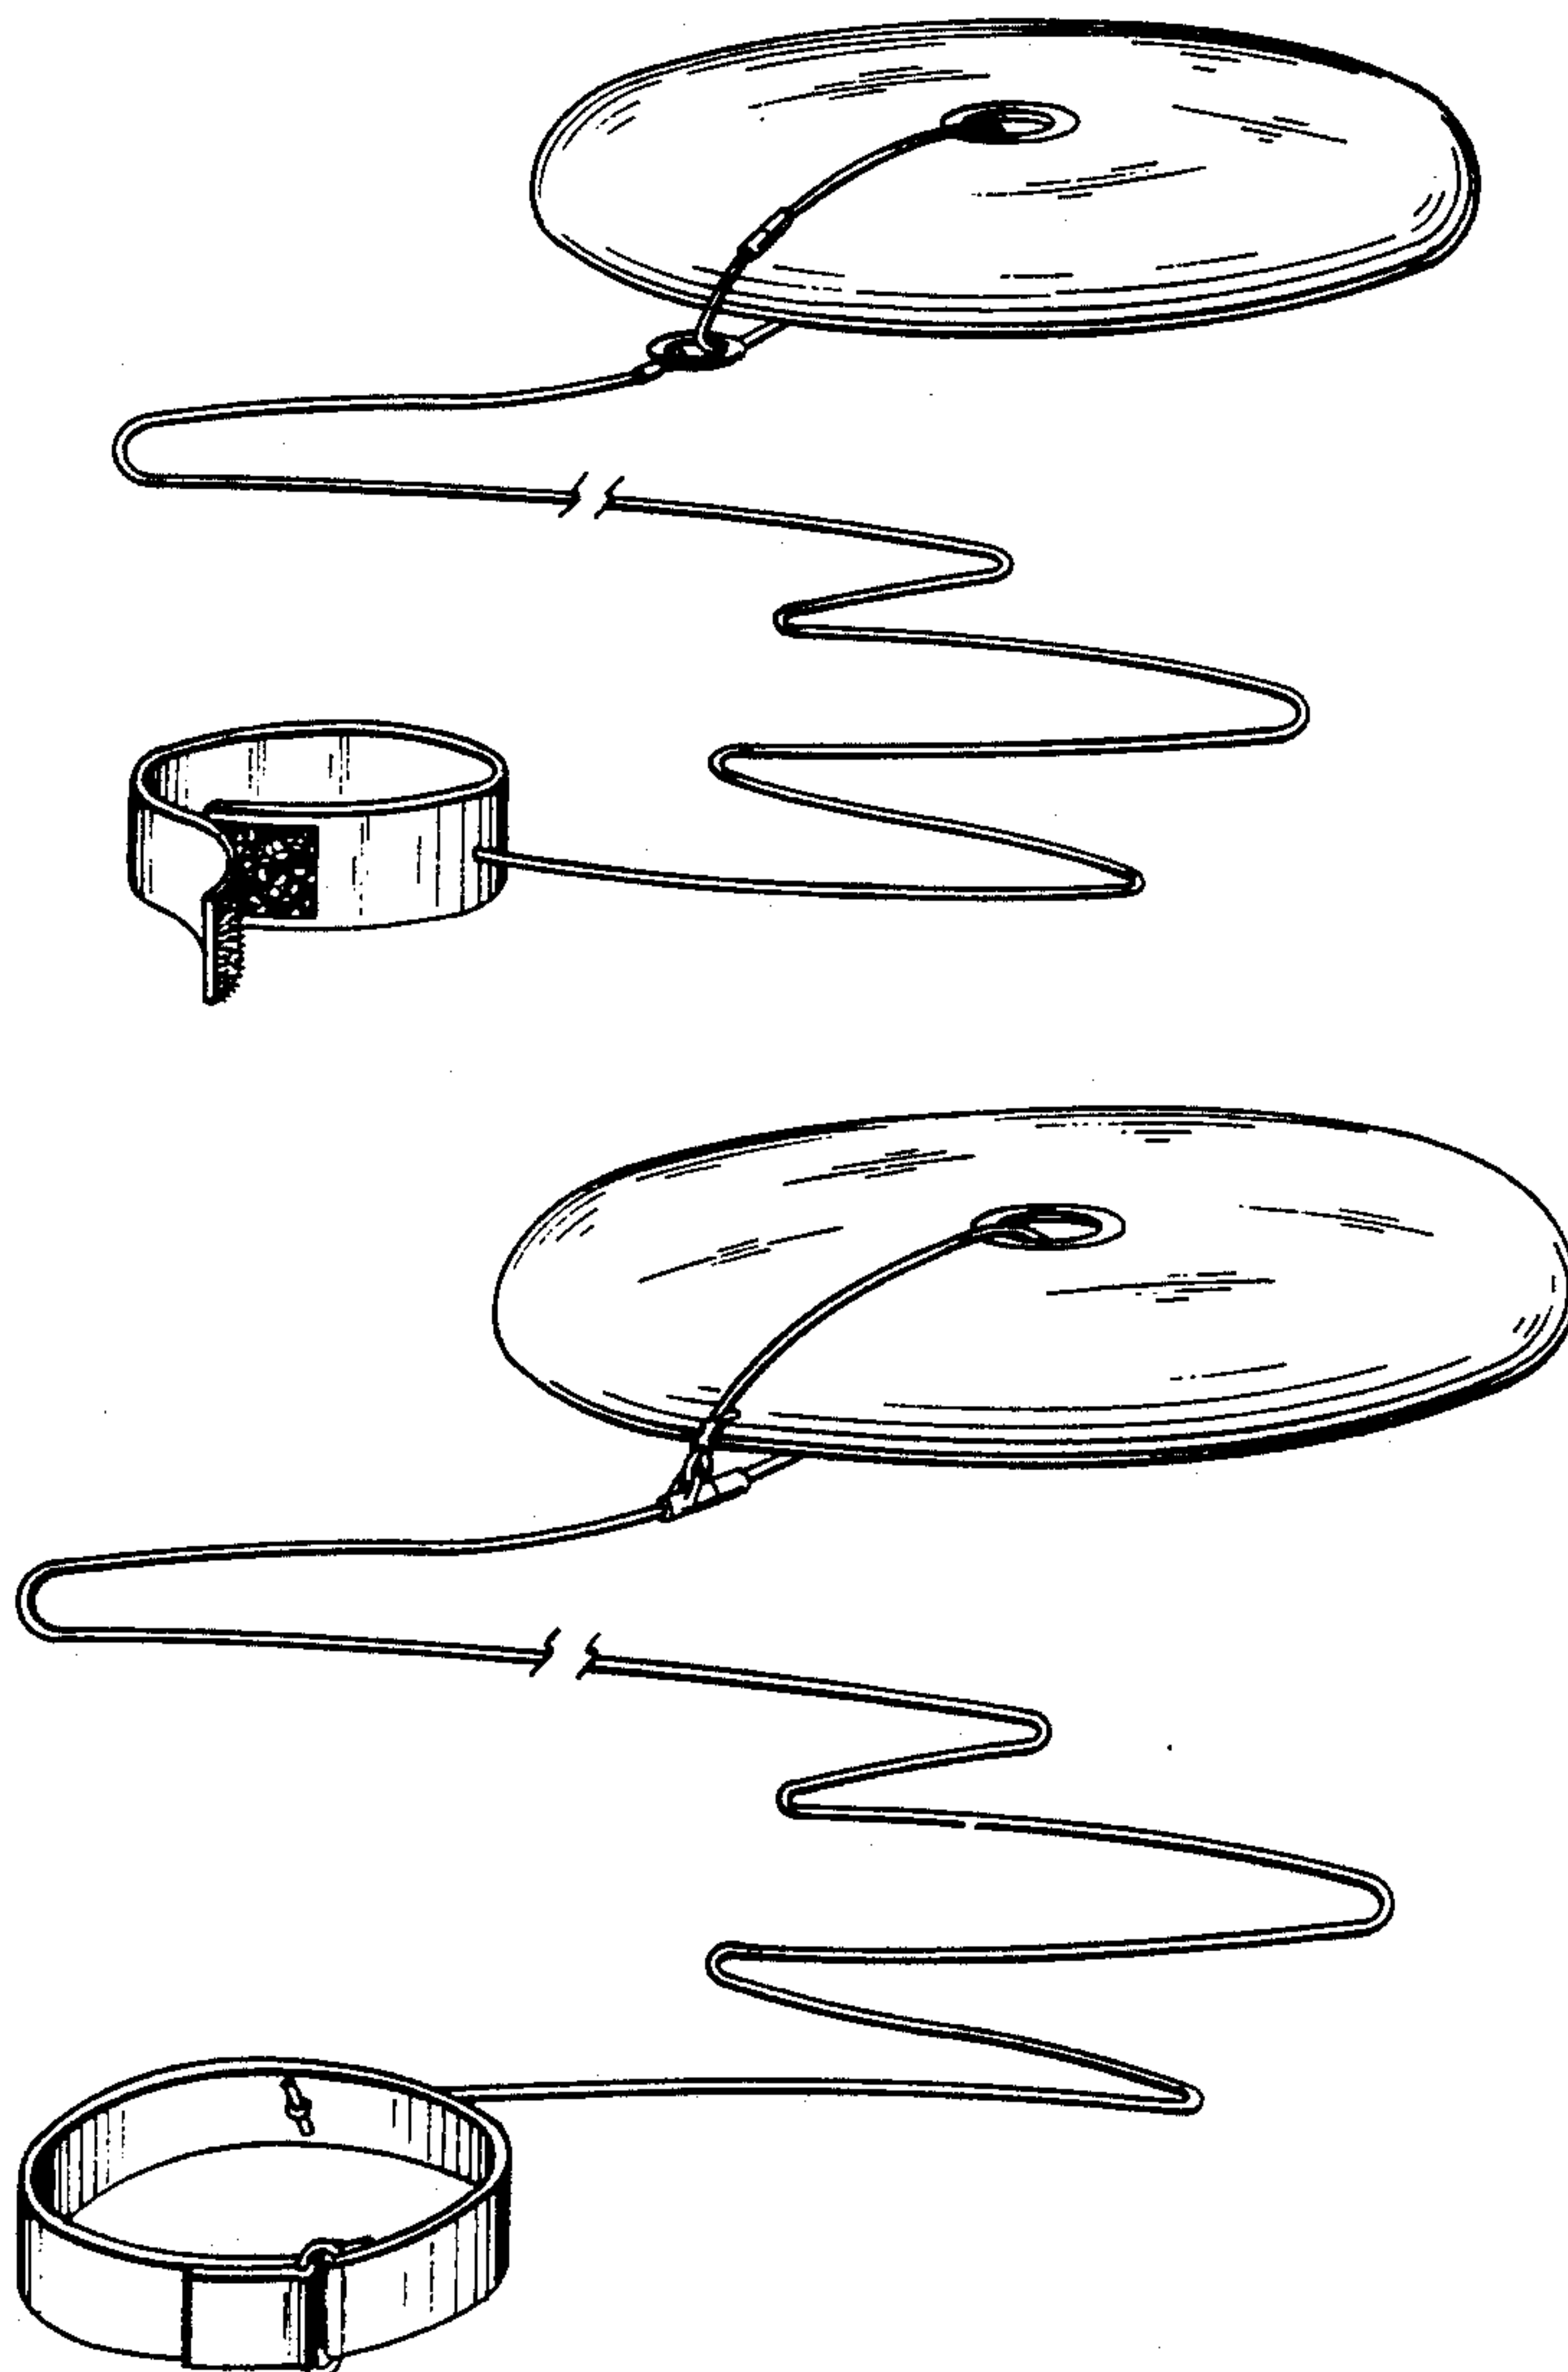

FIG. 1

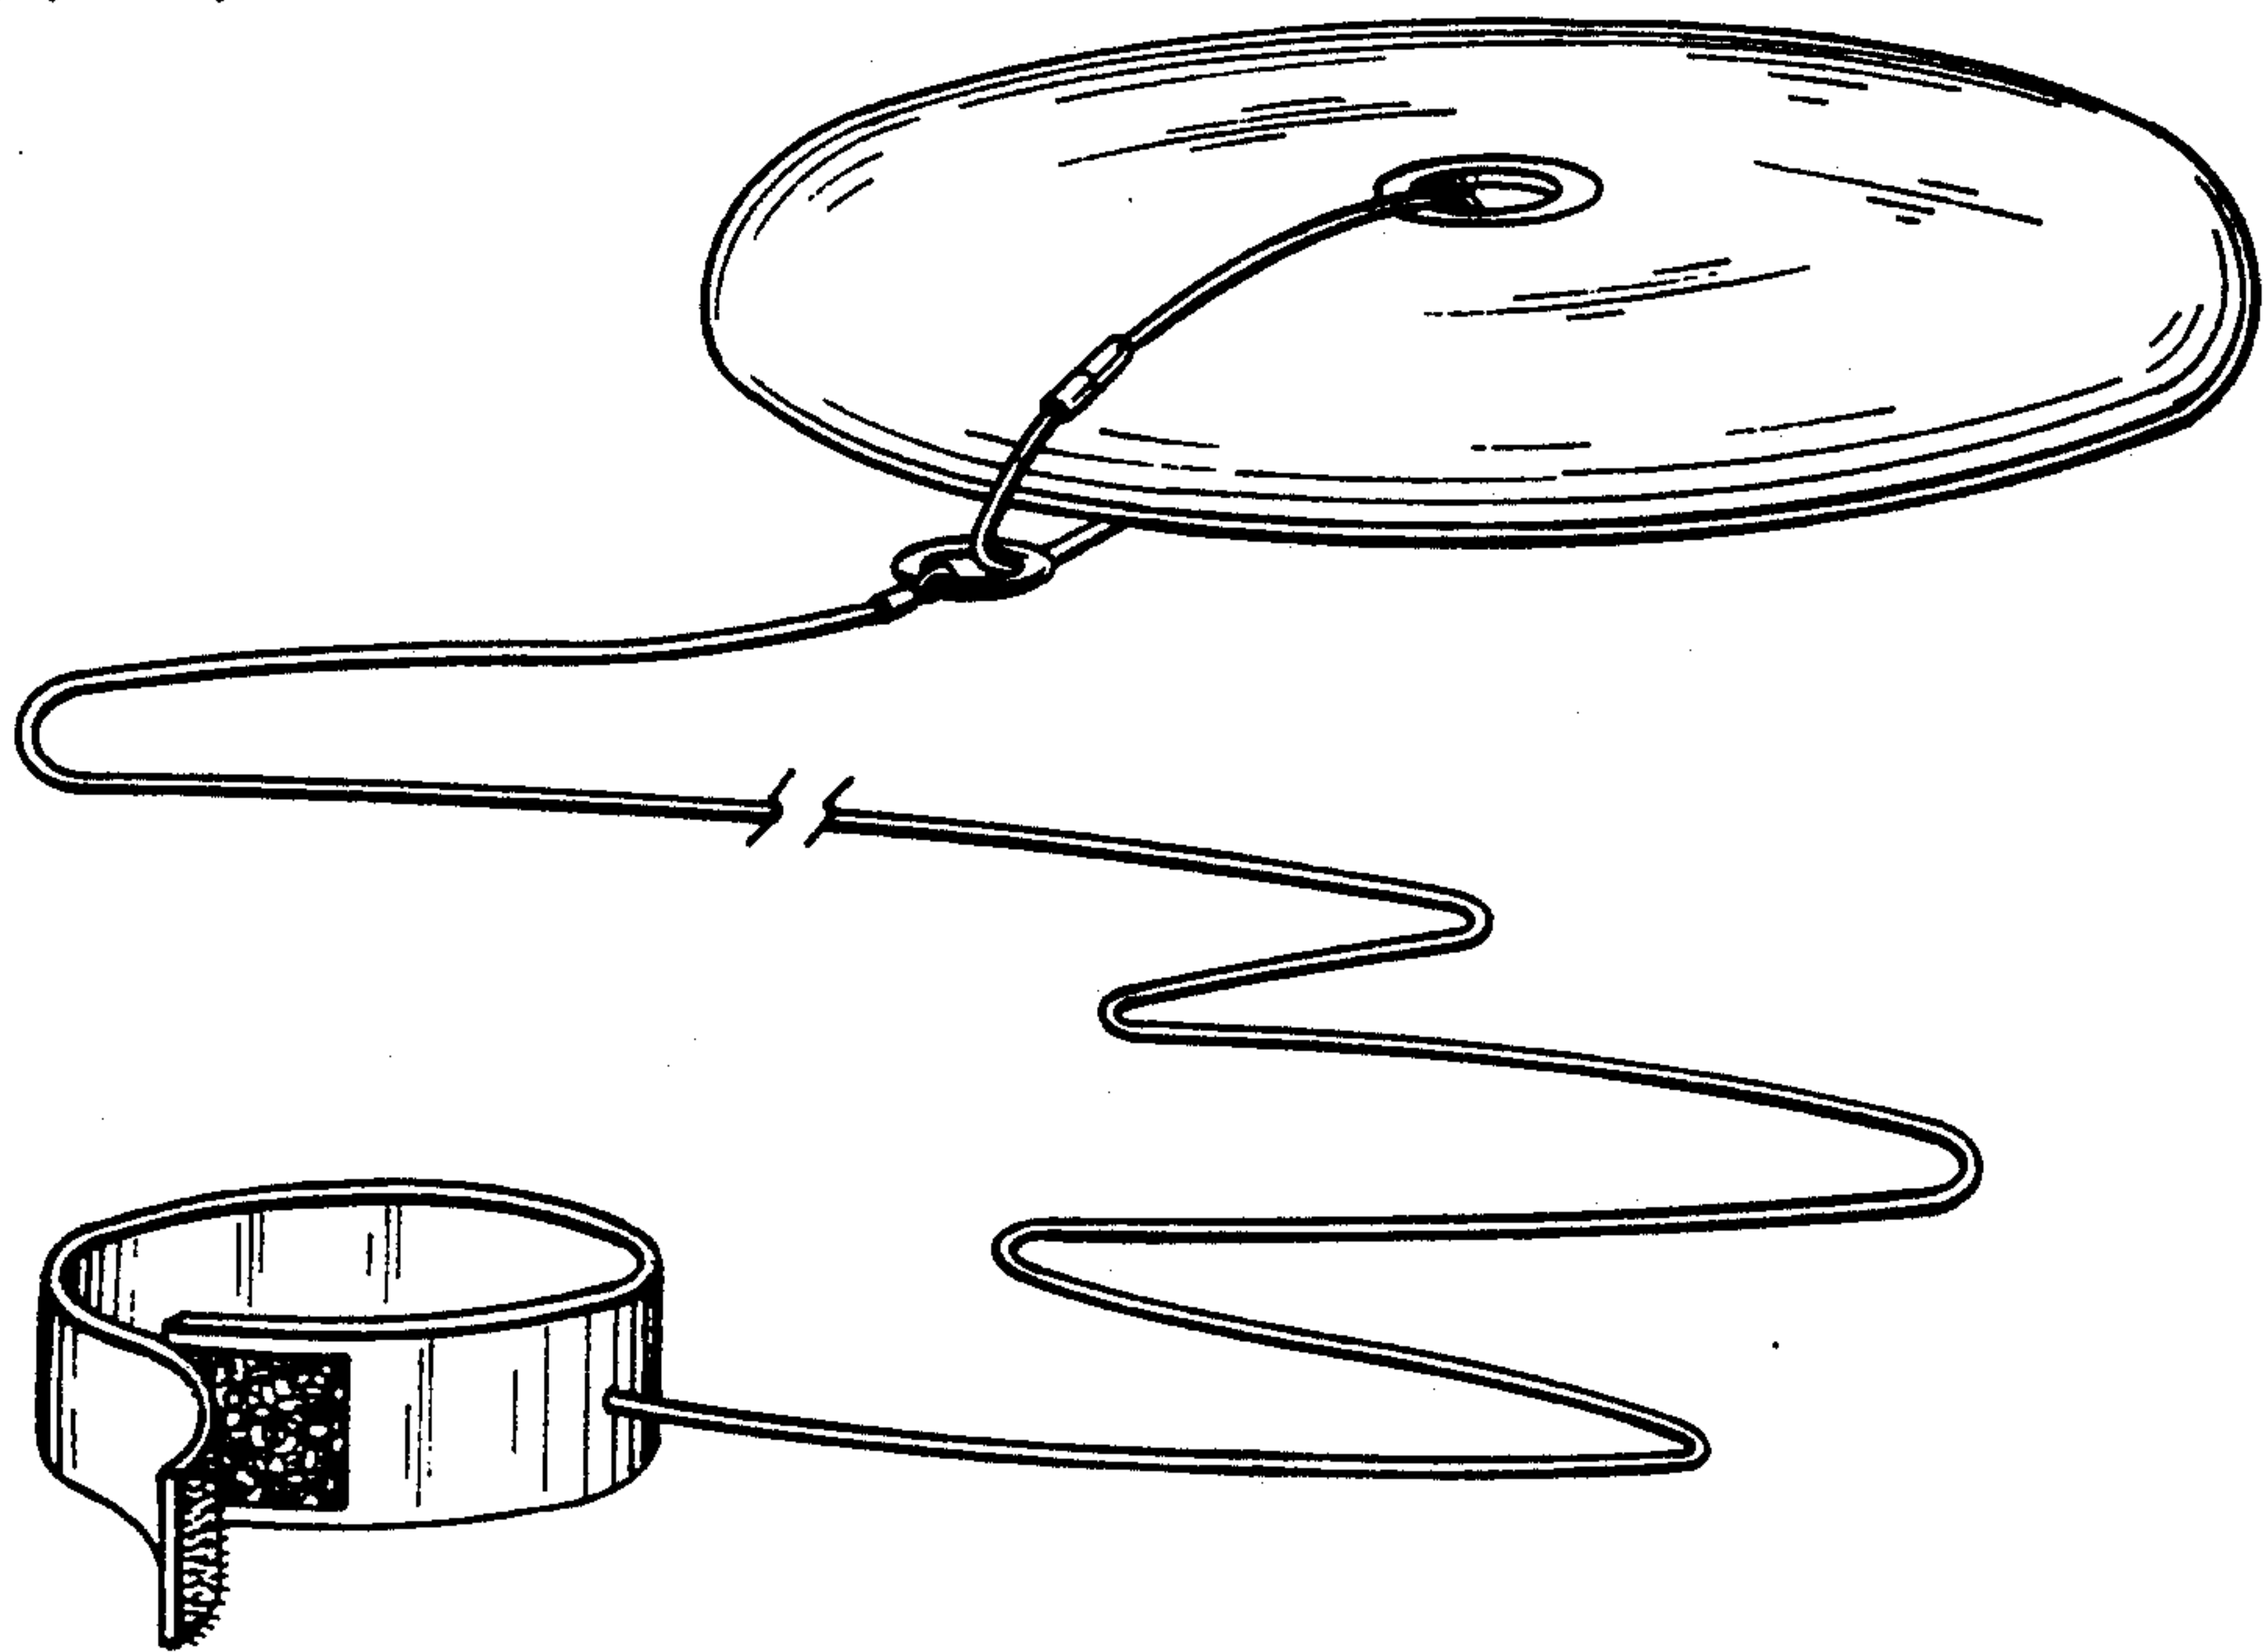

FIG. 2

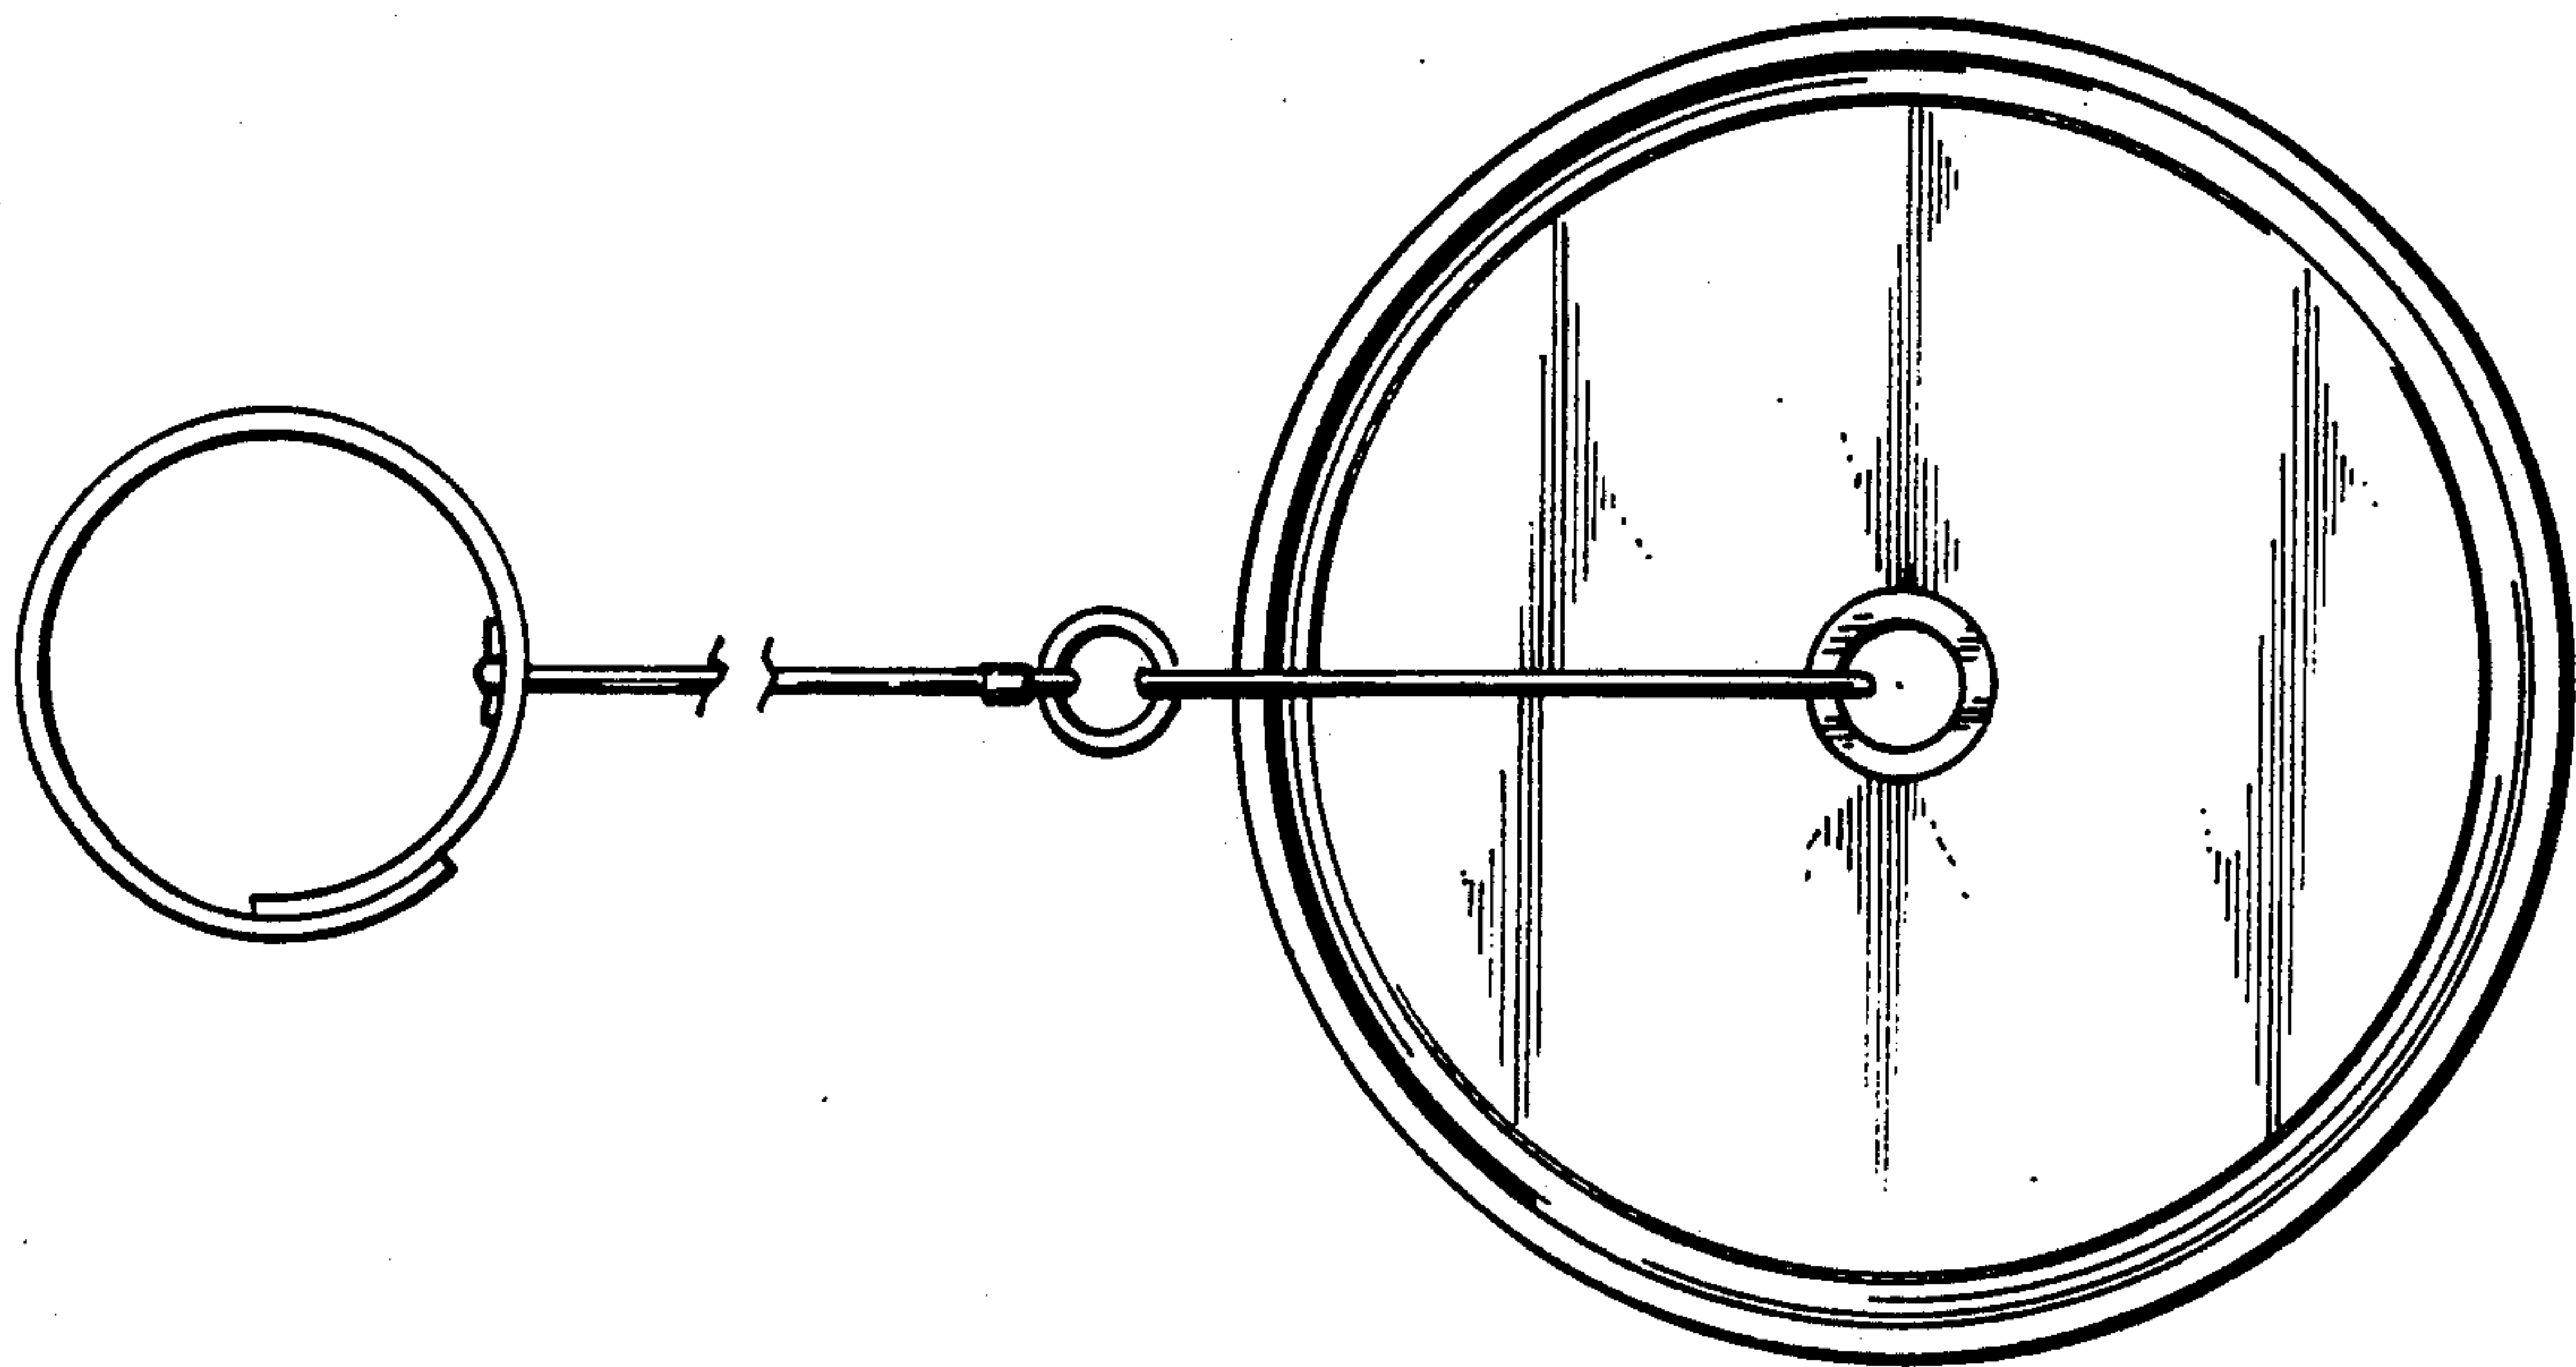

FIG. 3

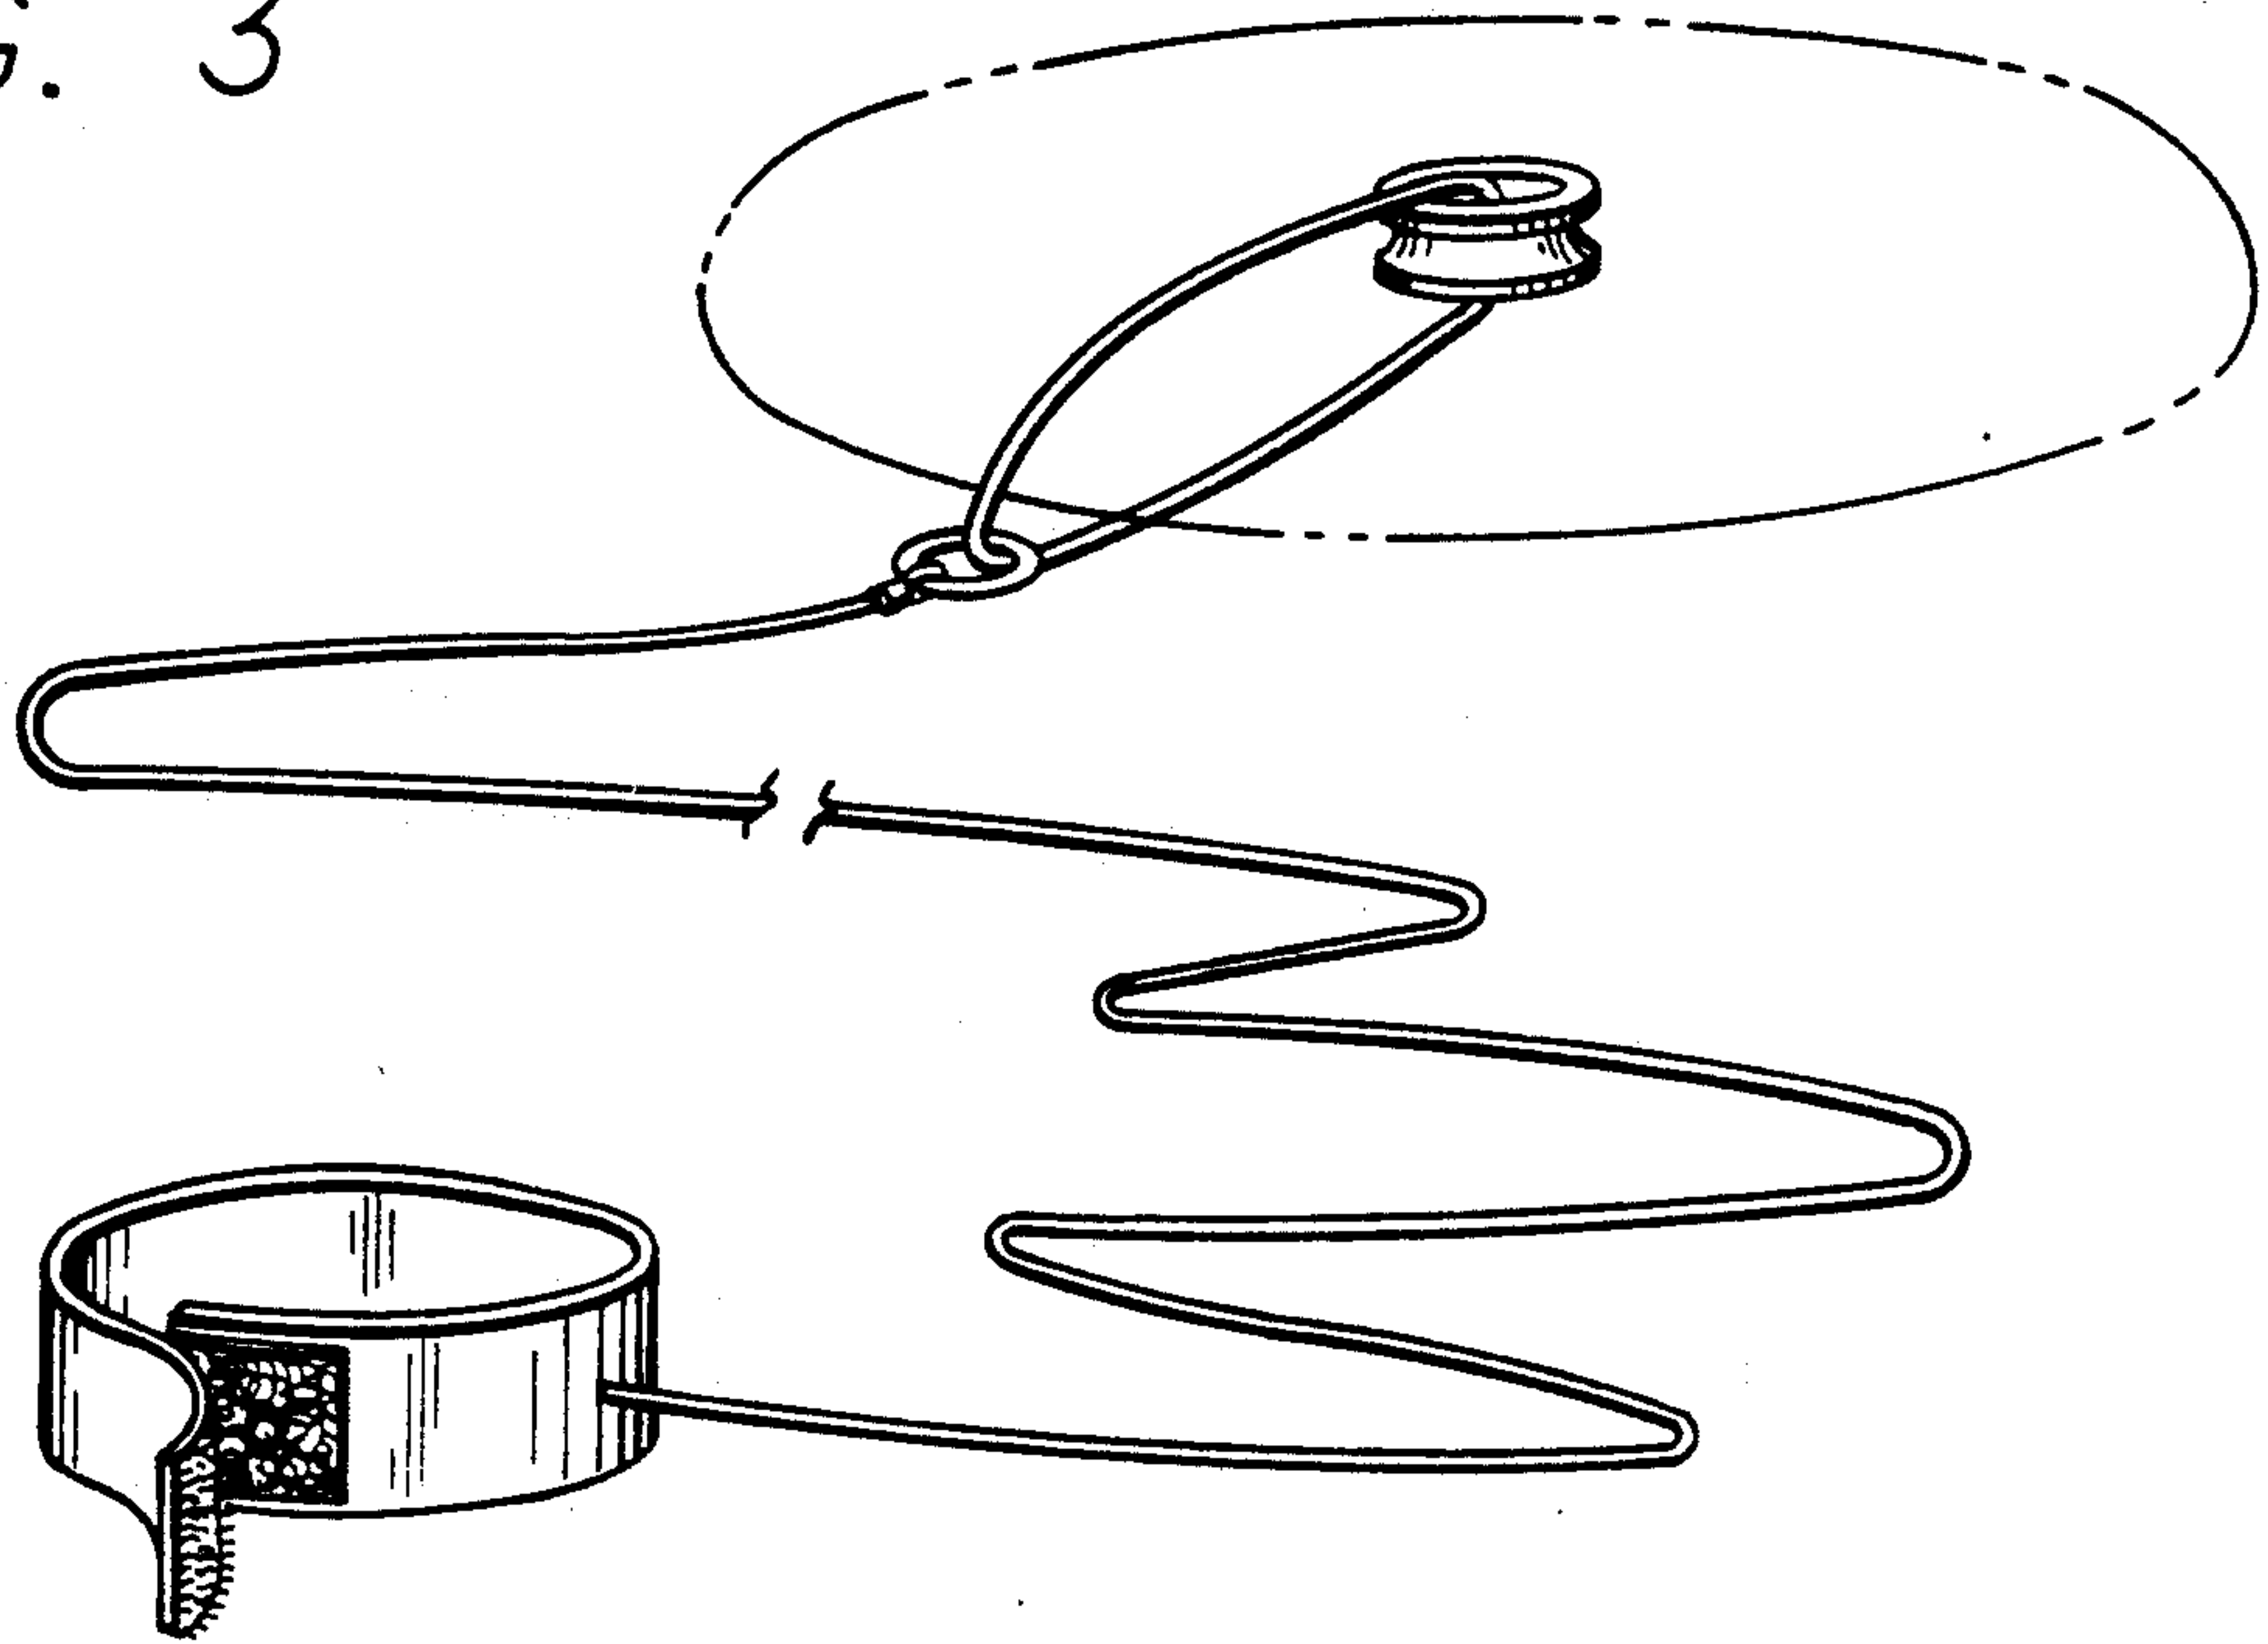

FIG. 4
