### [57] CLAIM

The ornamental design for a combined vented closure and capped straw, as shown and described.

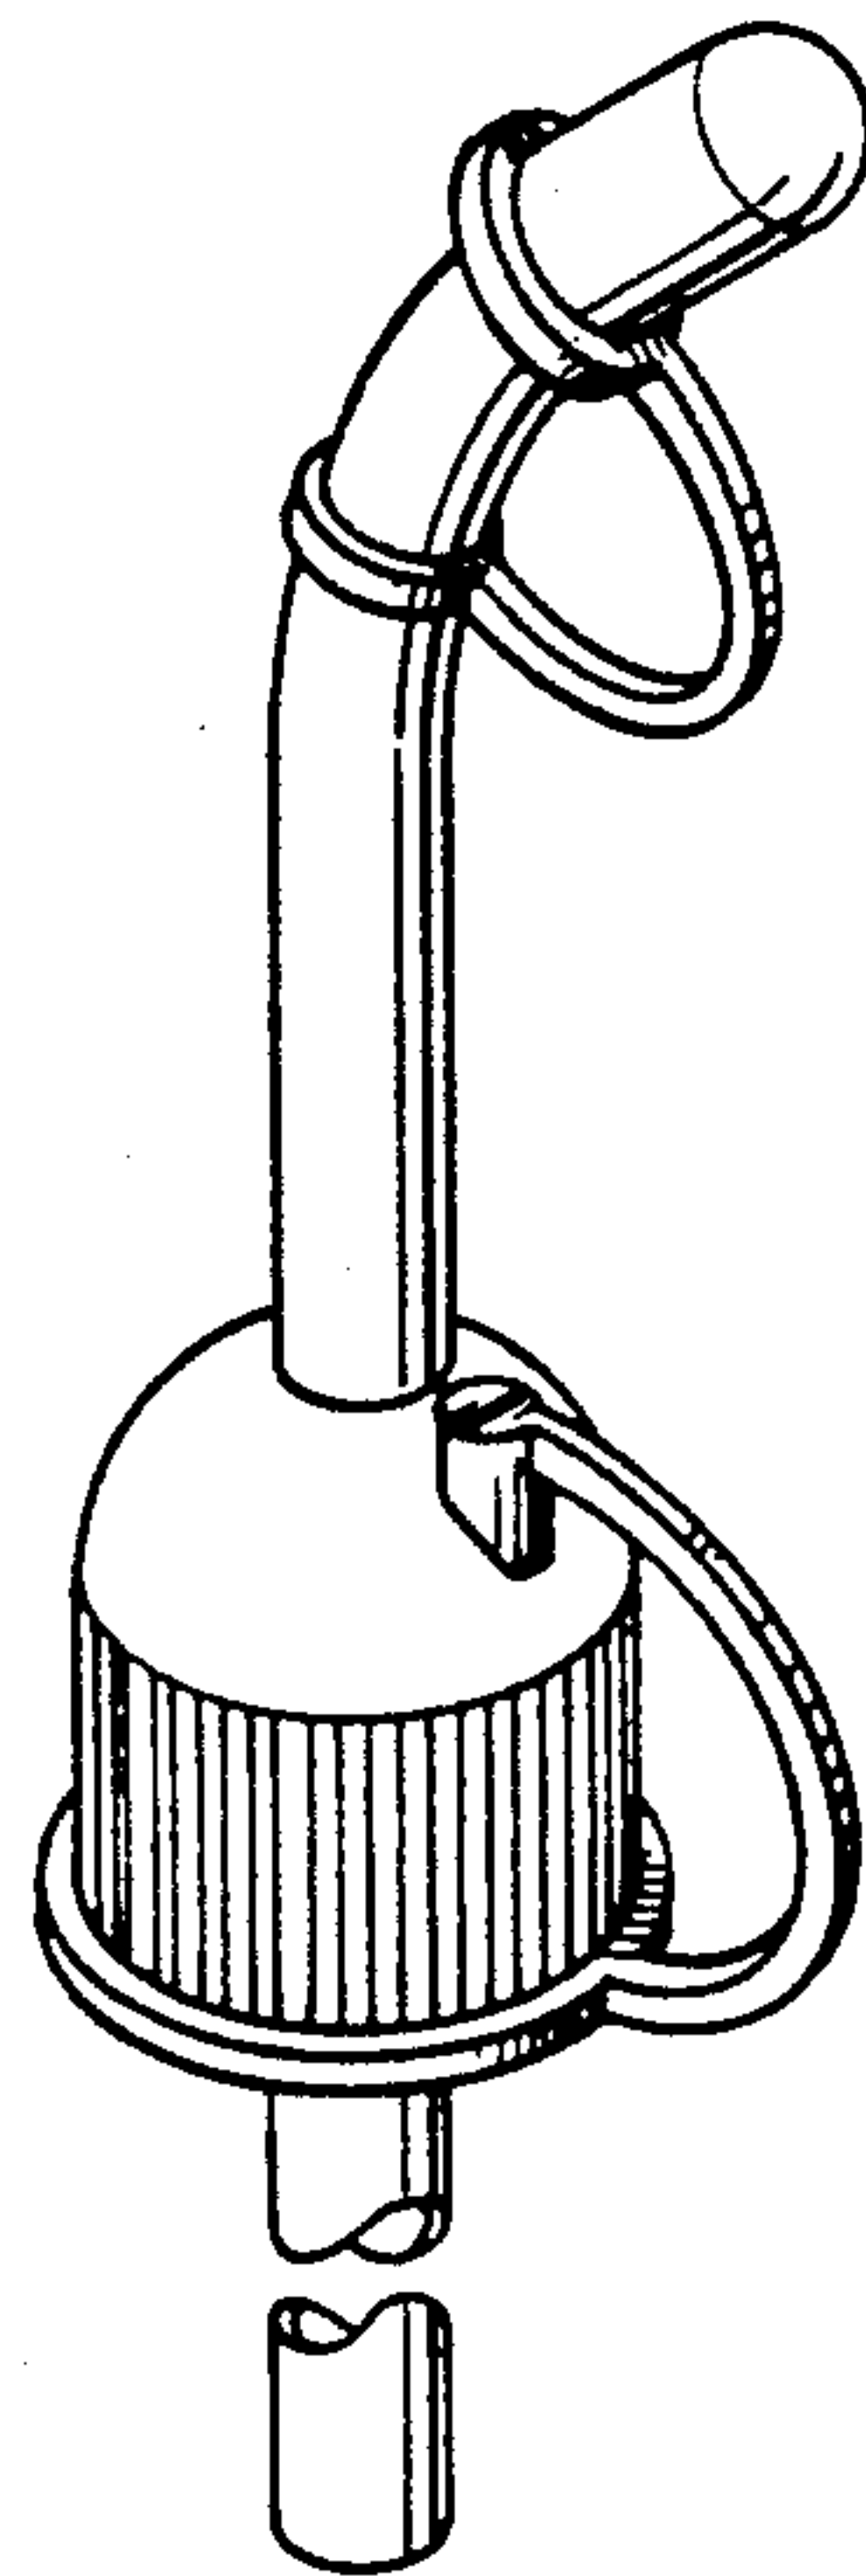

### DESCRIPTION

FIG. 1 is an exploded perspective view of a combined vented closure and capped straw showing my new design, the straw broken away to show indefinite length; FIG. 2 is a front perspective view of the vented closure, shown separately for ease of illustration; FIG. 3 is a perspective view of a second embodiment of FIG. 1, in an assembled condition, the difference residing in the ribbed sides; FIG. 4 is a front elevational view of FIG. 3; FIG. 5 is a rear elevational view of FIG. 3; FIG. 6 is a right side elevational view of FIG. 3, the left side being a mirror image; FIG. 7 is a top plan view of FIG. 3; FIG. 8 is a bottom plan view of FIG. 3; FIG. 9 is a reduced side elevational view of FIG. 3, the container shown in broken lines for illustrative purposes only; FIG. 10 is a perspective view of a third embodiment of FIG. 1, the difference residing in the shape of the cap and the vented closure; and, FIG. 11 is a perspective view of a fourth embodiment of FIG. 1, the difference residing in the shape of the cap and the vented closure.
