[57] **CLAIM**

The ornamental design for a fluorescent lamp, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a fluorescent lamp showing my new design;

FIG. 2 is a front elevation view thereof;

FIG. 3 is a rear elevation view thereof; and,

FIG. 4 is a right side elevation view thereof.

As the lamp is symmetrical about its longitudinal axis, views from the opposite side, from the top, and from the bottom are like FIG. 4 and, therefore, are not shown.

The circular perimeter of the large end has fluted concavities at intervals therearound.
