[57] **CLAIM**

The ornamental design for a sprocket cover front face for mounting on the drive sprocket of a bicycle, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a sprocket cover front face for mounting on the drive sprocket of a bicycle showing my new design, wherein the stipple shading shown in the lower sector shaped areas represents contrast in color and/or surface texture; and, FIG. 2 is a perspective view thereof, it being understood that the broken lines are for illustrative purposes only and form no part of the claimed design.
