CLAIM

The ornamental design for an elevator hall traffic sensor housing, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an elevator hall traffic sensor housing showing our new design, with the broken line showing for illustrative purposes only and forming no part of the claimed design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a left side elevational view thereof;
FIG. 4 is a right side elevational view thereof; and,
FIG. 5 is a rear elevational view thereof.
