[57] CLAIM

The ornamental design for a combined wall plate and dual linear slide dimmer, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a combined wall plate and dual linear slide dimmer, showing our new design;

FIG. 2 is a right side perspective view thereof, the left side being a mirror image;

FIG. 3 is a bottom elevational view thereof, the top being a mirror image;

FIG. 4 is an isometric view thereof;

FIG. 5 is a front elevational view of a second embodiment of FIG. 1;

FIG. 6 is a front elevational view of a third embodiment of FIG. 1;

FIG. 7 is a right side elevational view of FIG. 6, the left side being a mirror image;

FIG. 8 is a bottom elevational view of FIG. 6, the top being a mirror image;

FIG. 9 is an isometric view of FIG. 6;

FIG. 10 is a front elevational view of a fourth embodiment of FIG. 1;

FIG. 11 is a front elevational view of a fifth embodiment of FIG. 1;

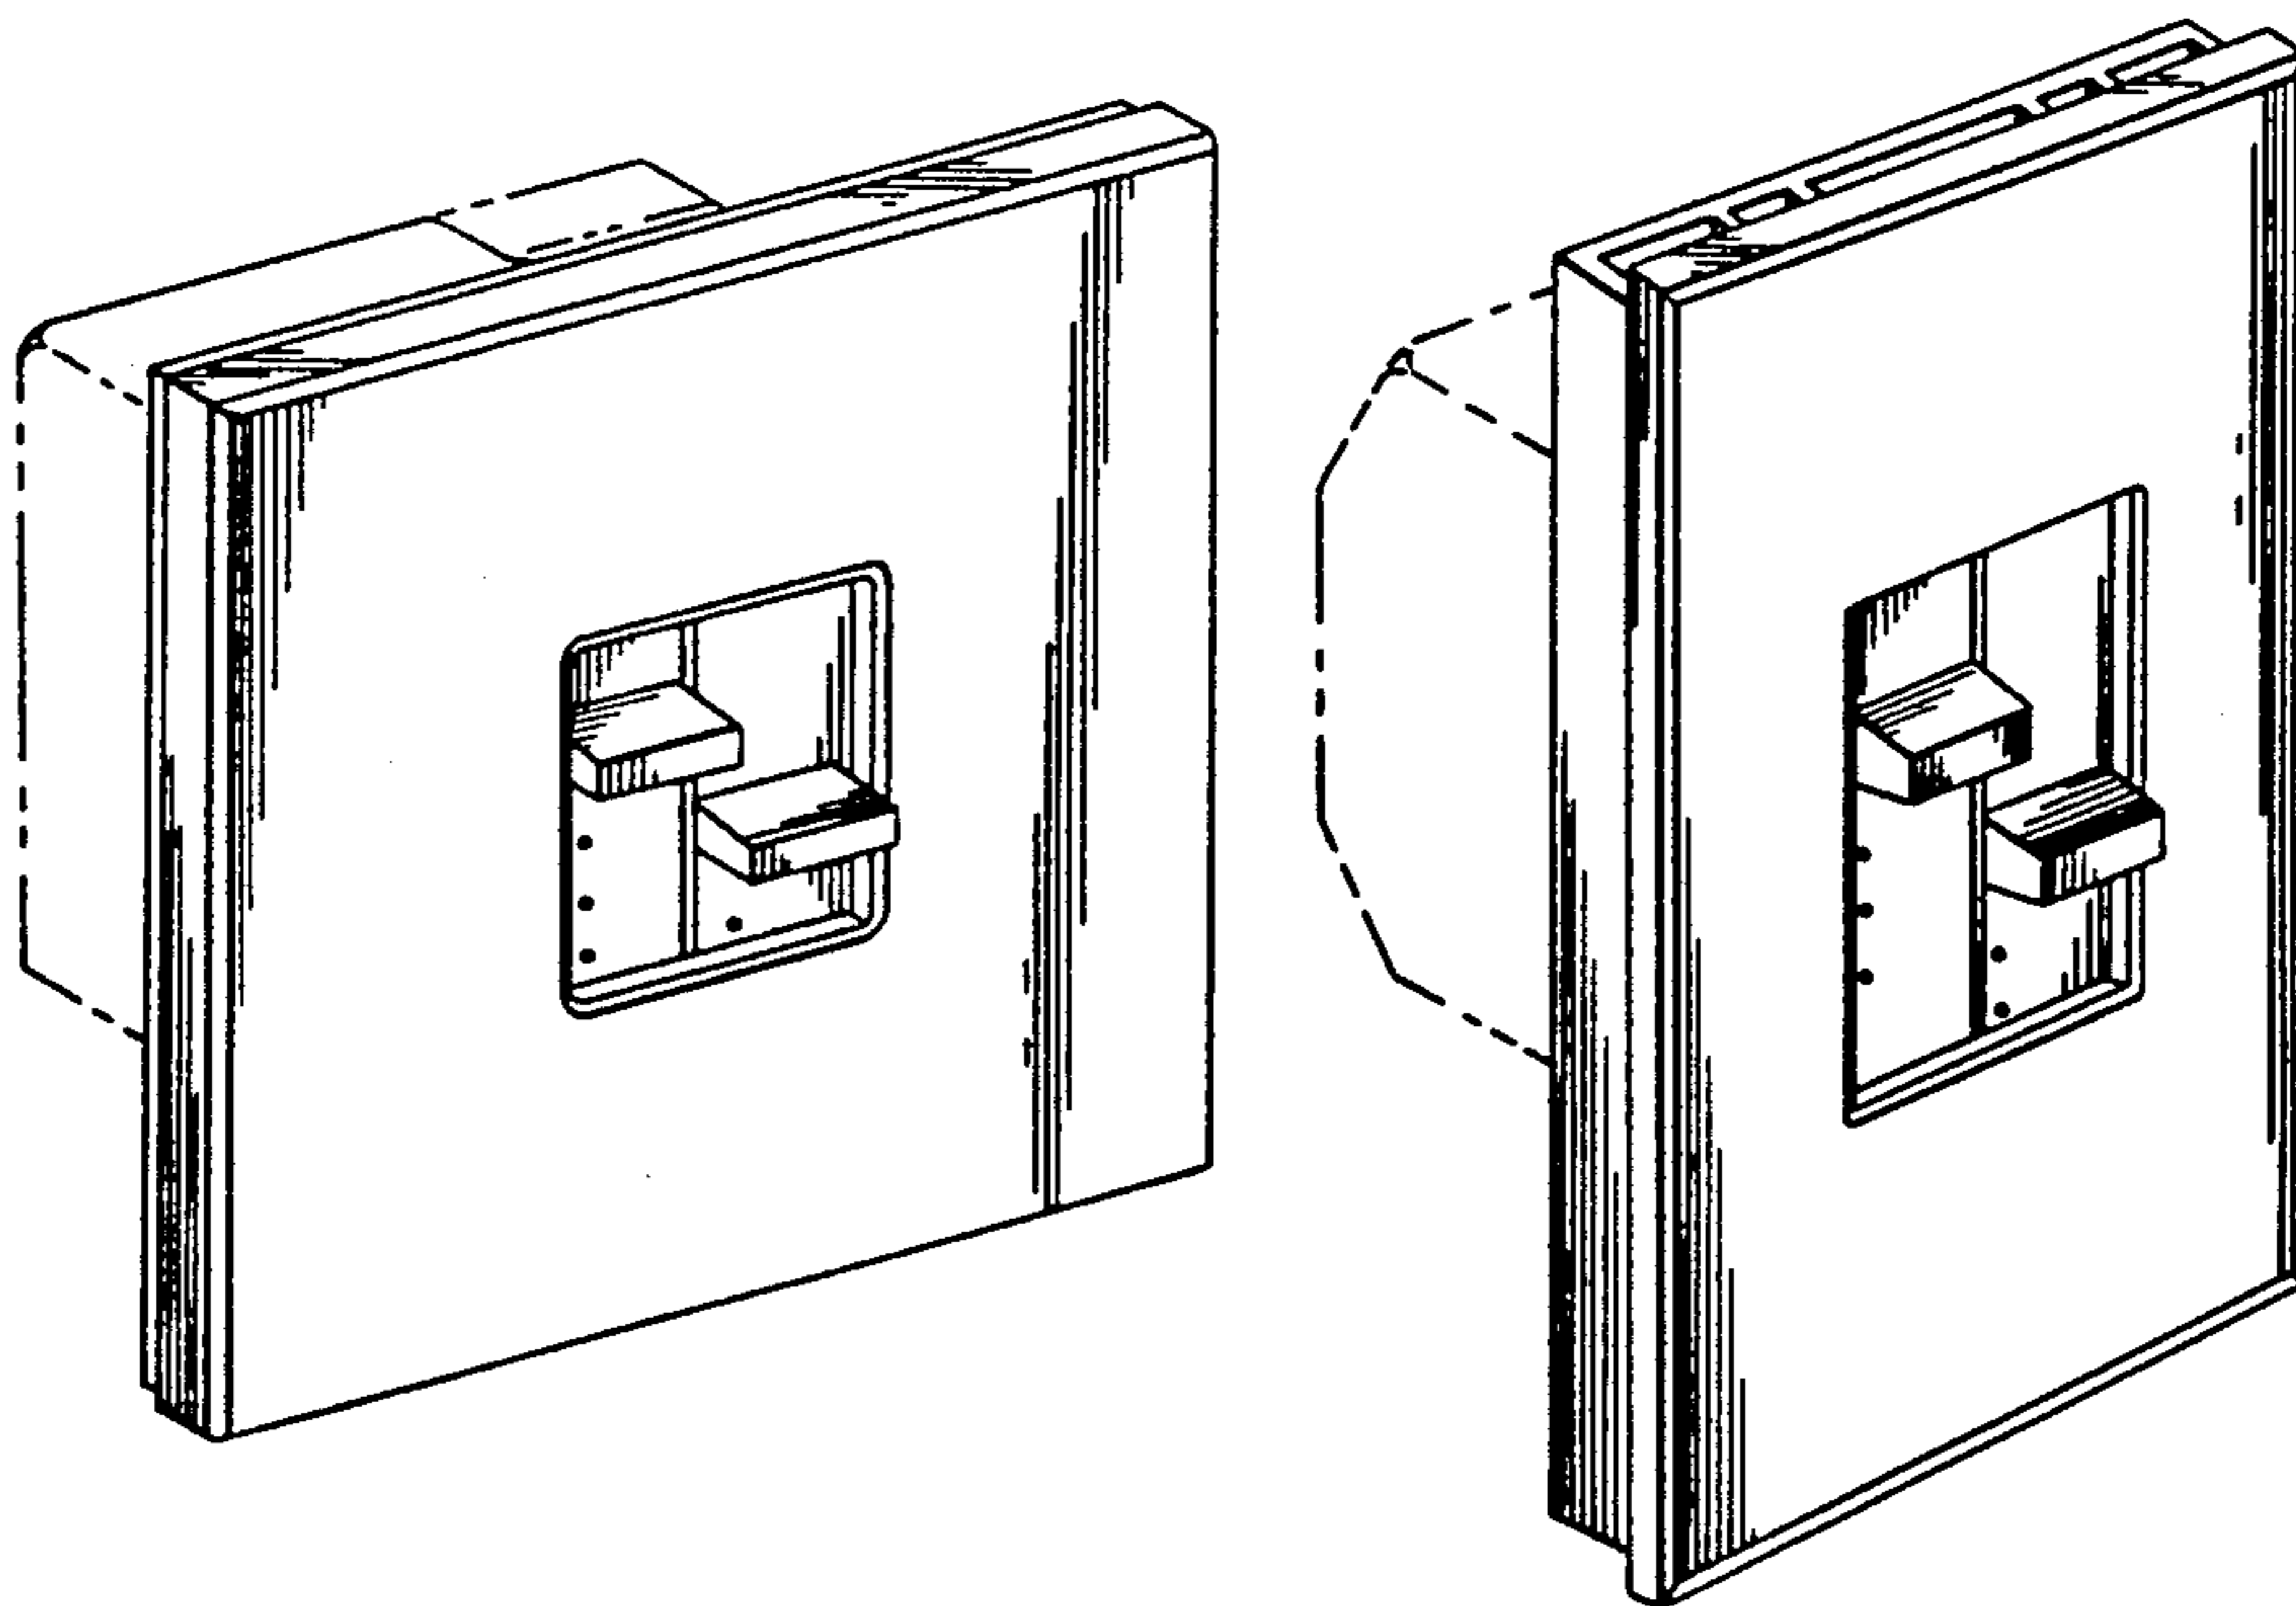

FIG. 12 is a right side elevational view of FIG. 11, the left side being a mirror image;

FIG. 13 is a bottom elevational view of FIG. 11 the top being a mirror image;

FIG. 14 is an isometric view of FIG. 11; and,

FIG. 15 is a front elevational view of a sixth embodiment of FIG. 1.

The broken line showing of a switch is for illustrative purposes only, and forms no part of the claimed design.
