[57] **CLAIM**

The ornamental design for a temporary stand for attachment to vertical members, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, front, and right side perspective view of a temporary stand for attachment to vertical members showing my new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a right side elevational view thereof, the left side being a mirror image of that shown;

FIG. 5 is a front elevational view thereof;

FIG. 6 is a rear elevational view thereof;

FIG. 7 is a reduced top, front, and right side perspective view thereof, the broken-line disclosure of a strap and fragment of a vertical member being for illustrative purposes only and forming no part of the claimed design;

FIG. 8 is a top, front, and right side perspective view of an alternative embodiment thereof;

FIG. 9 is a top plan view of the embodiment of FIG. 8, the bottom being identical to that shown in FIG. 3; and,

FIG. 10 is a right side elevational view of the embodiment of FIG. 8, the left side being a mirror image of that shown.
