[57] **CLAIM**

The ornamental design for decalcomania for china dinnerware or similar article, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of a decalcomania for china dinnerware or similar article showing my new design. The fragmentary broken line showing of the transfer surface is illustrative of environmental structure only and forms no part of the claimed design; FIG. 2 is a plan view of a second embodiment of my design for decalcomania for china dinnerware or similar article. The fragmentary broken line showing of the transfer surface is illustrative of environmental structure only and forms no part of the claimed design; FIG. 3 is a plan view of a third embodiment of my design for decalcomania for china dinnerware or similar article. The fragmentary broken line showing of the transfer surface is illustrative of environmental structure only and forms no part of the claimed design; and, FIG. 4 is a plan view of a fourth embodiment of my design for decalcomania for china dinnerware or similar article. The fragmentary broken line showing of the transfer surface is illustrative of environmental structure only and forms no part of the claimed design. In each Figure, the decalcomania for china dinnerware or similar article is of no substantial thickness and the stippling effect represents shadings and color.

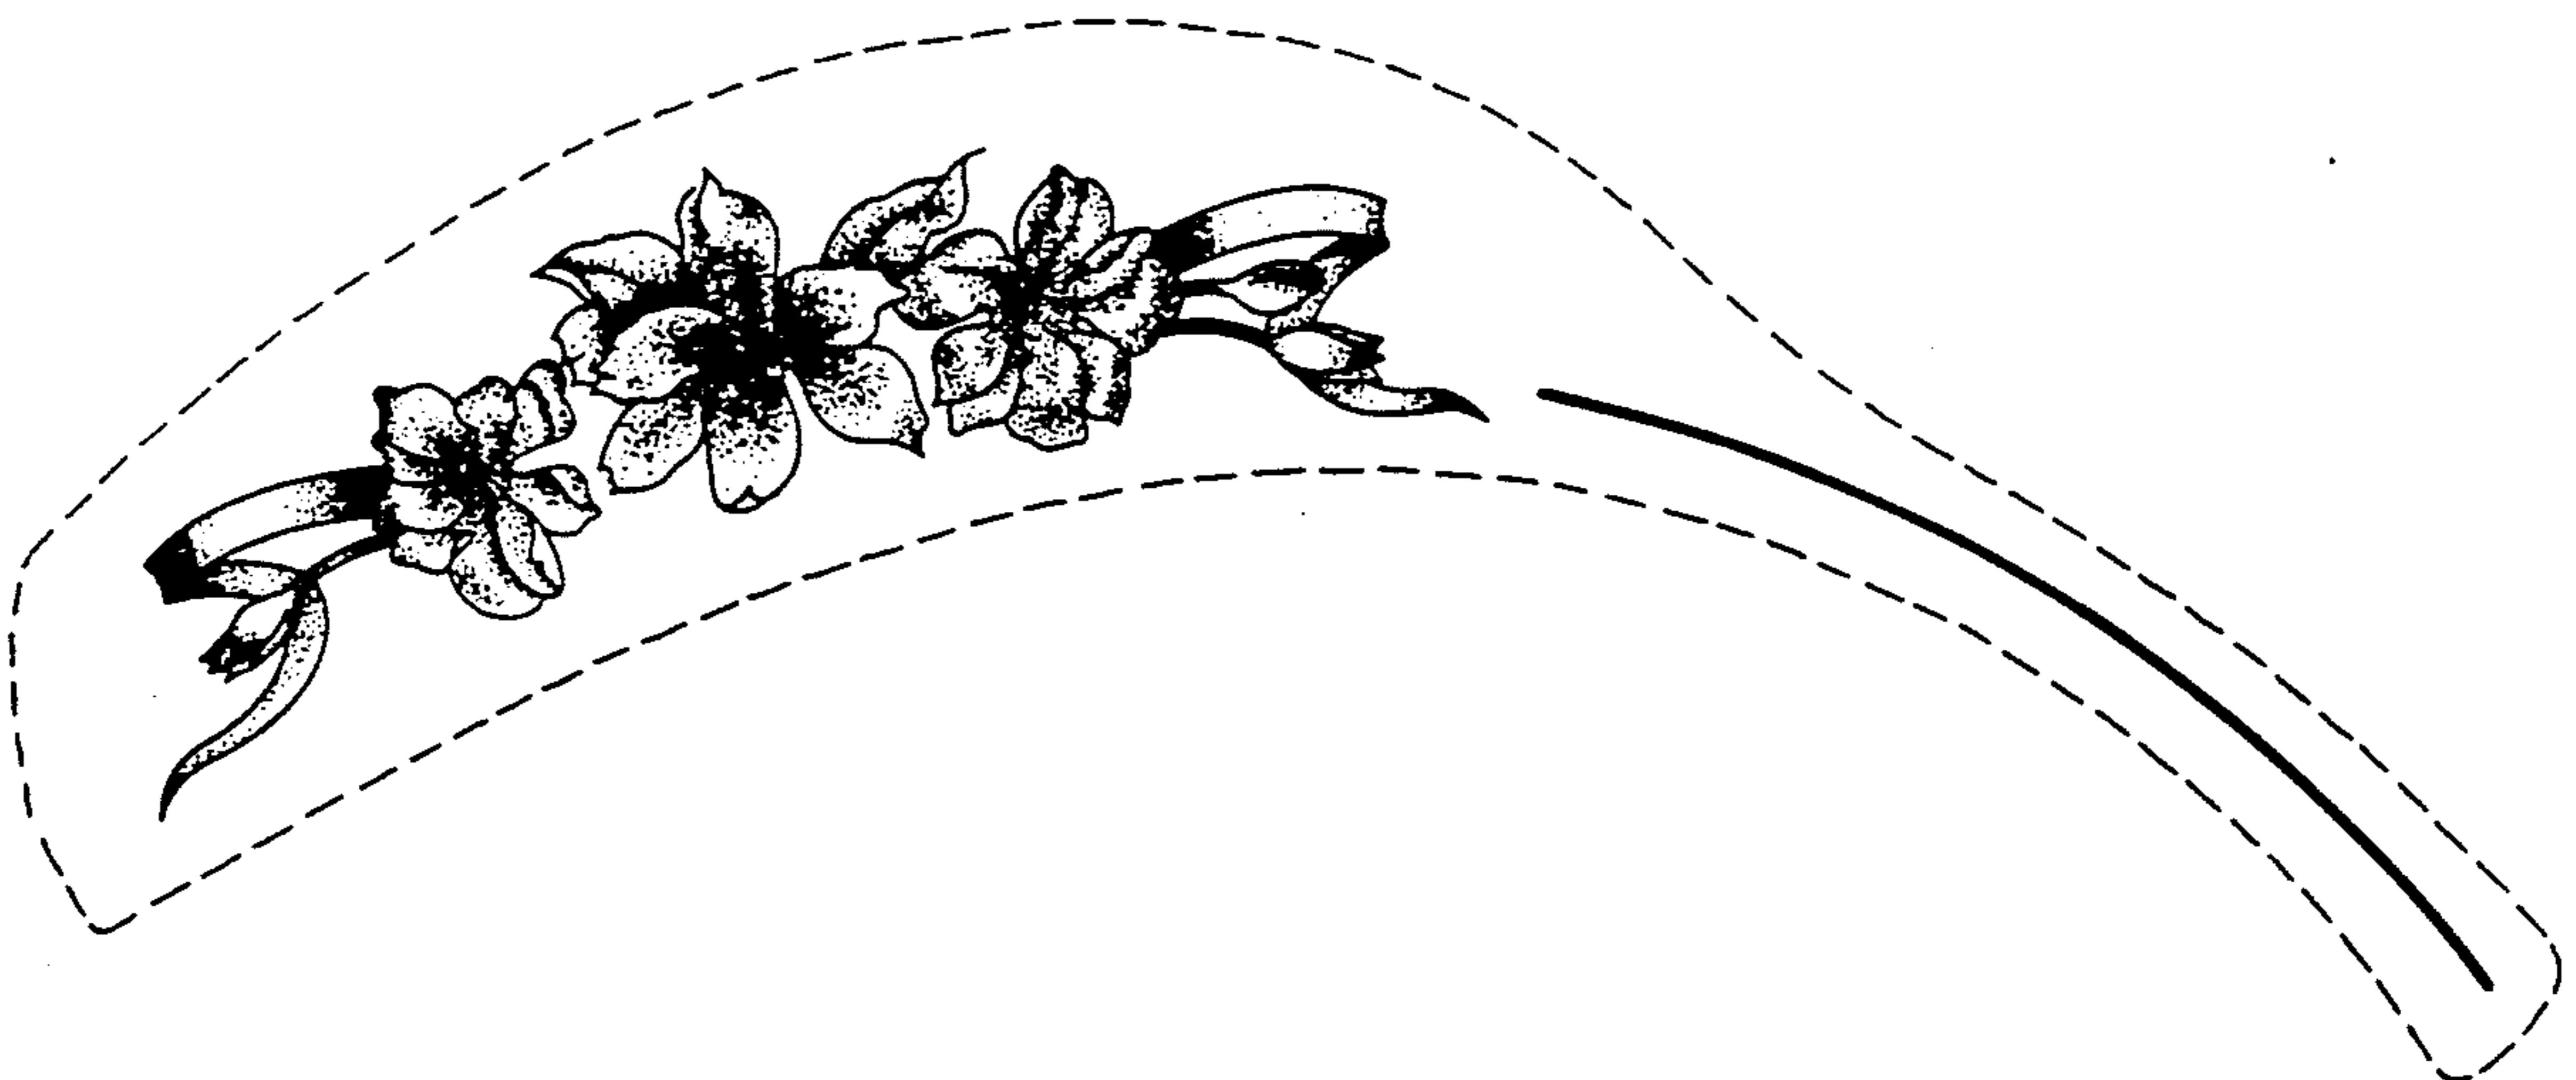

FIG. 1

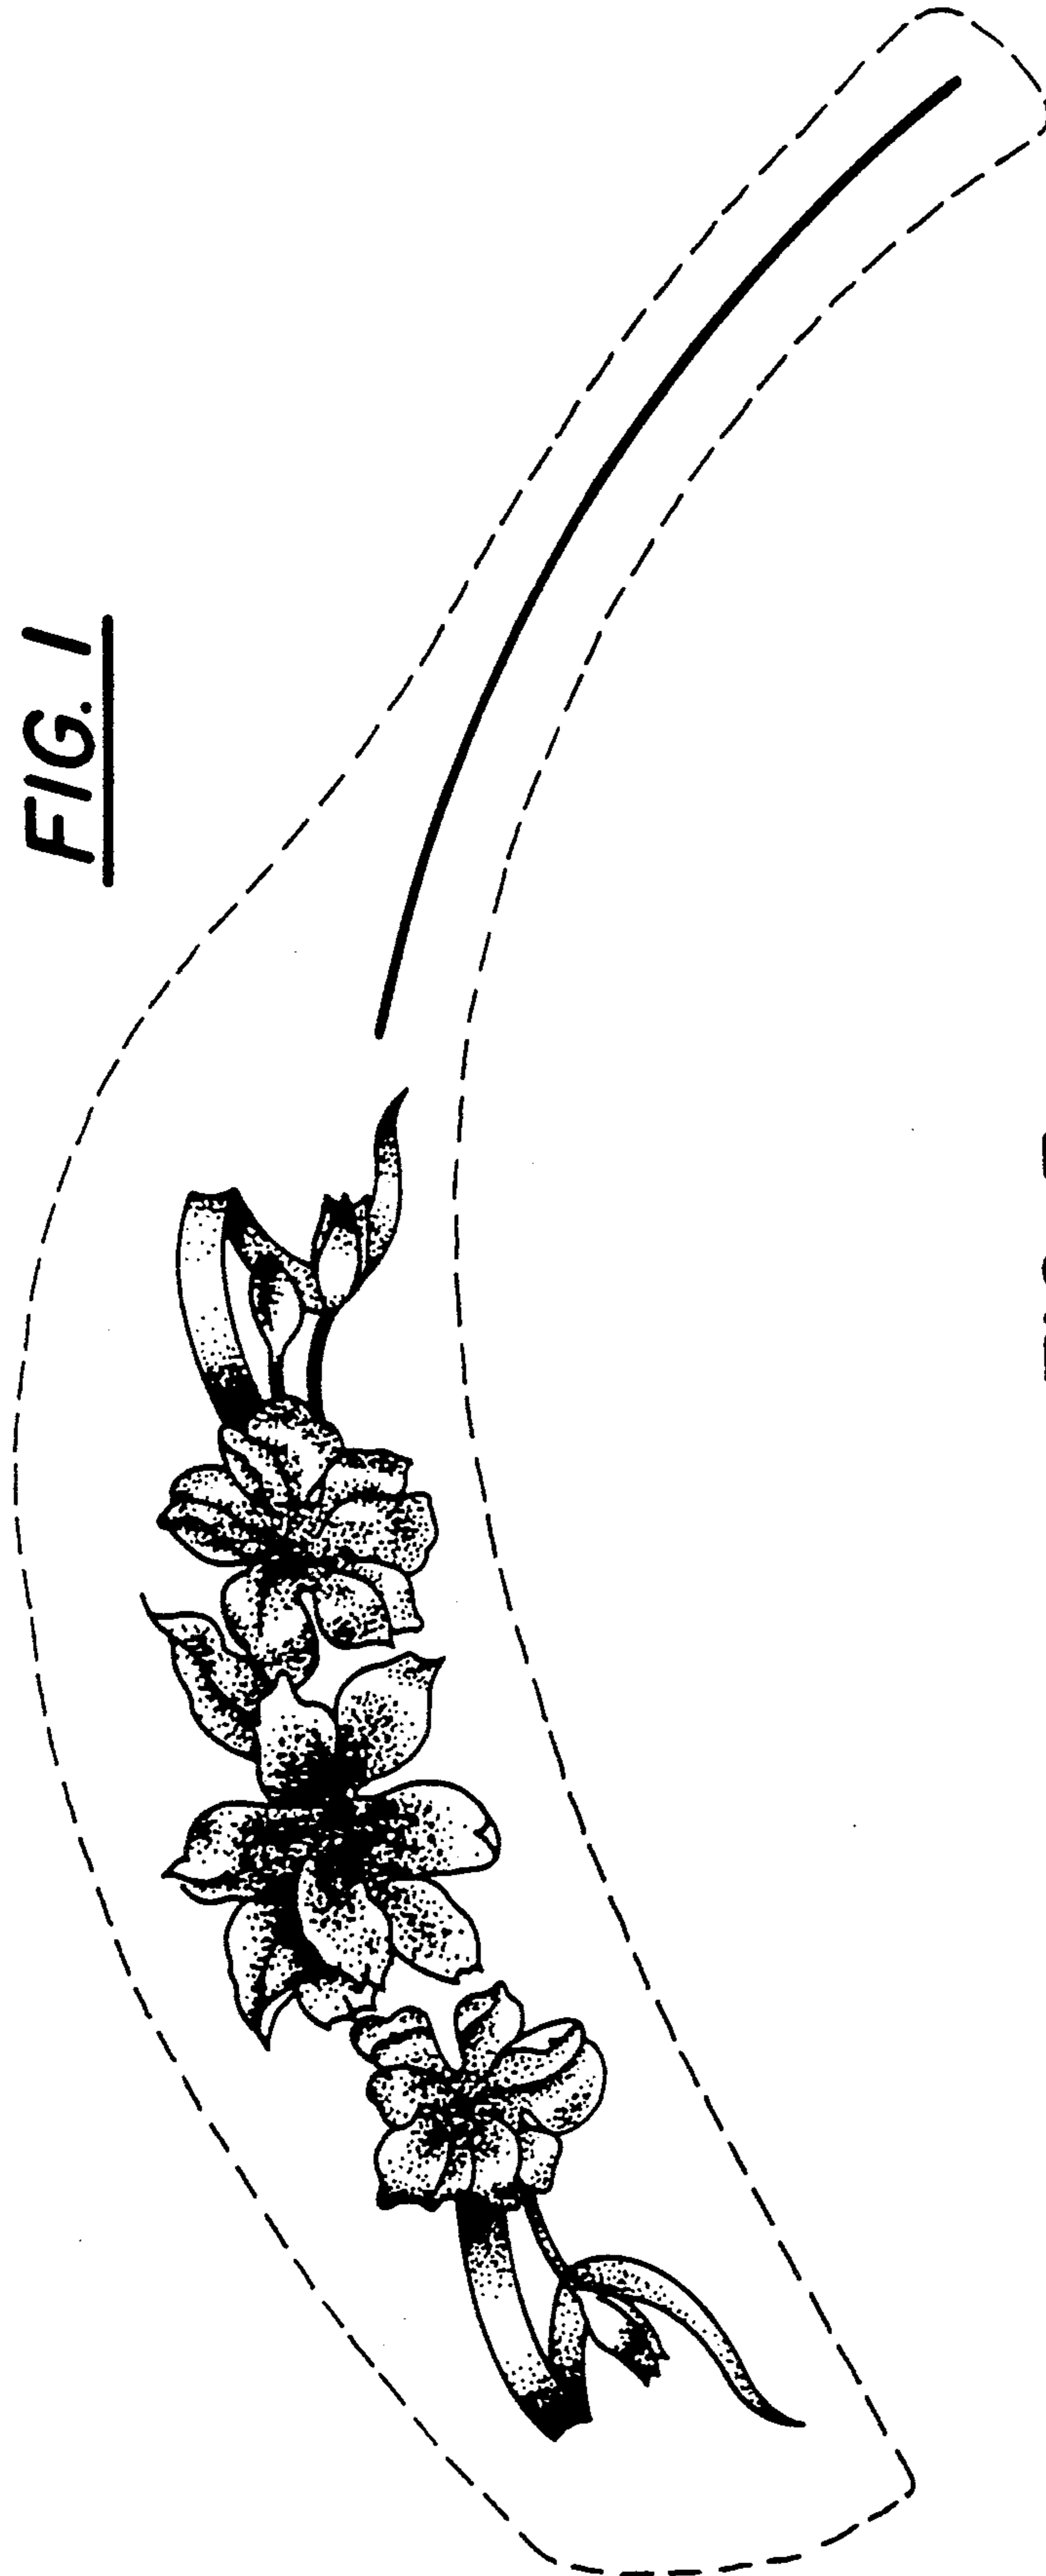

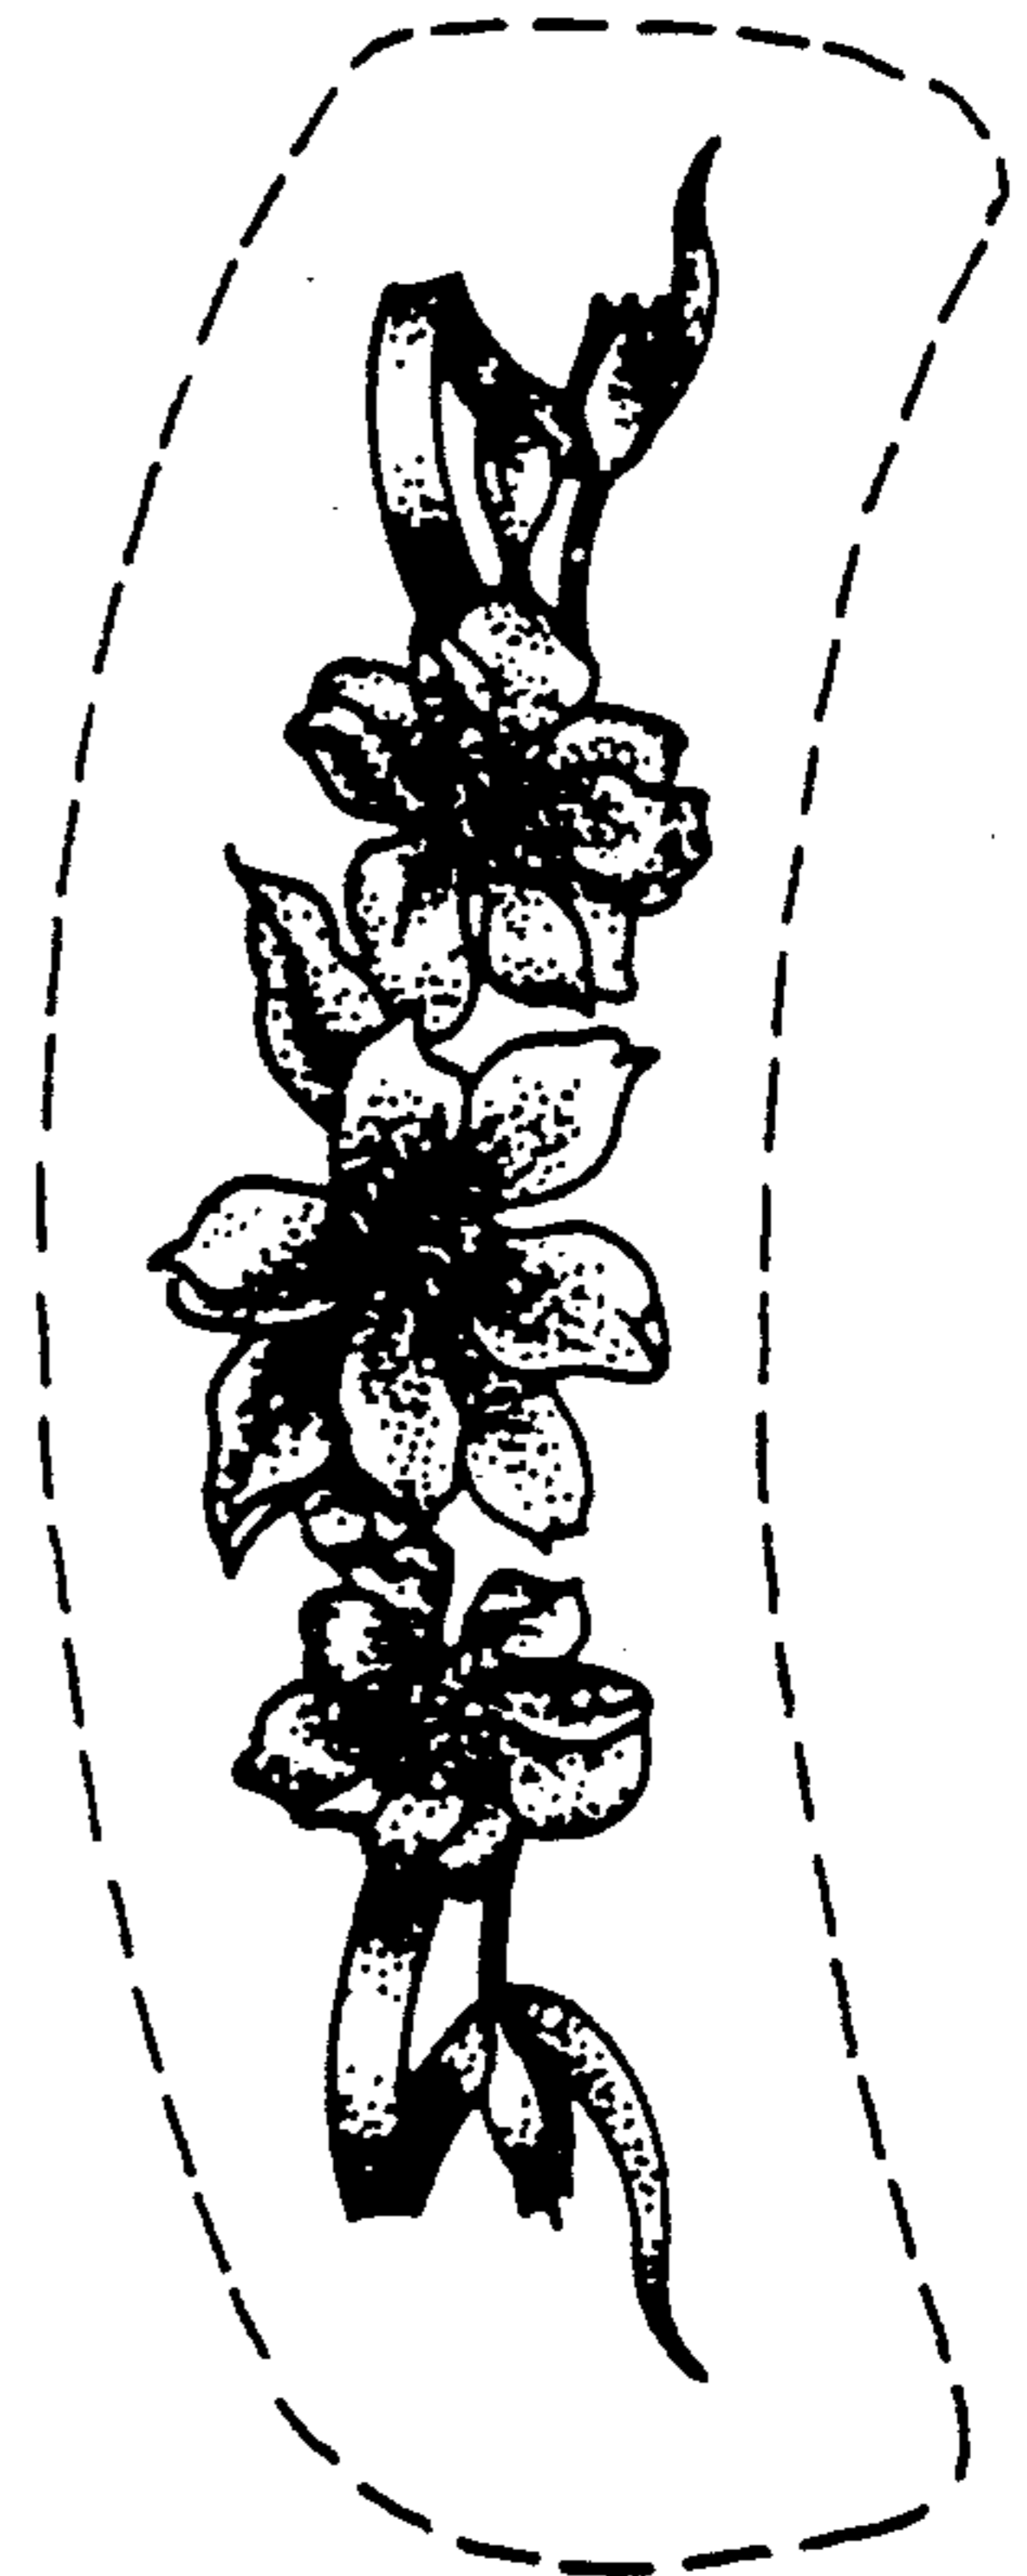

FIG. 3

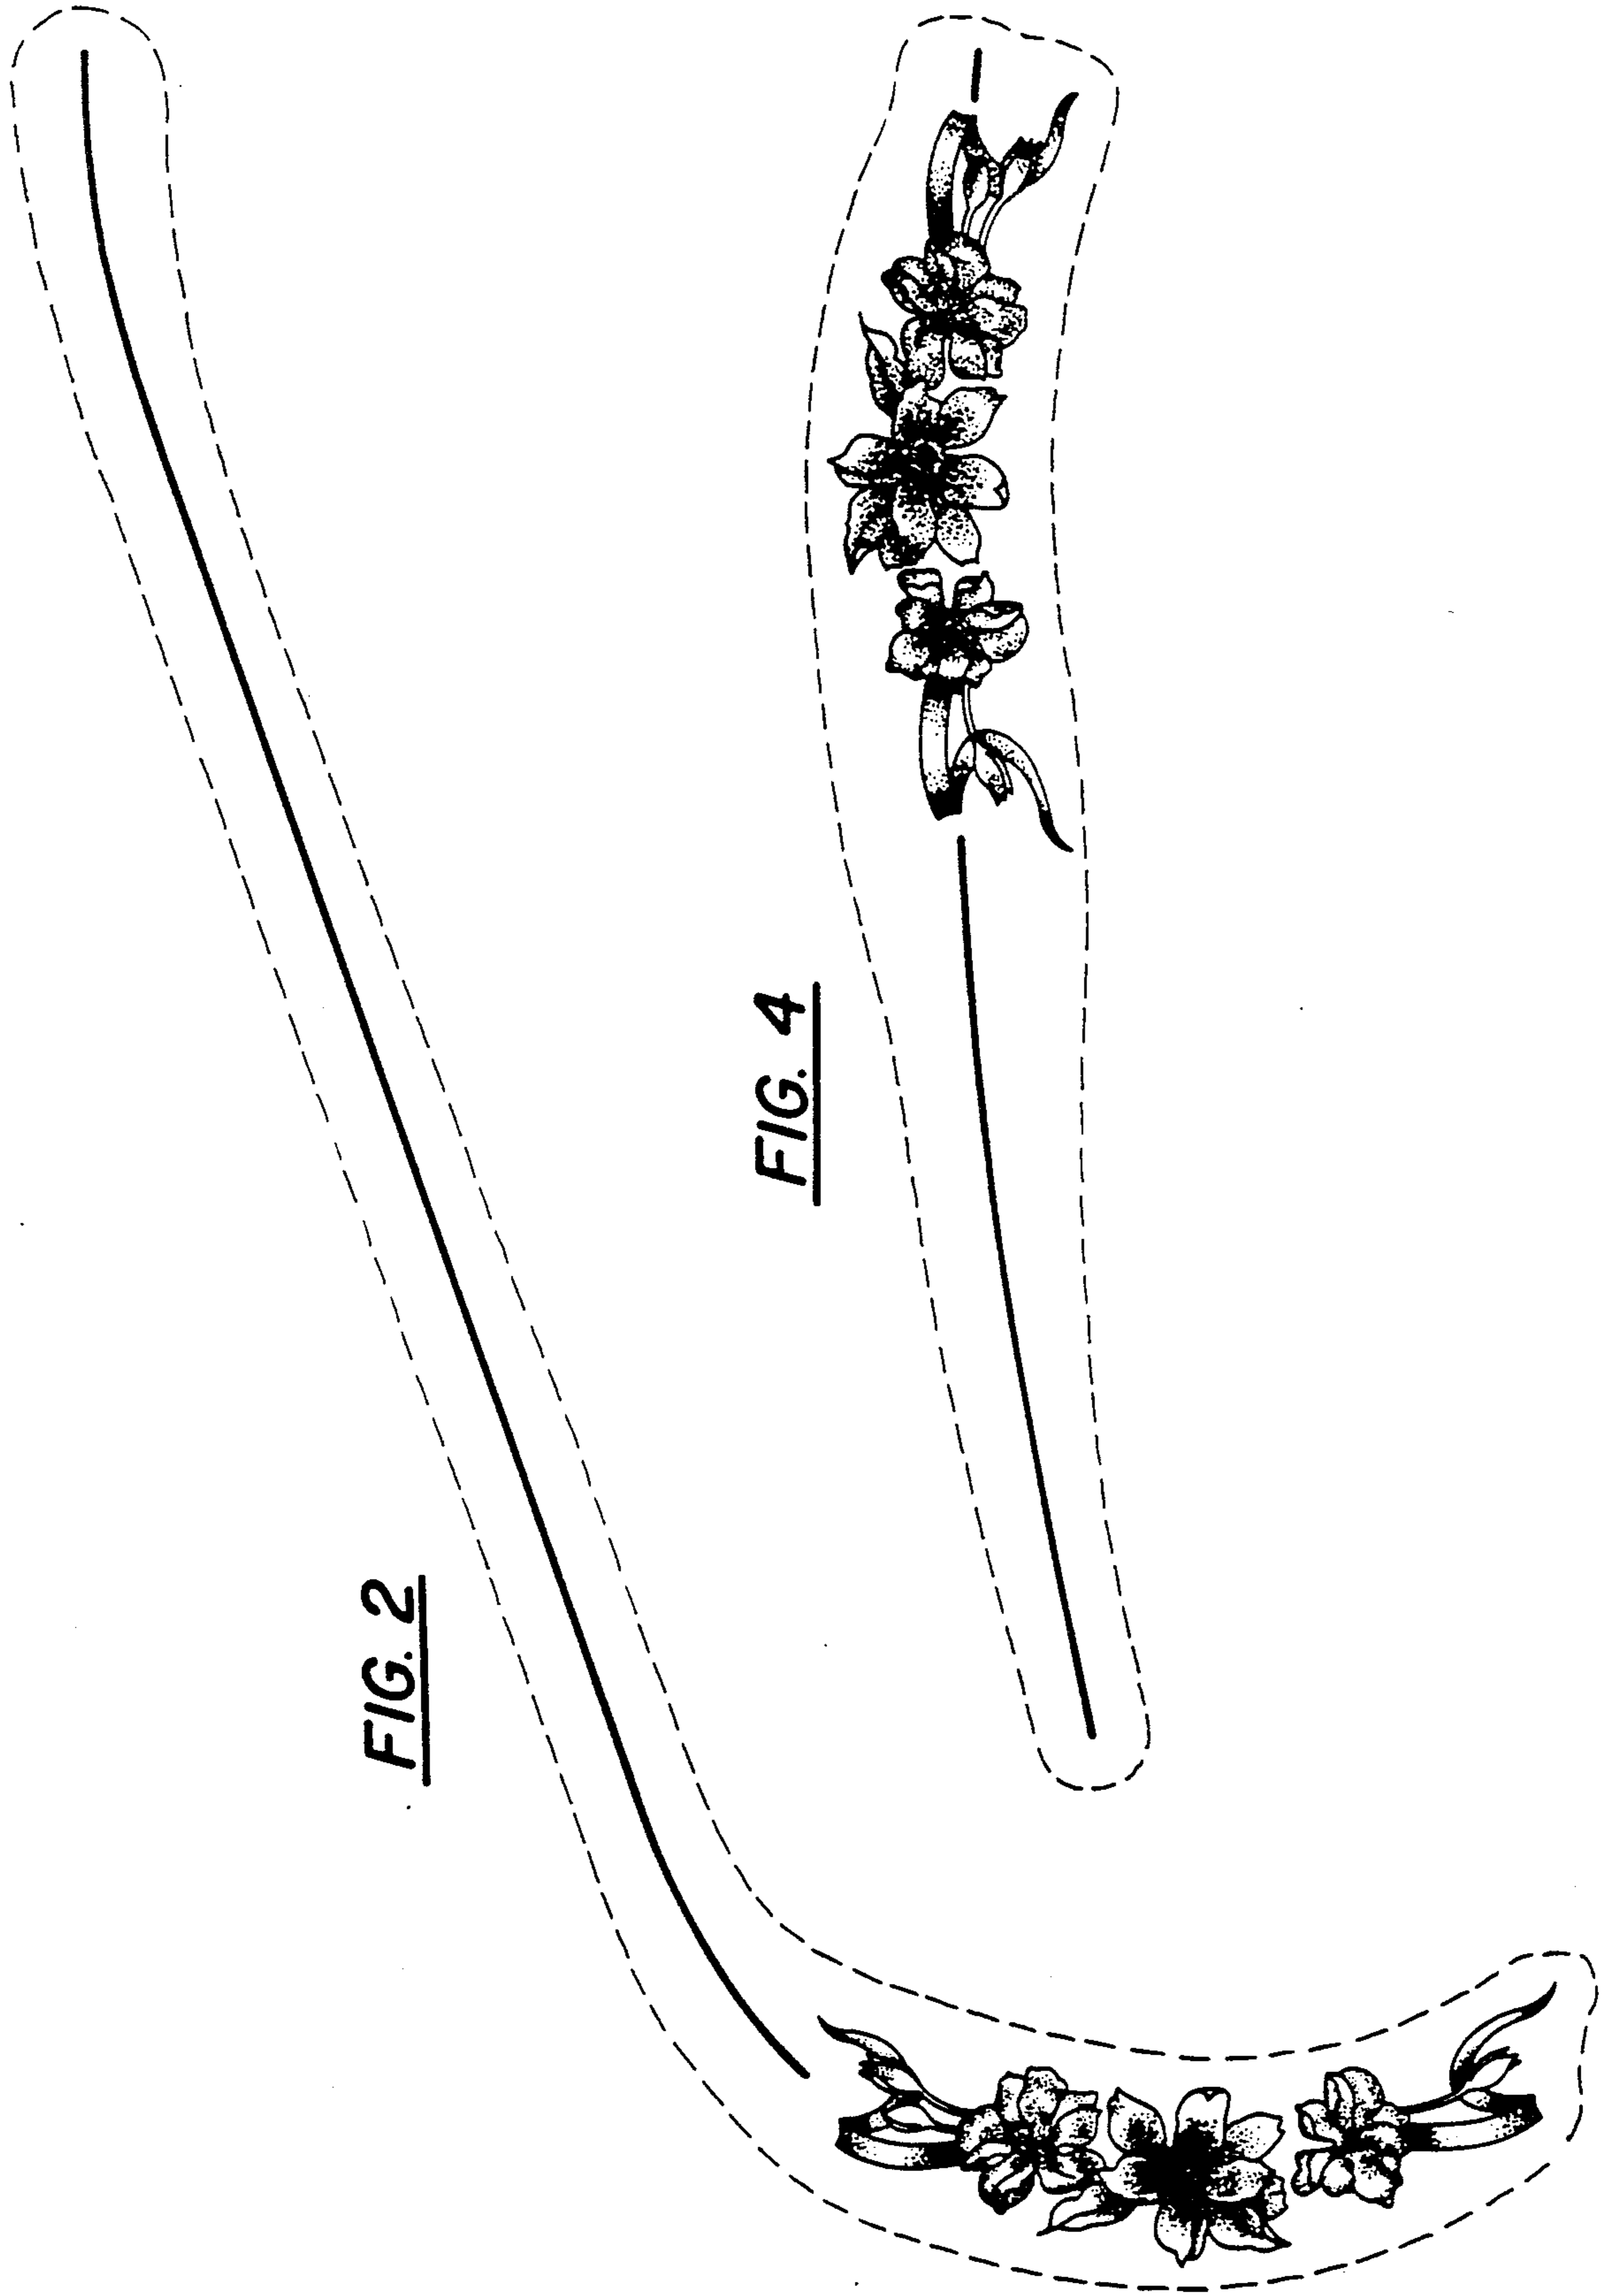

FIG. 2
