[57] CLAIM

The ornamental design for a tonometer sterilizing container, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tonometer sterilizer container, showing my new design, the broken line showing being for illustrative purposes only and forming no part of the claimed design; FIG. 2 is a top plan view thereof; FIG. 3 is a bottom plan view thereof; FIG. 4 is a front elevational view thereof, with the back elevational view being a mirror image thereof; FIG. 5 is a left side elevational view thereof, with the right side elevational view being a mirror image thereof; FIG. 6 is a perspective view of a second embodiment of the tonometer sterilizer container; FIG. 7 is a top plan view thereof; FIG. 8 is a bottom plan view thereof; and, FIG. 9 is a front elevational view thereof, with the back elevational view being a mirror image thereof.
