[57] CLAIM
The ornamental design for a graphic equalizer, as shown and described.

DESCRIPTION
FIG. 1 is a top, front and right side perspective view of a graphic equalizer showing my new design the details of the central indicator panel have been omitted for ease of illustration;
FIG. 2 is a top, rear and left side perspective view thereof;
FIG. 3 is a bottom, rear and right side perspective view thereof;
FIG. 4 is a front elevational view thereof;
FIG. 5 is a front elevational view of a second embodiment of the graphic equalizer shown in FIG. 1; and,
FIG. 6 is a front elevational view of a third embodiment of the graphic equalizer shown in FIG. 1.
The views of the second and third embodiments not shown in the drawings are the same as the corresponding views of the first embodiment.
The broken line showing of the buttons and the knob is for illustrative purposes only and forms no part of the claimed design.

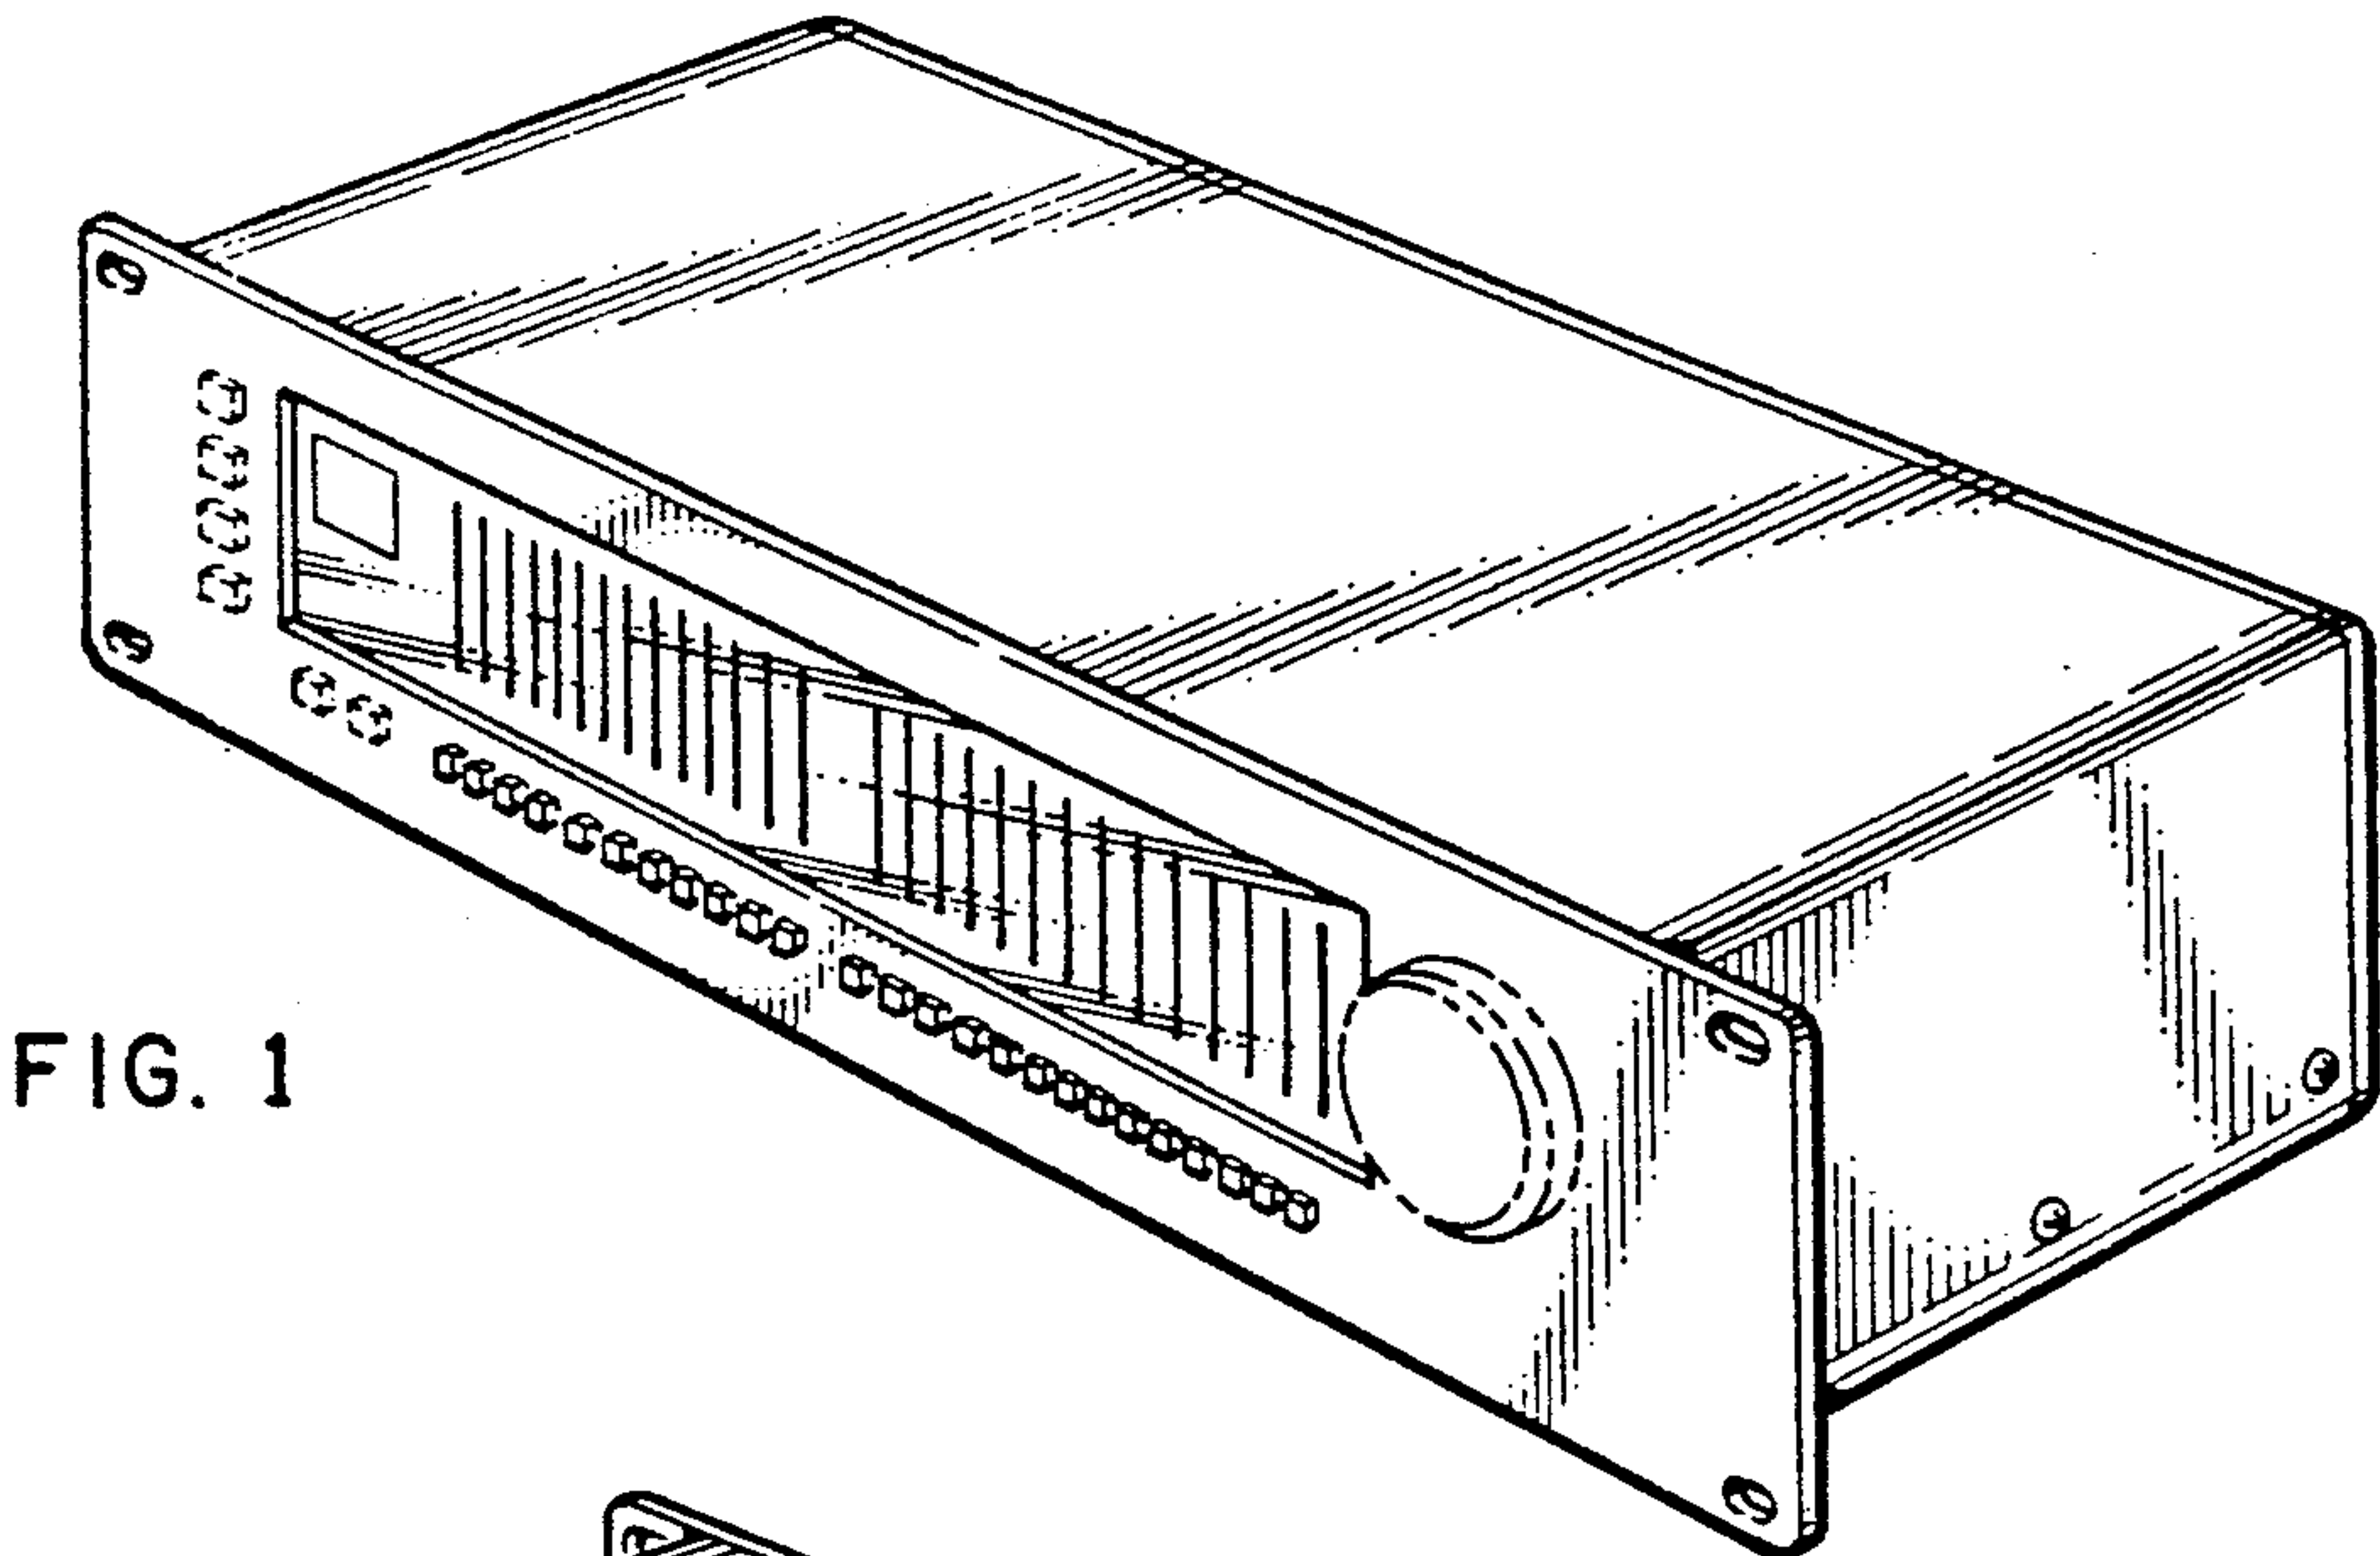

FIG. 1
