[57] **CLAIM**

The ornamental design for a recycling container for household waste materials, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a recycling container for household waste materials, showing my new design, the rear elevational view being the same; FIG. 2 is a front elevational view of a second embodi-

ment of the recycling container for household waste materials;

FIG. 3 is a front elevational view of a third embodiment of the recycling container for household waste materials;

FIG. 4 is a front elevational view of a fourth embodiment of the recycling container for household waste materials;

FIG. 5 is a front elevational view of a fifth embodiment of the recycling container for household waste materials;

FIG. 6 is a front elevational view of a sixth embodiment of the recycling container for household waste materials;

FIG. 7 is a front elevational view of a seventh embodiment of the recycling container for household waste materials;

FIG. 8 is a front elevational view of an eighth embodiment of the recycling container for household waste materials;

FIG. 9 is a right side elevational view of FIG. 1, the left side elevational view being a mirror image of that shown;

FIG. 10 is a top plan view of FIGS. 1 through 7;

FIG. 11 is a right side elevational view of FIG. 8, the left side elevational view being a mirror image of that shown;

FIG. 12 is a top plan view of FIG. 8; and,

FIG. 13 is a rear elevational view of FIG. 8.

The rear elevational views of FIGS. 1 through 7 are identical to those views shown in FIGS. 1 through 7.

The undisclosed bottom views of FIGS. 1 through 8 are flat and unornamented.

FIG. 1.

FIG. 2.

FIG. 3.

FIG. 4.

FIG. 5.

FIG. 6.

FIG. 7.

FIG. 8.

FIG. 9.

FIG. 10.

FIG. 11.

FIG. 12.

FIG. 13.
