[57] **CLAIM**

The ornamental design for a chair, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a chair, embodying my new design;

FIG. 2 is a rear perspective view thereof, taken from below;

FIG. 3 is a side elevational view thereof, the opposite side being a mirror image thereof.

FIG. 4 is a front perspective view of a chair showing a second embodiment of my new design;

FIG. 5 is a rear perspective view of the second embodiment, taken from below; and,

FIG. 6 is a side elevational view of the second embodiment, the opposite side being a mirror image thereof.

The characteristic feature of my new design resides in the appearance of the backrest support brackets, as best seen in FIG. 2, and the second embodiment thereof, as best seen in FIG. 5.
